

3D: organoid volume vs. cells per organoid
faceted by patient, colored by treatment

**3D: organoid volume vs. cells per organoid
faceted by treatment, colored by patient**

3D: single-cell volume vs. total cell count (FOV-normalized)
faceted by patient, colored by treatment

3D: single-cell volume vs. total cell count (FOV-normalized)
faceted by treatment, colored by patient
