

cell_z_position | ARV-825_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

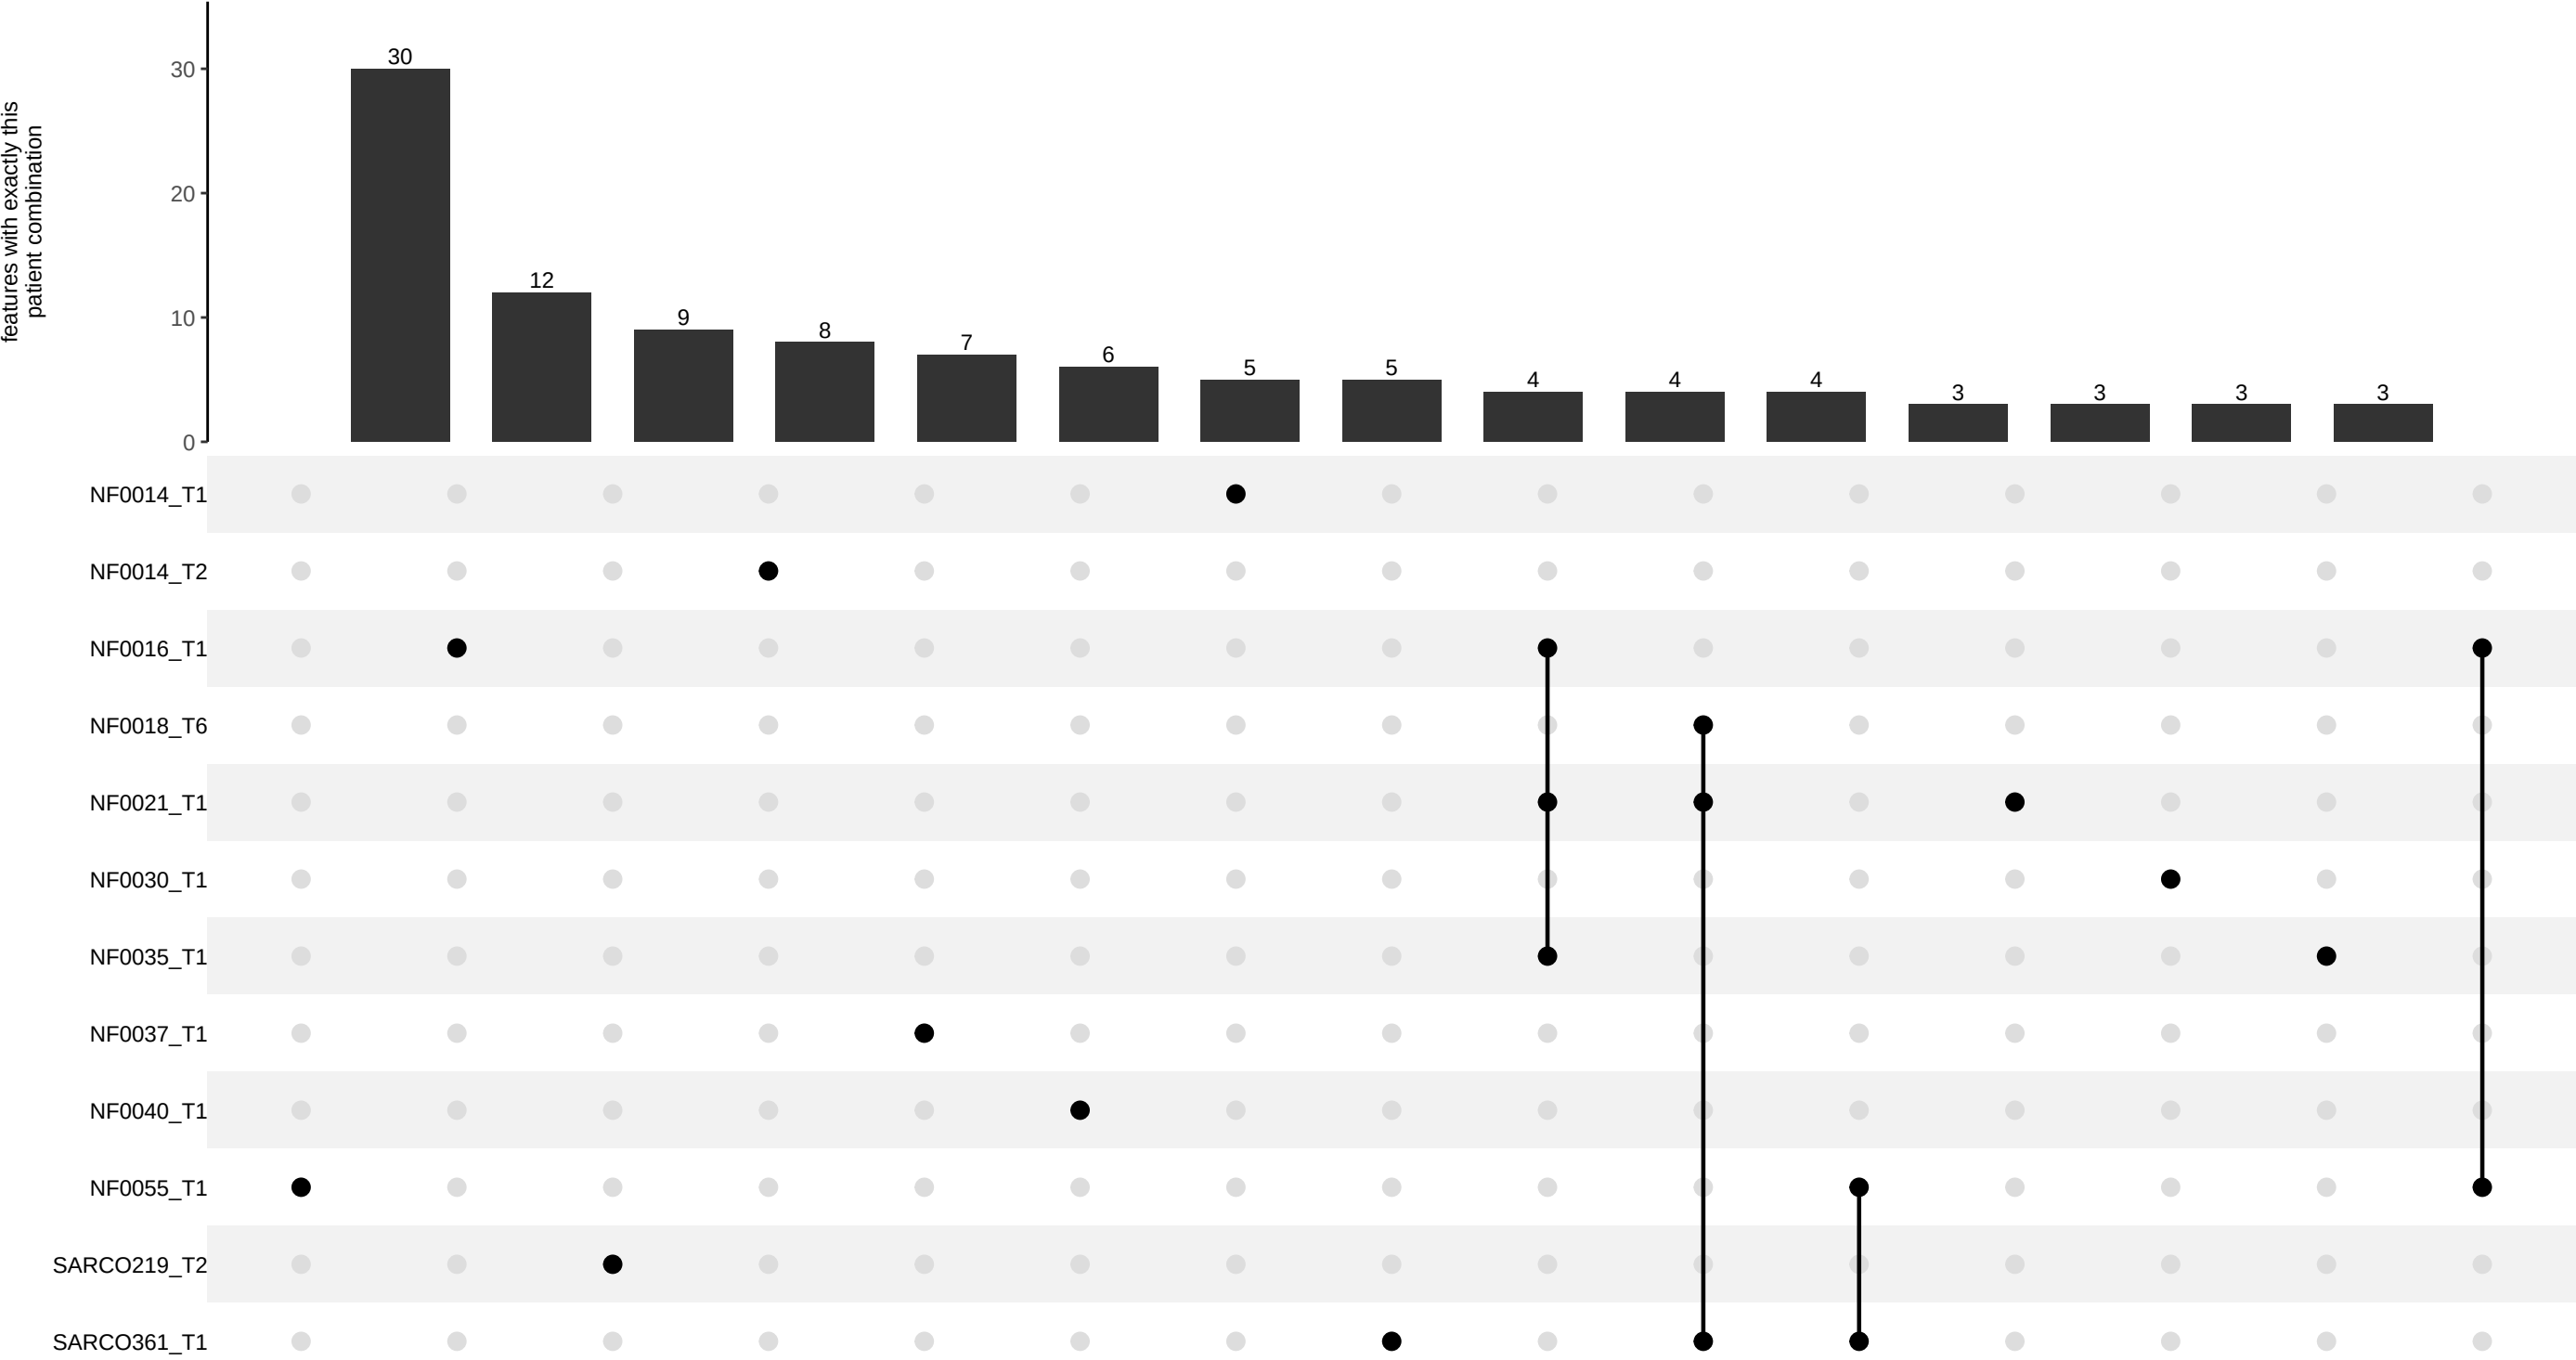

cell_z_position | Binimetinib_10uM

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

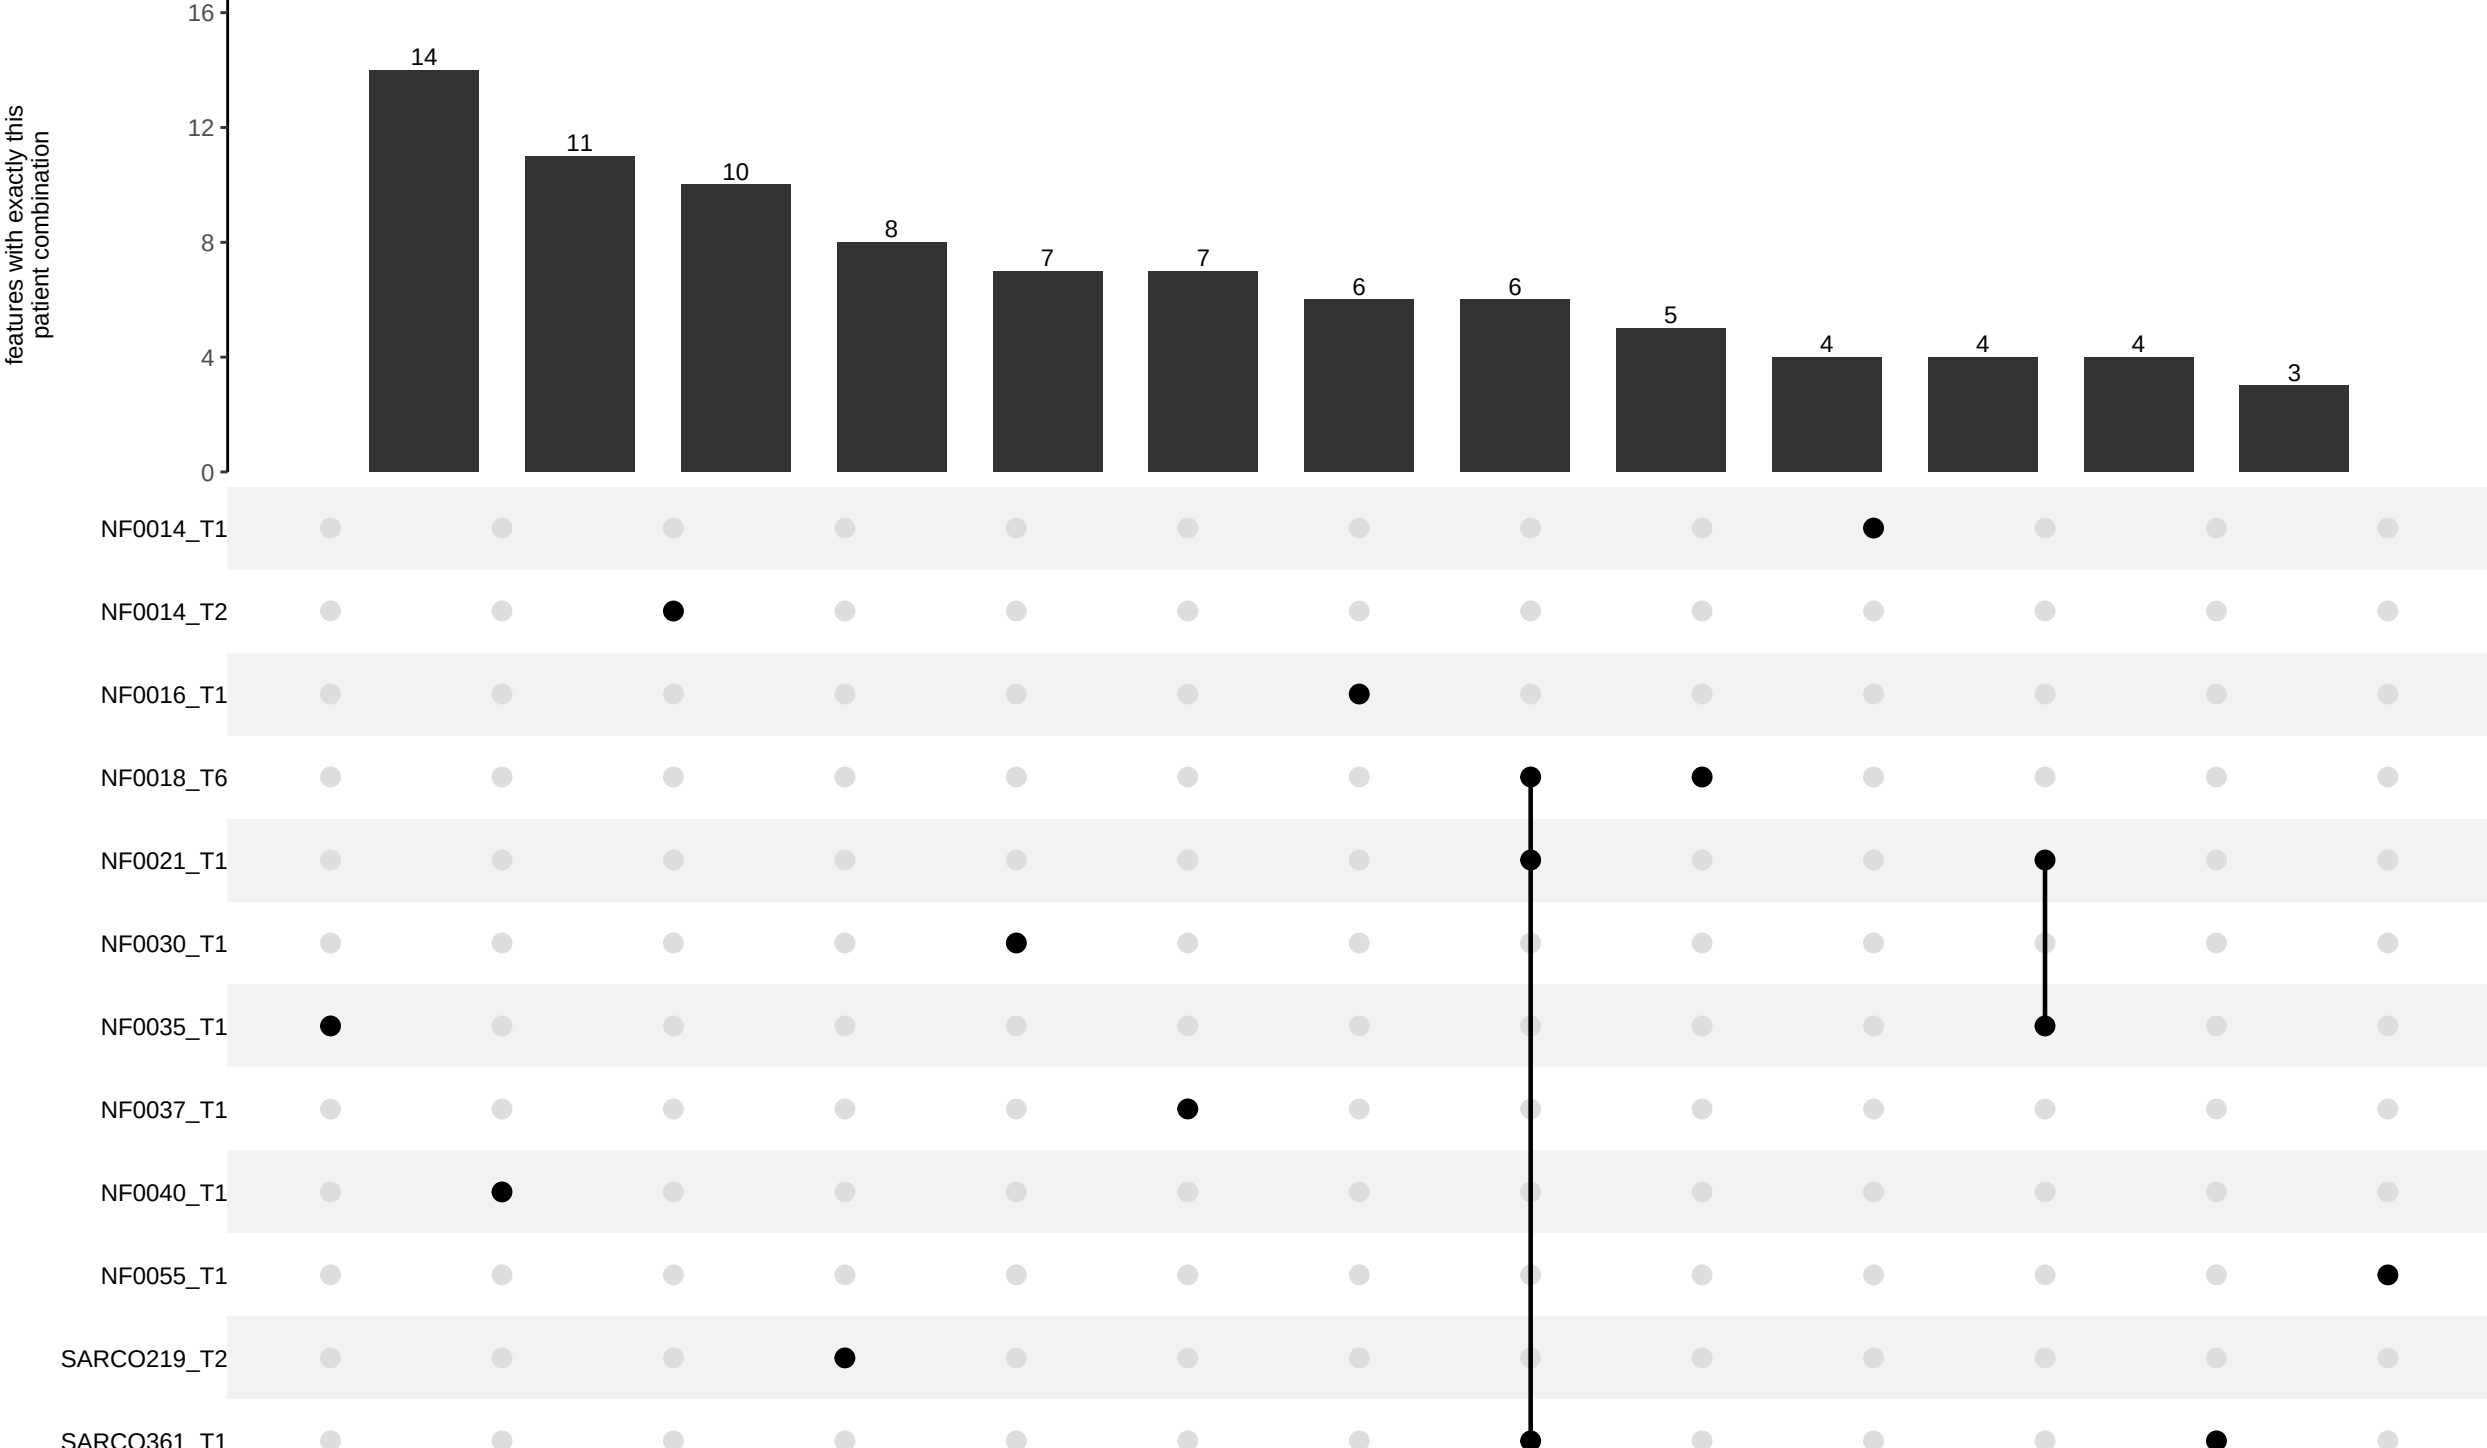

cell_z_position | Binimetinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

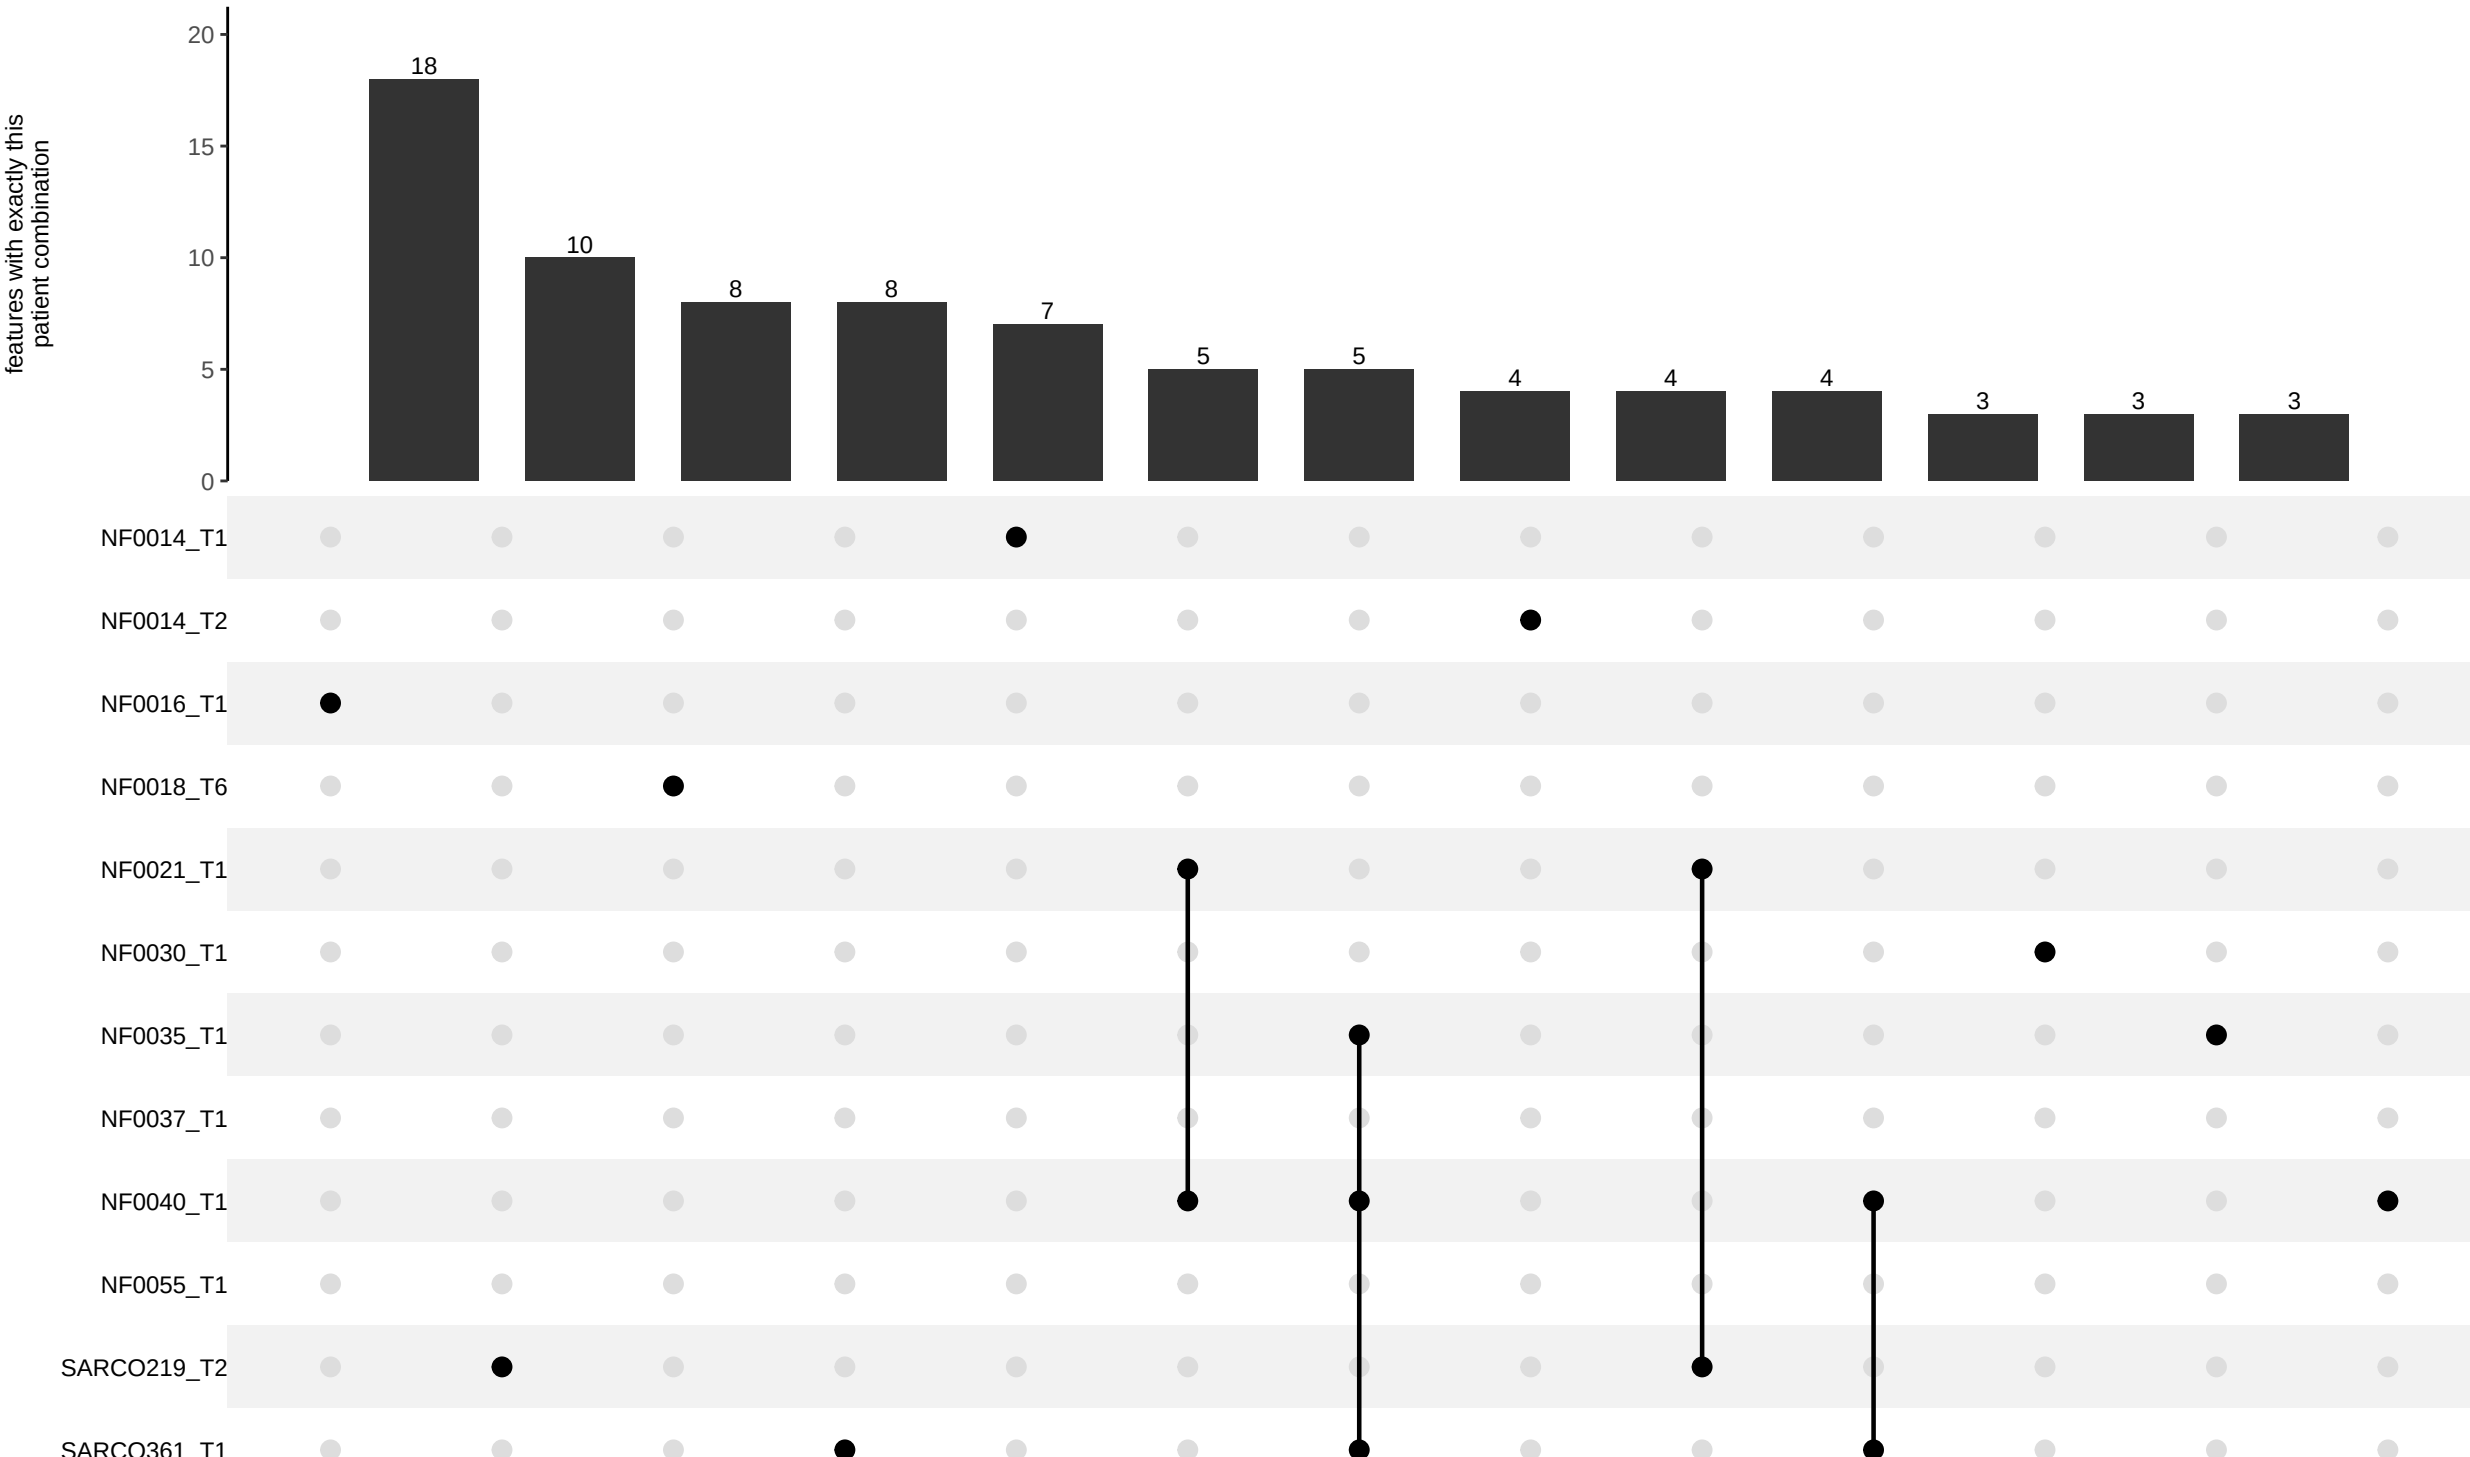

cell_z_position | Copanlisib_1uM

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

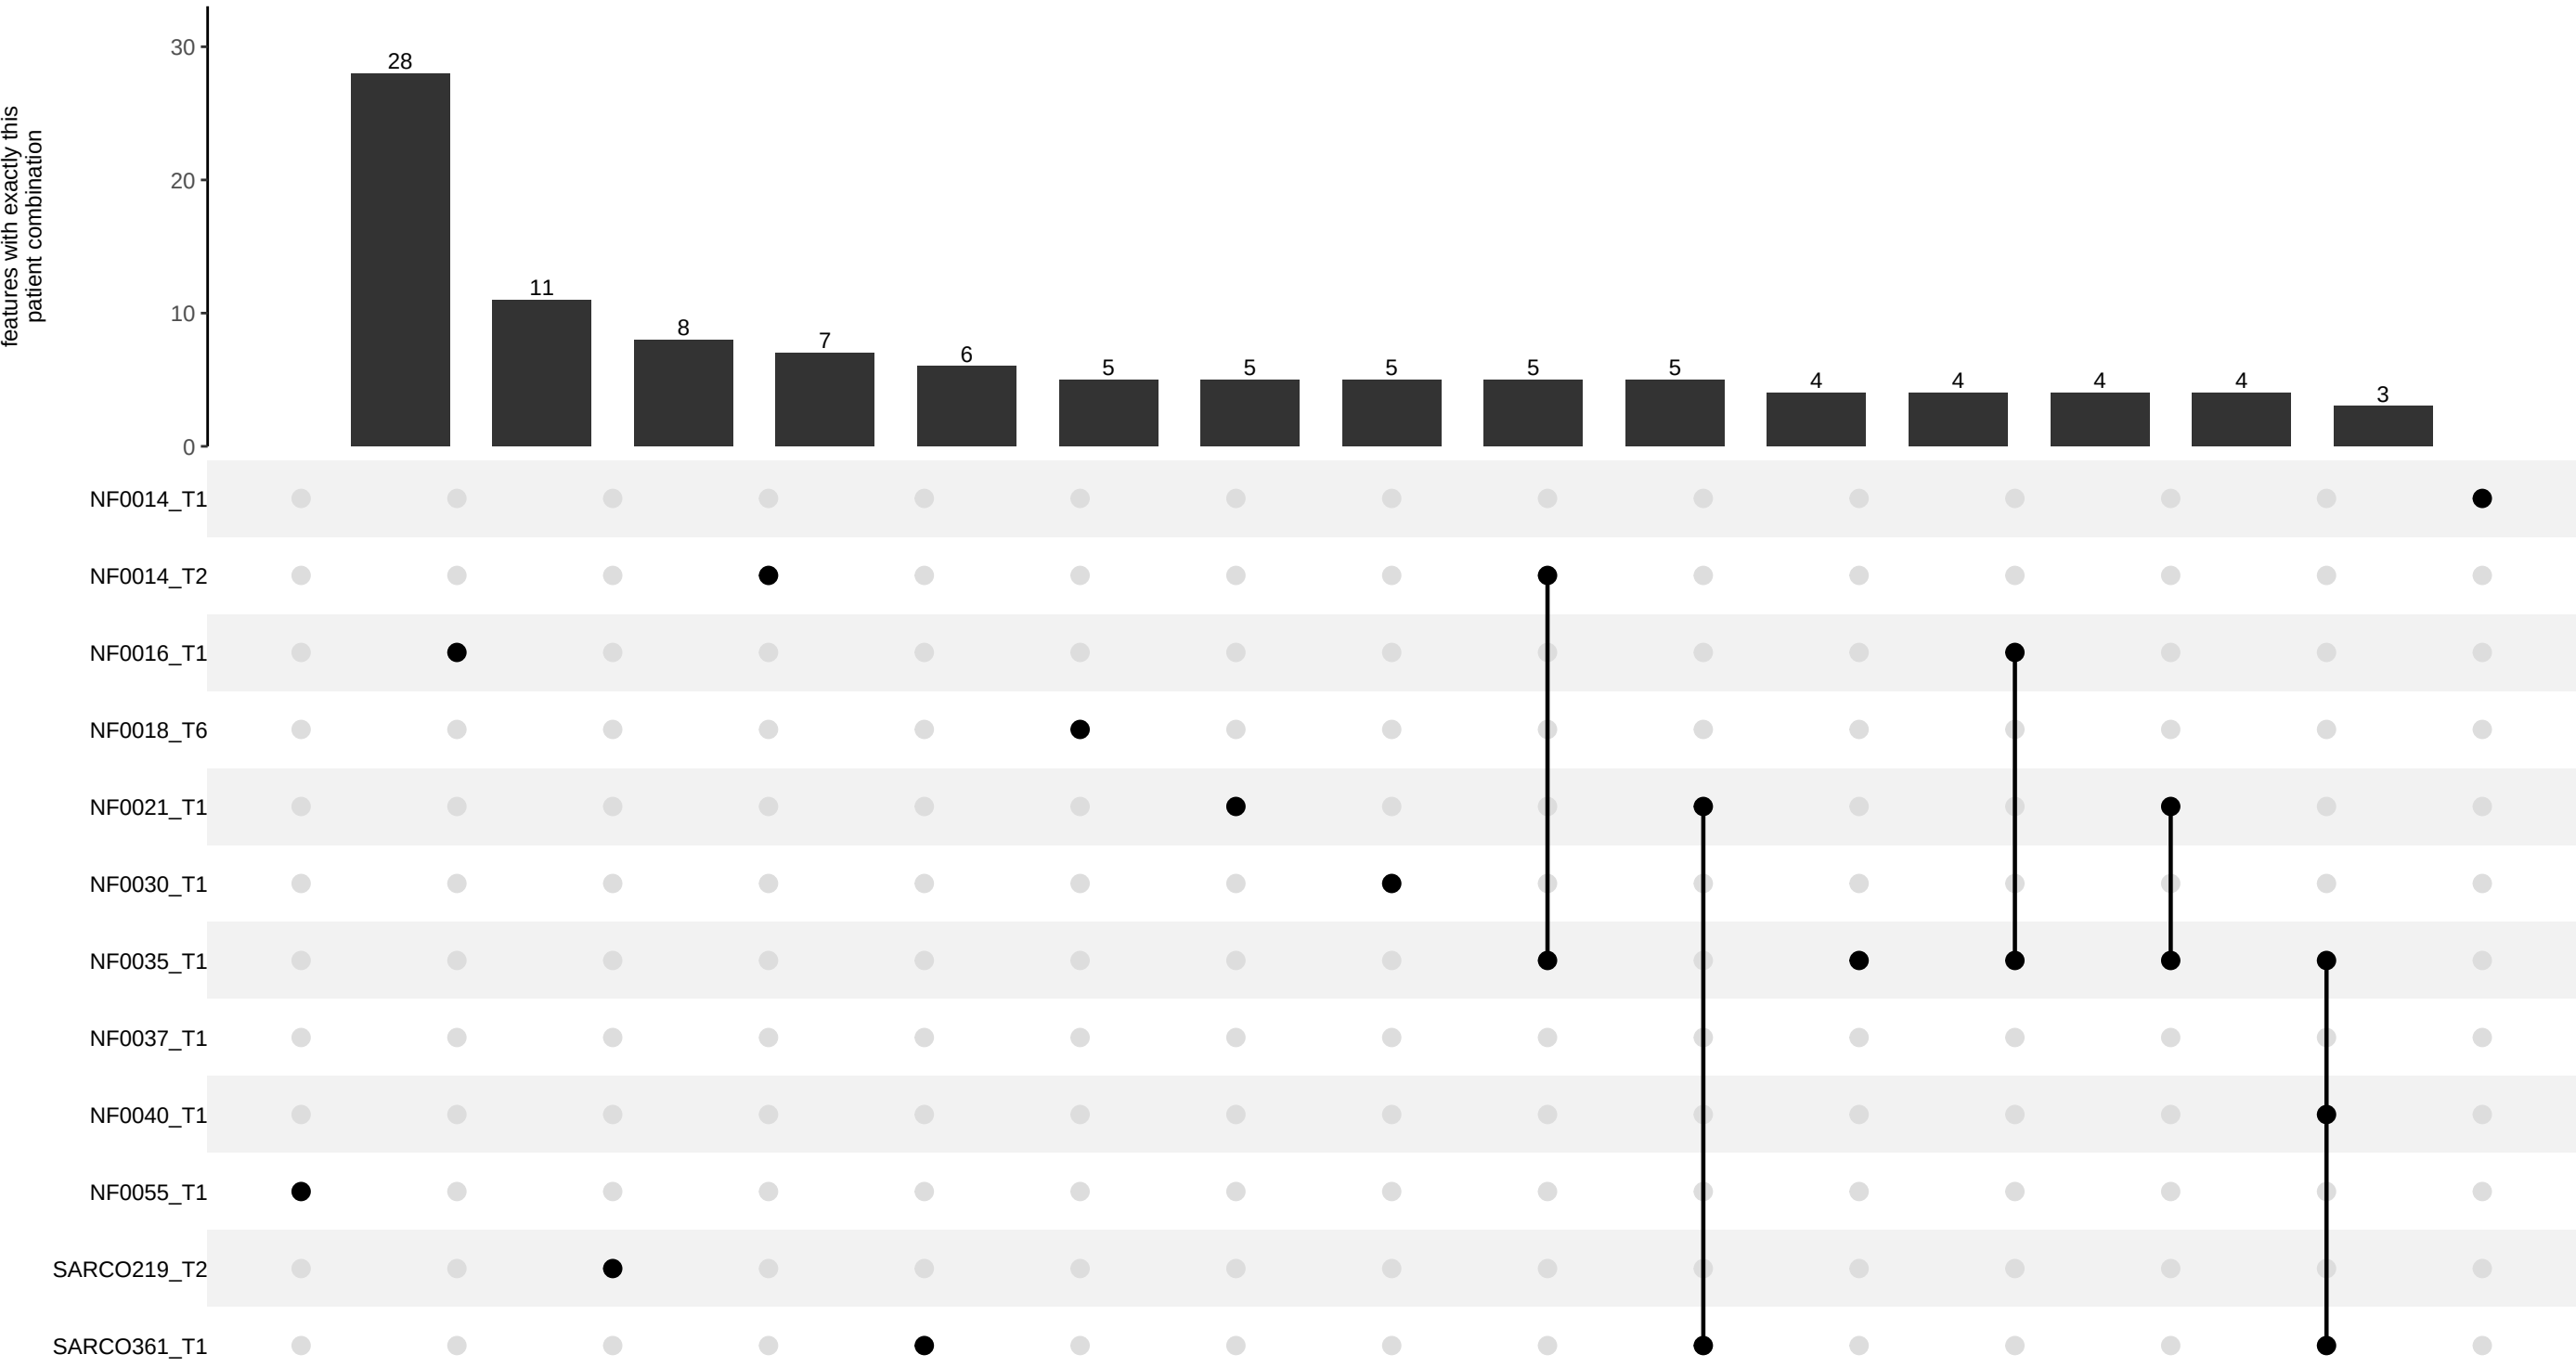

cell_z_position | Digoxin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

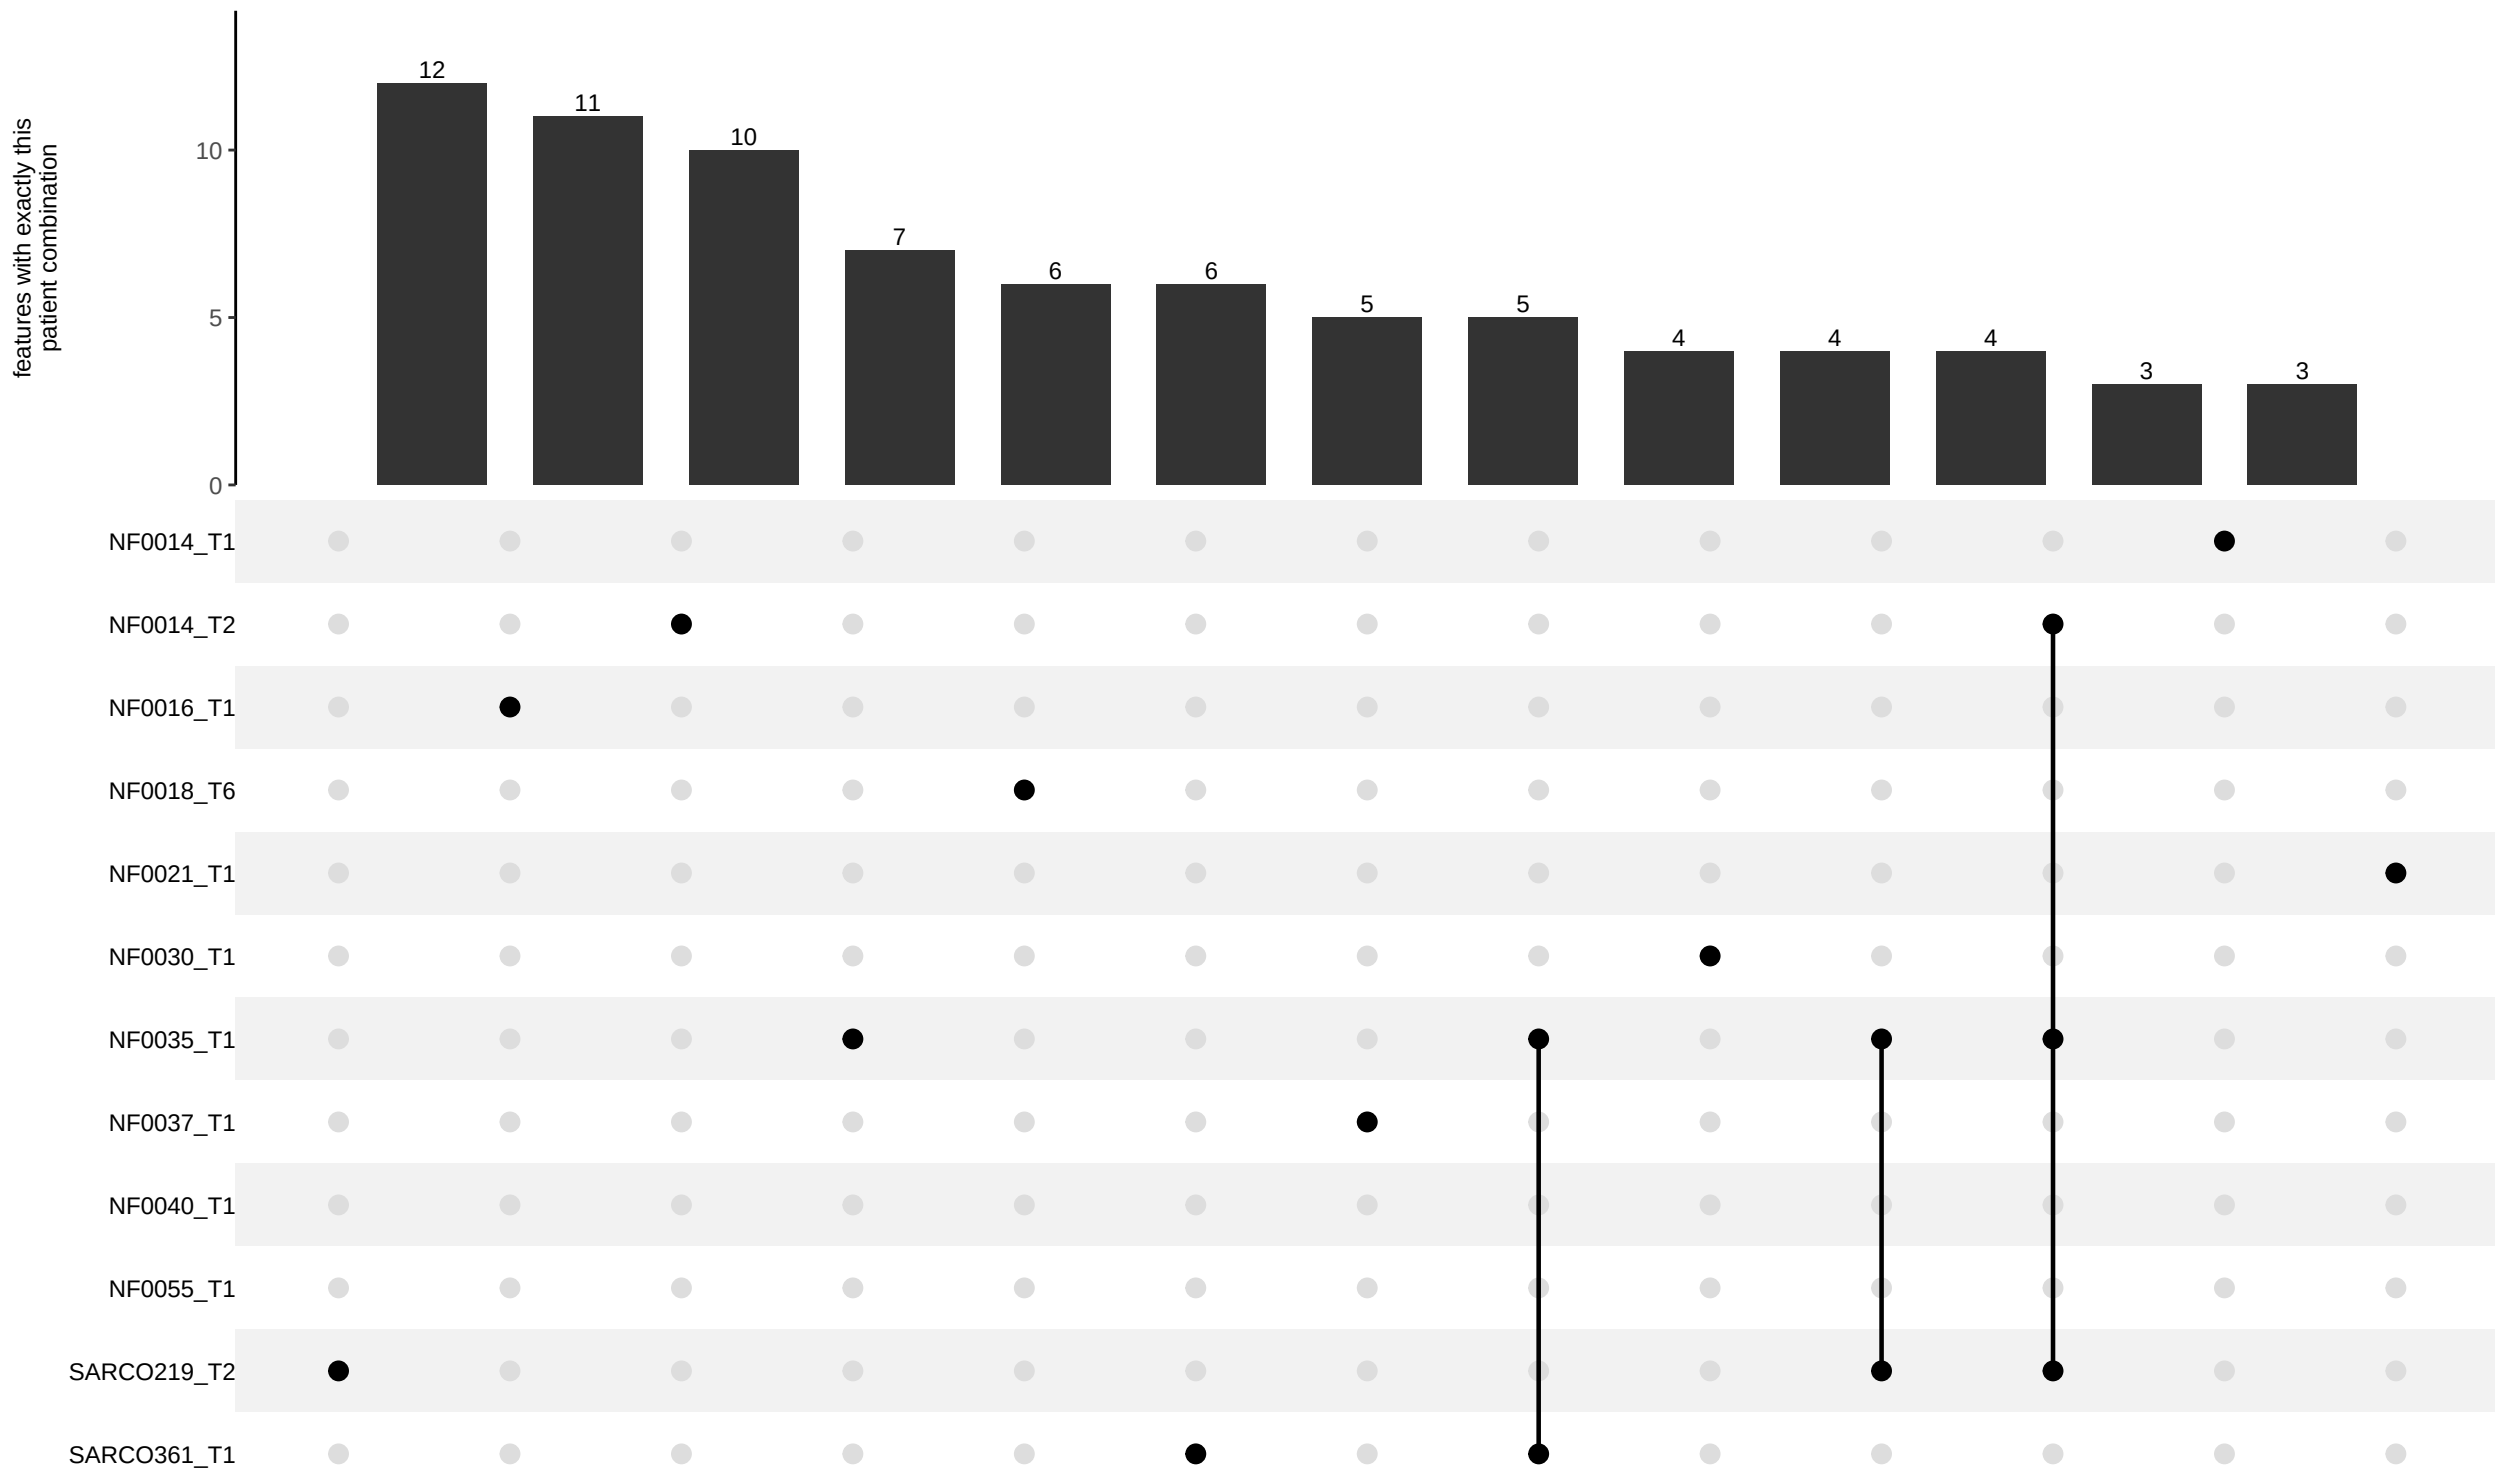

cell_z_position | Everolimus_1uM

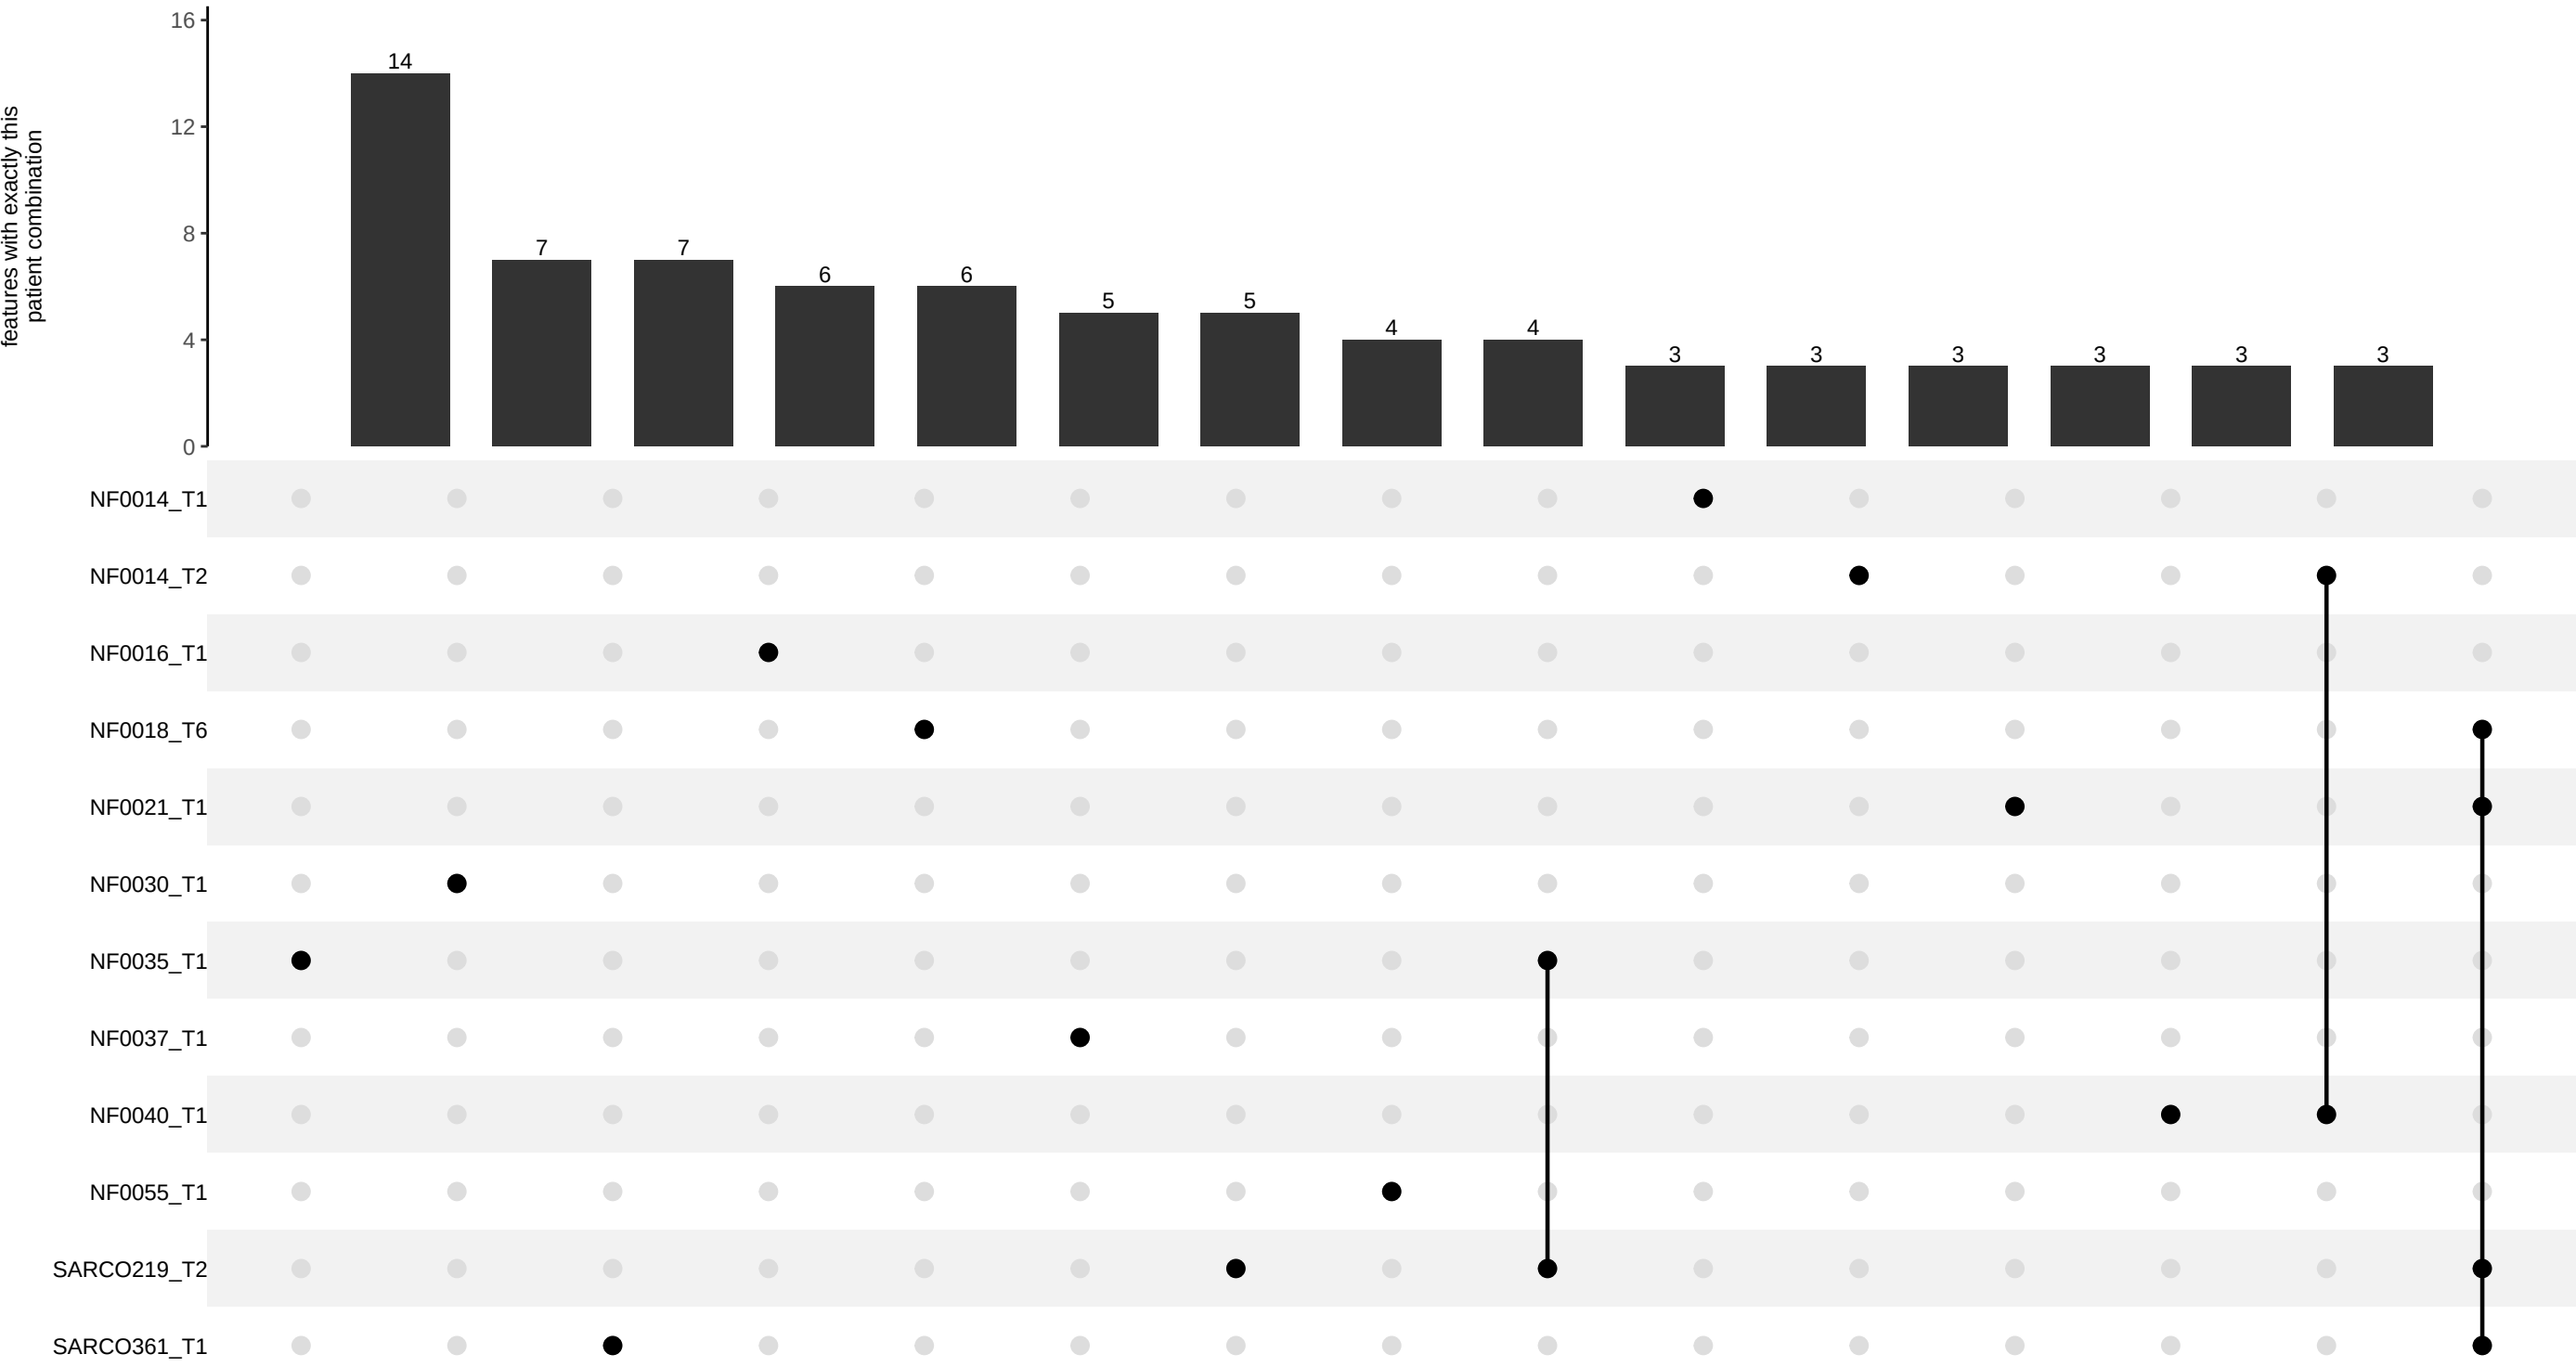

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

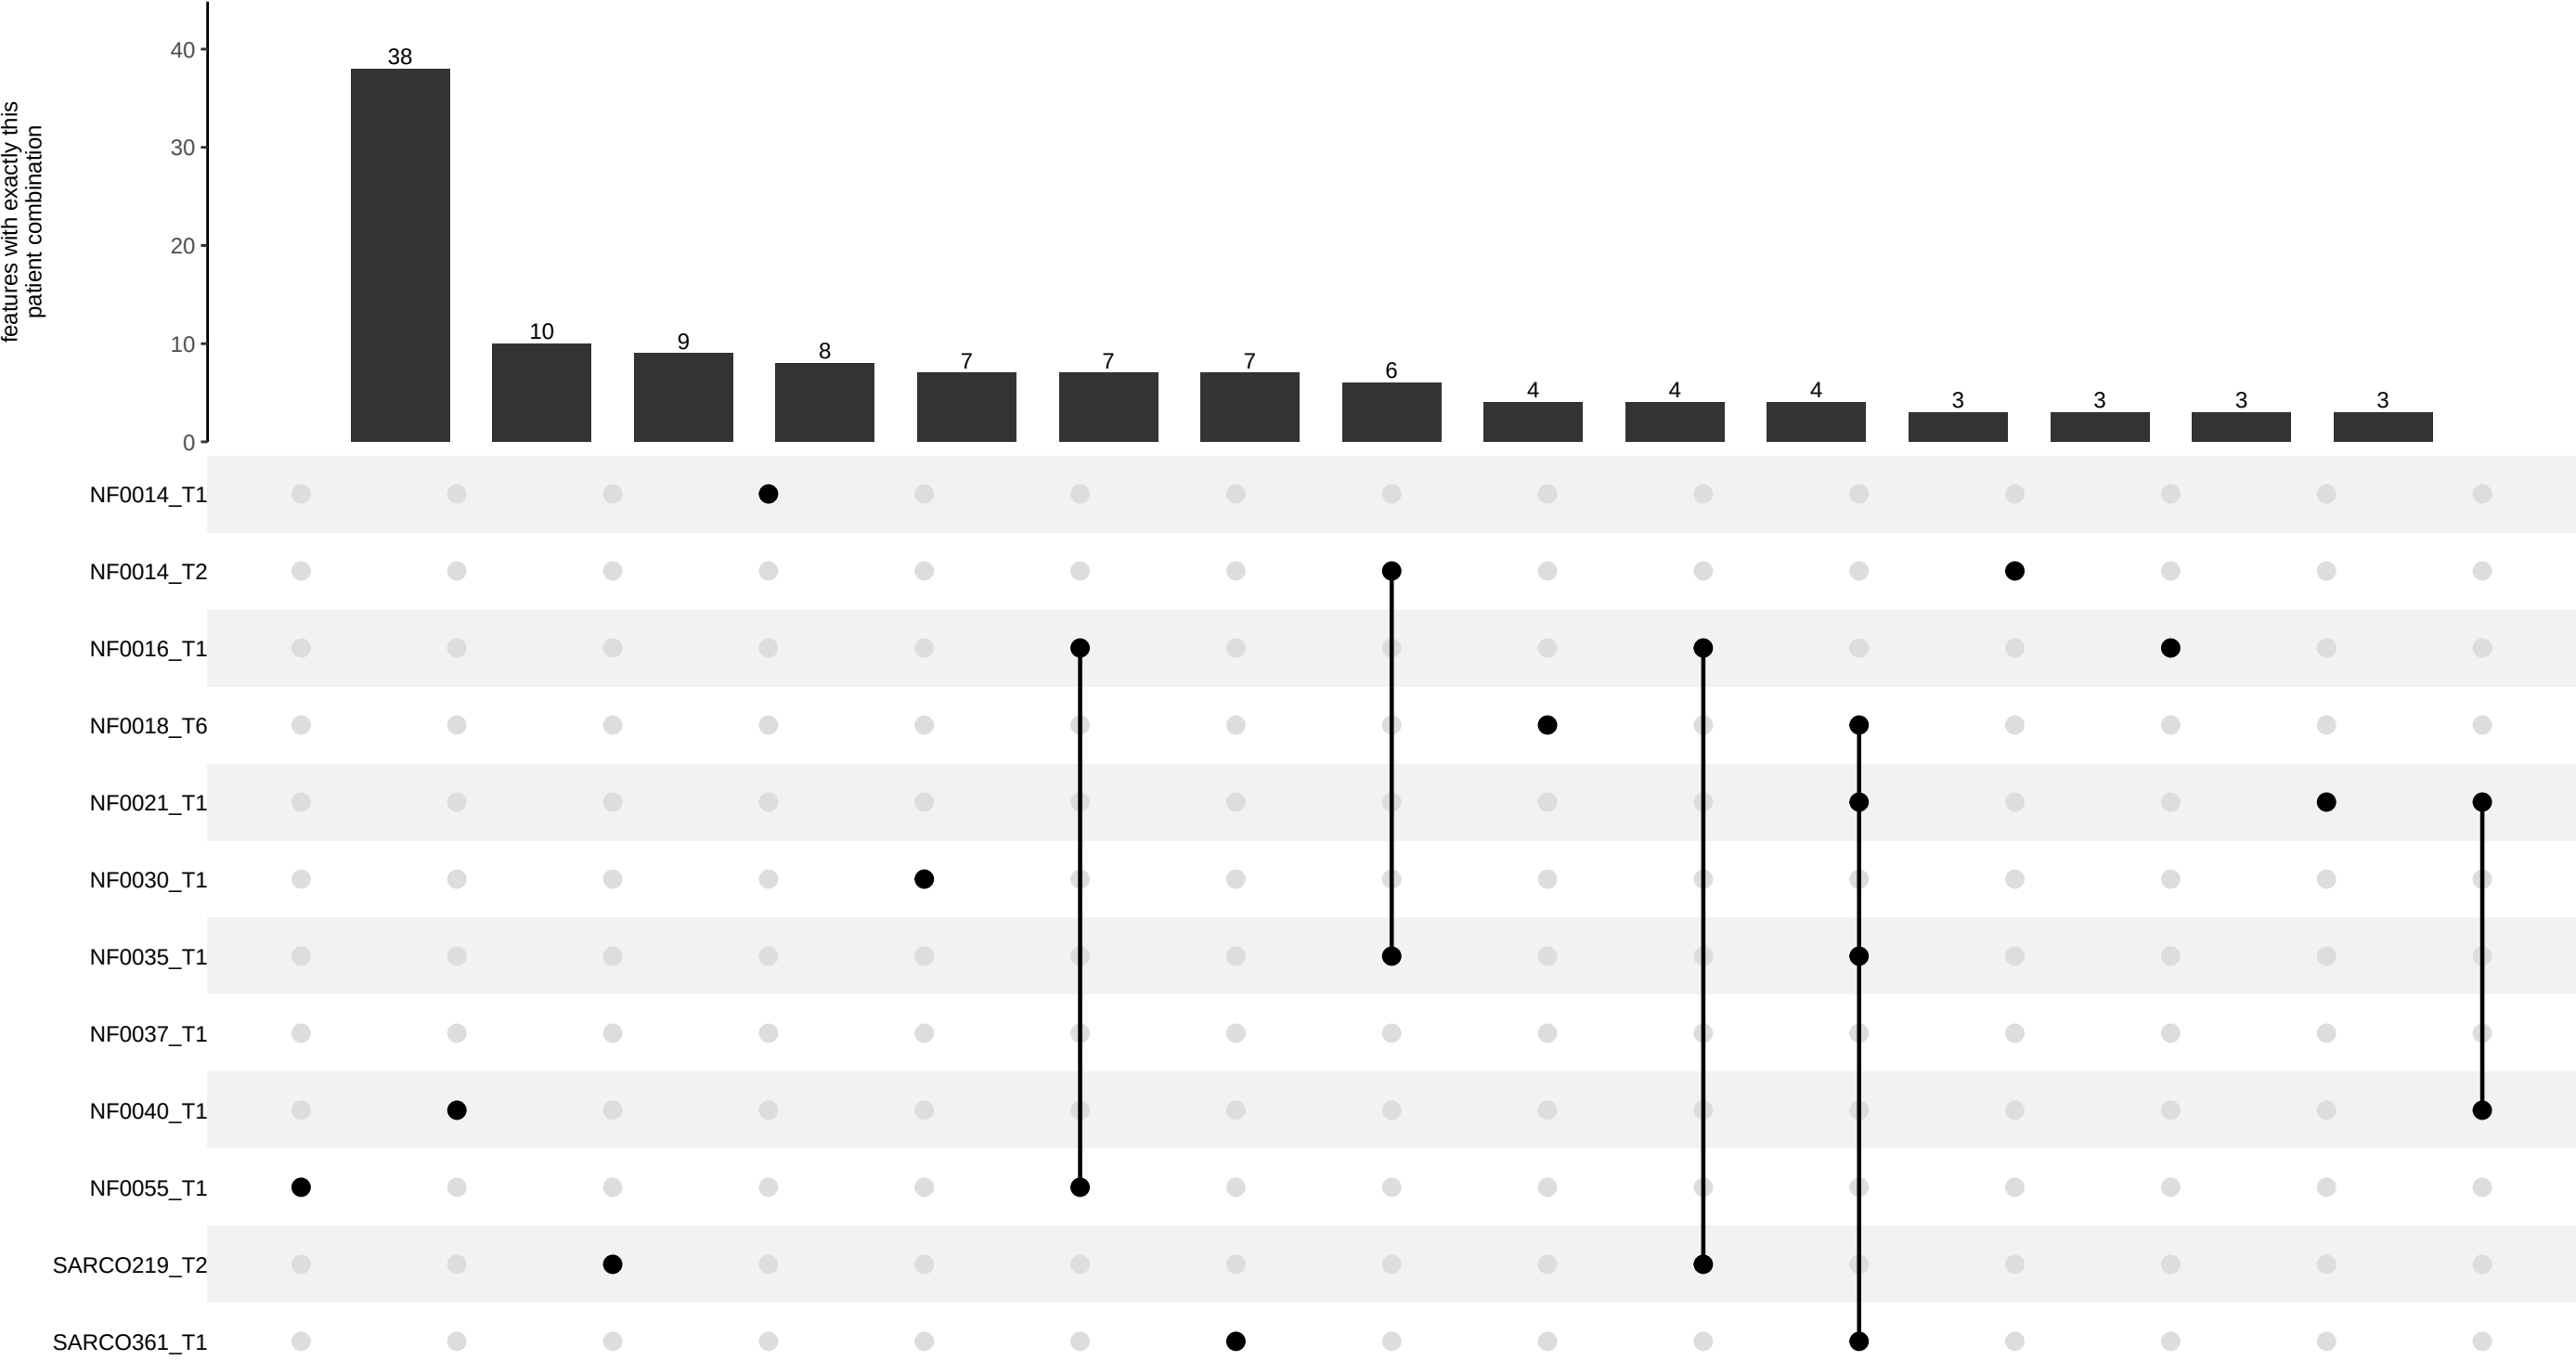

cell_z_position | Imatinib_1uM
Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

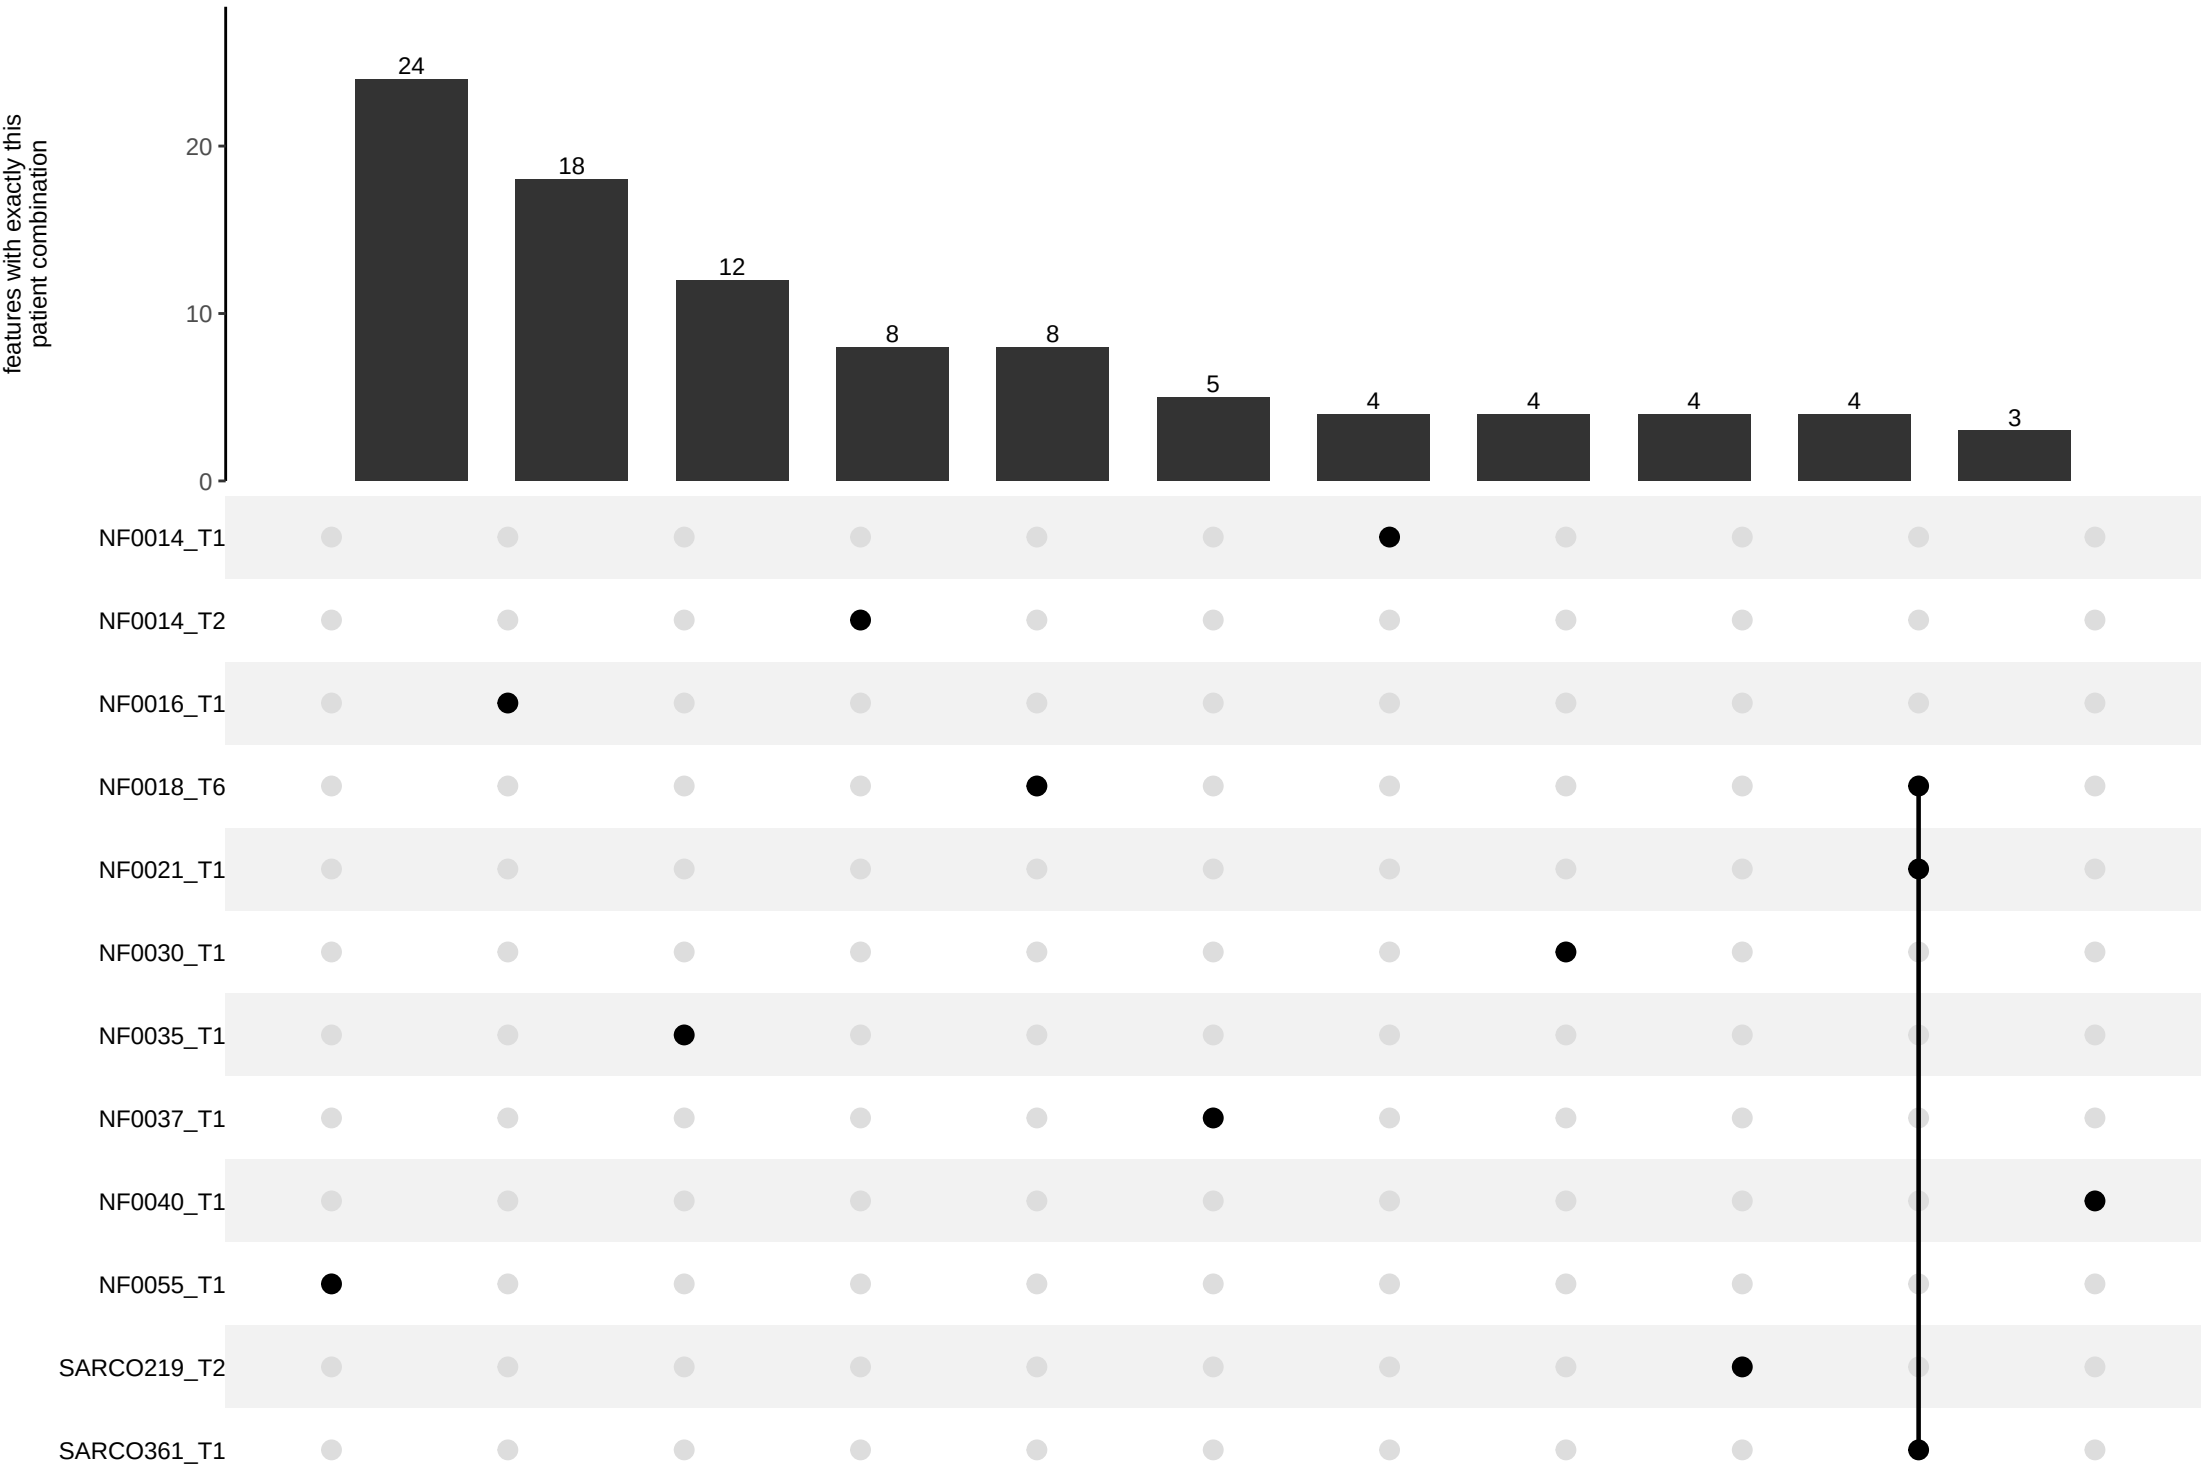

cell_z_position | Ketotifen_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

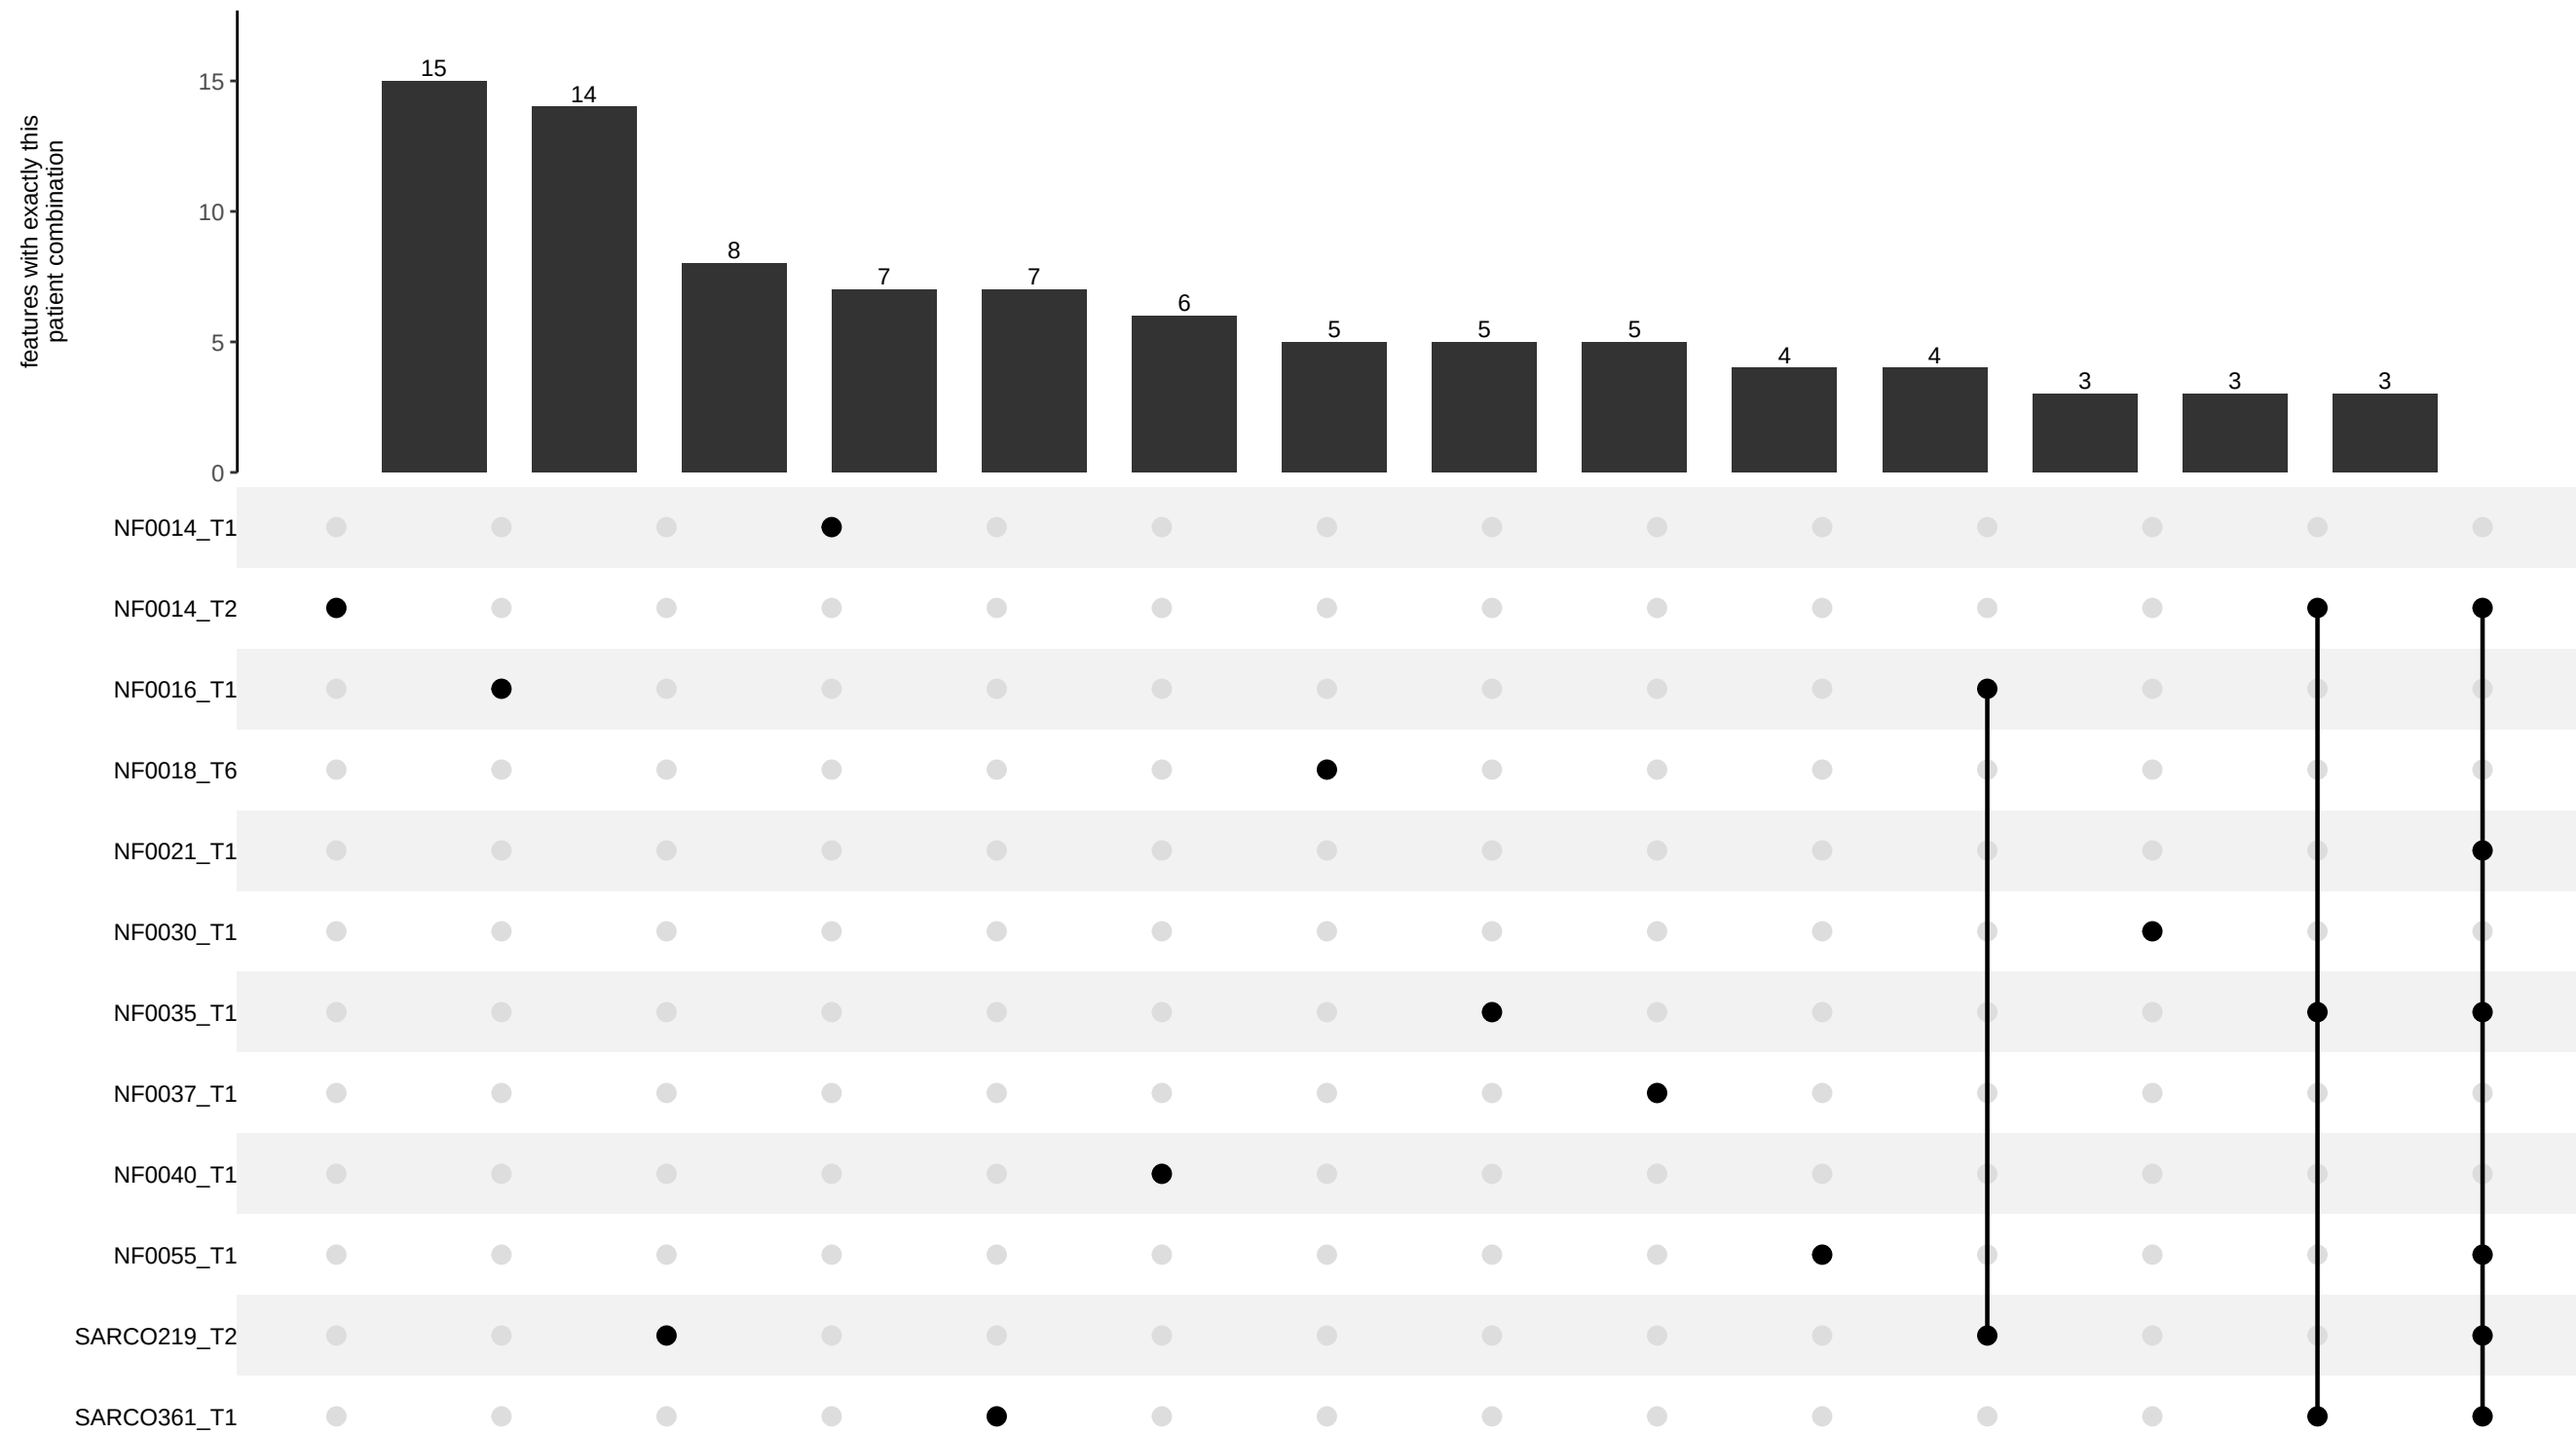

cell_z_position | Linsitinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

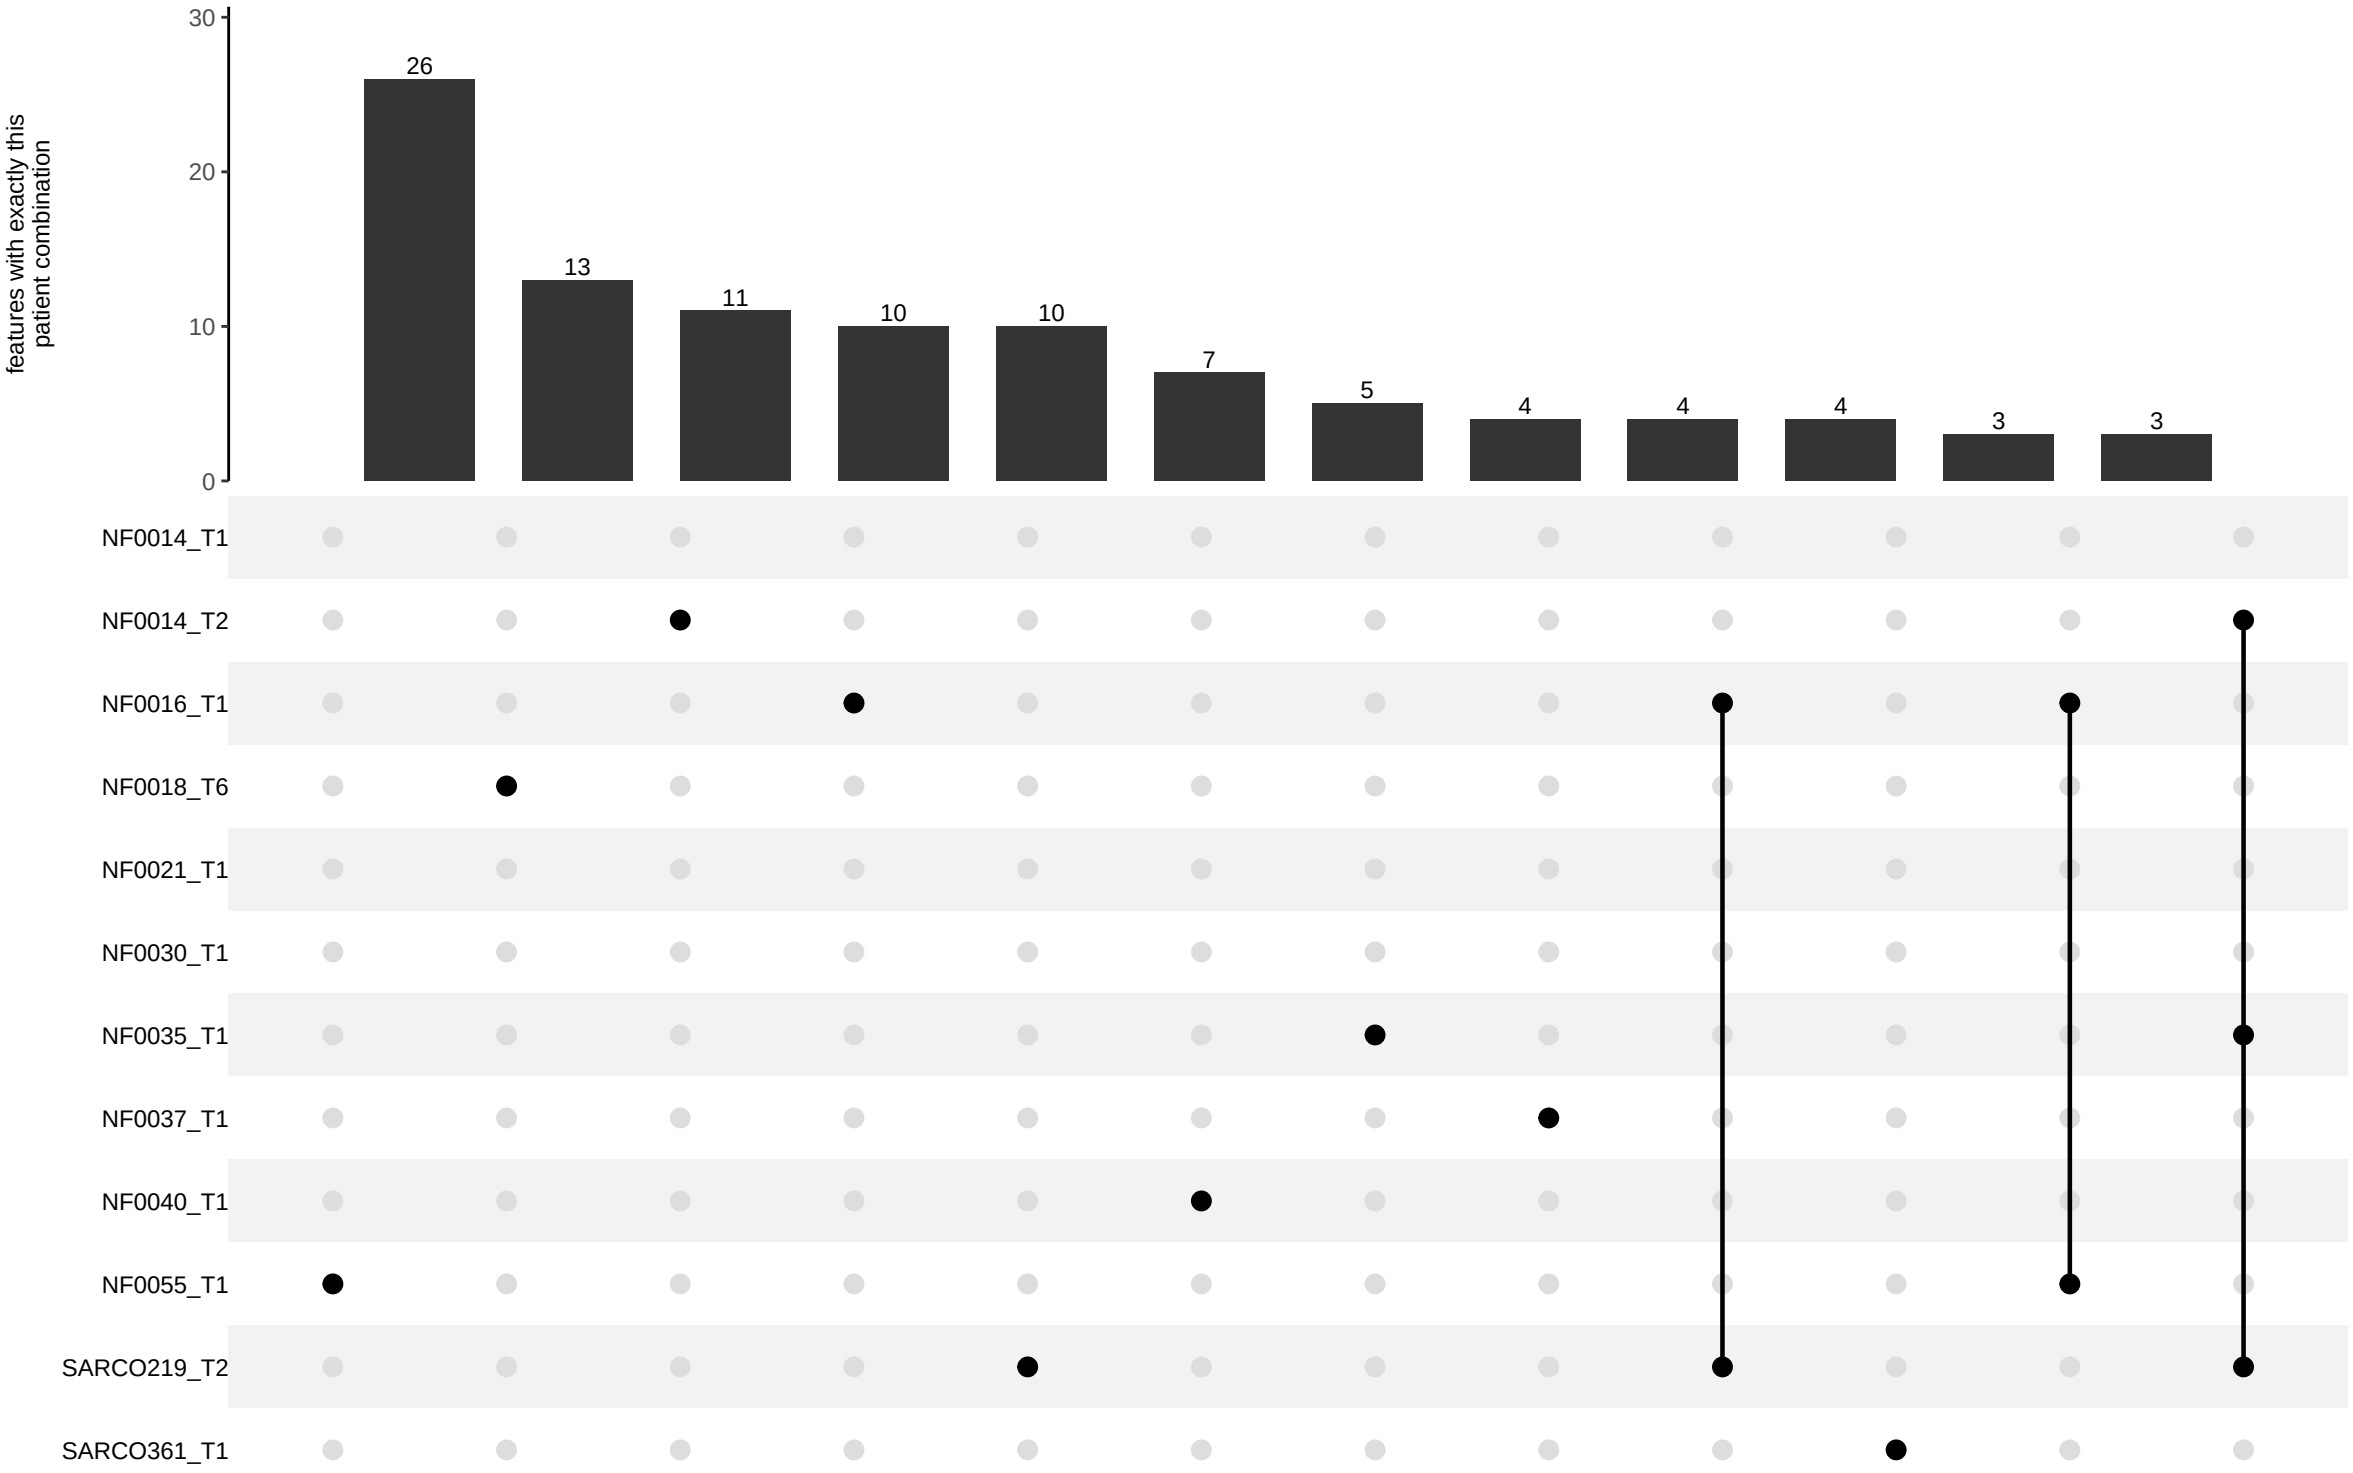

cell_z_position | Mirdametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

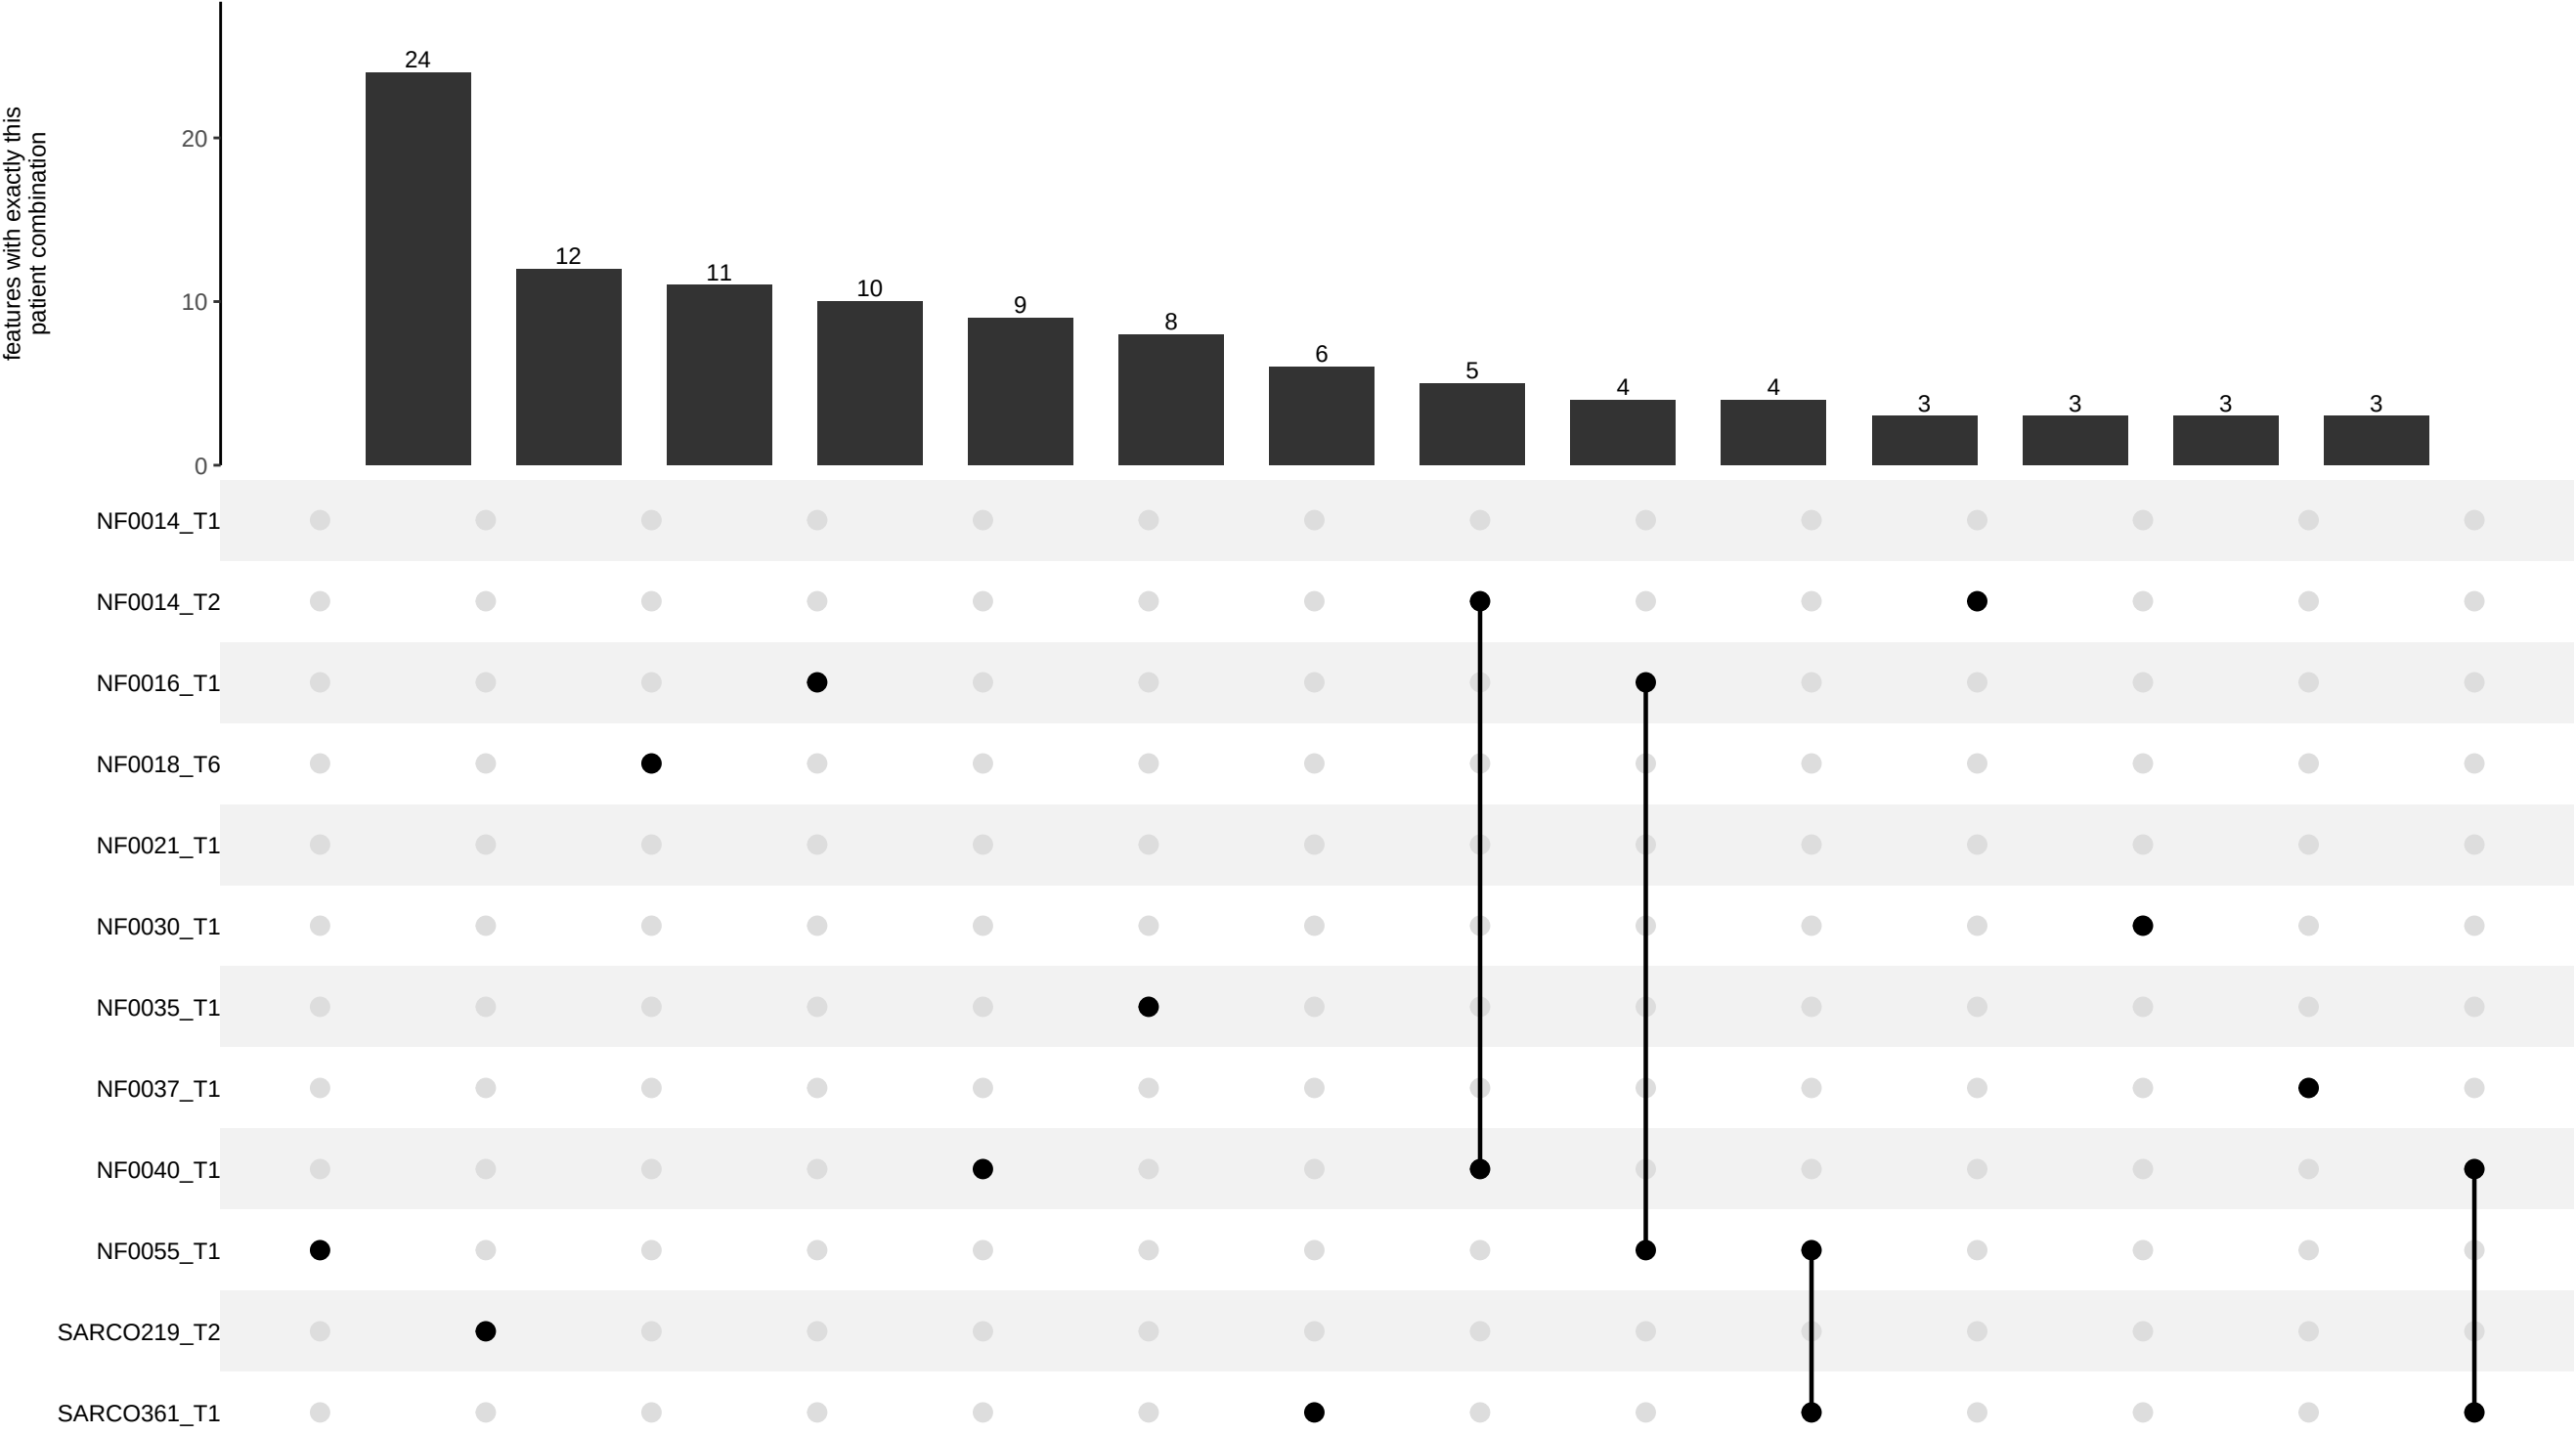

cell_z_position | Mirdametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

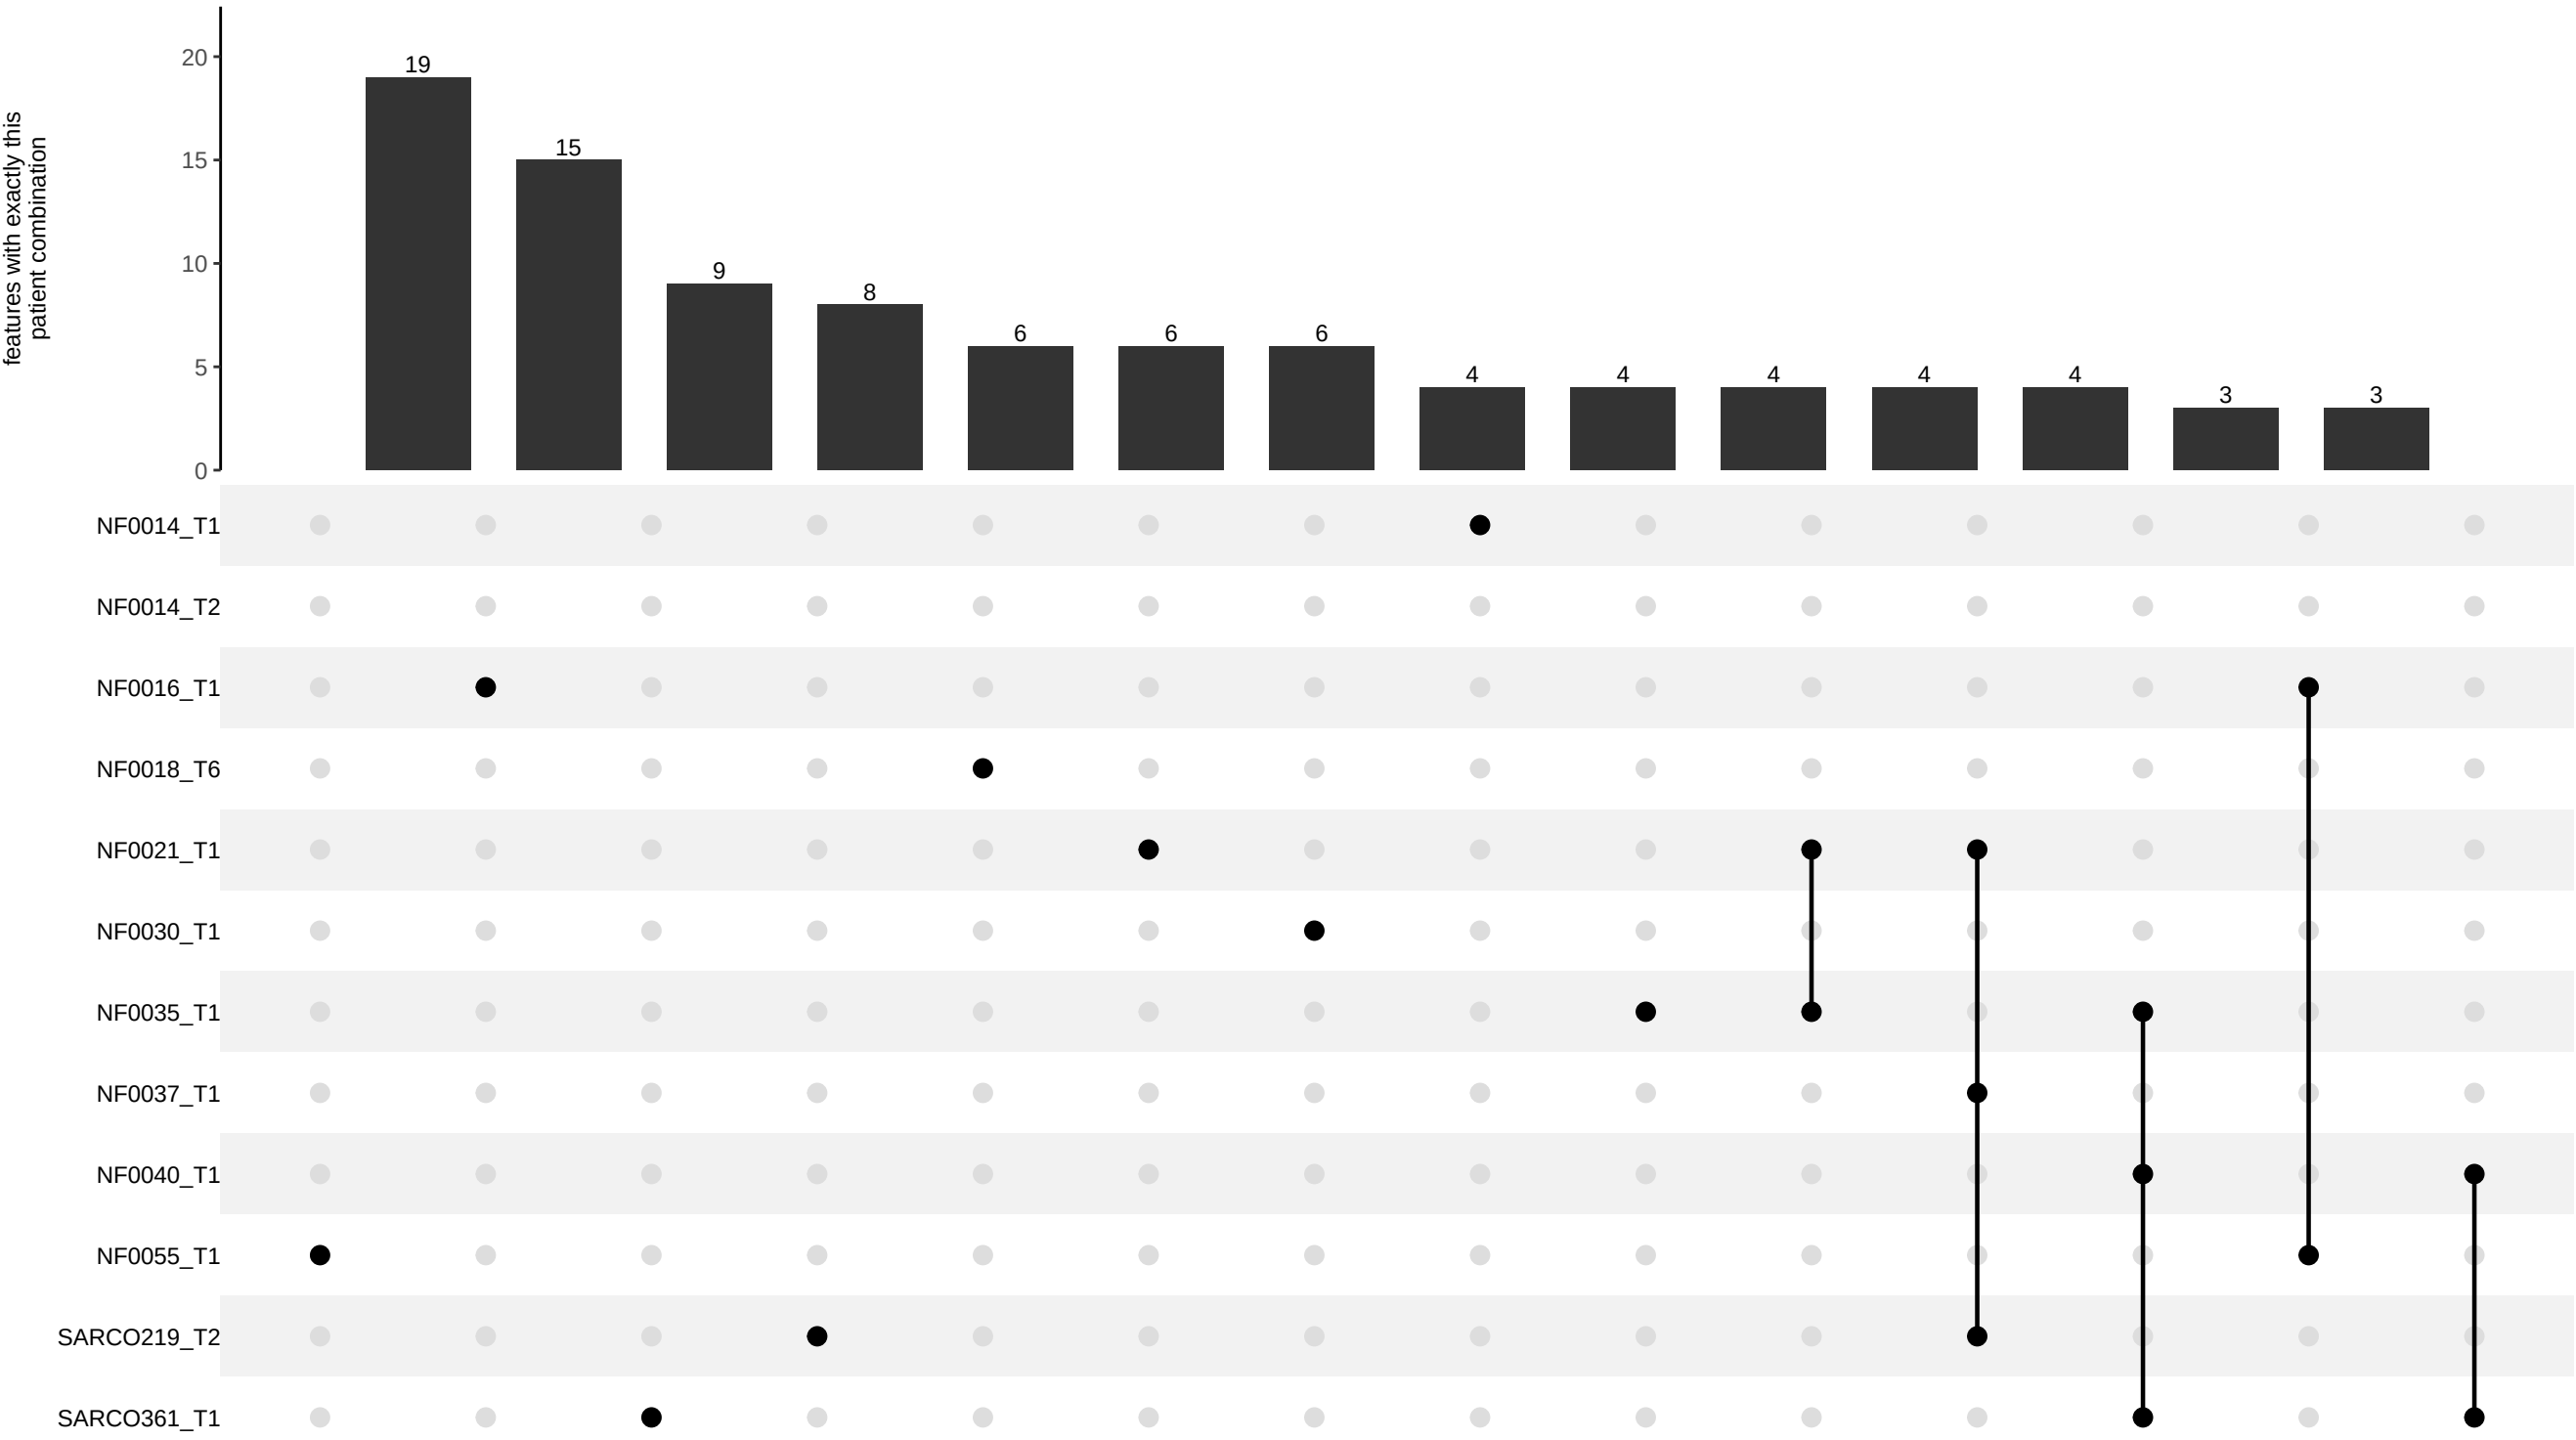

cell_z_position | Nilotinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

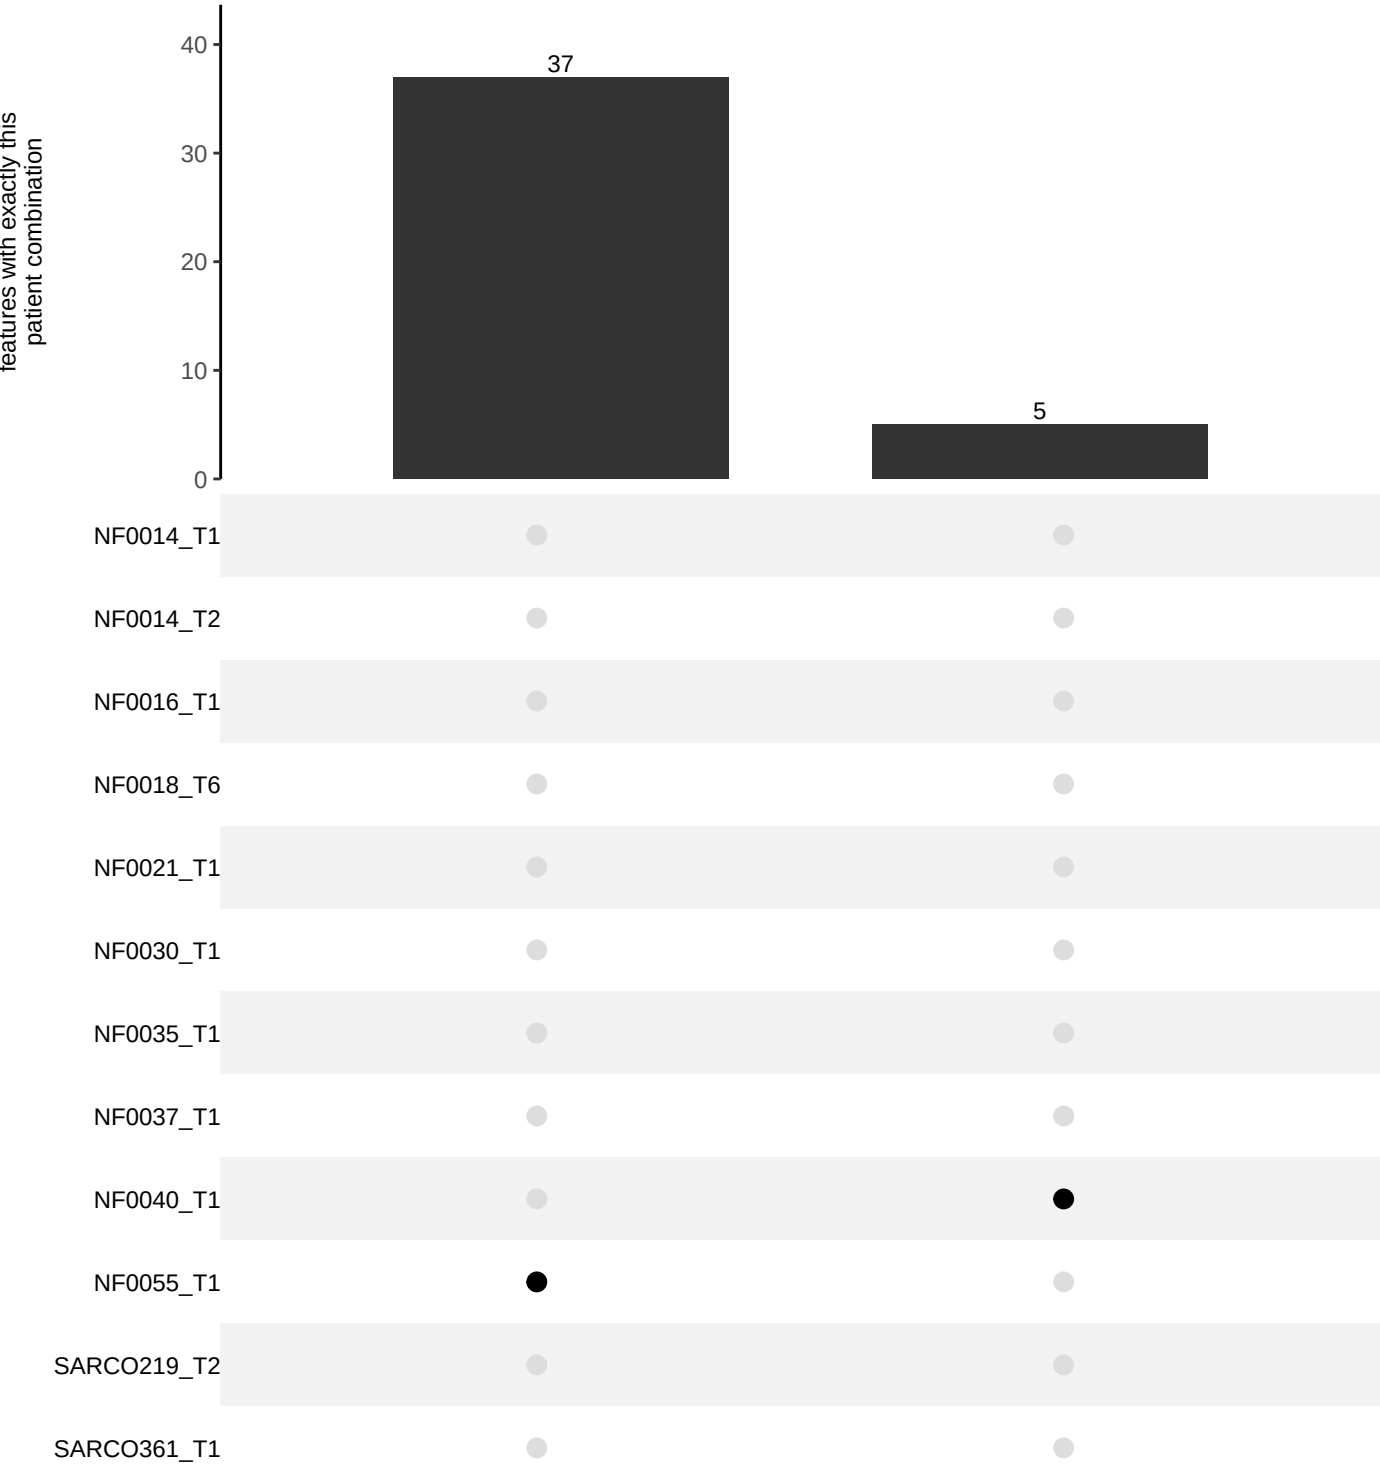

cell_z_position | Onalespib_1uM
Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

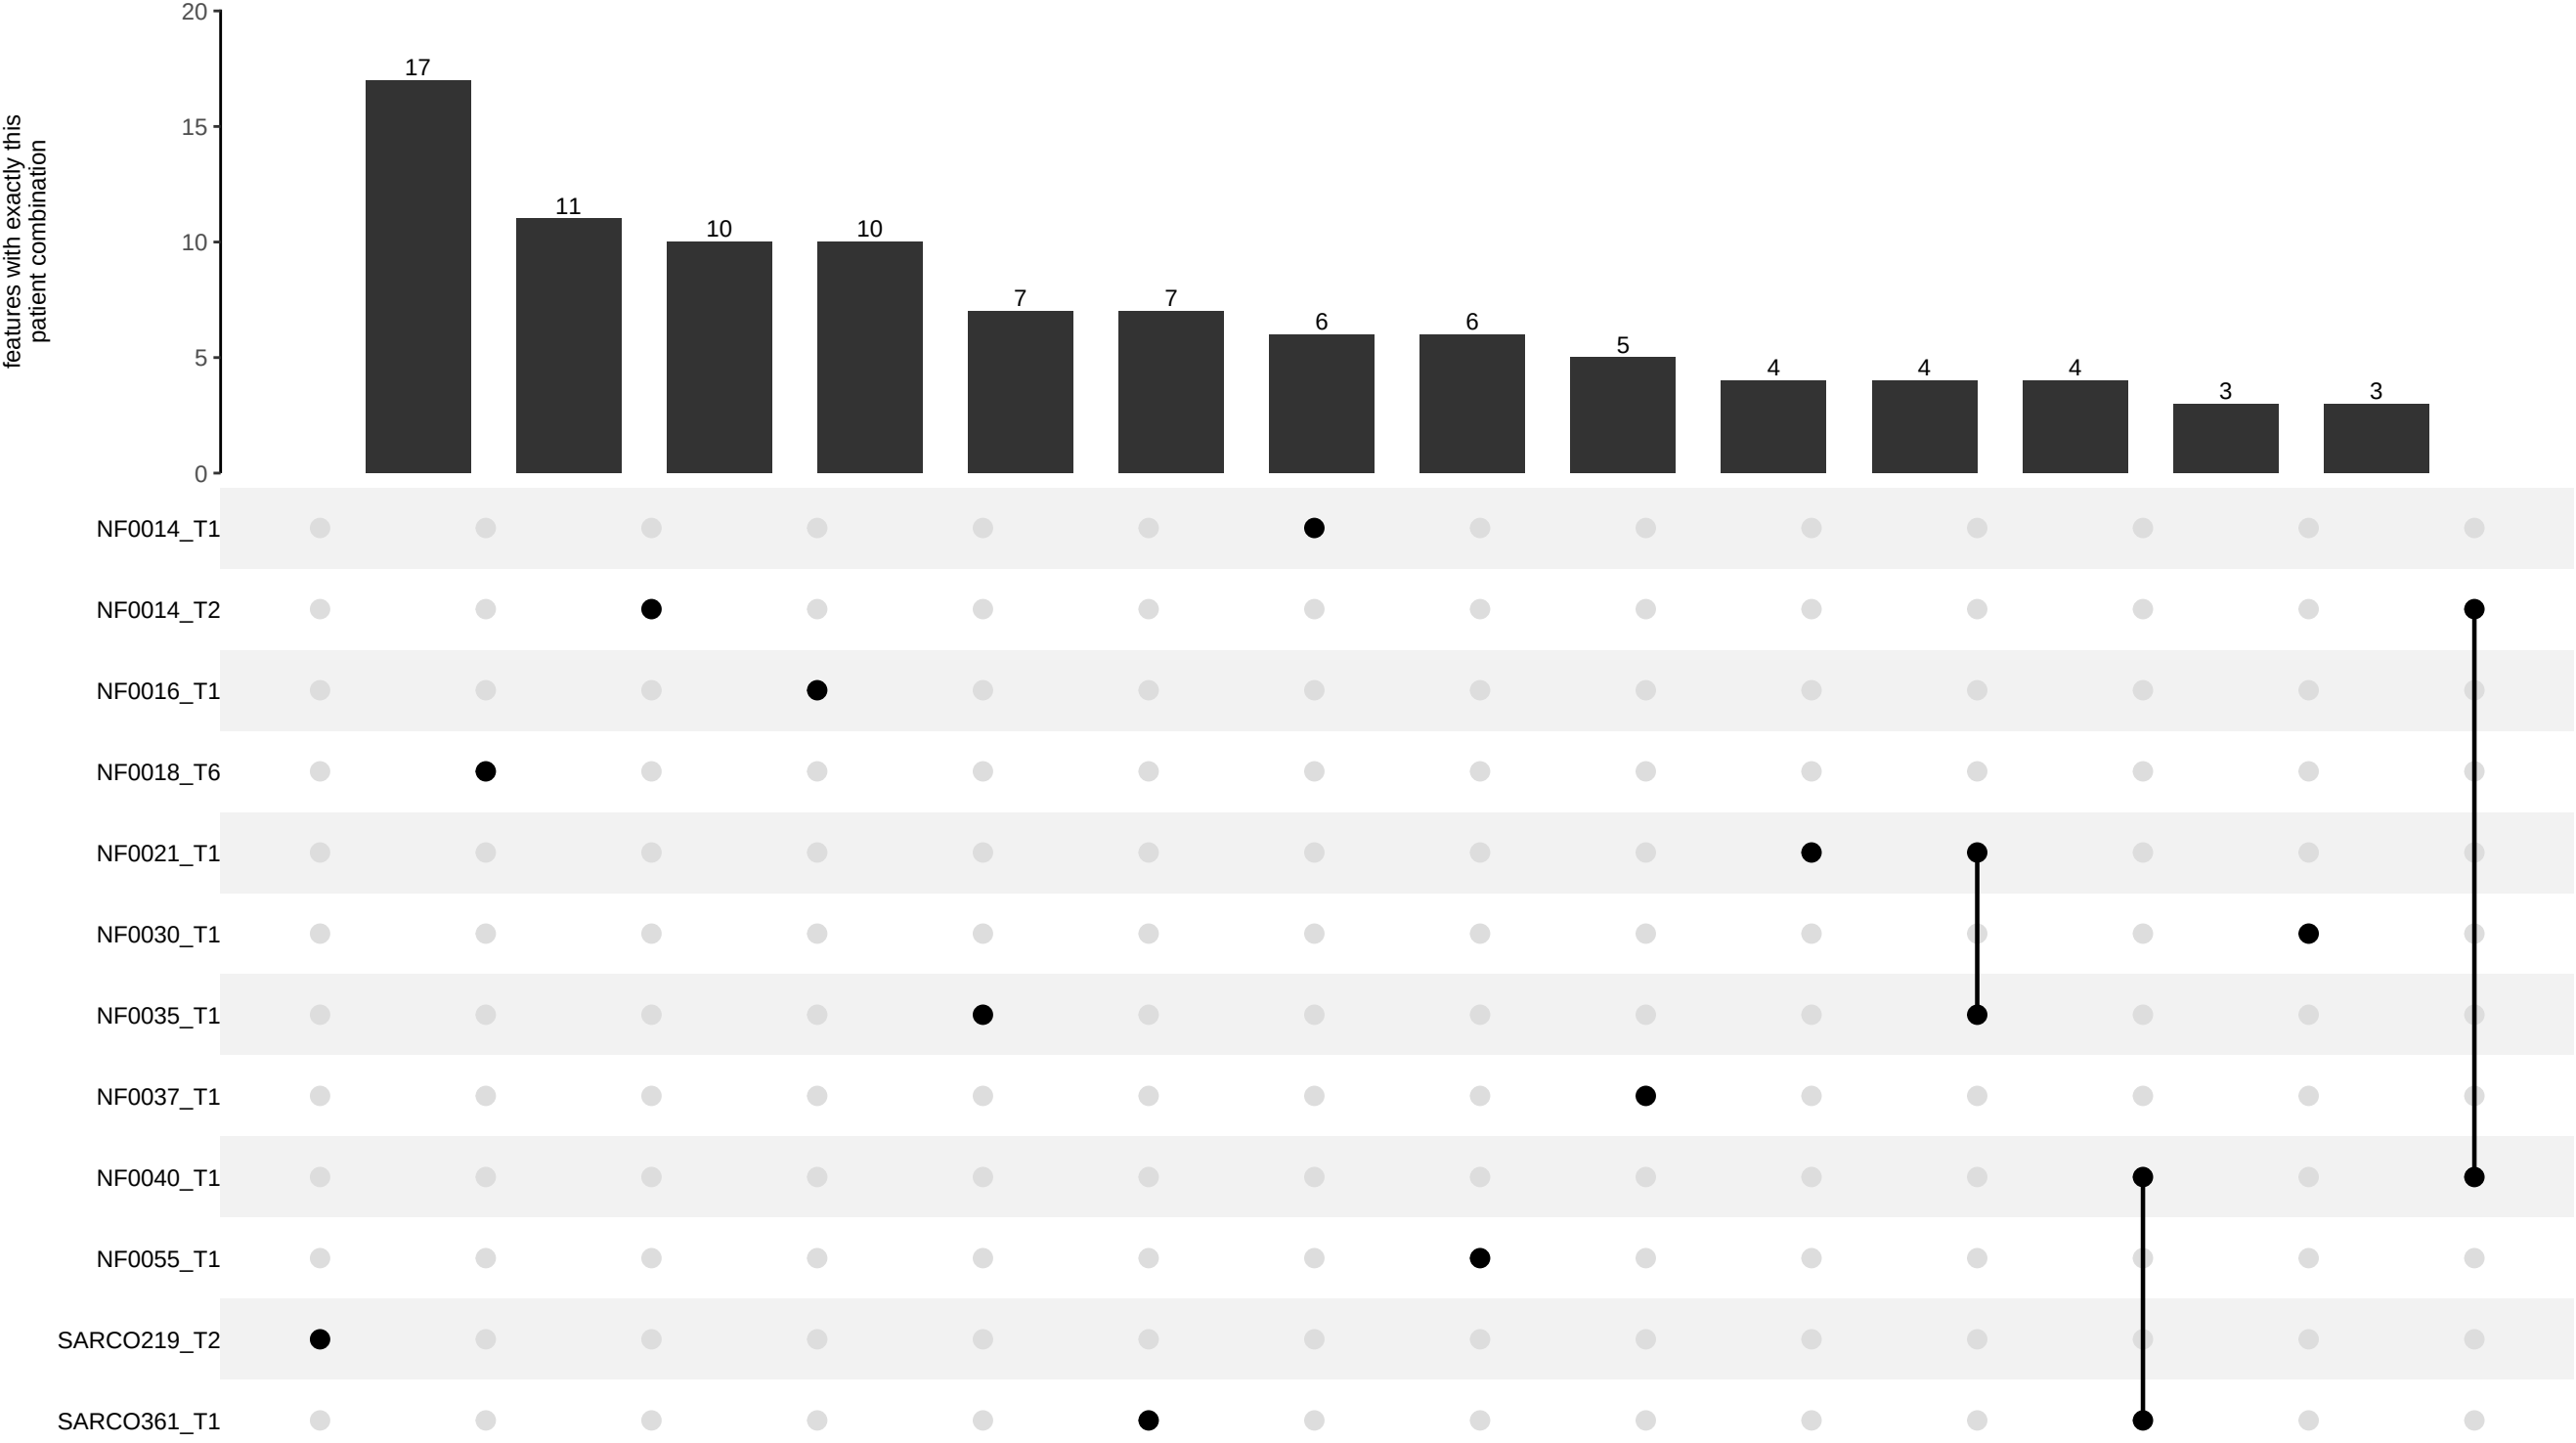

cell_z_position | Panobinostat_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

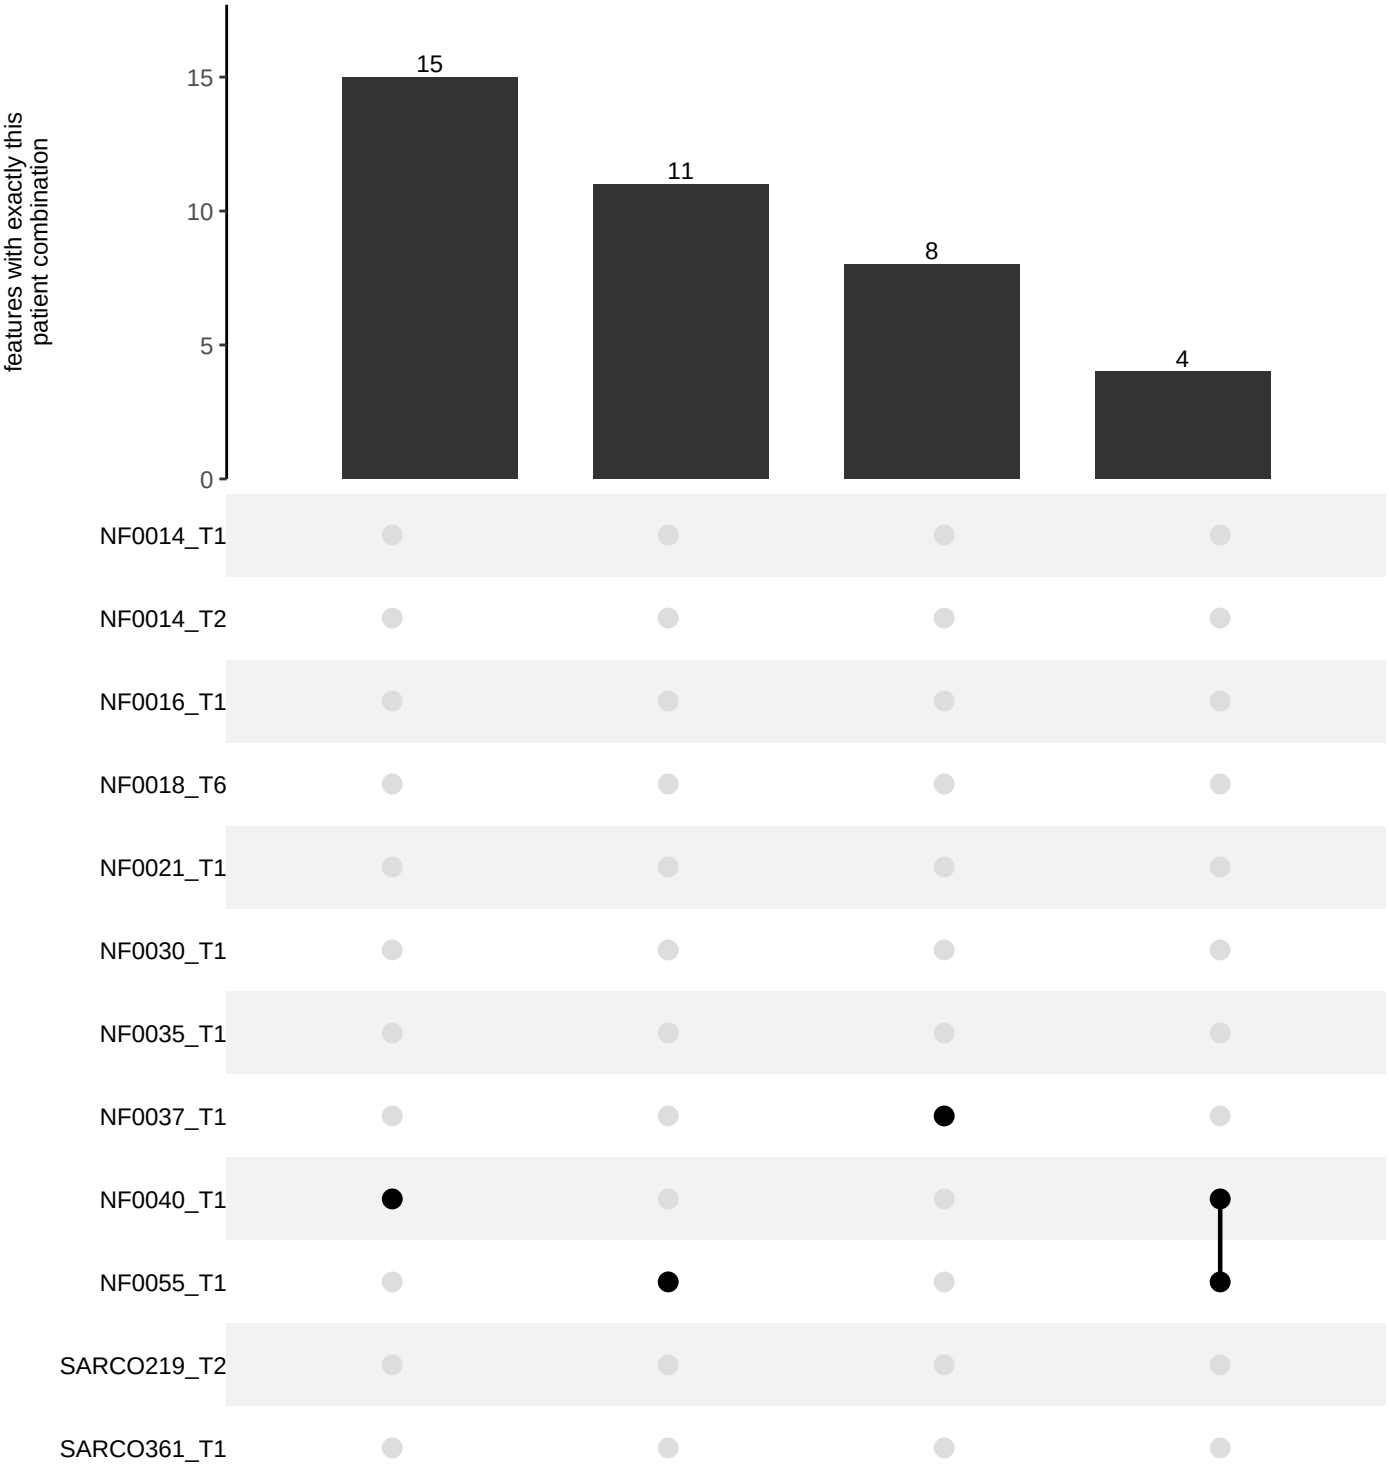

cell_z_position | Rapamycin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

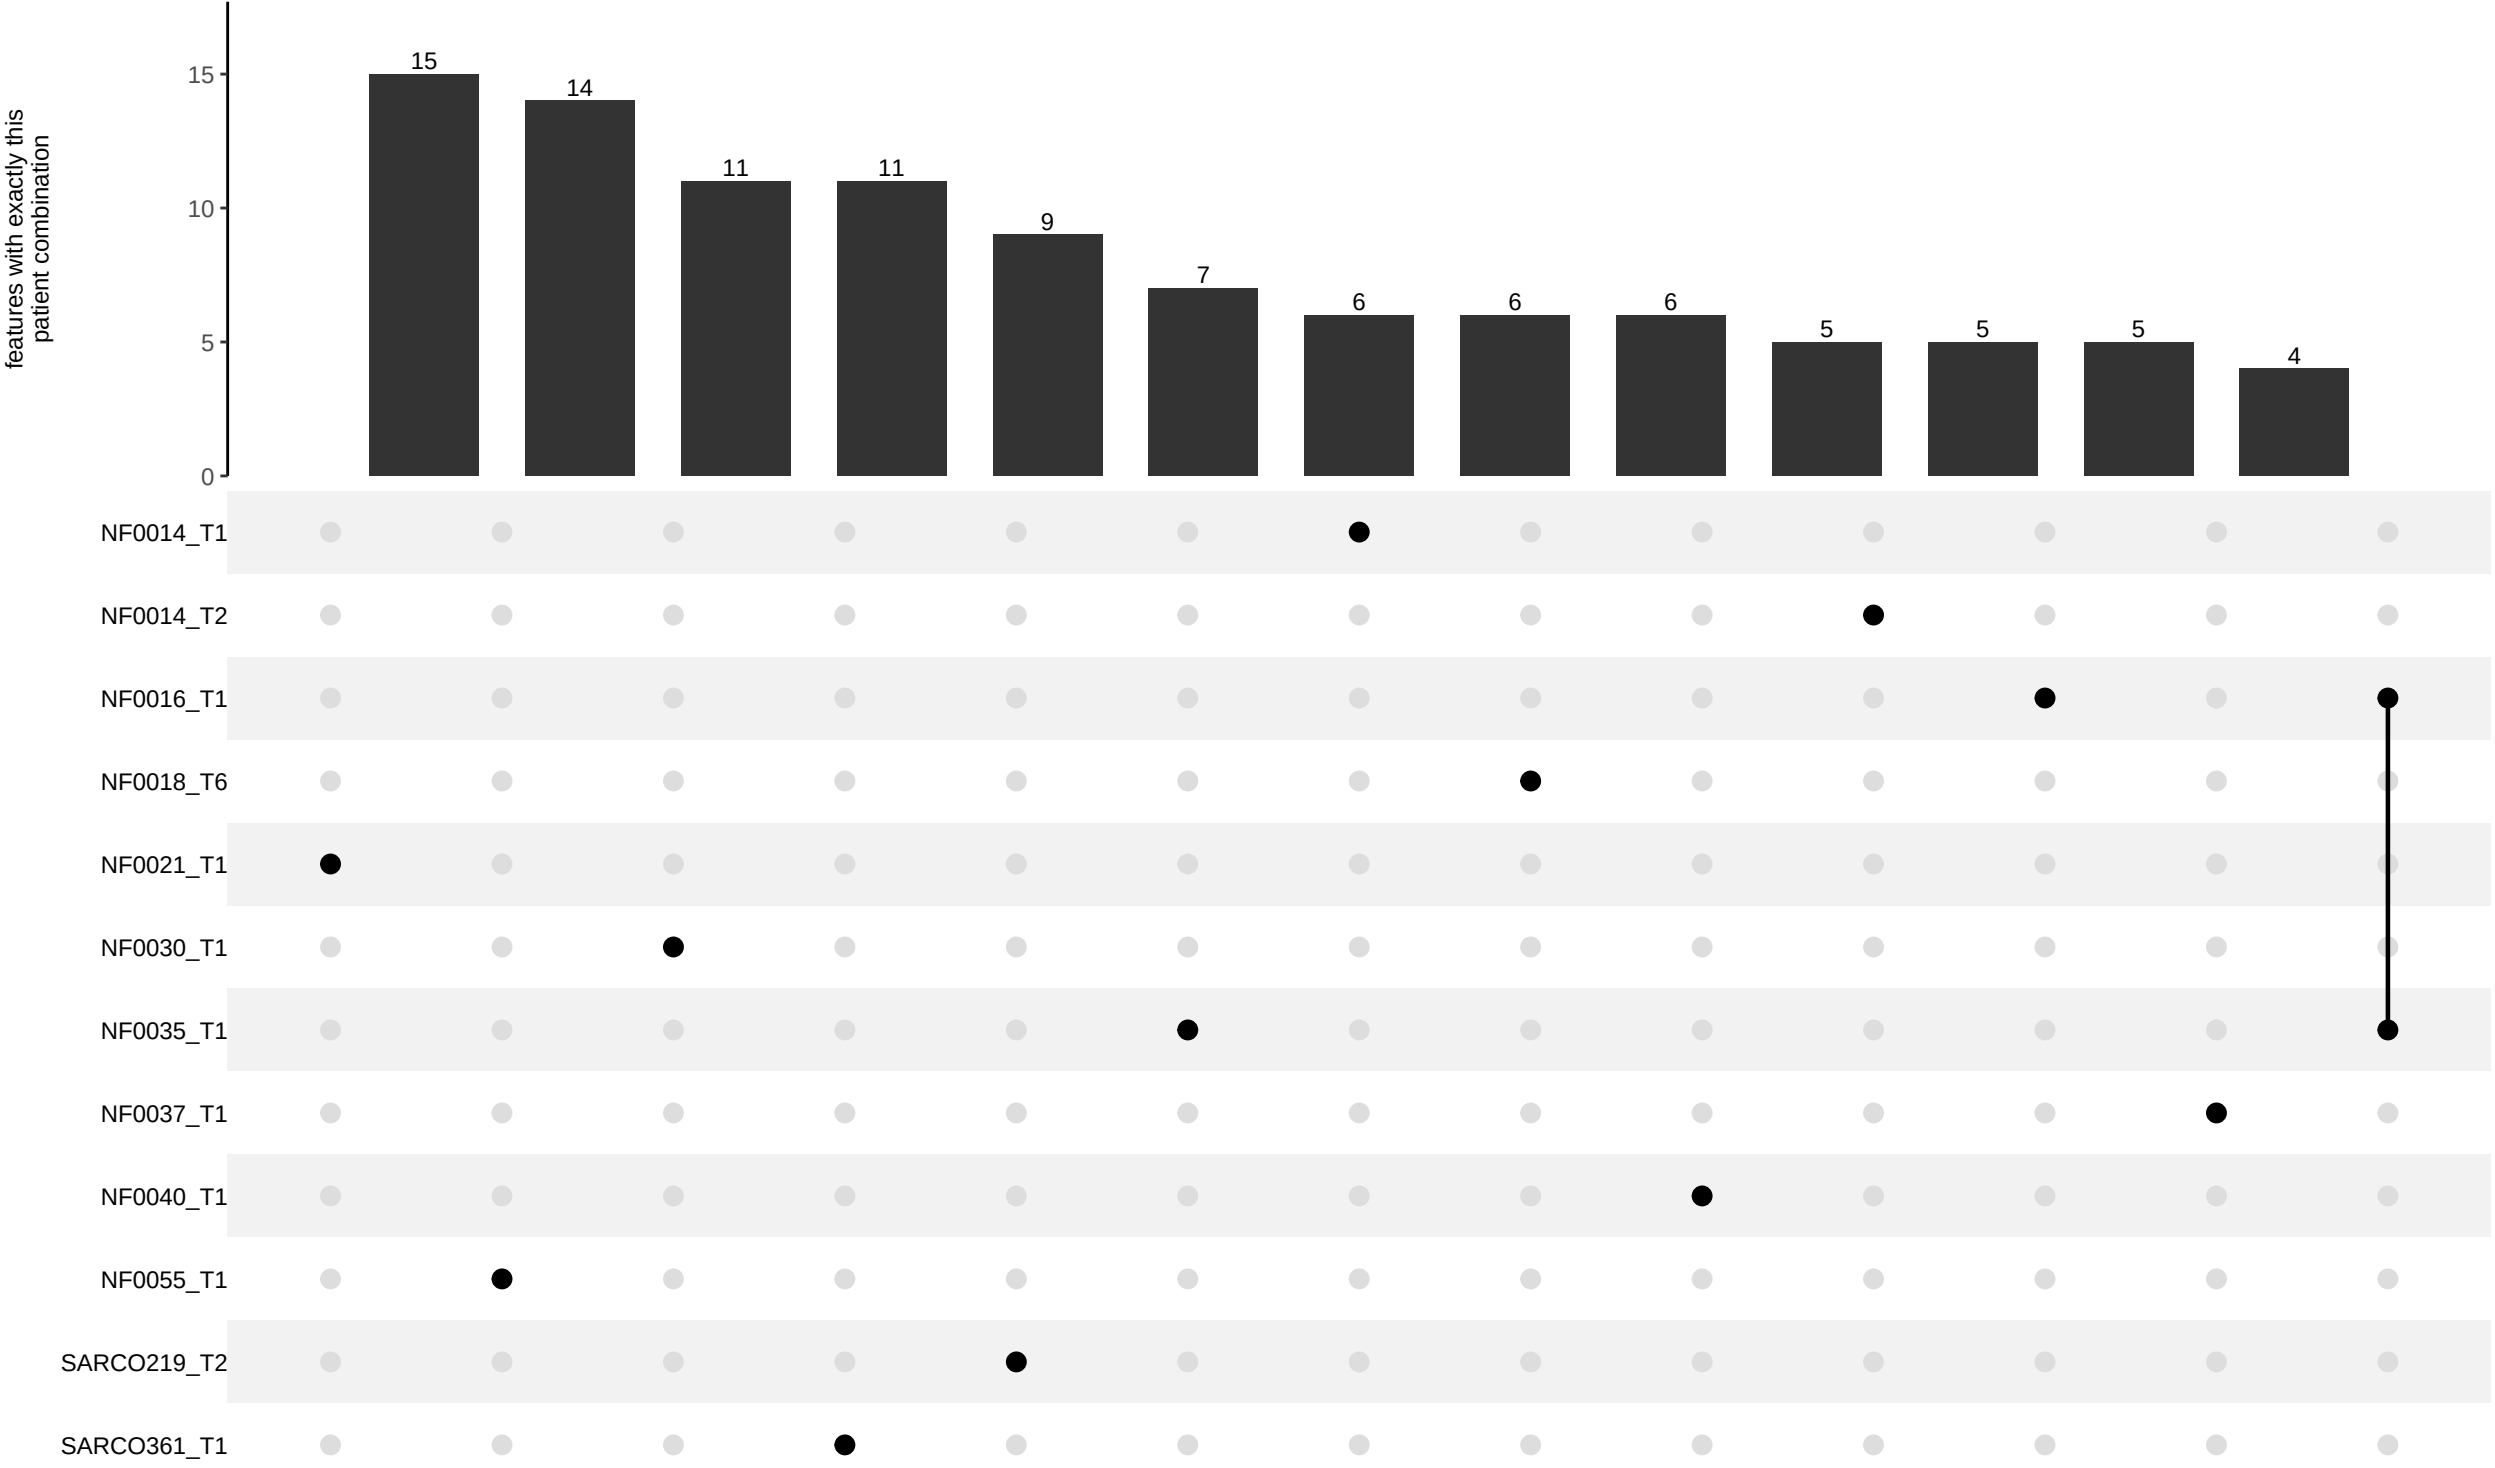

cell_z_position | Sapanisertib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

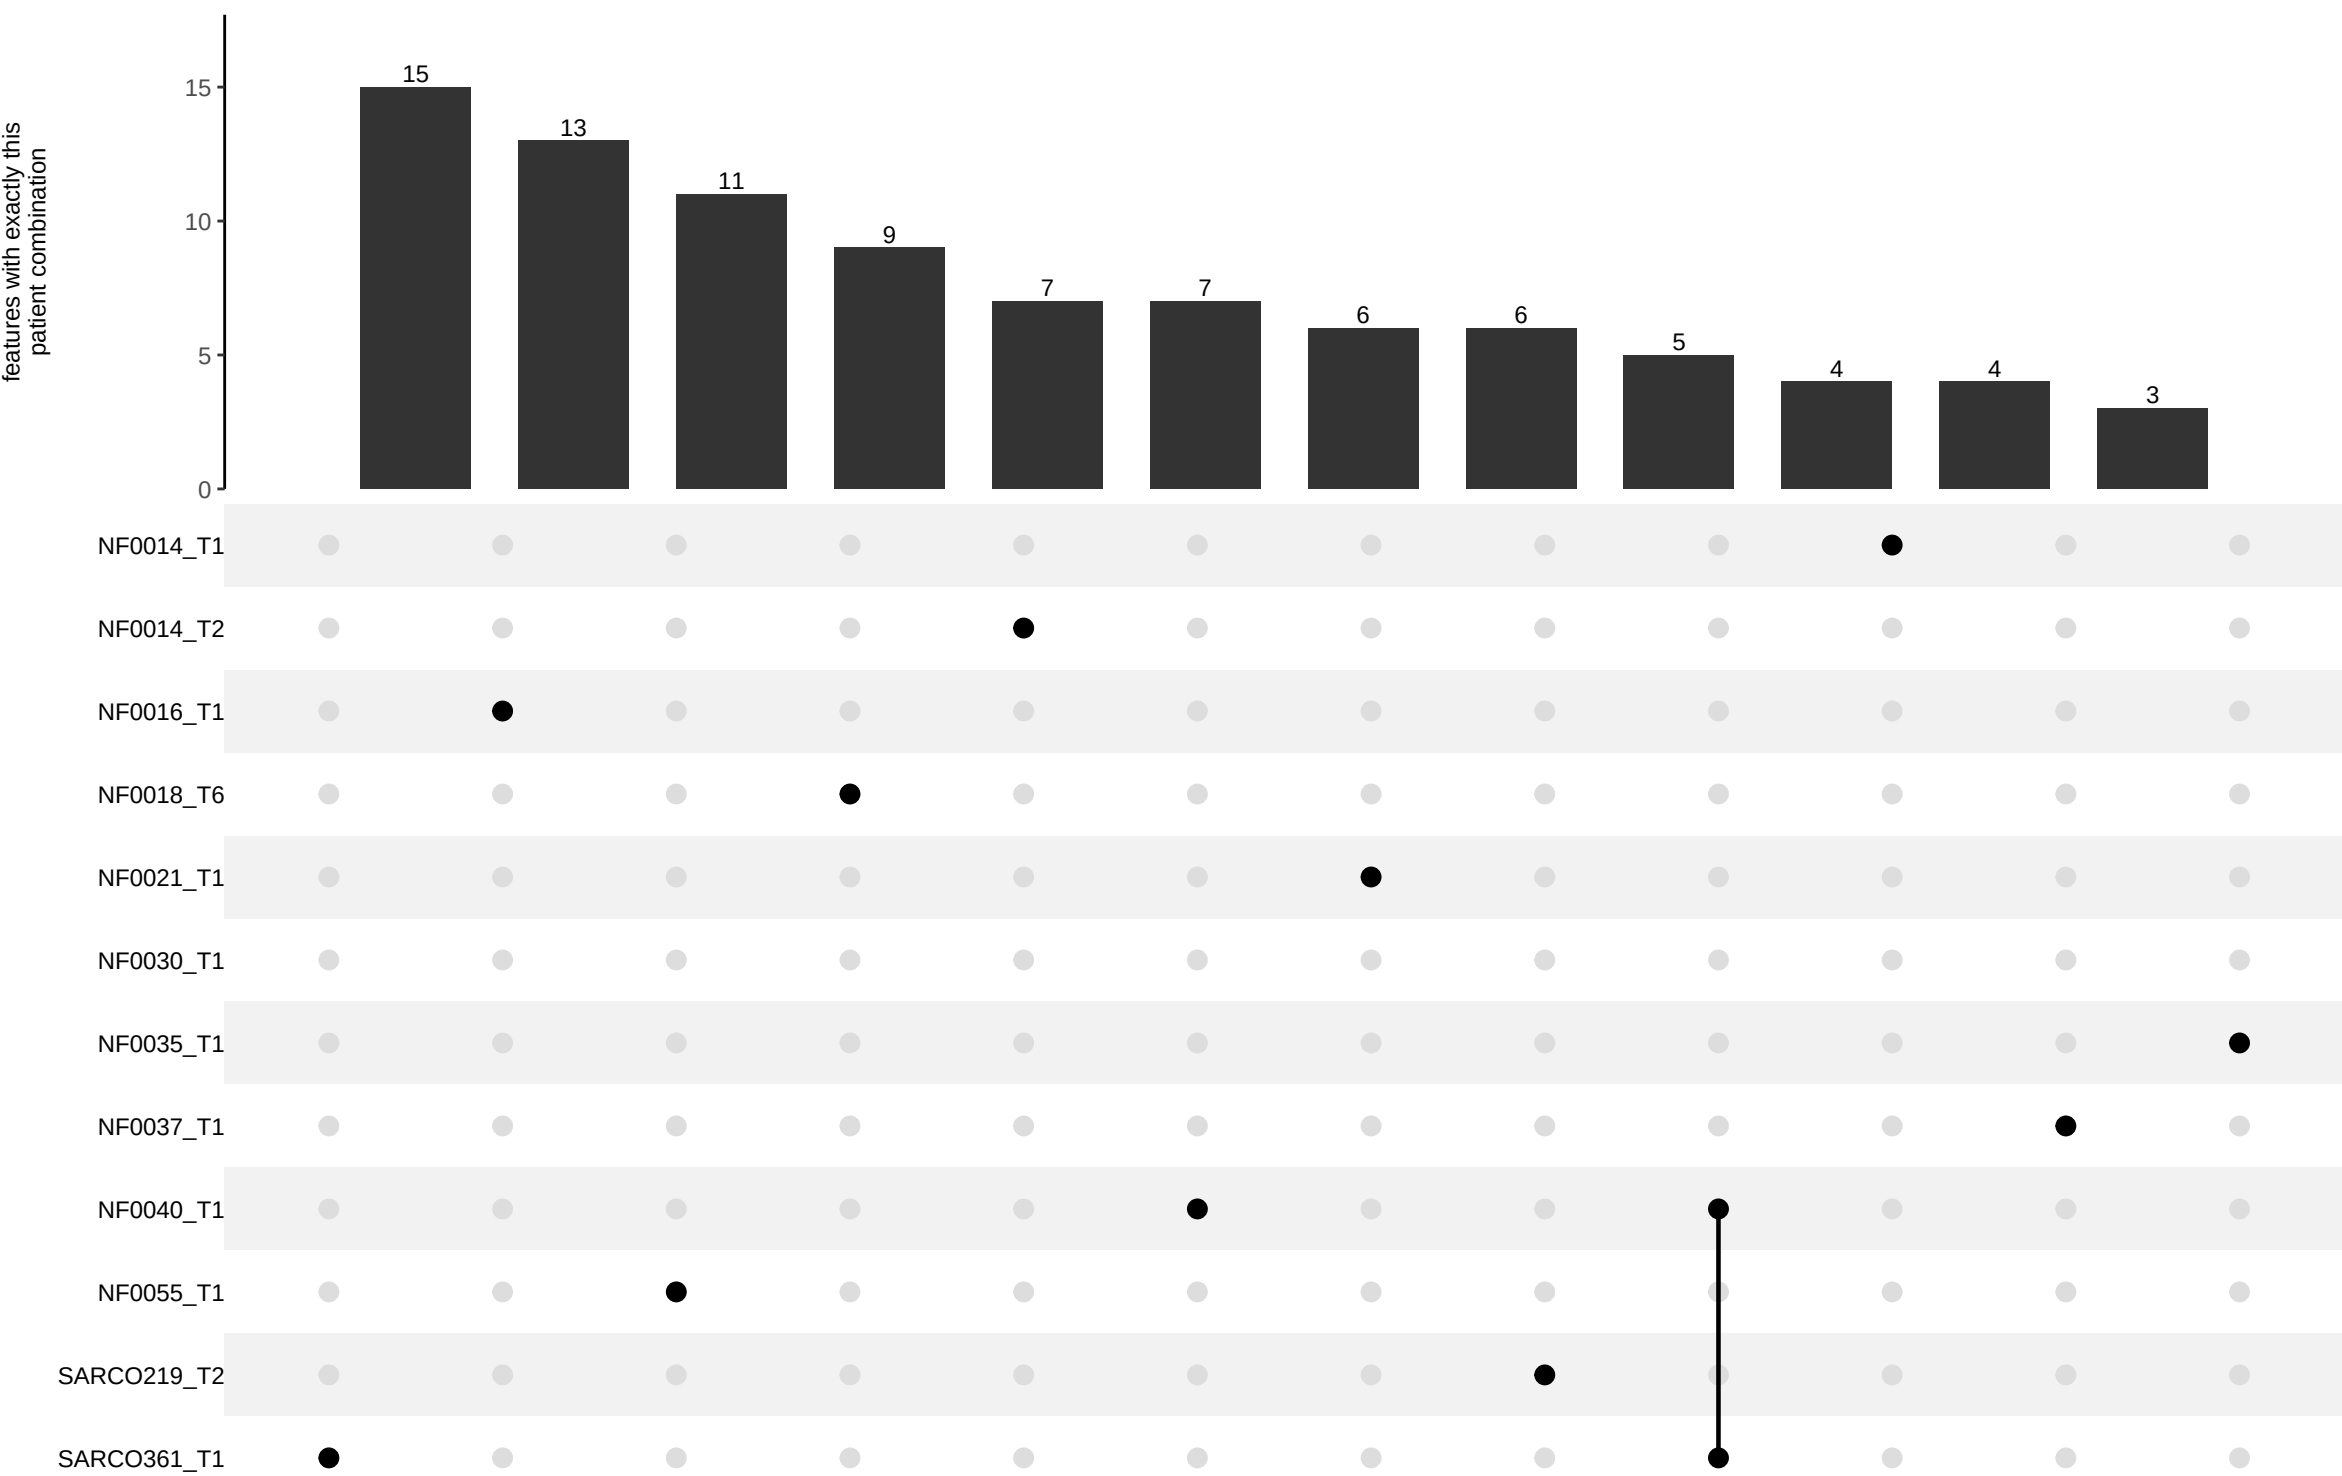

cell_z_position | Selumetinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

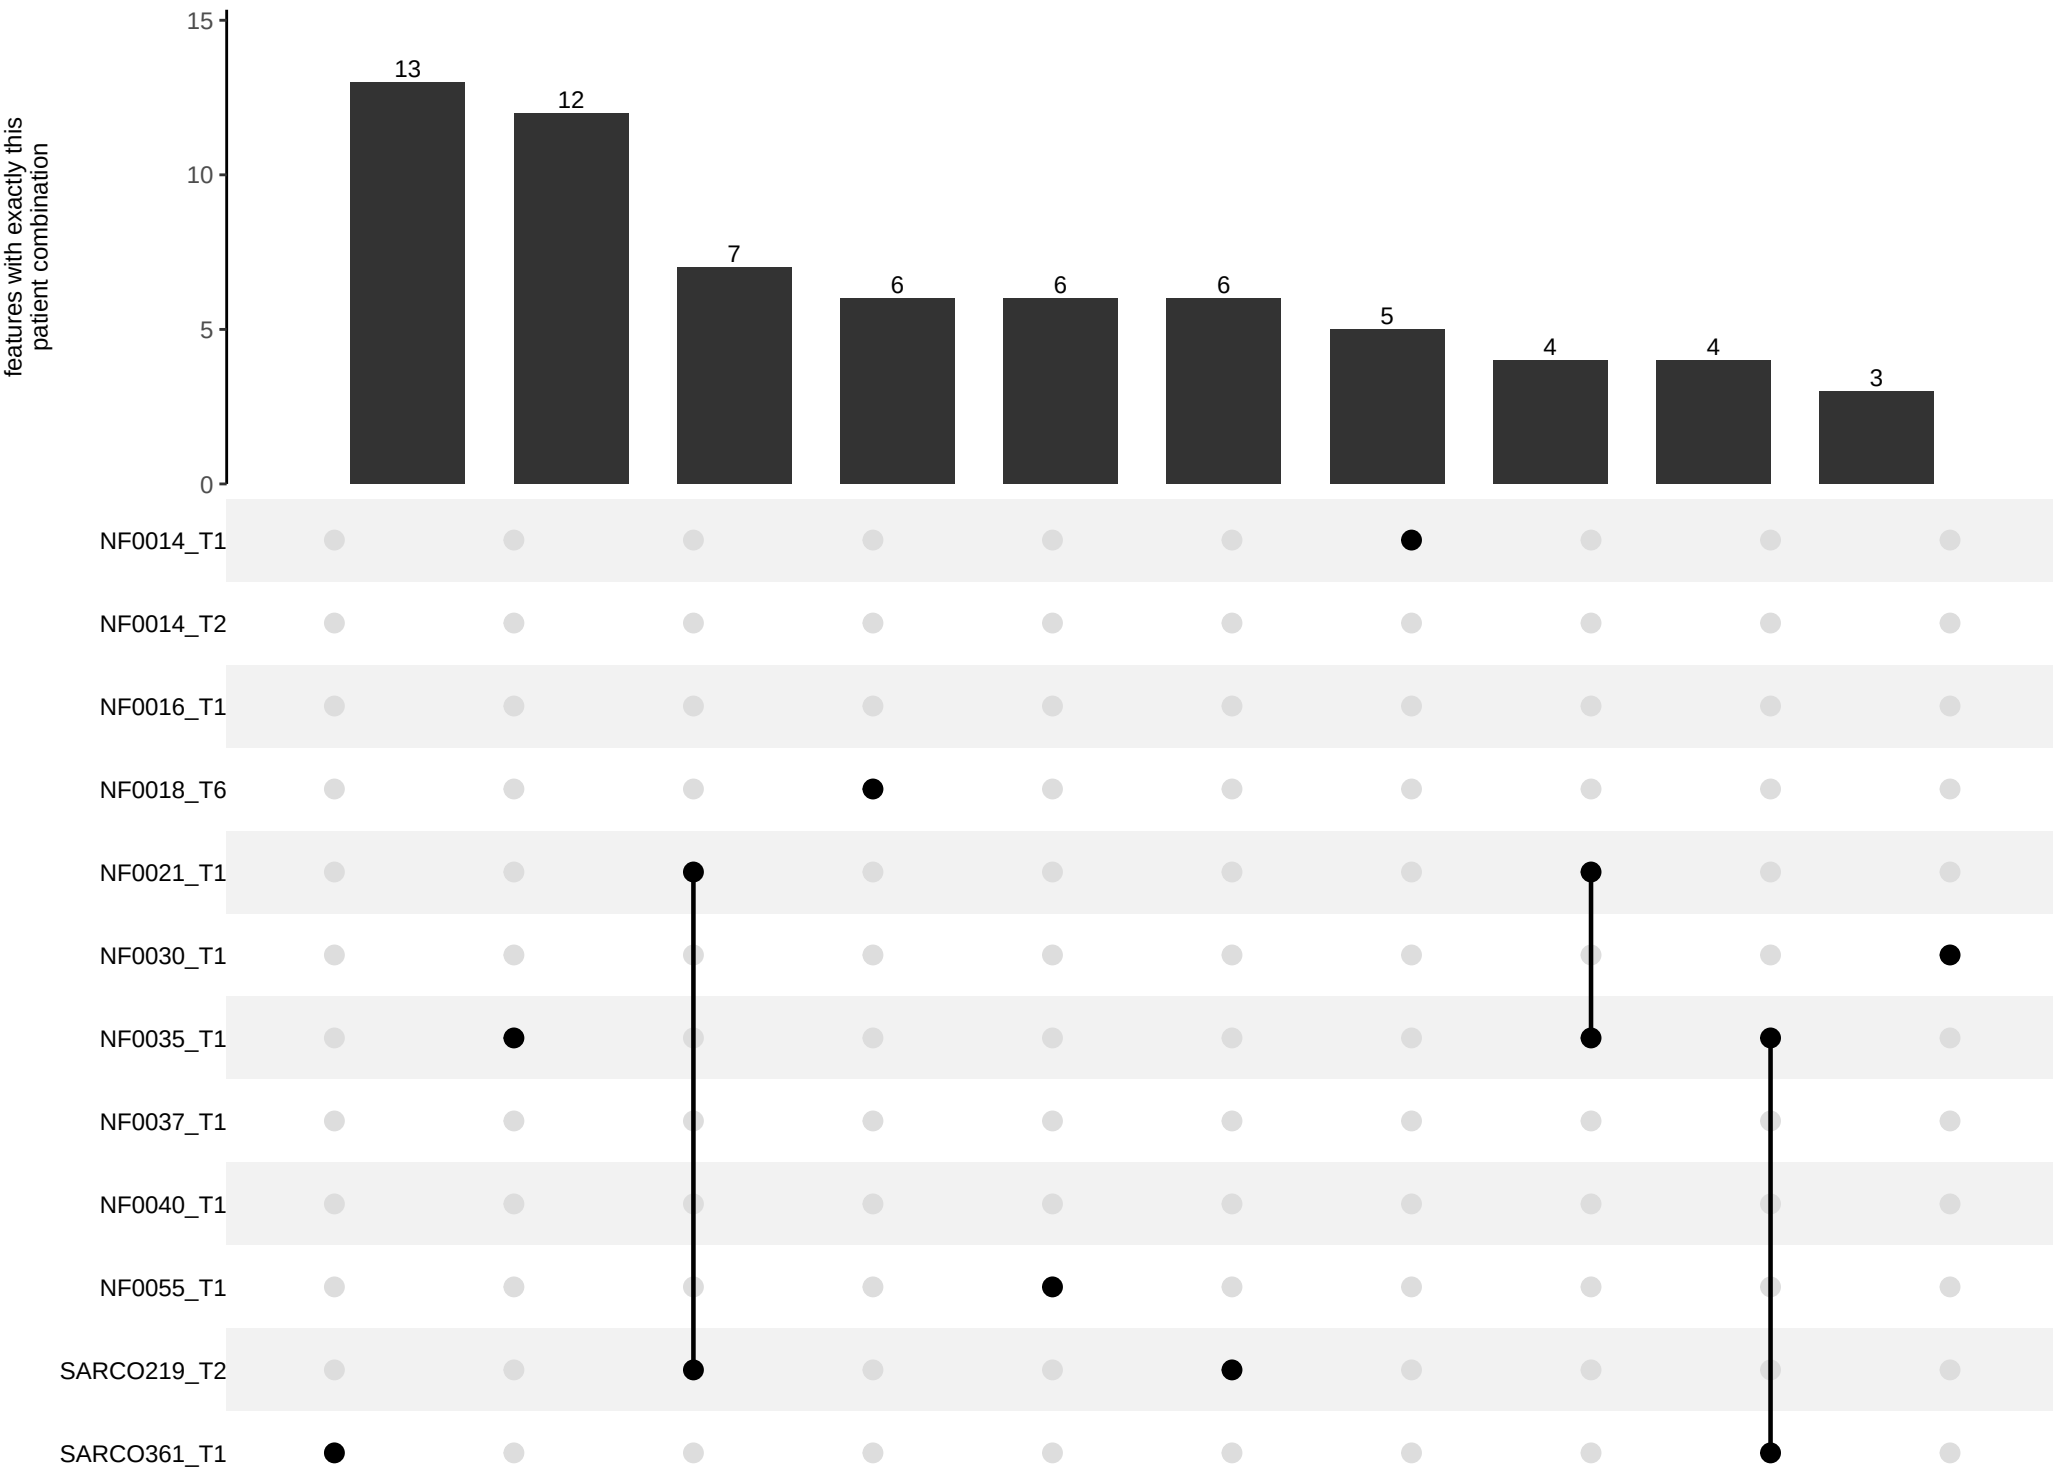

cell_z_position | Selumetinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

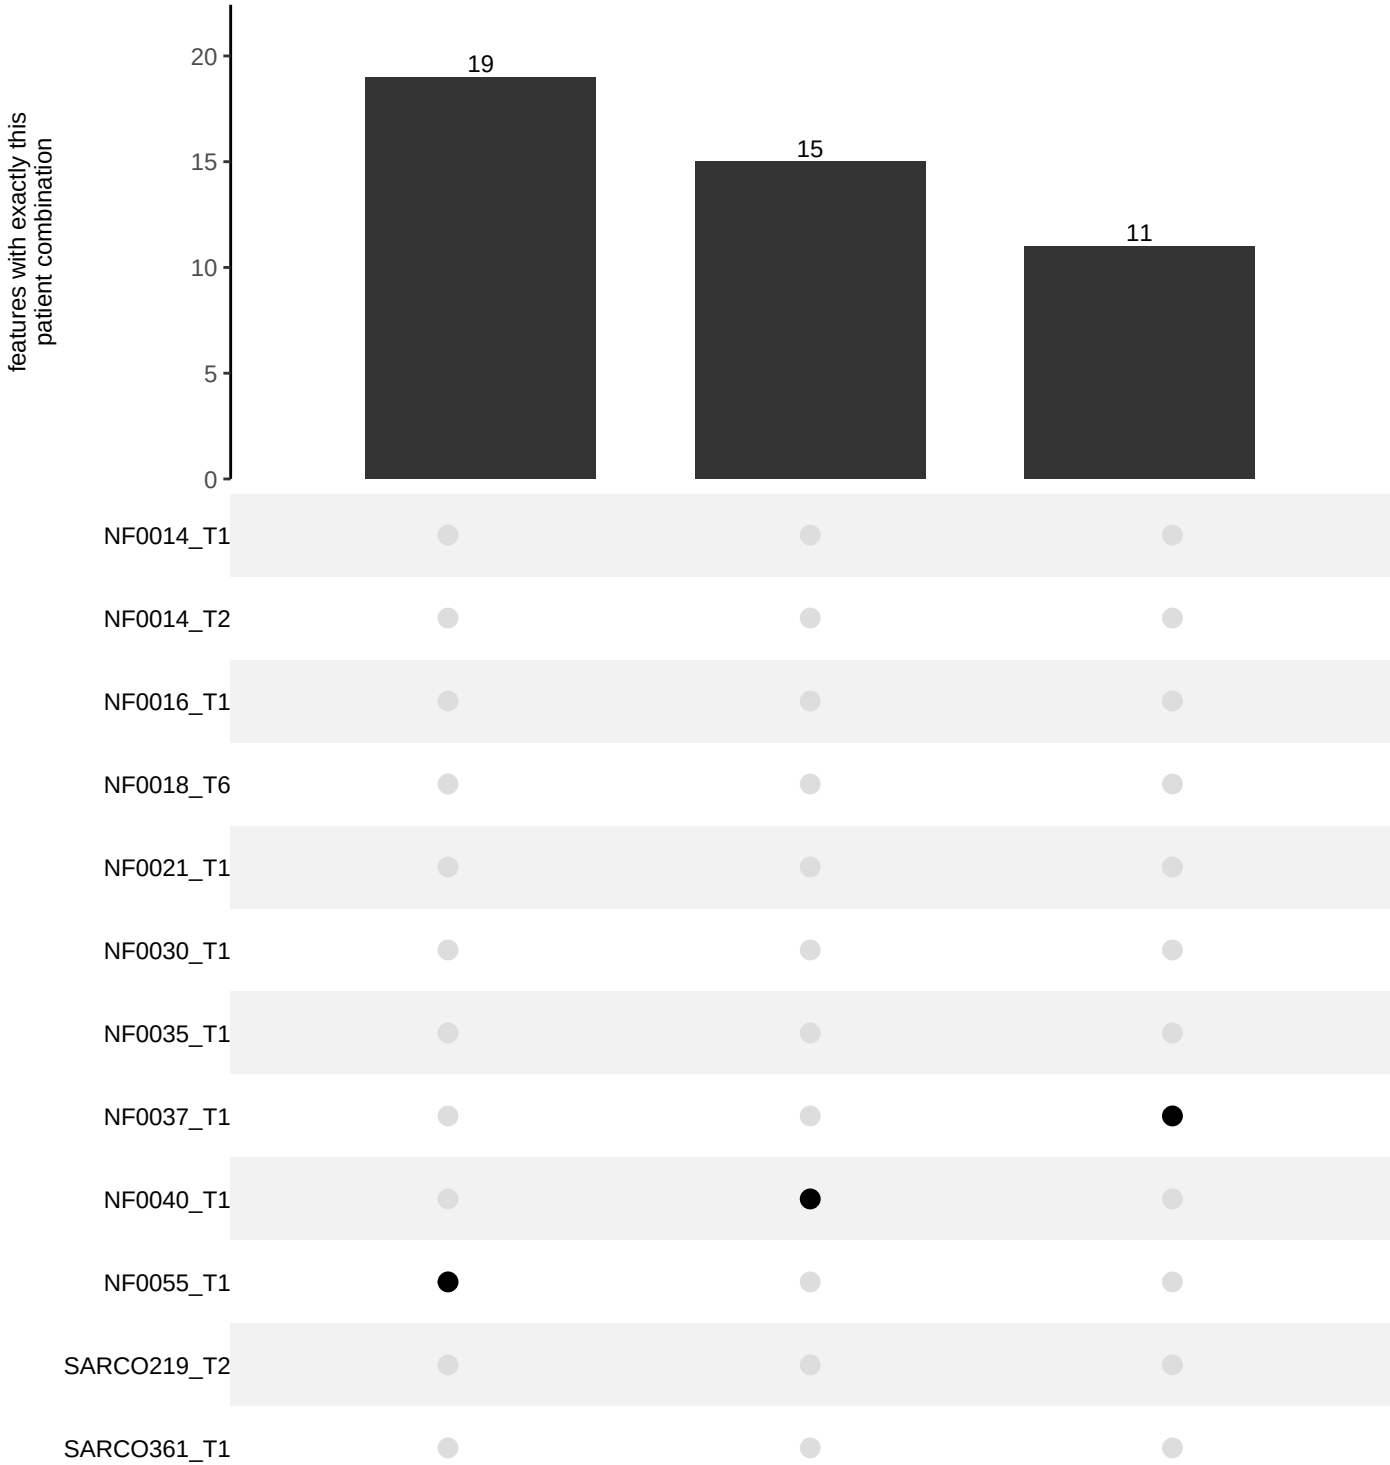

cell_z_position | Staurosporine_10nM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

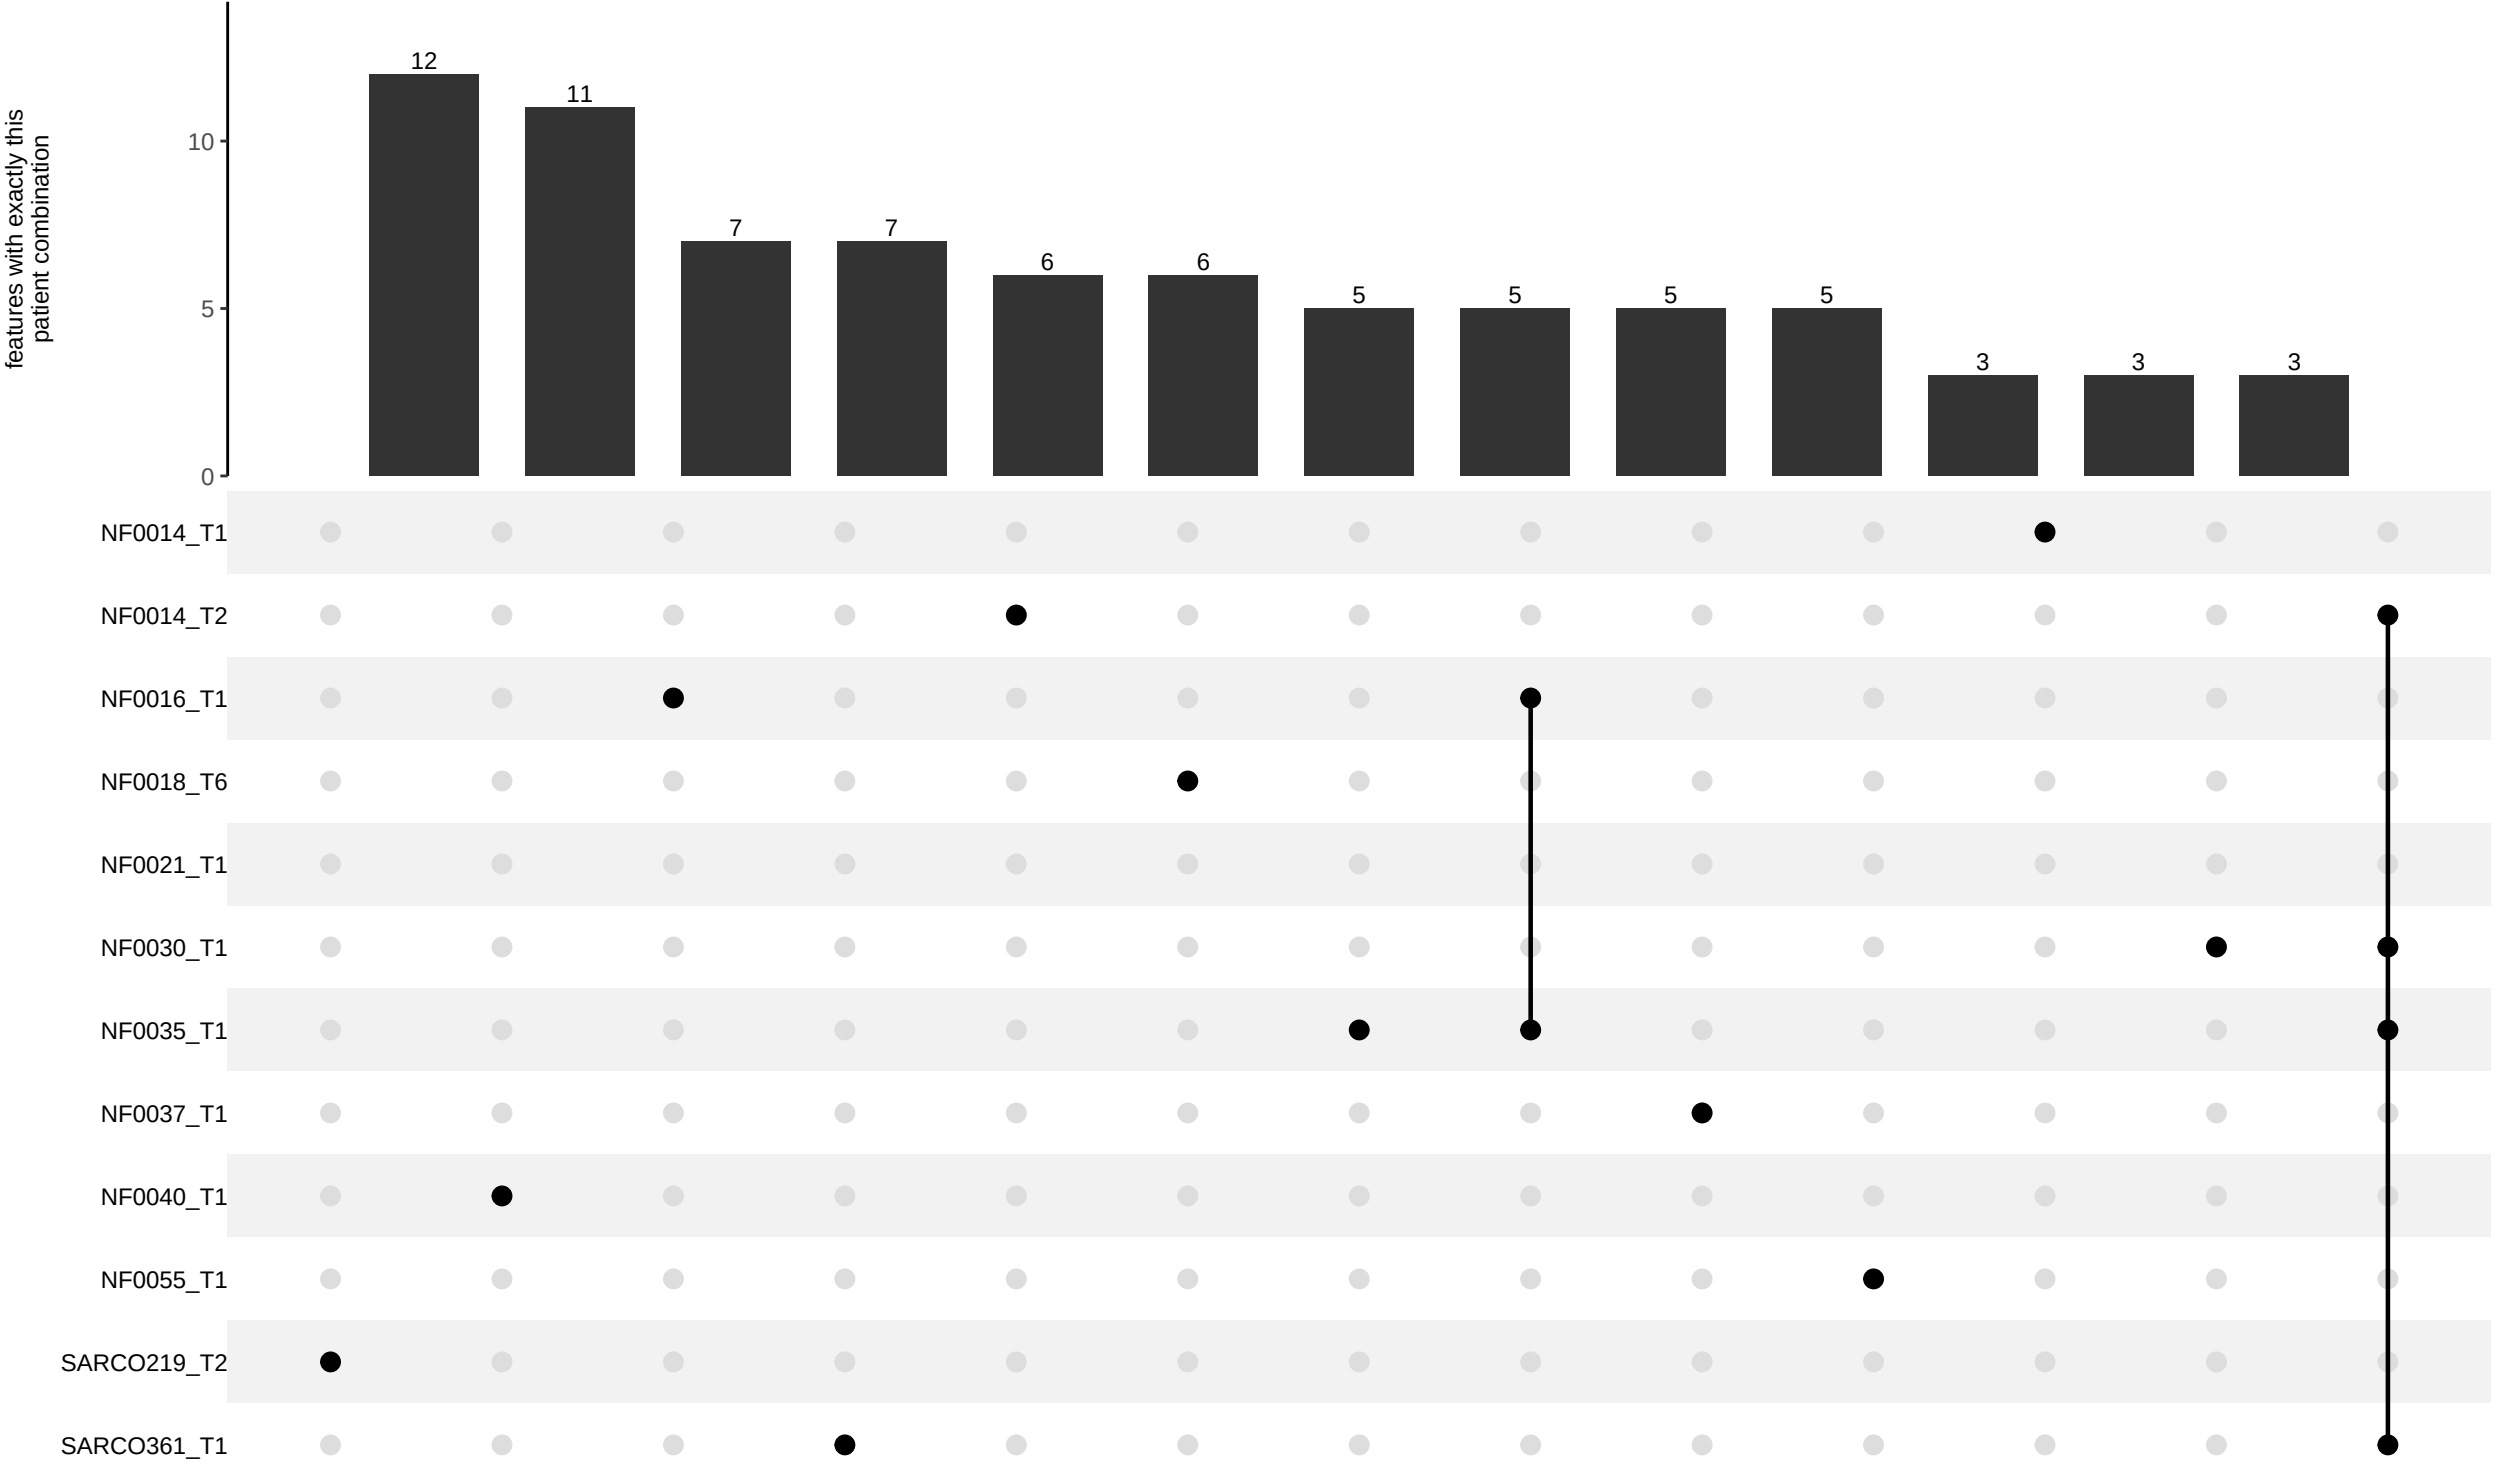

cell_z_position | Trabectedin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

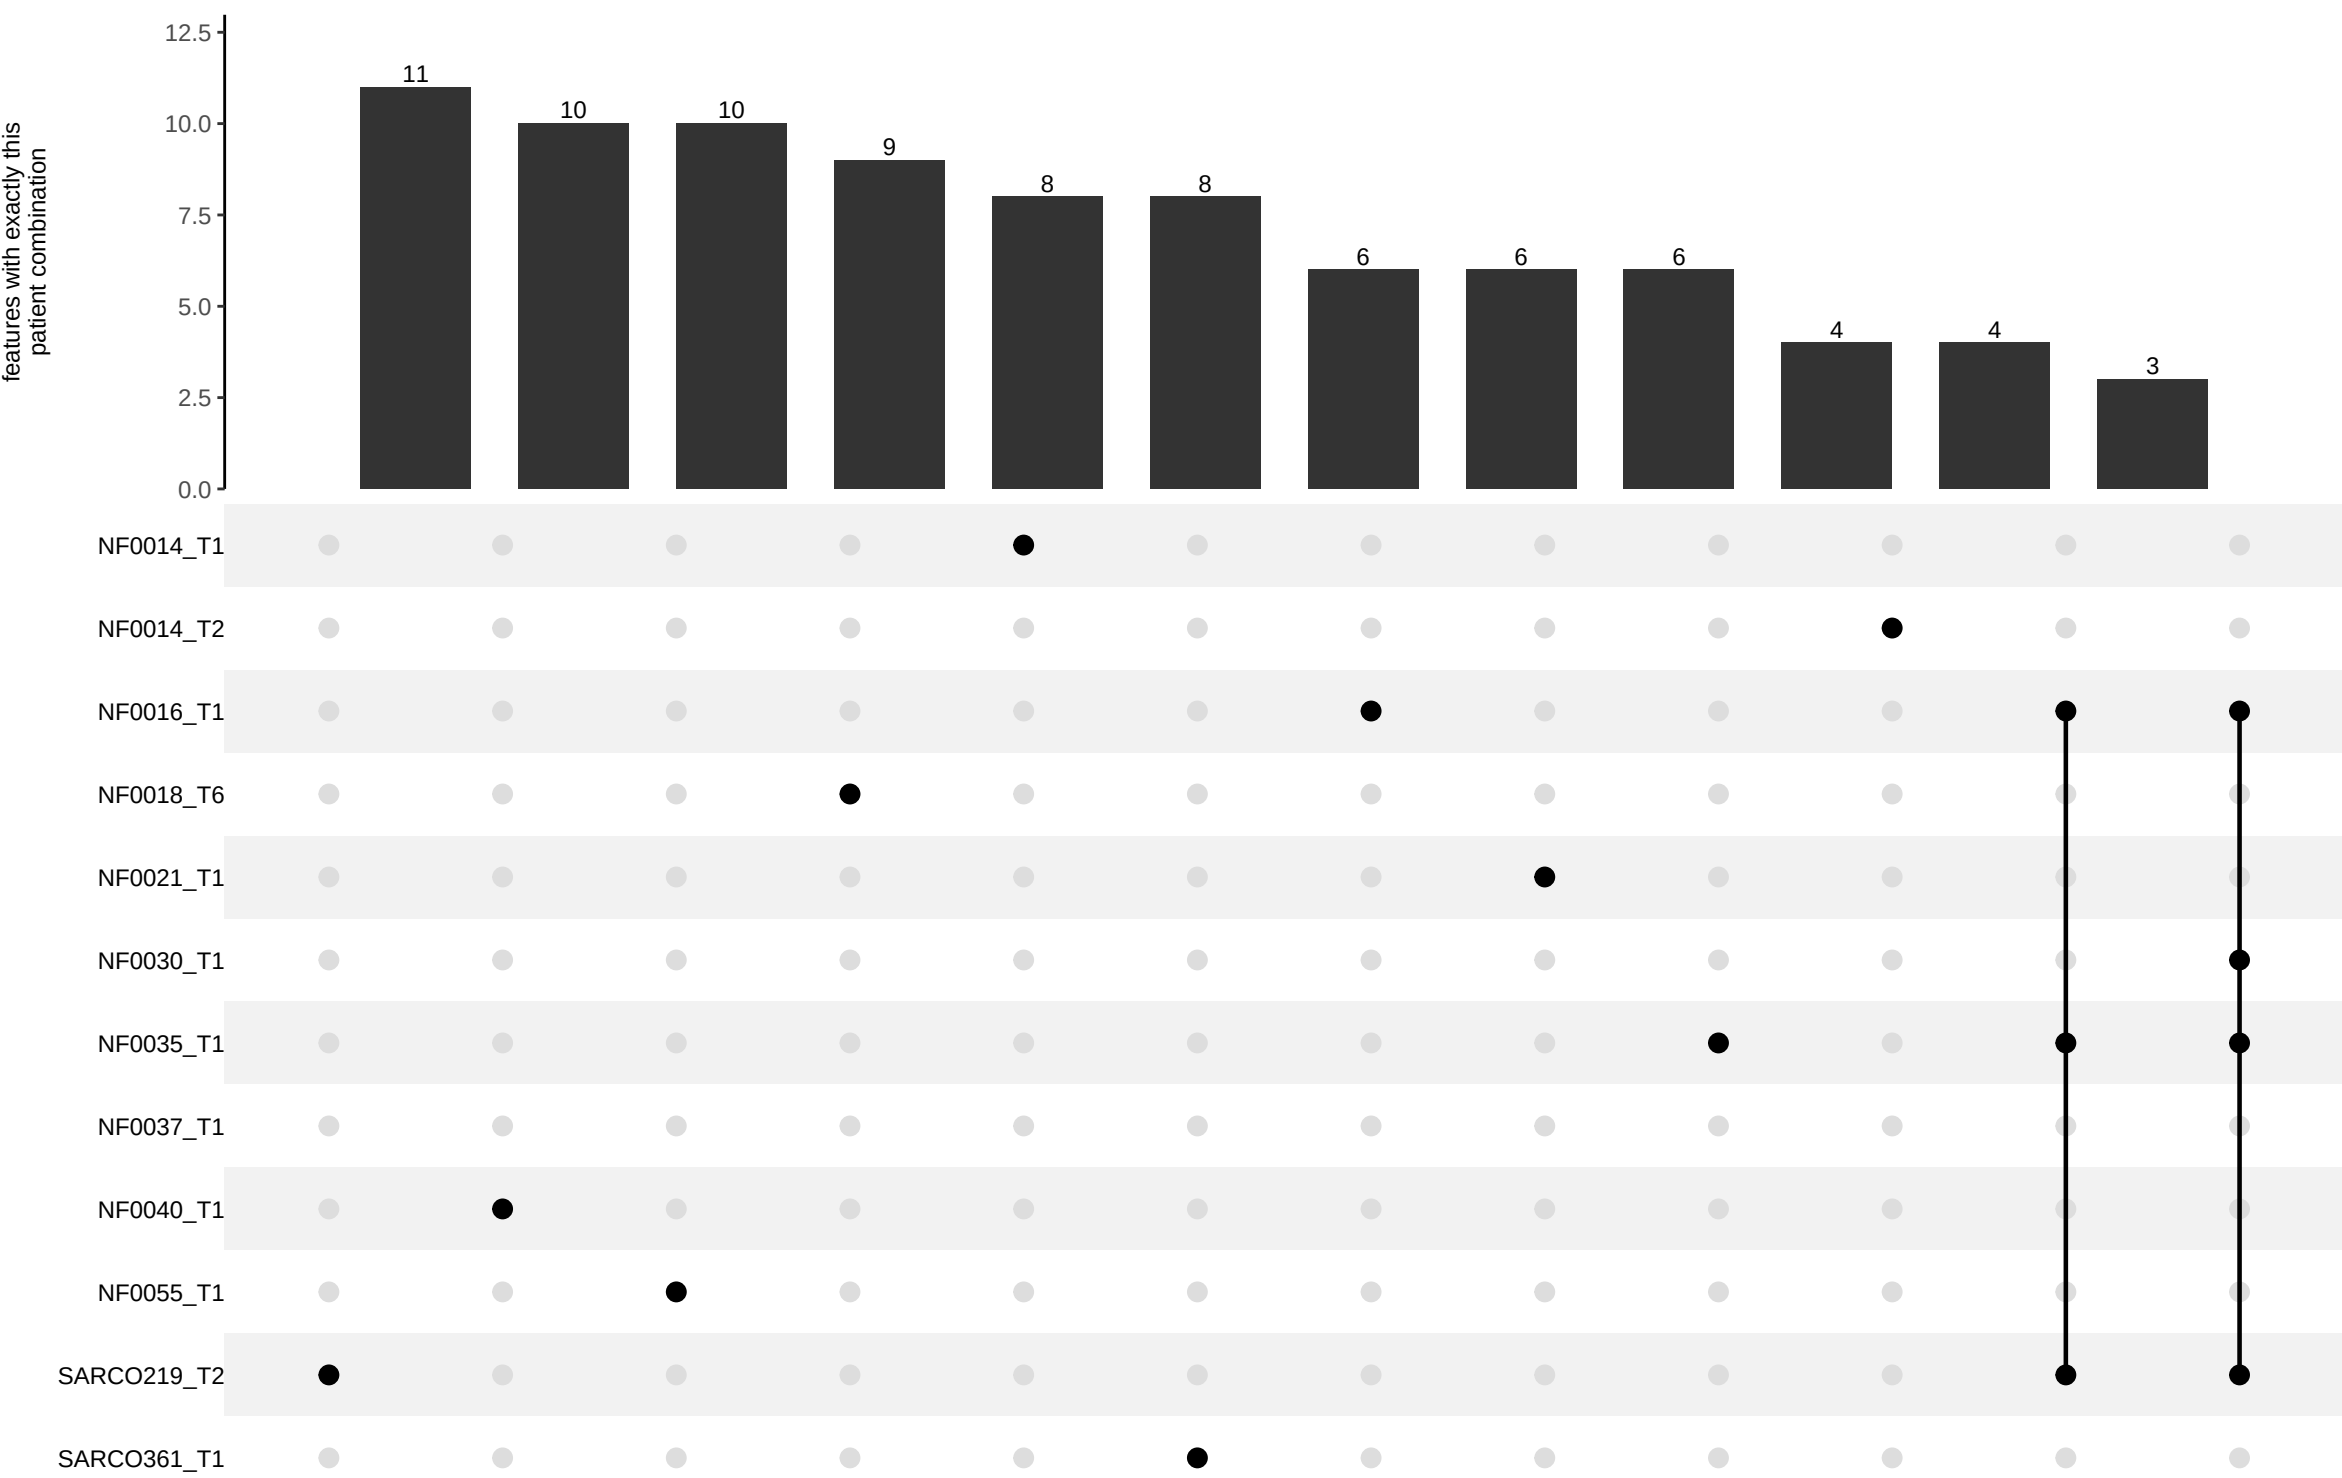

cell_z_position | Trametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

cell_z_position | Trametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

cell_z_position | Vistusertib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)
