

manhattan_distance_from_center | ARV-825_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

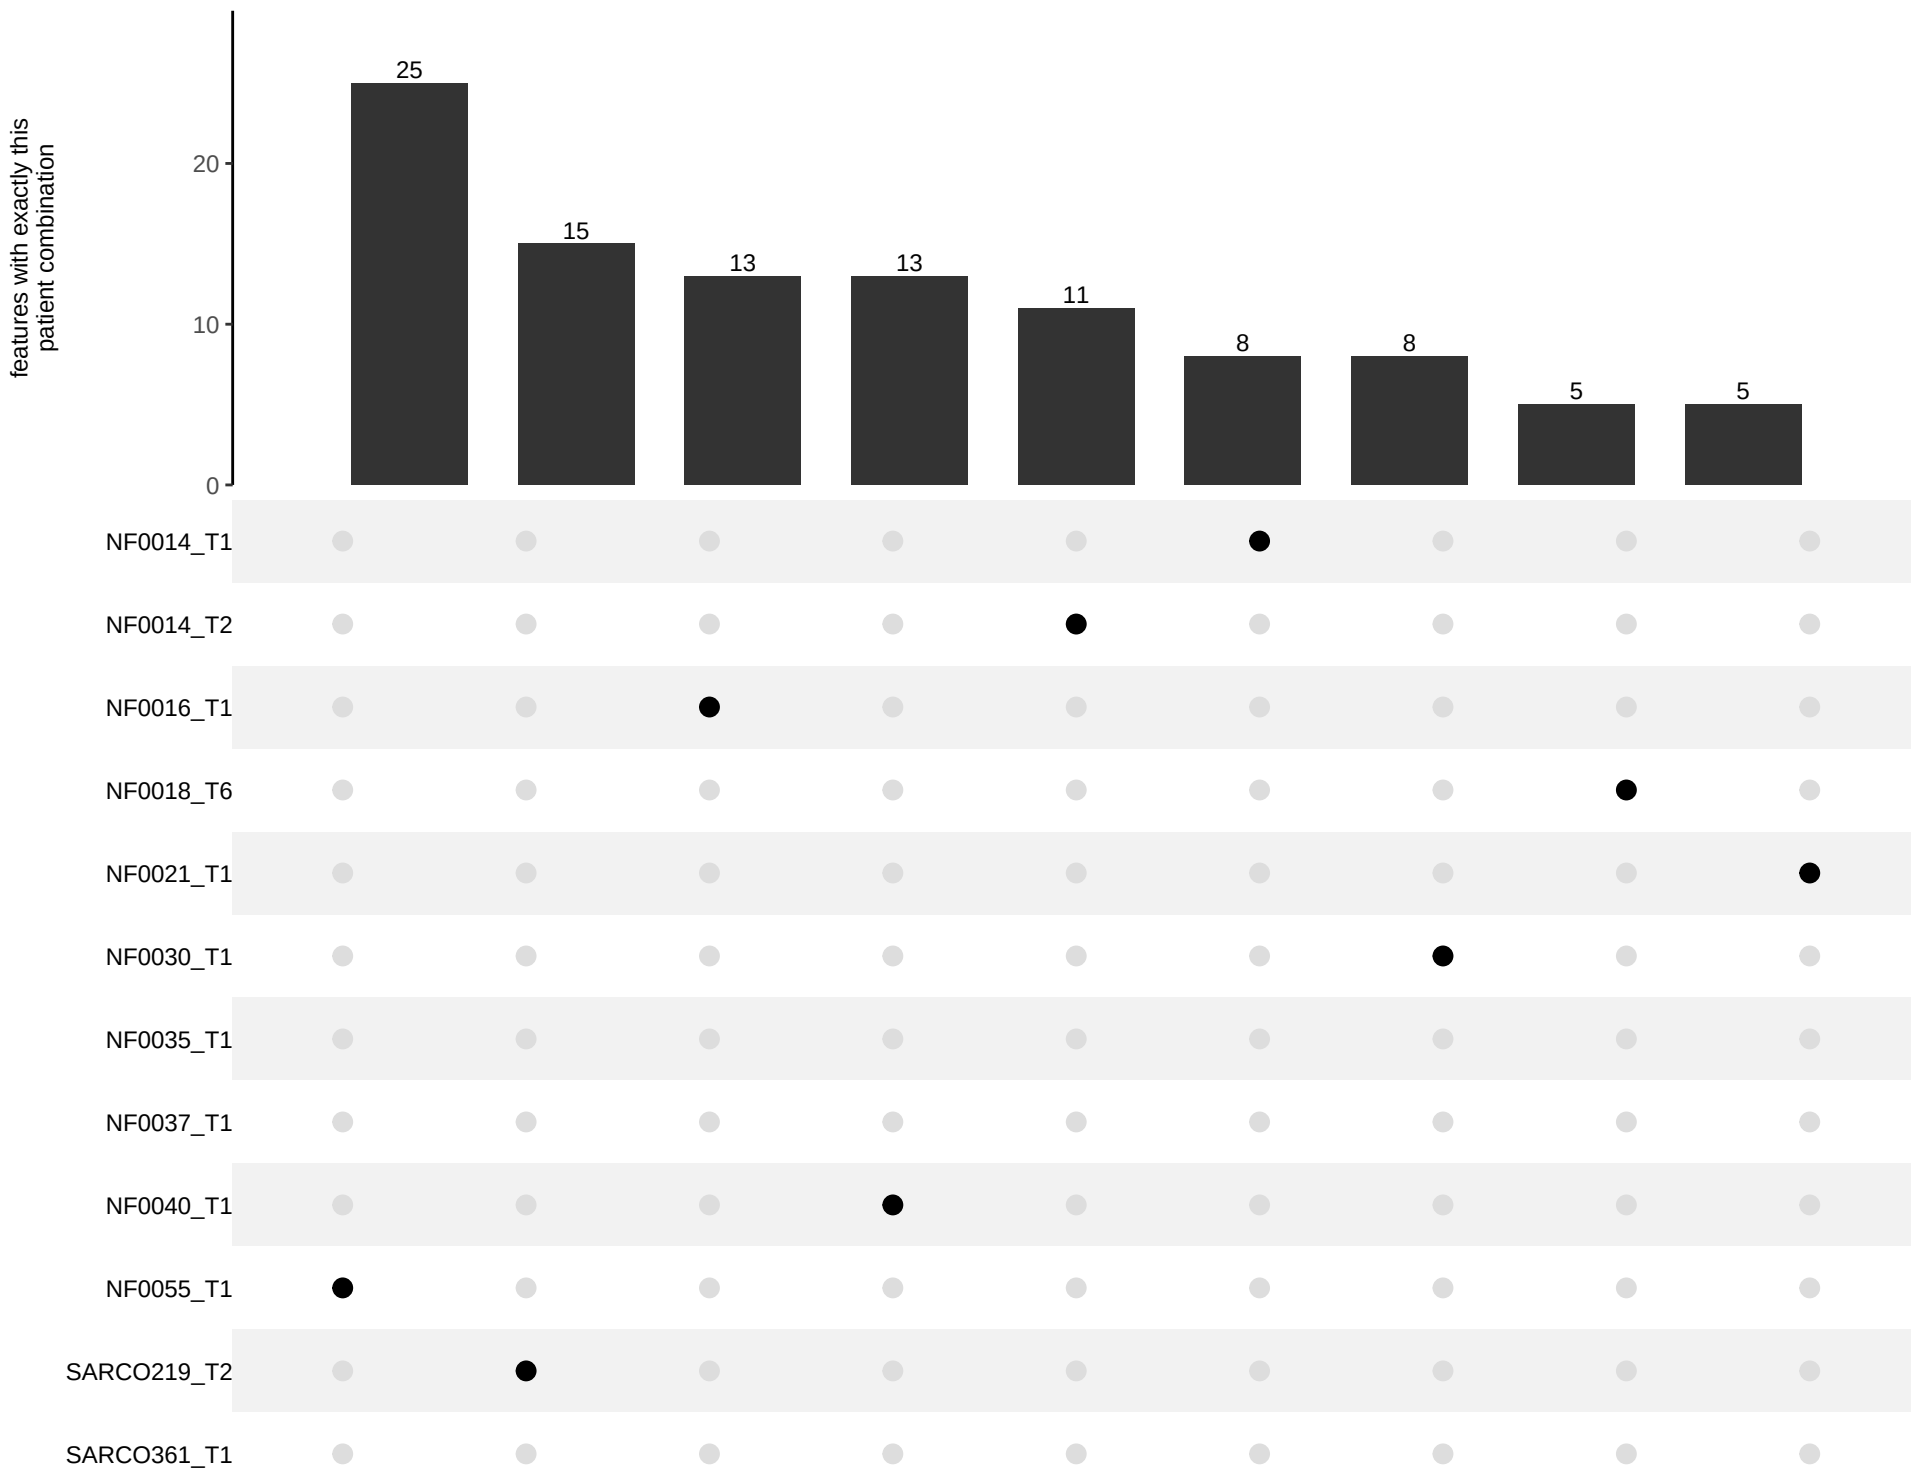

manhattan_distance_from_center | Binimetinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

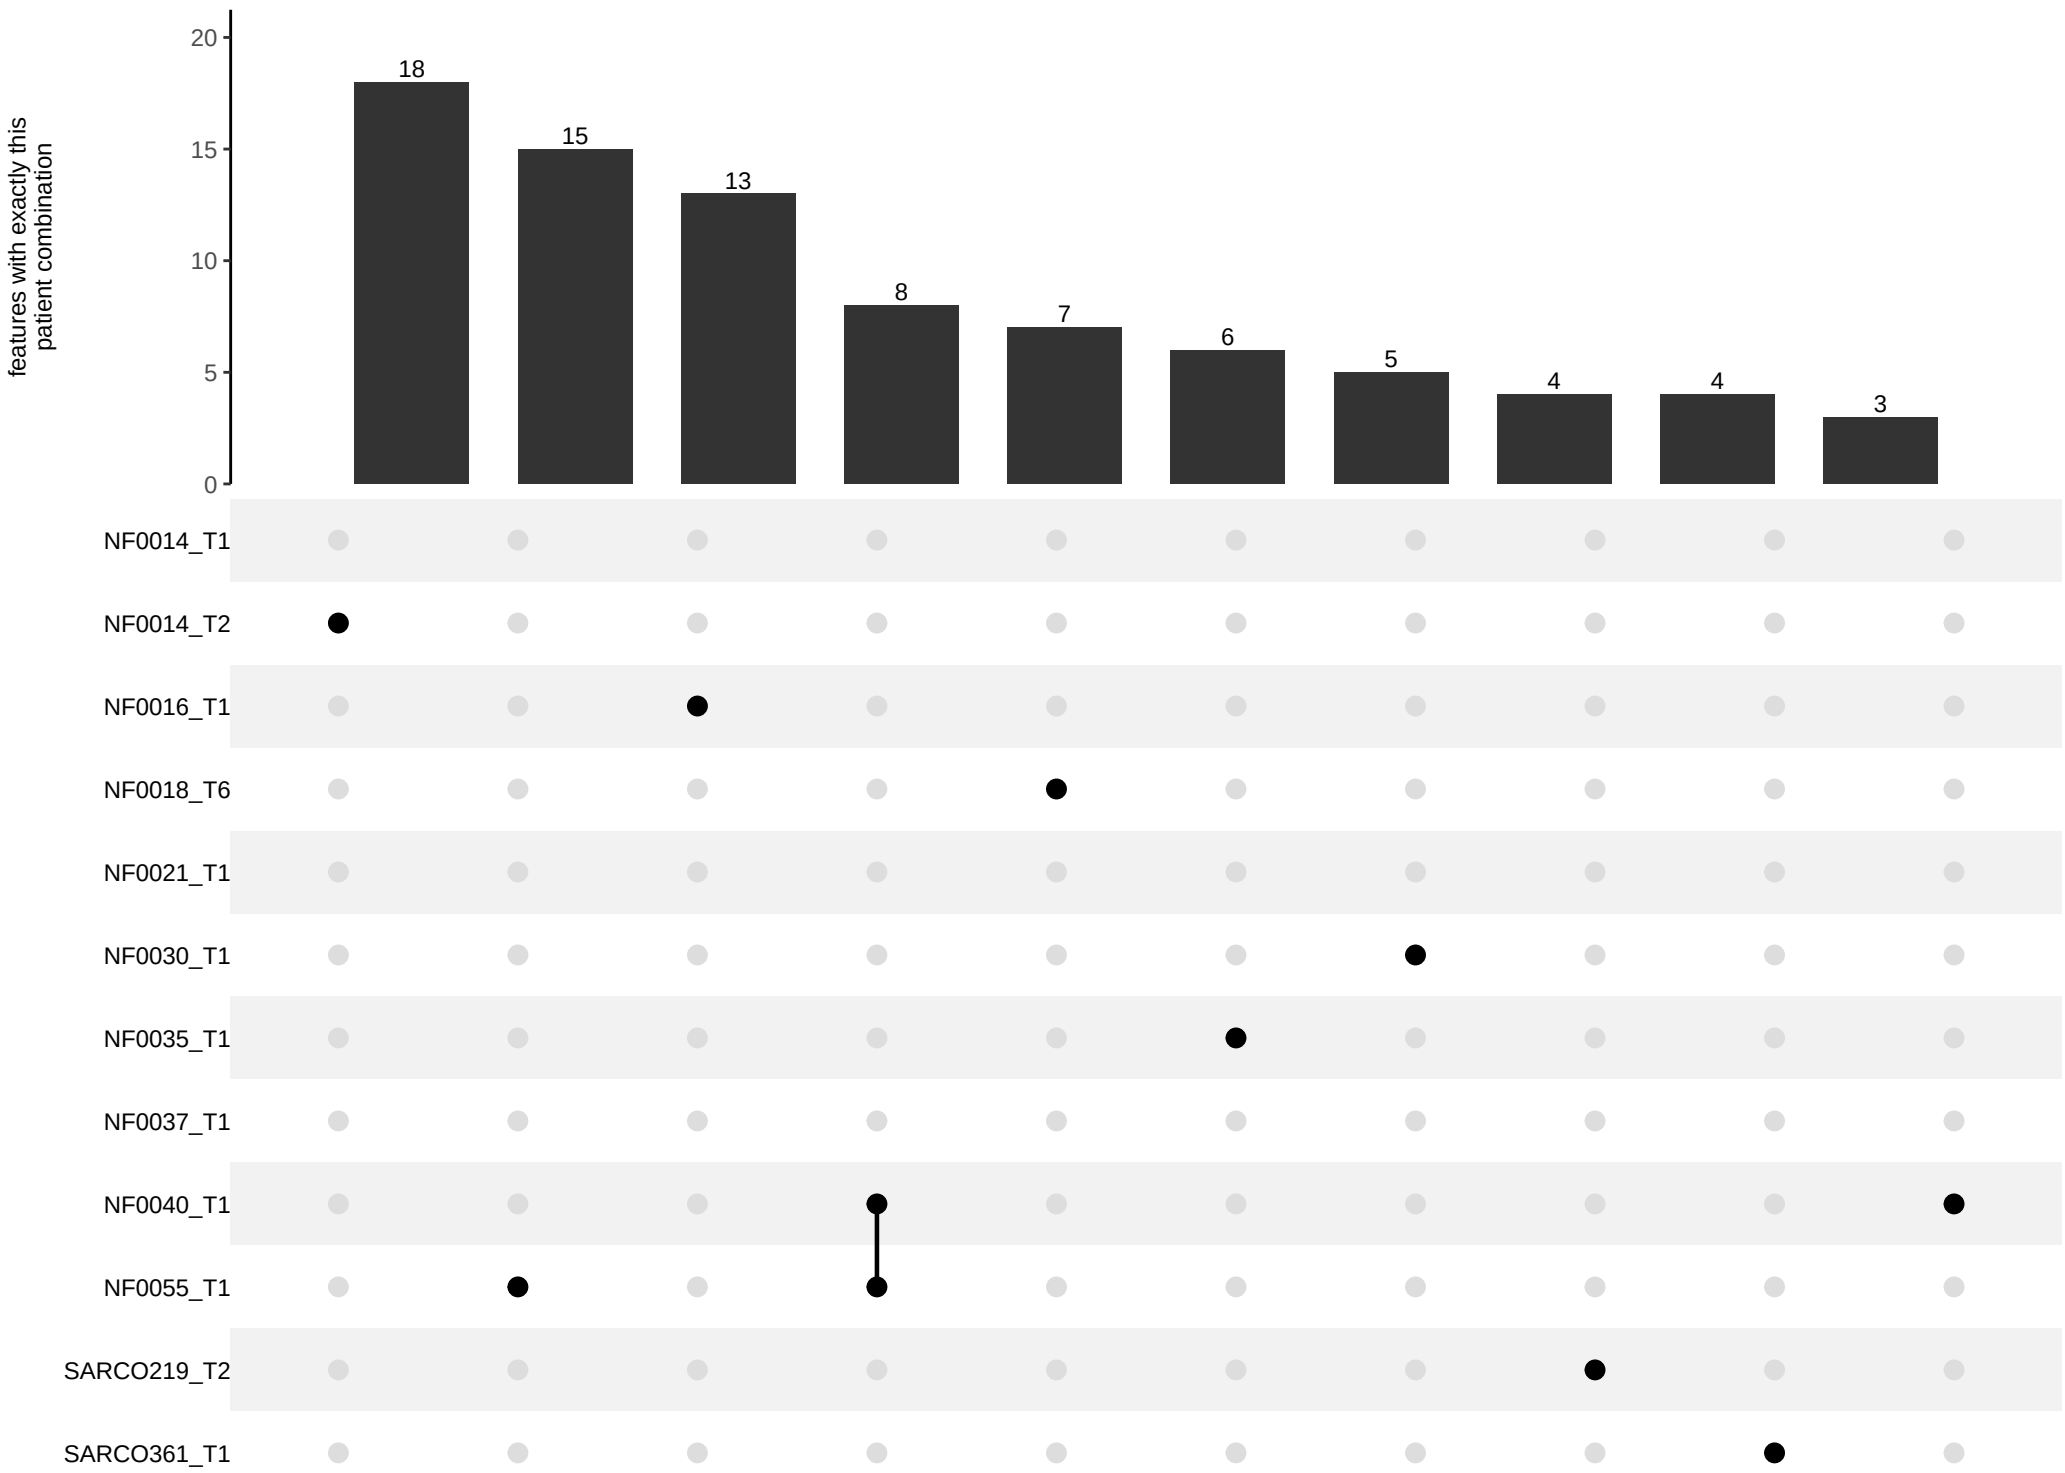

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

manhattan_distance_from_center | Cabozantinib_1uM

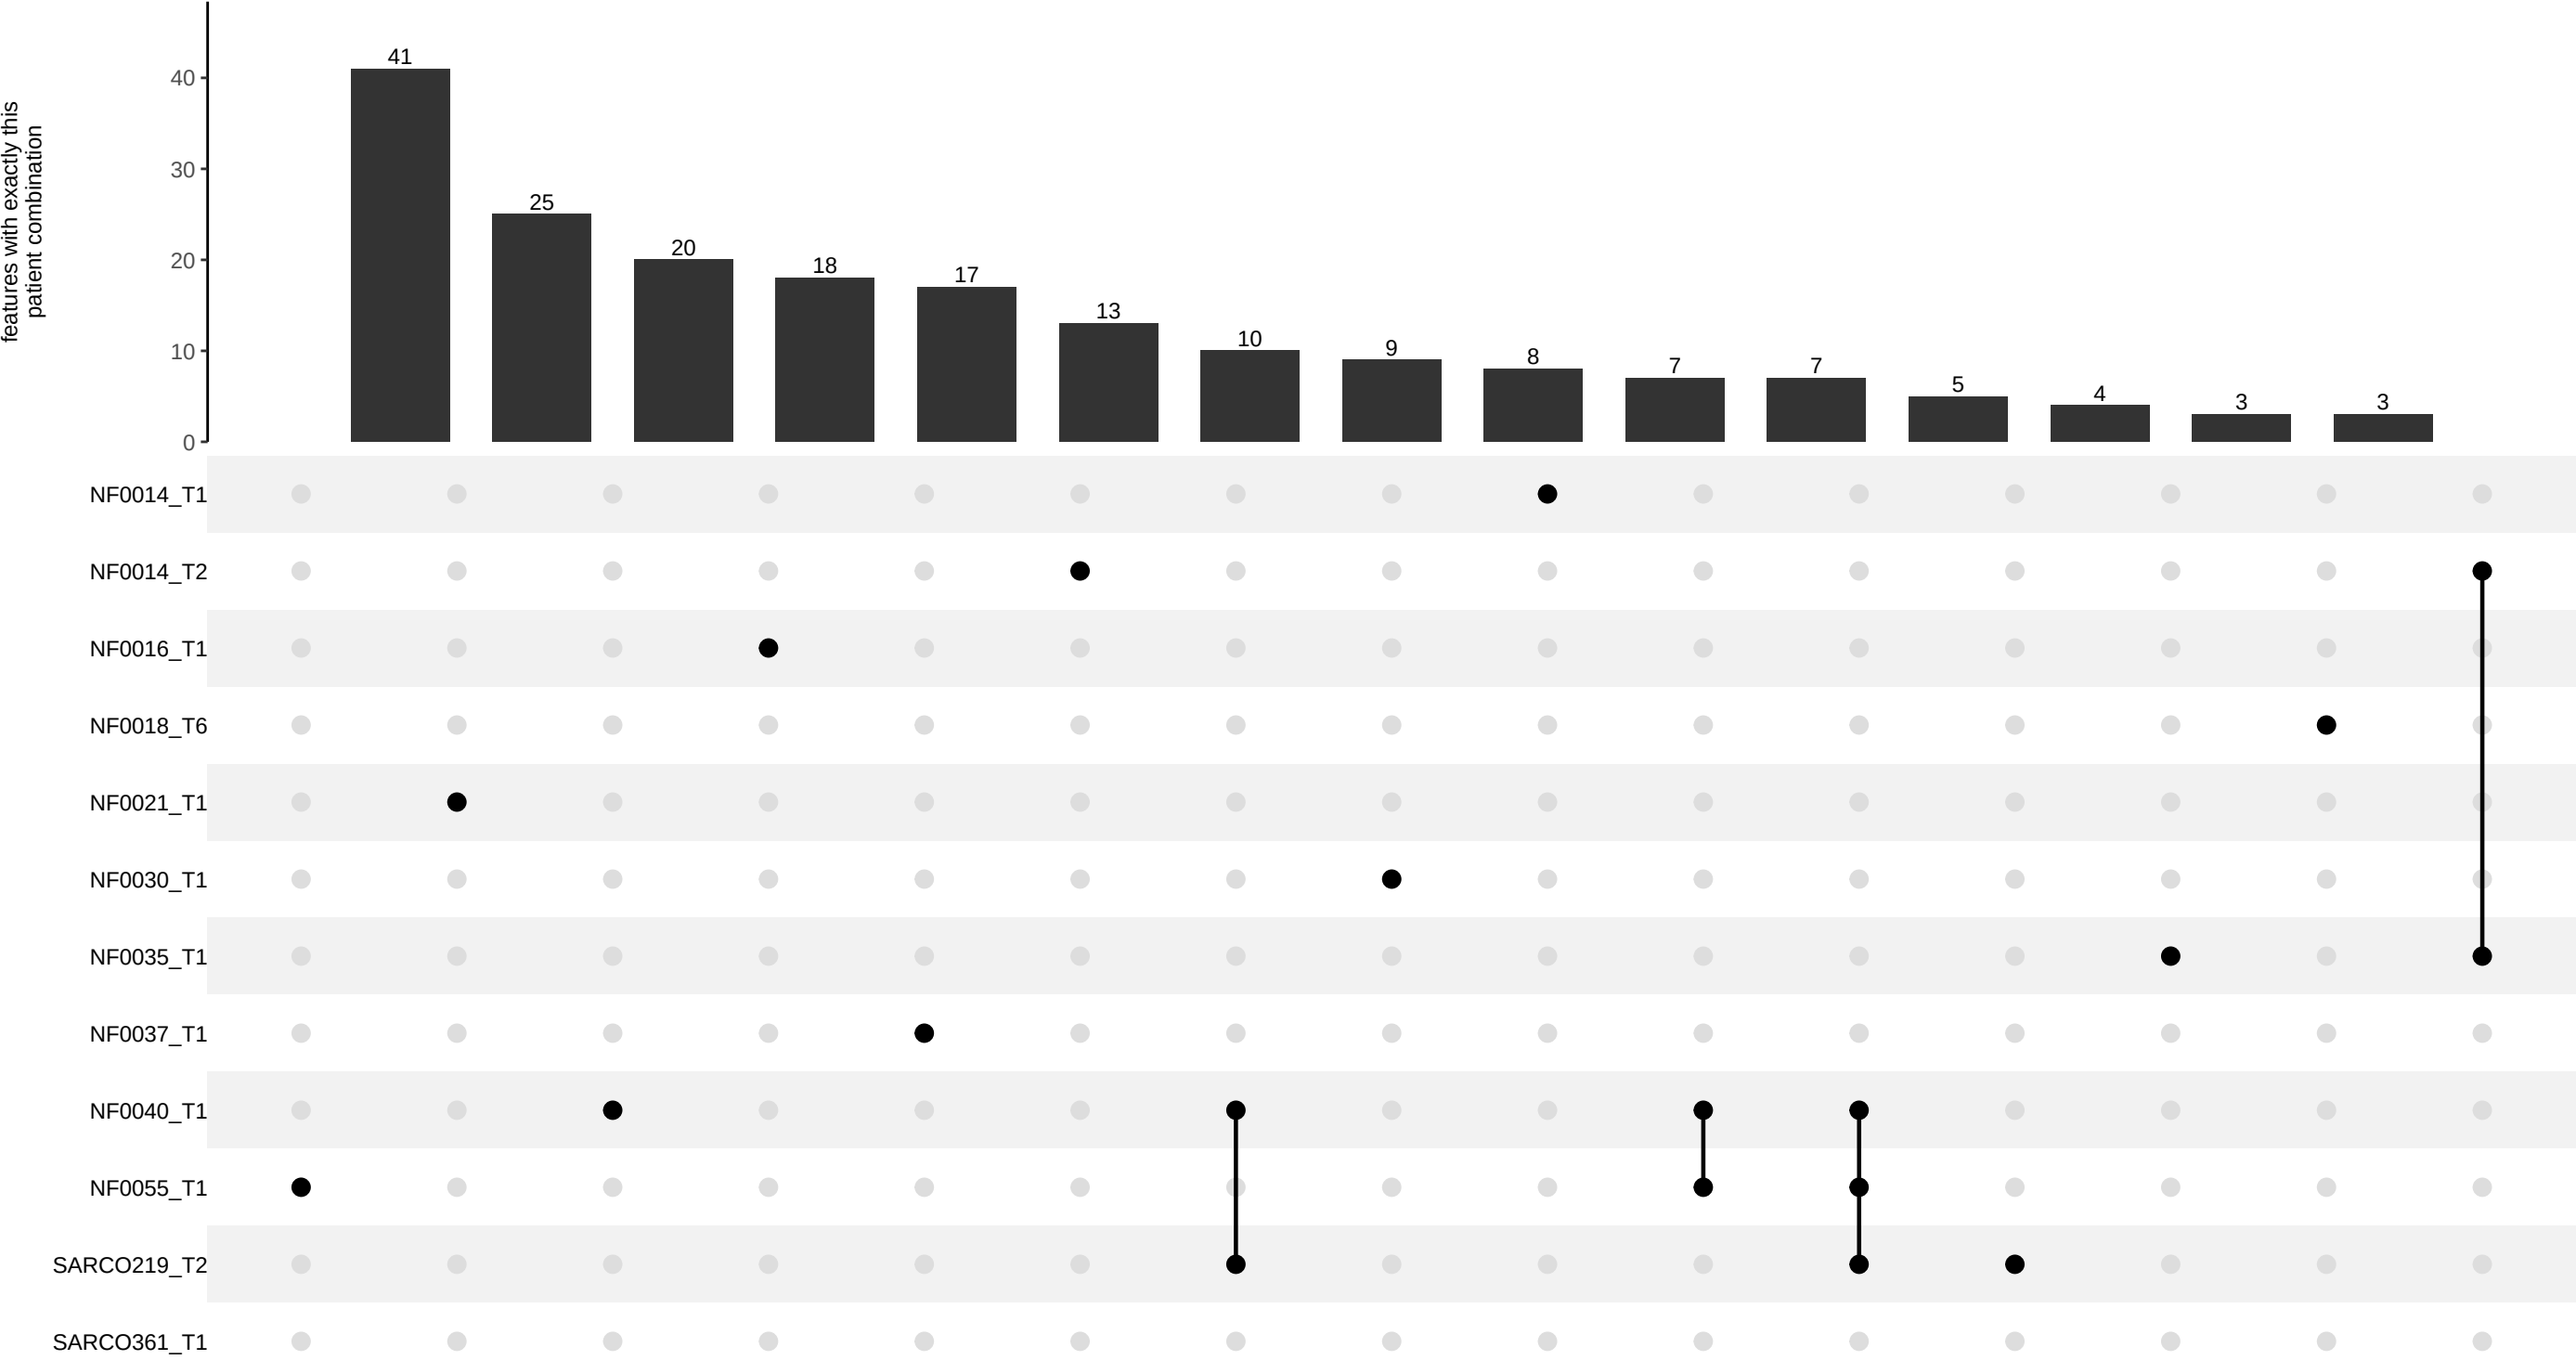

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

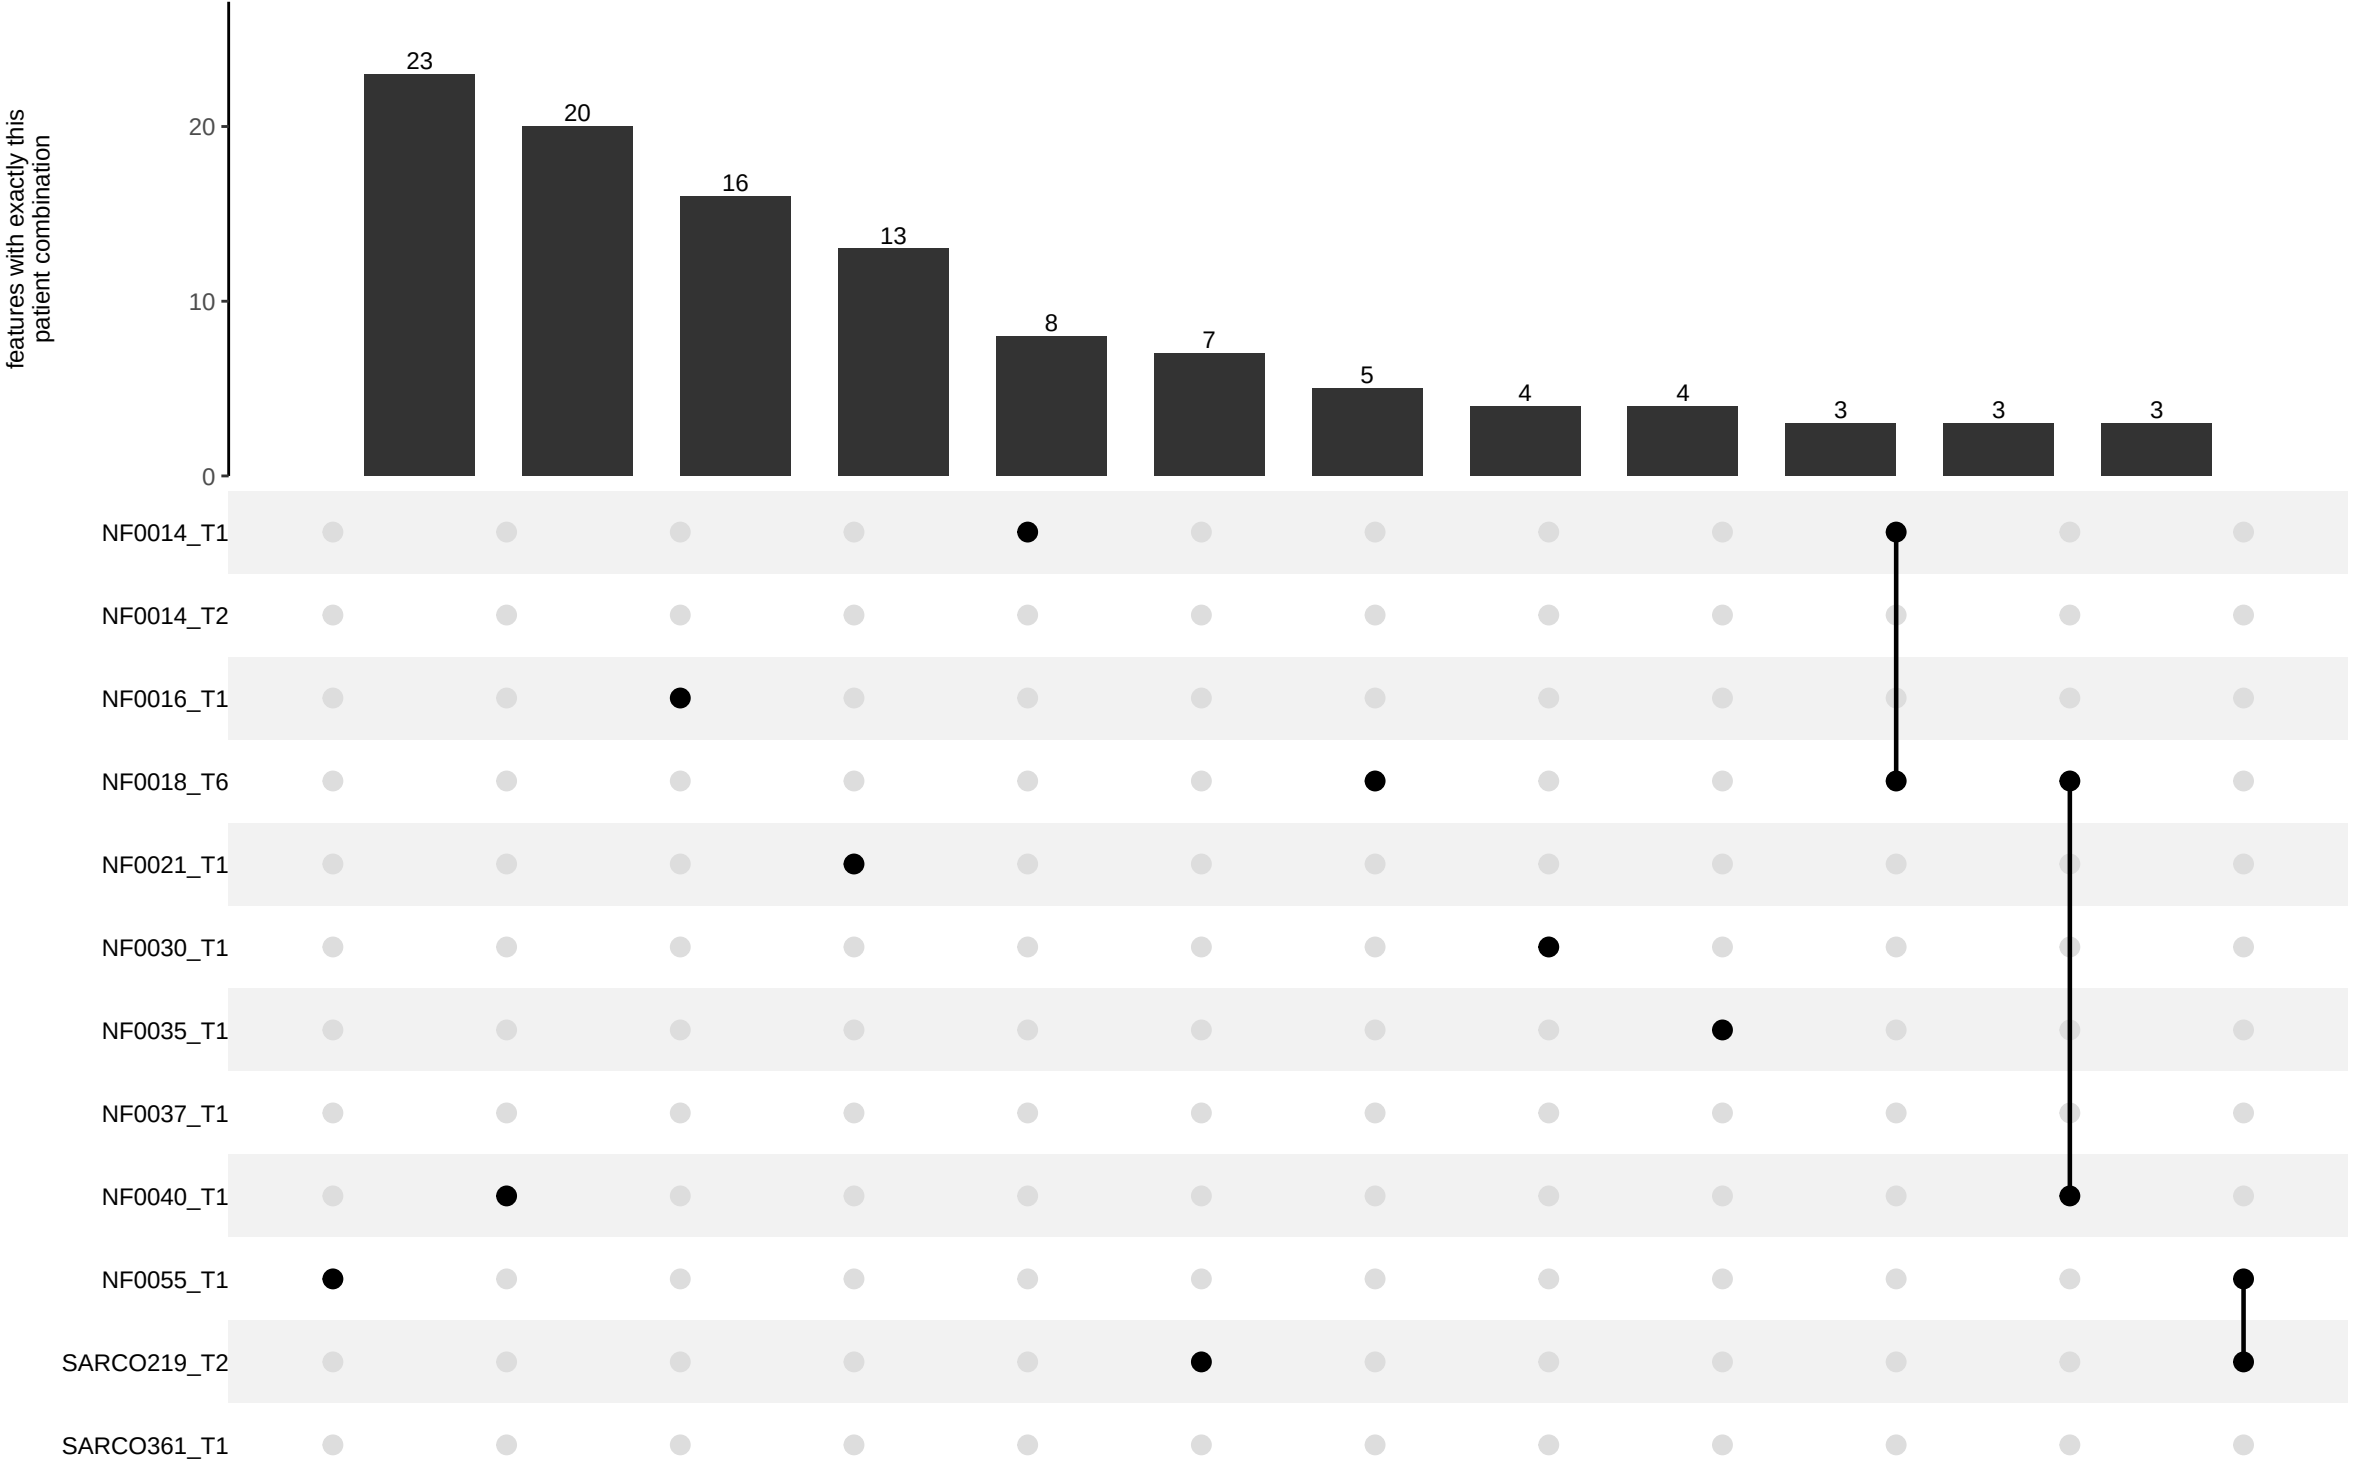

manhattan_distance_from_center | Digoxin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

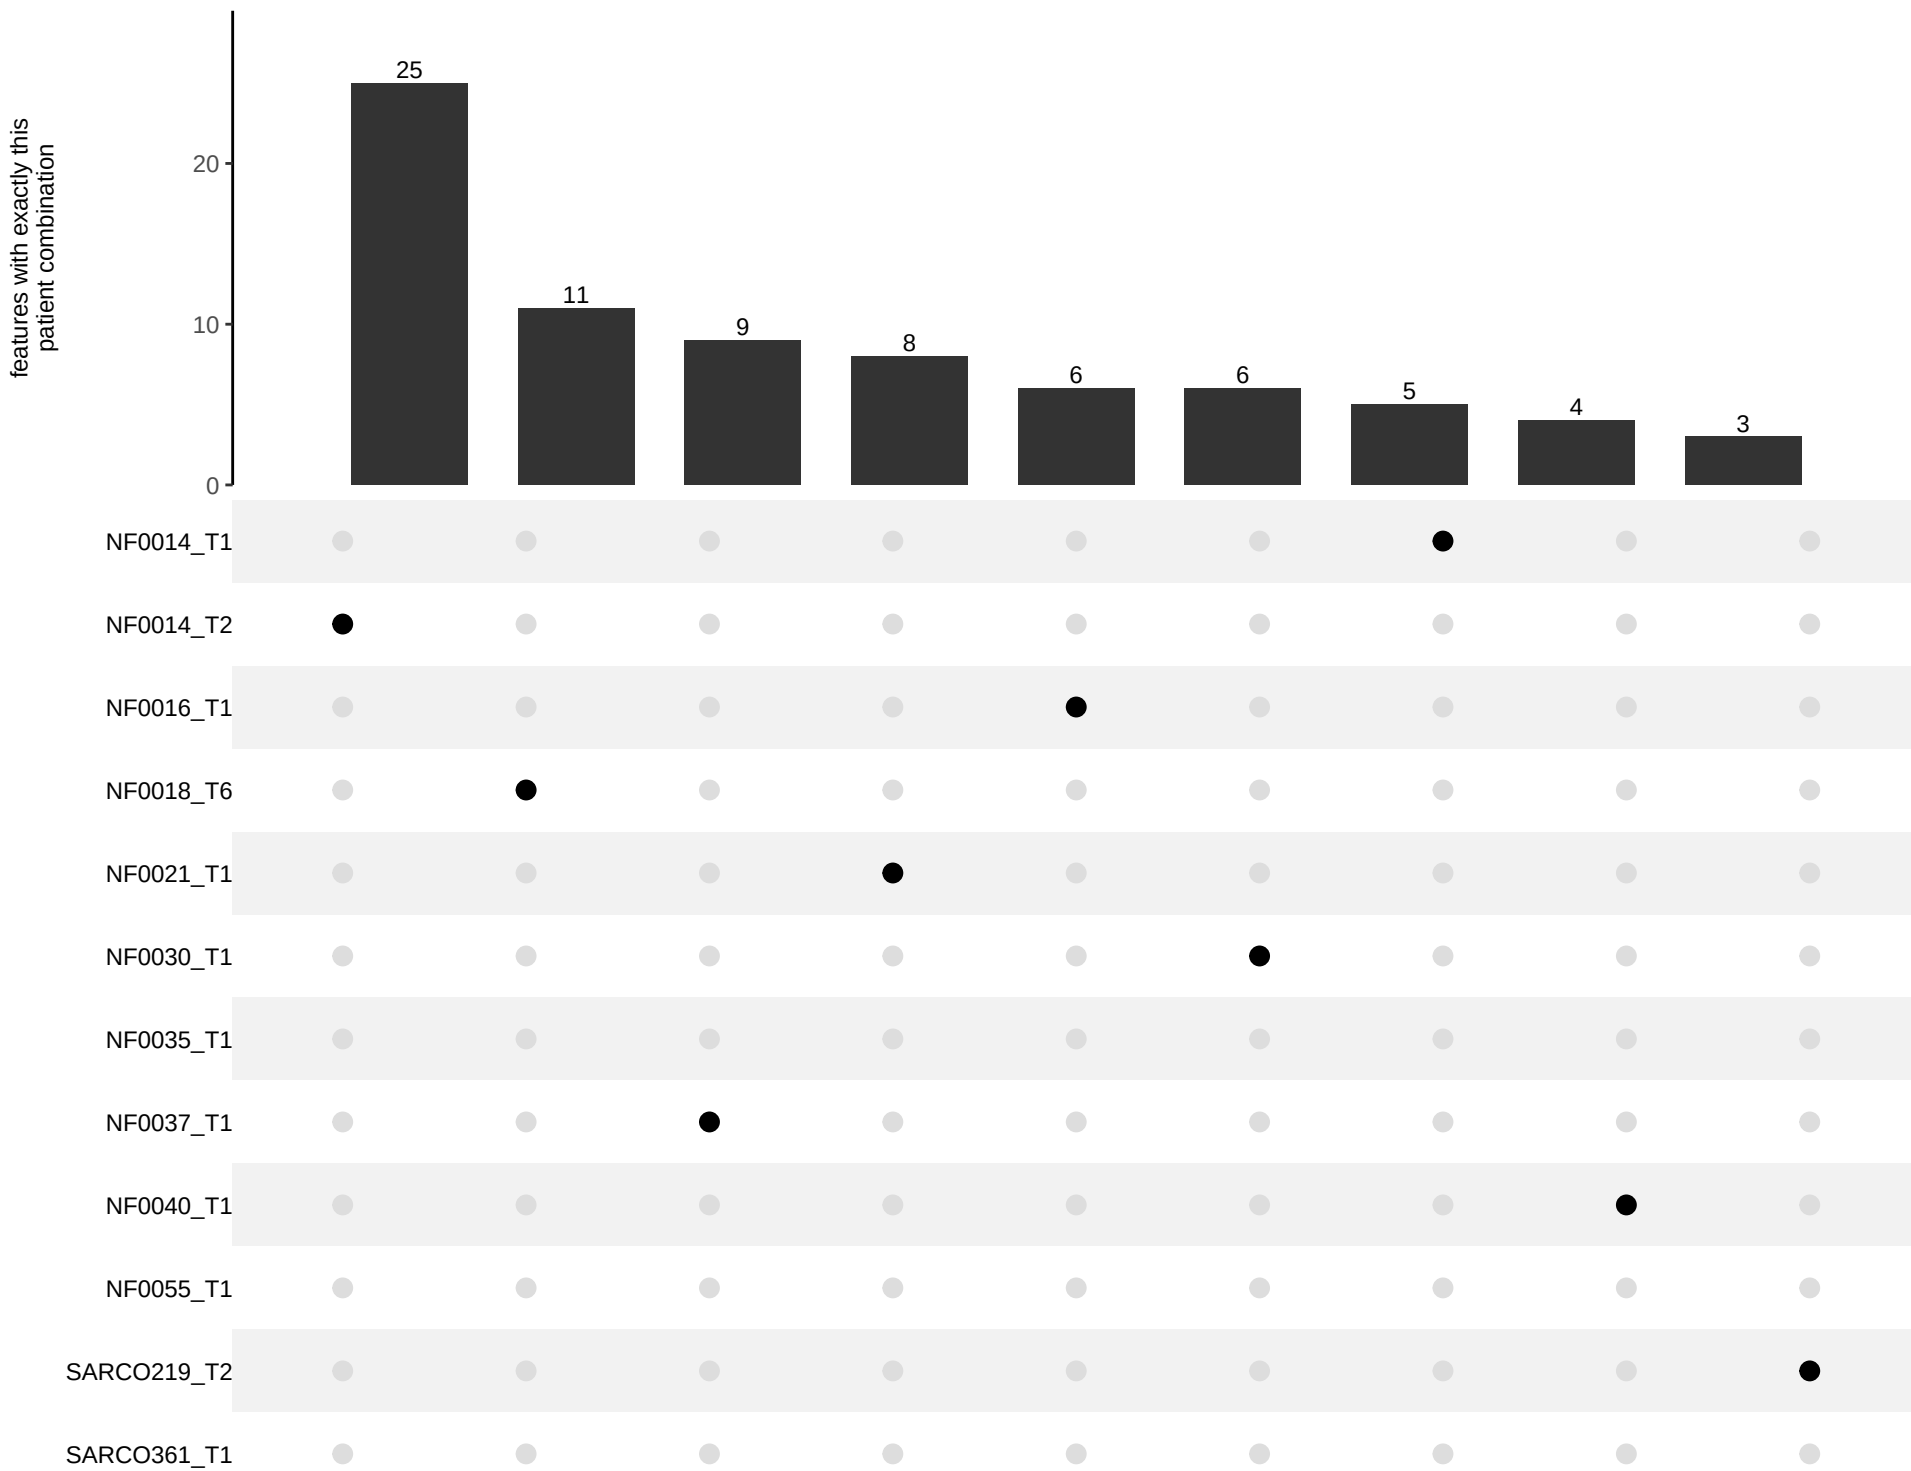

manhattan_distance_from_center | Everolimus_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

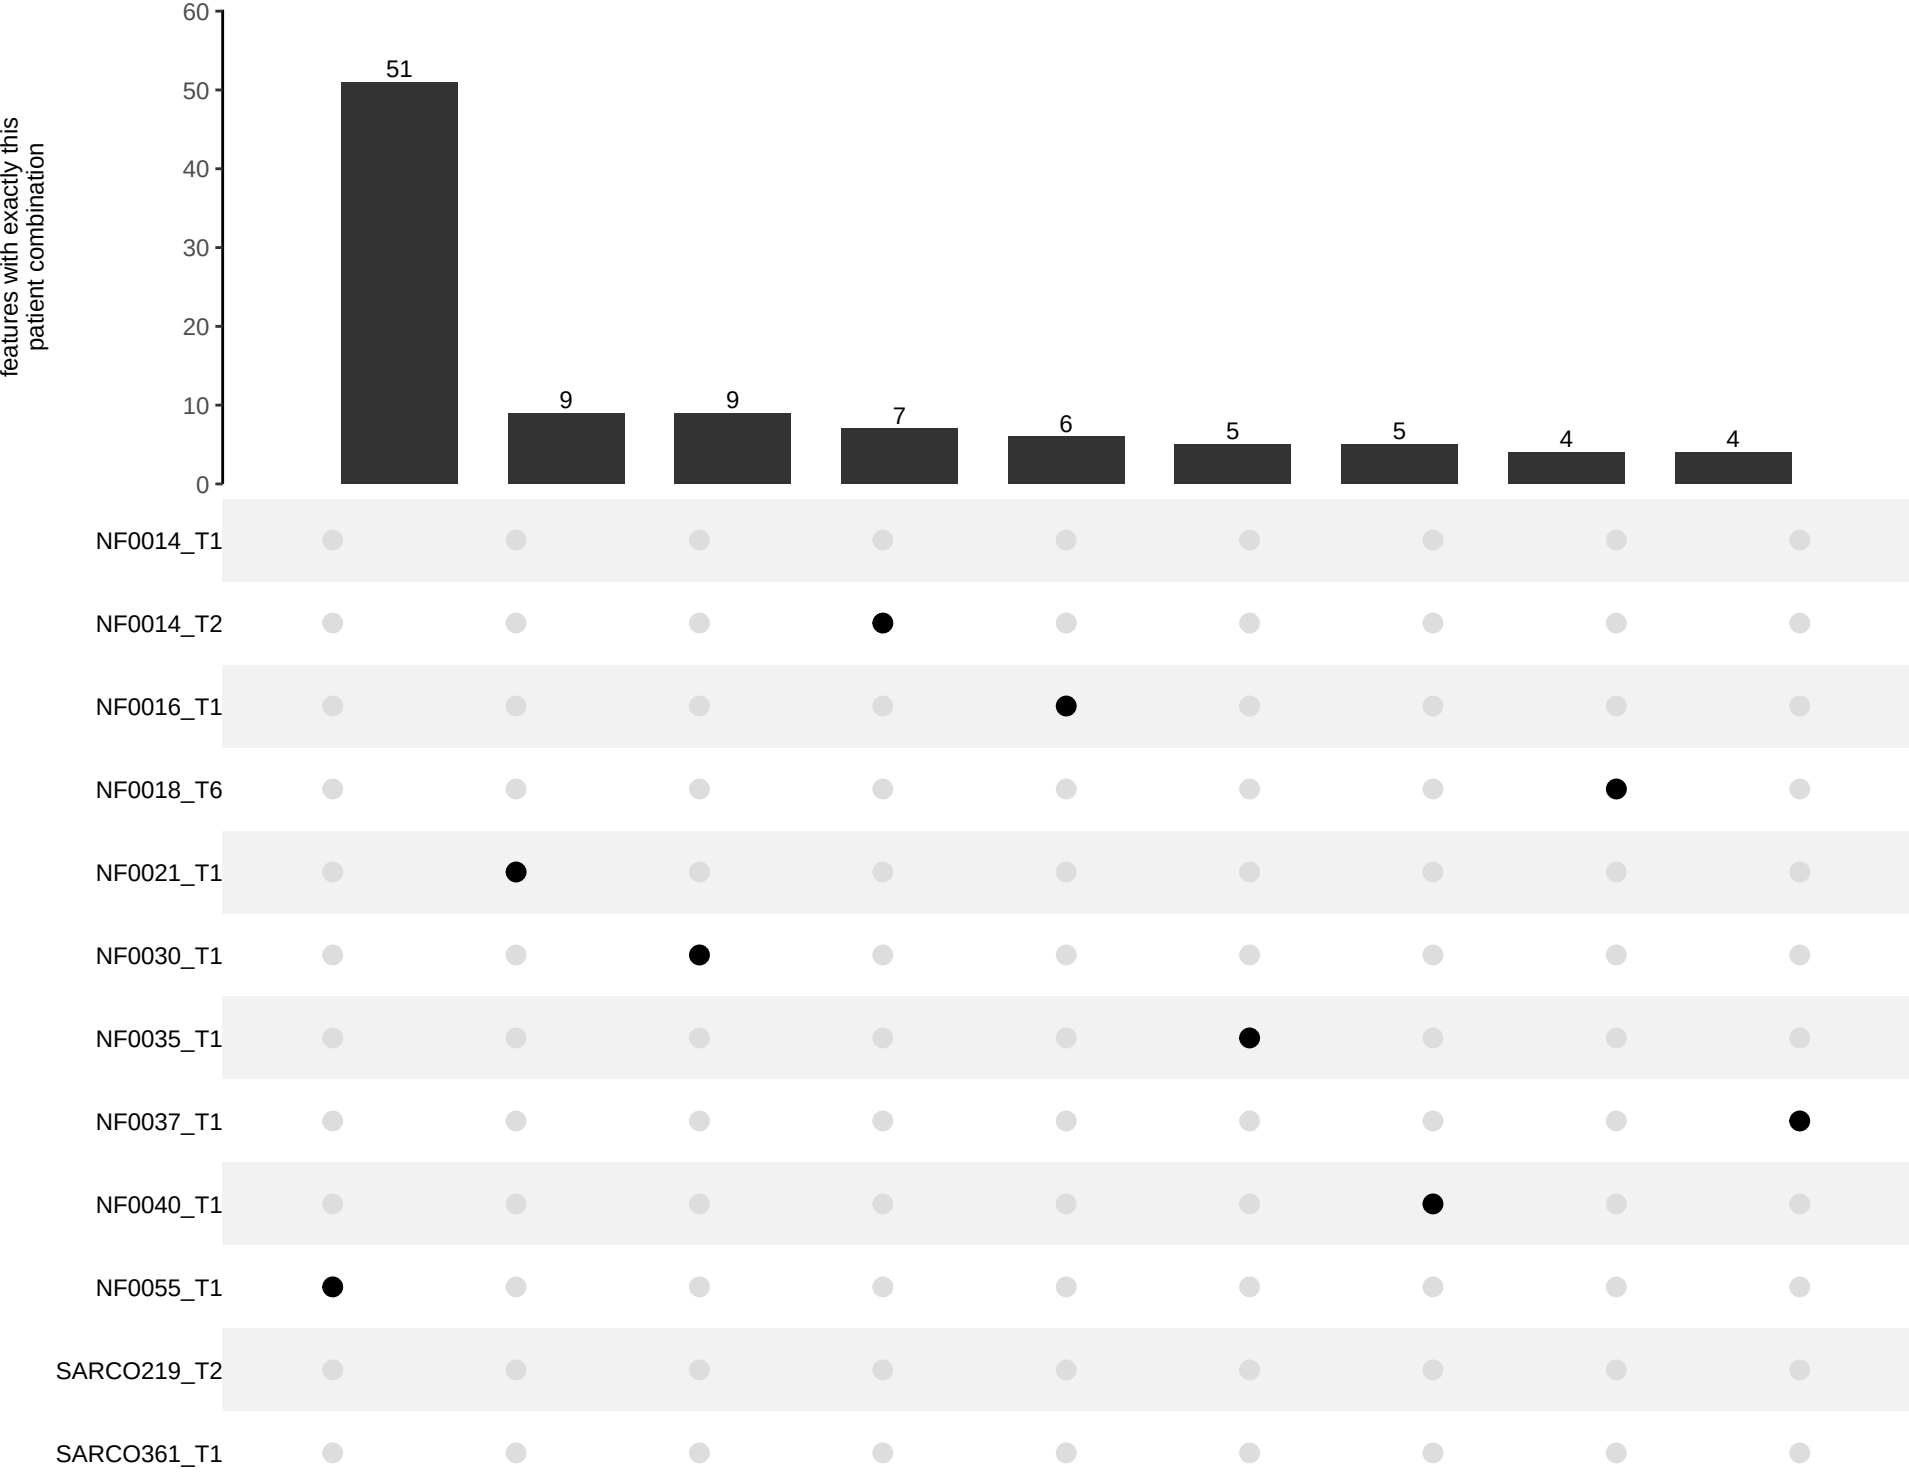

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

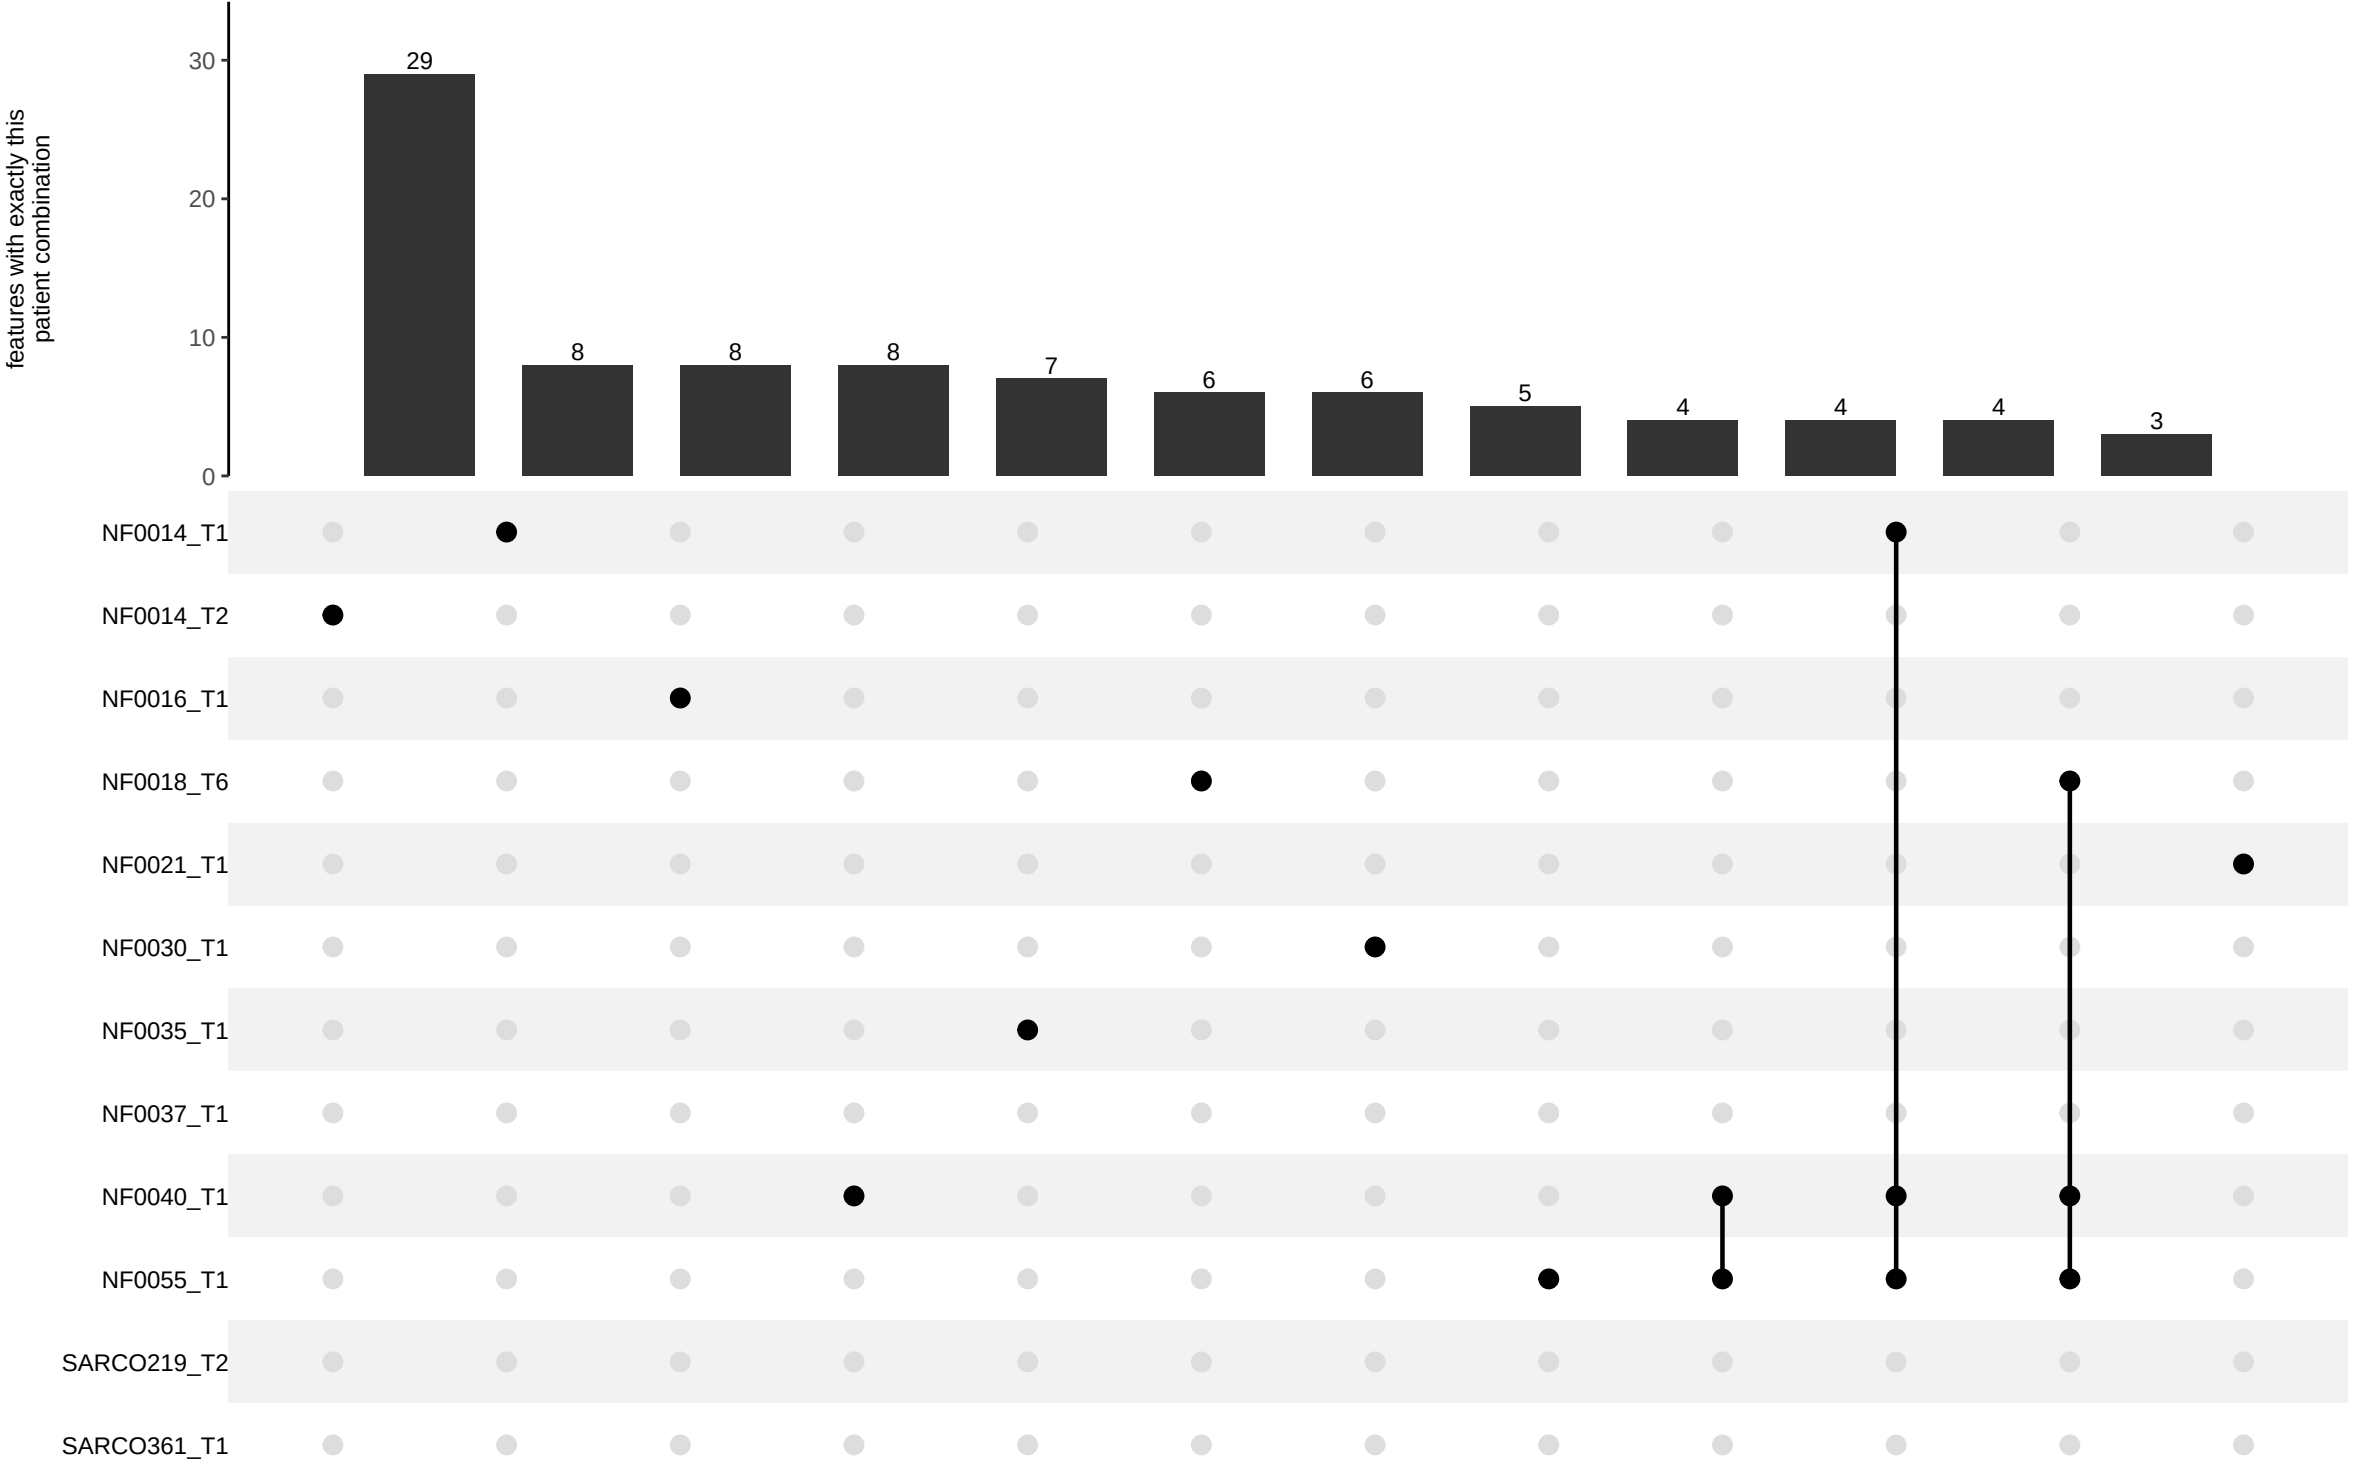

manhattan_distance_from_center | Imatinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

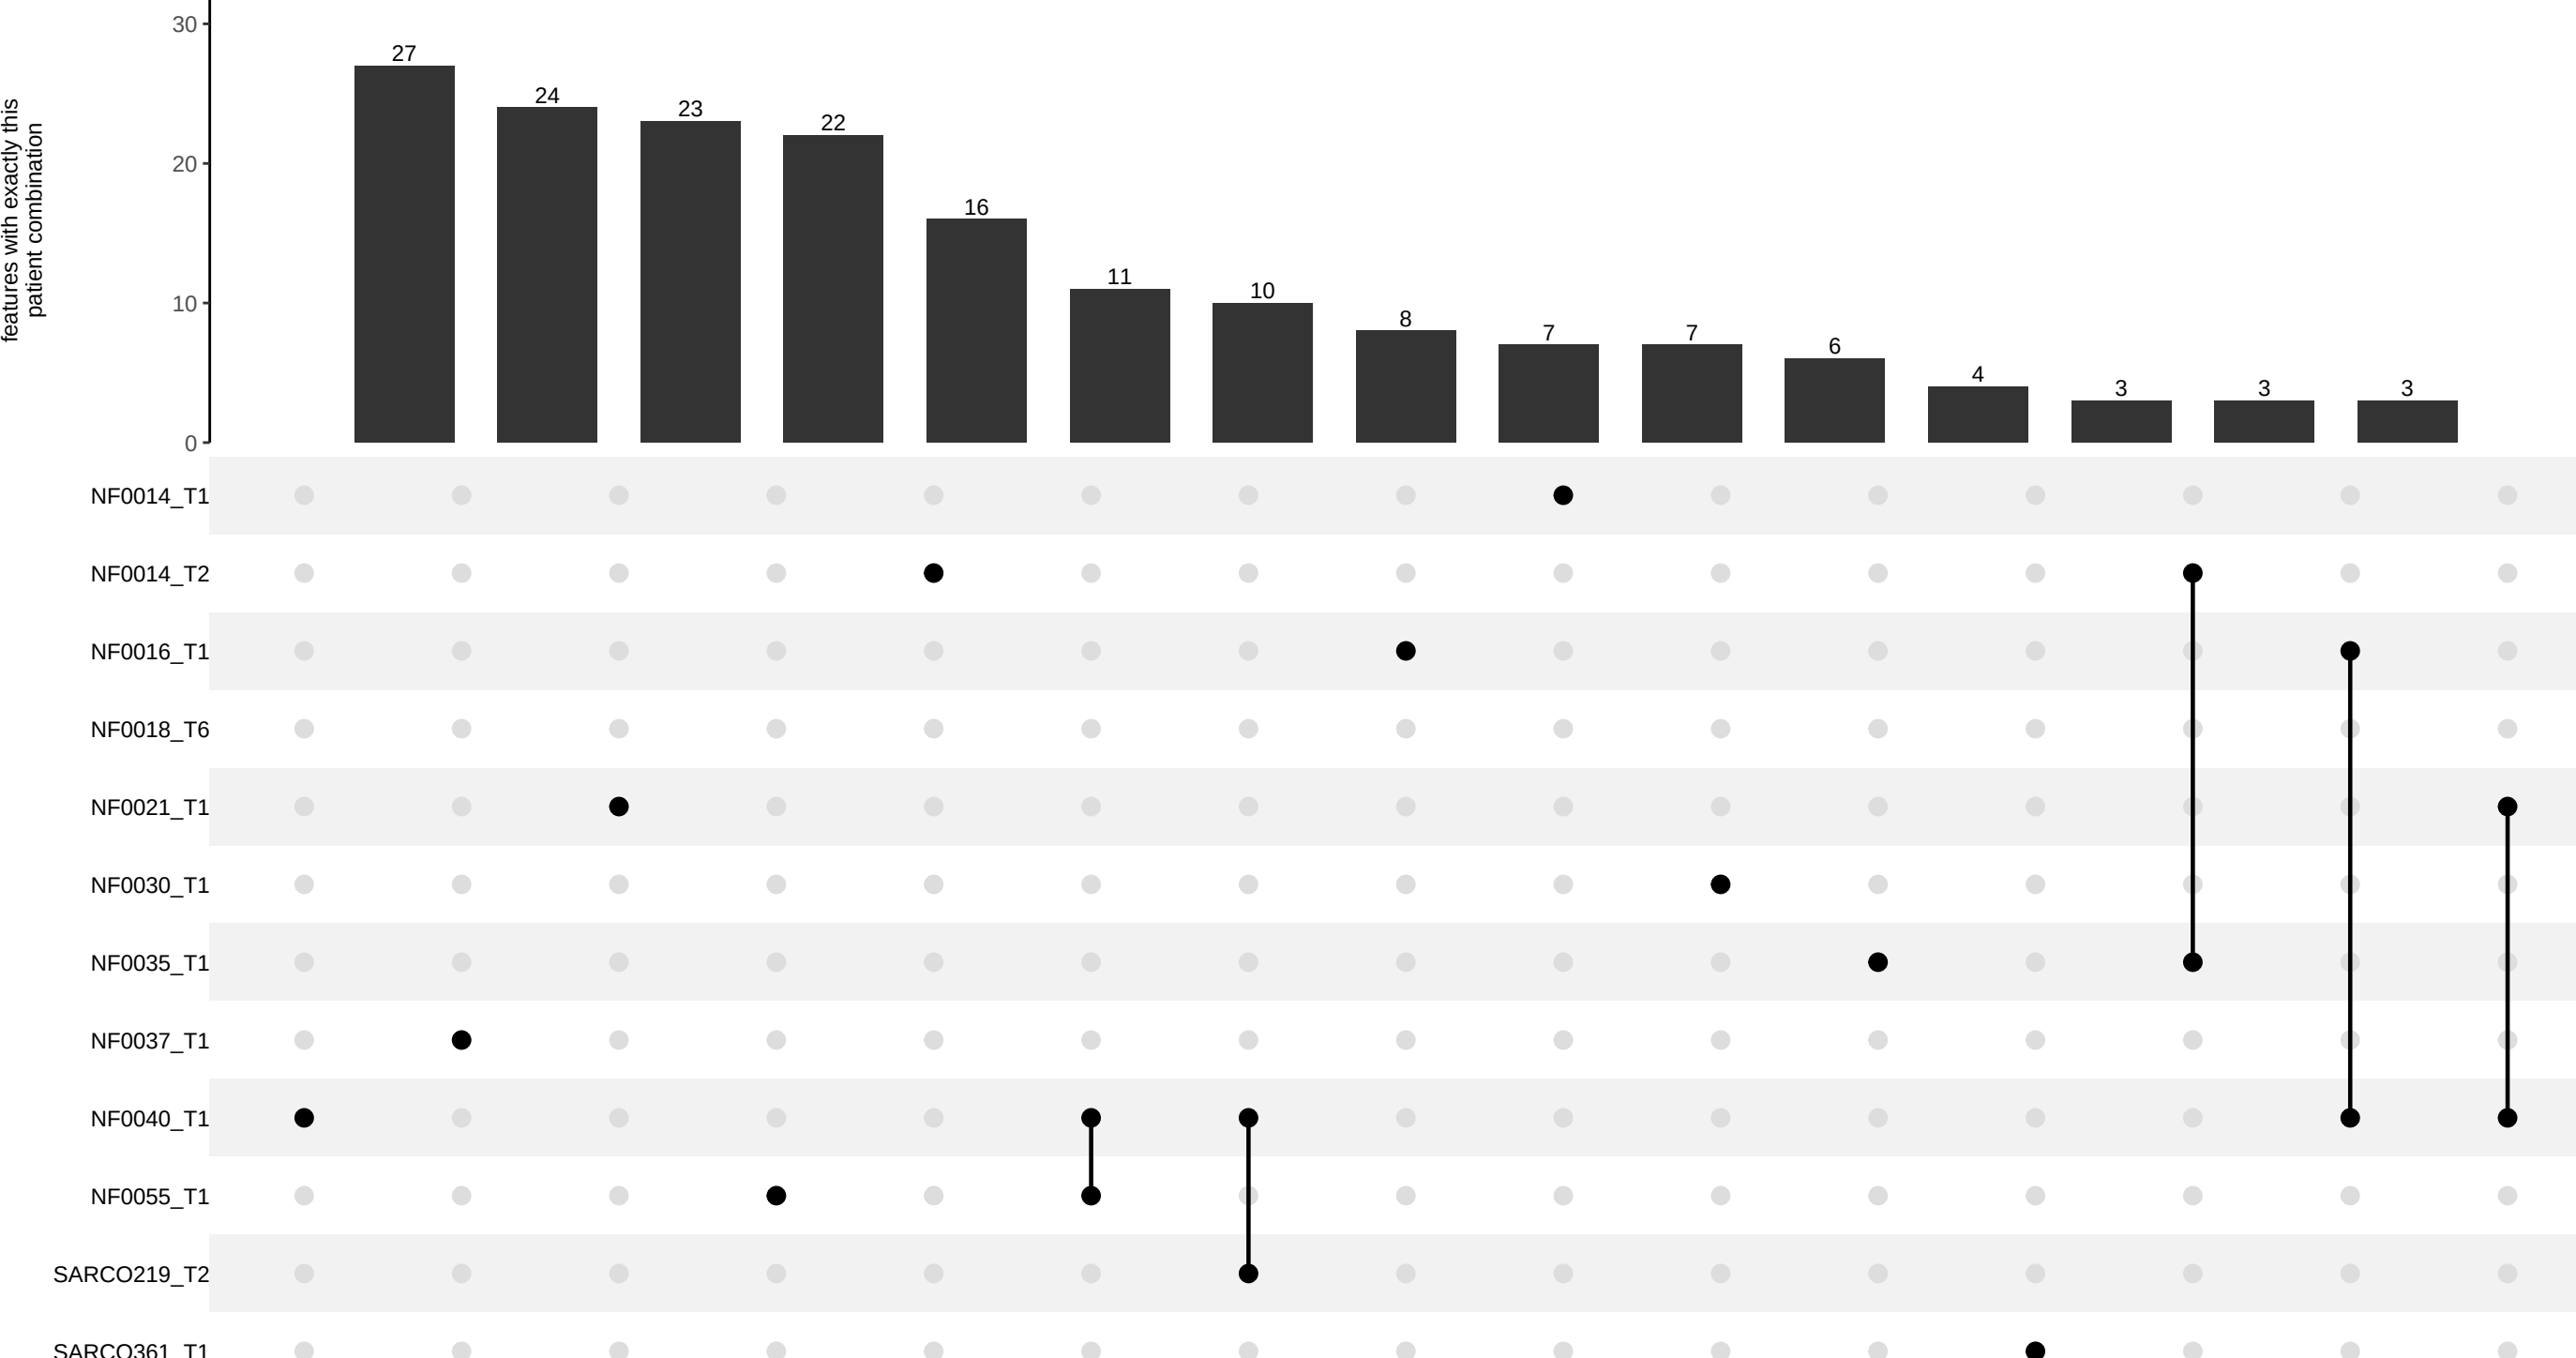

manhattan_distance_from_center | Ketotifen_1uM
Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

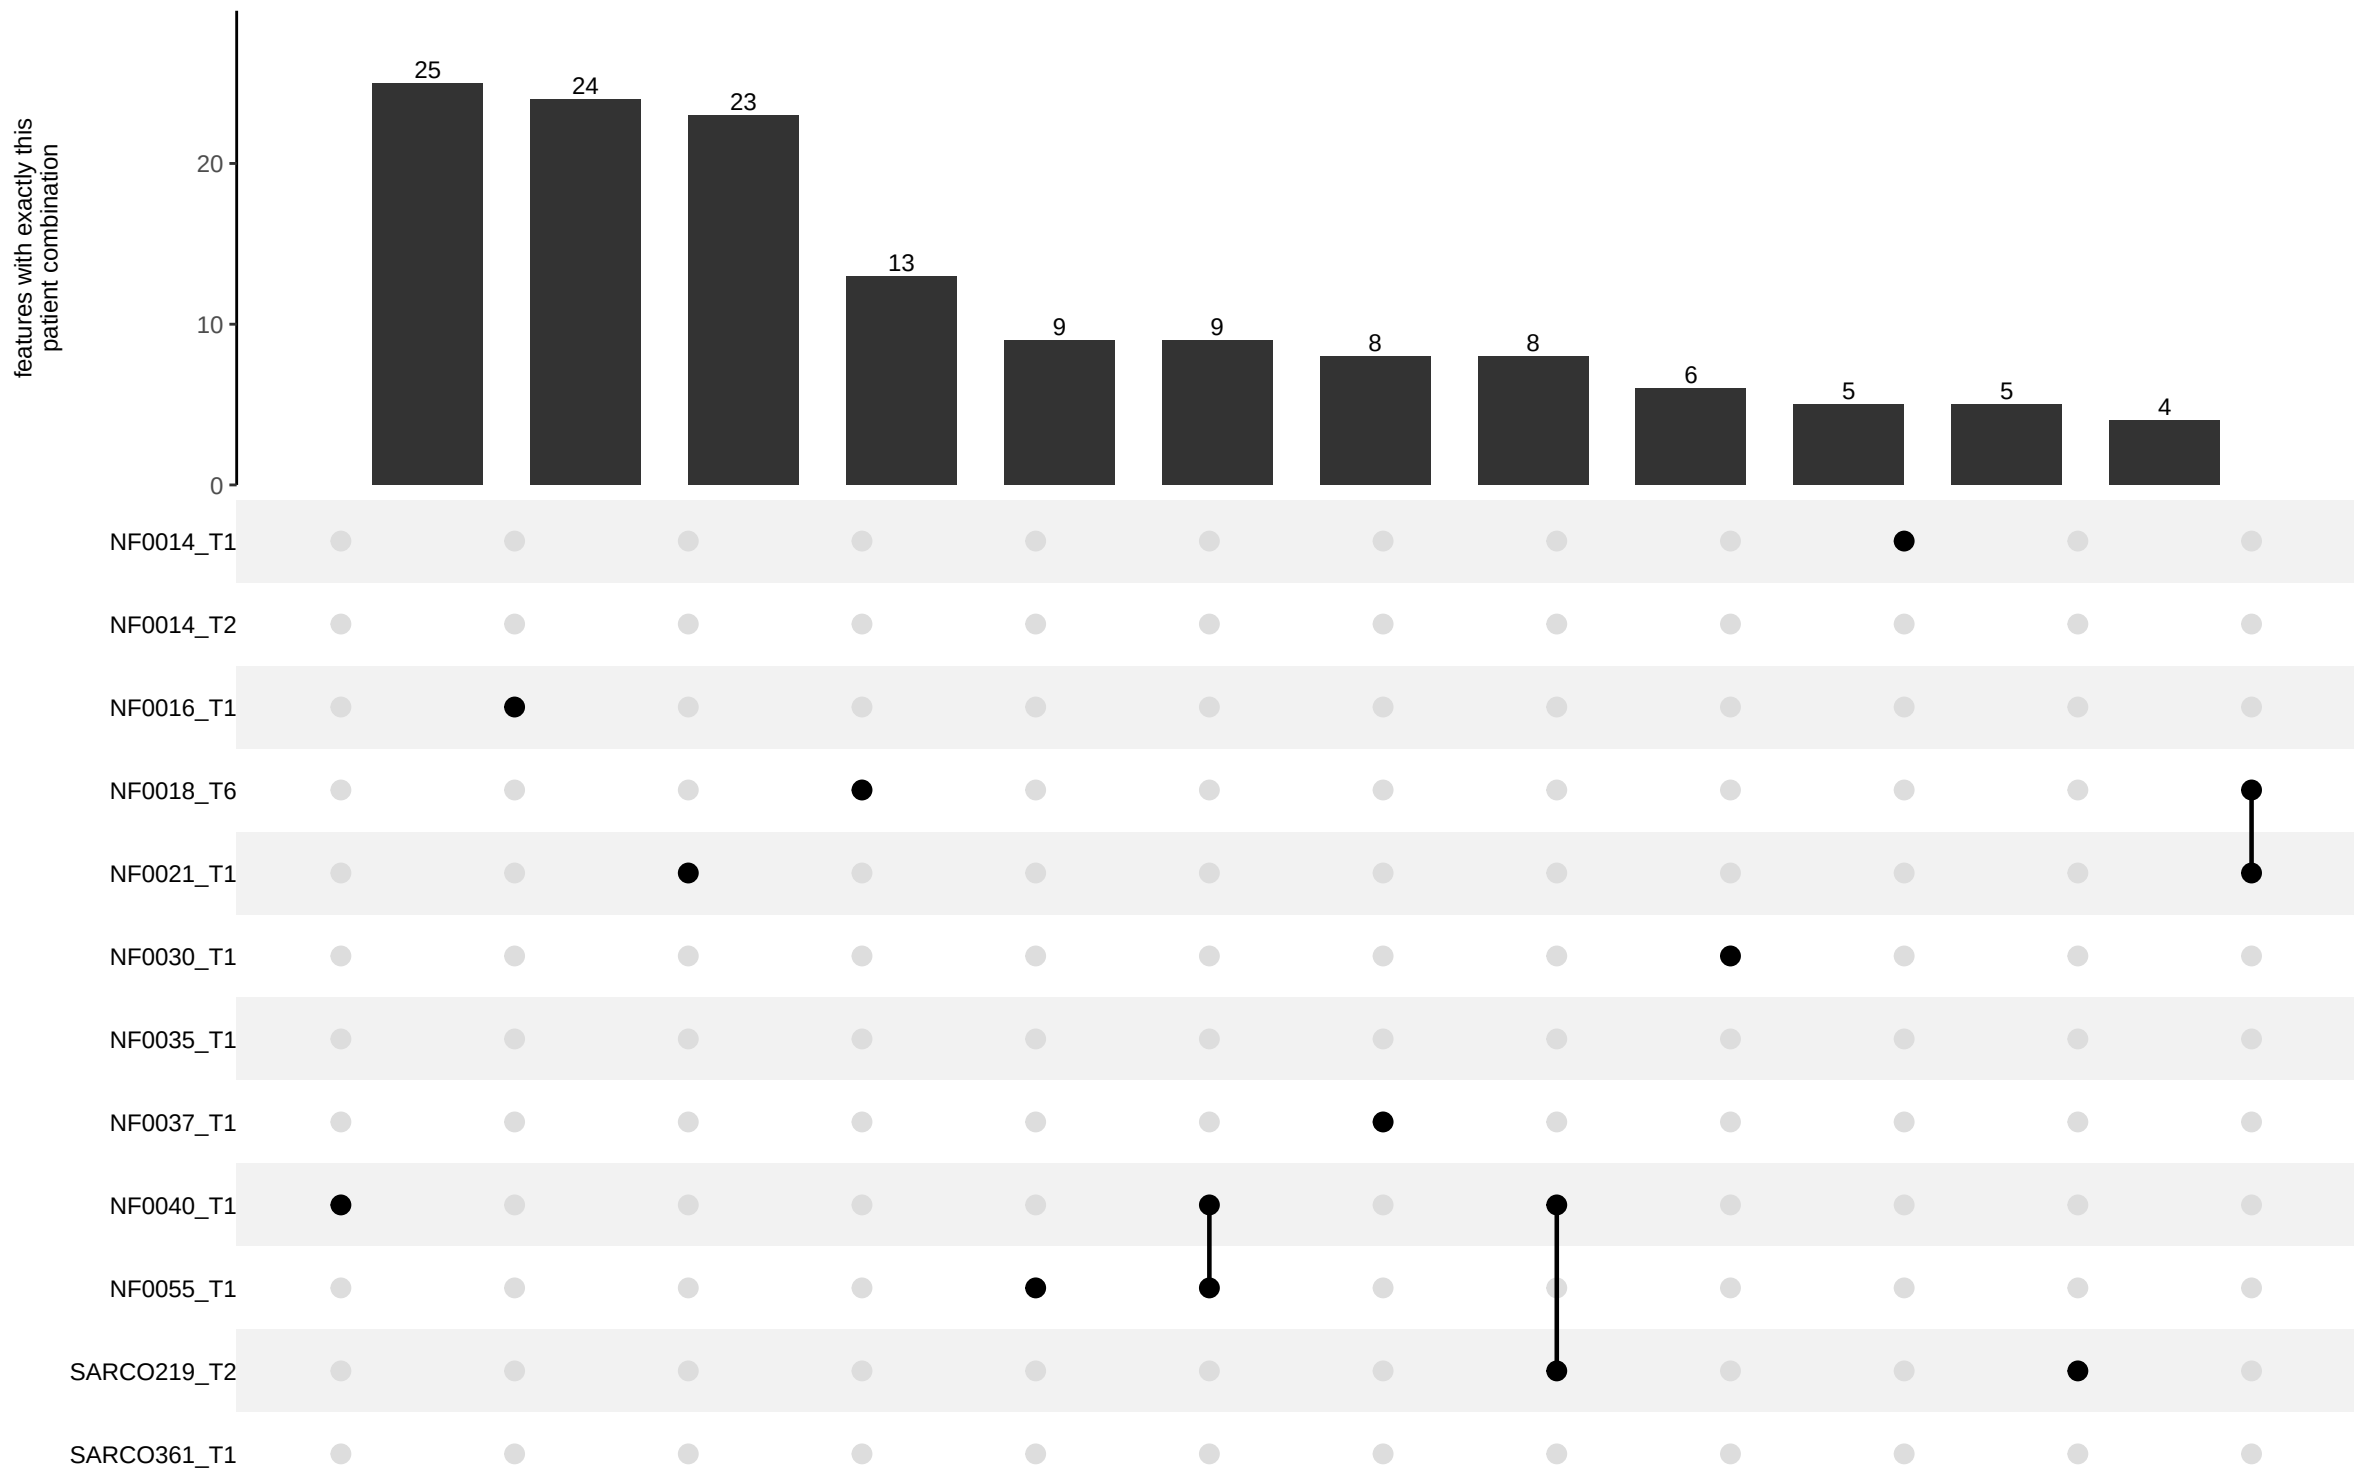

manhattan_distance_from_center | Linsitinib_1uM

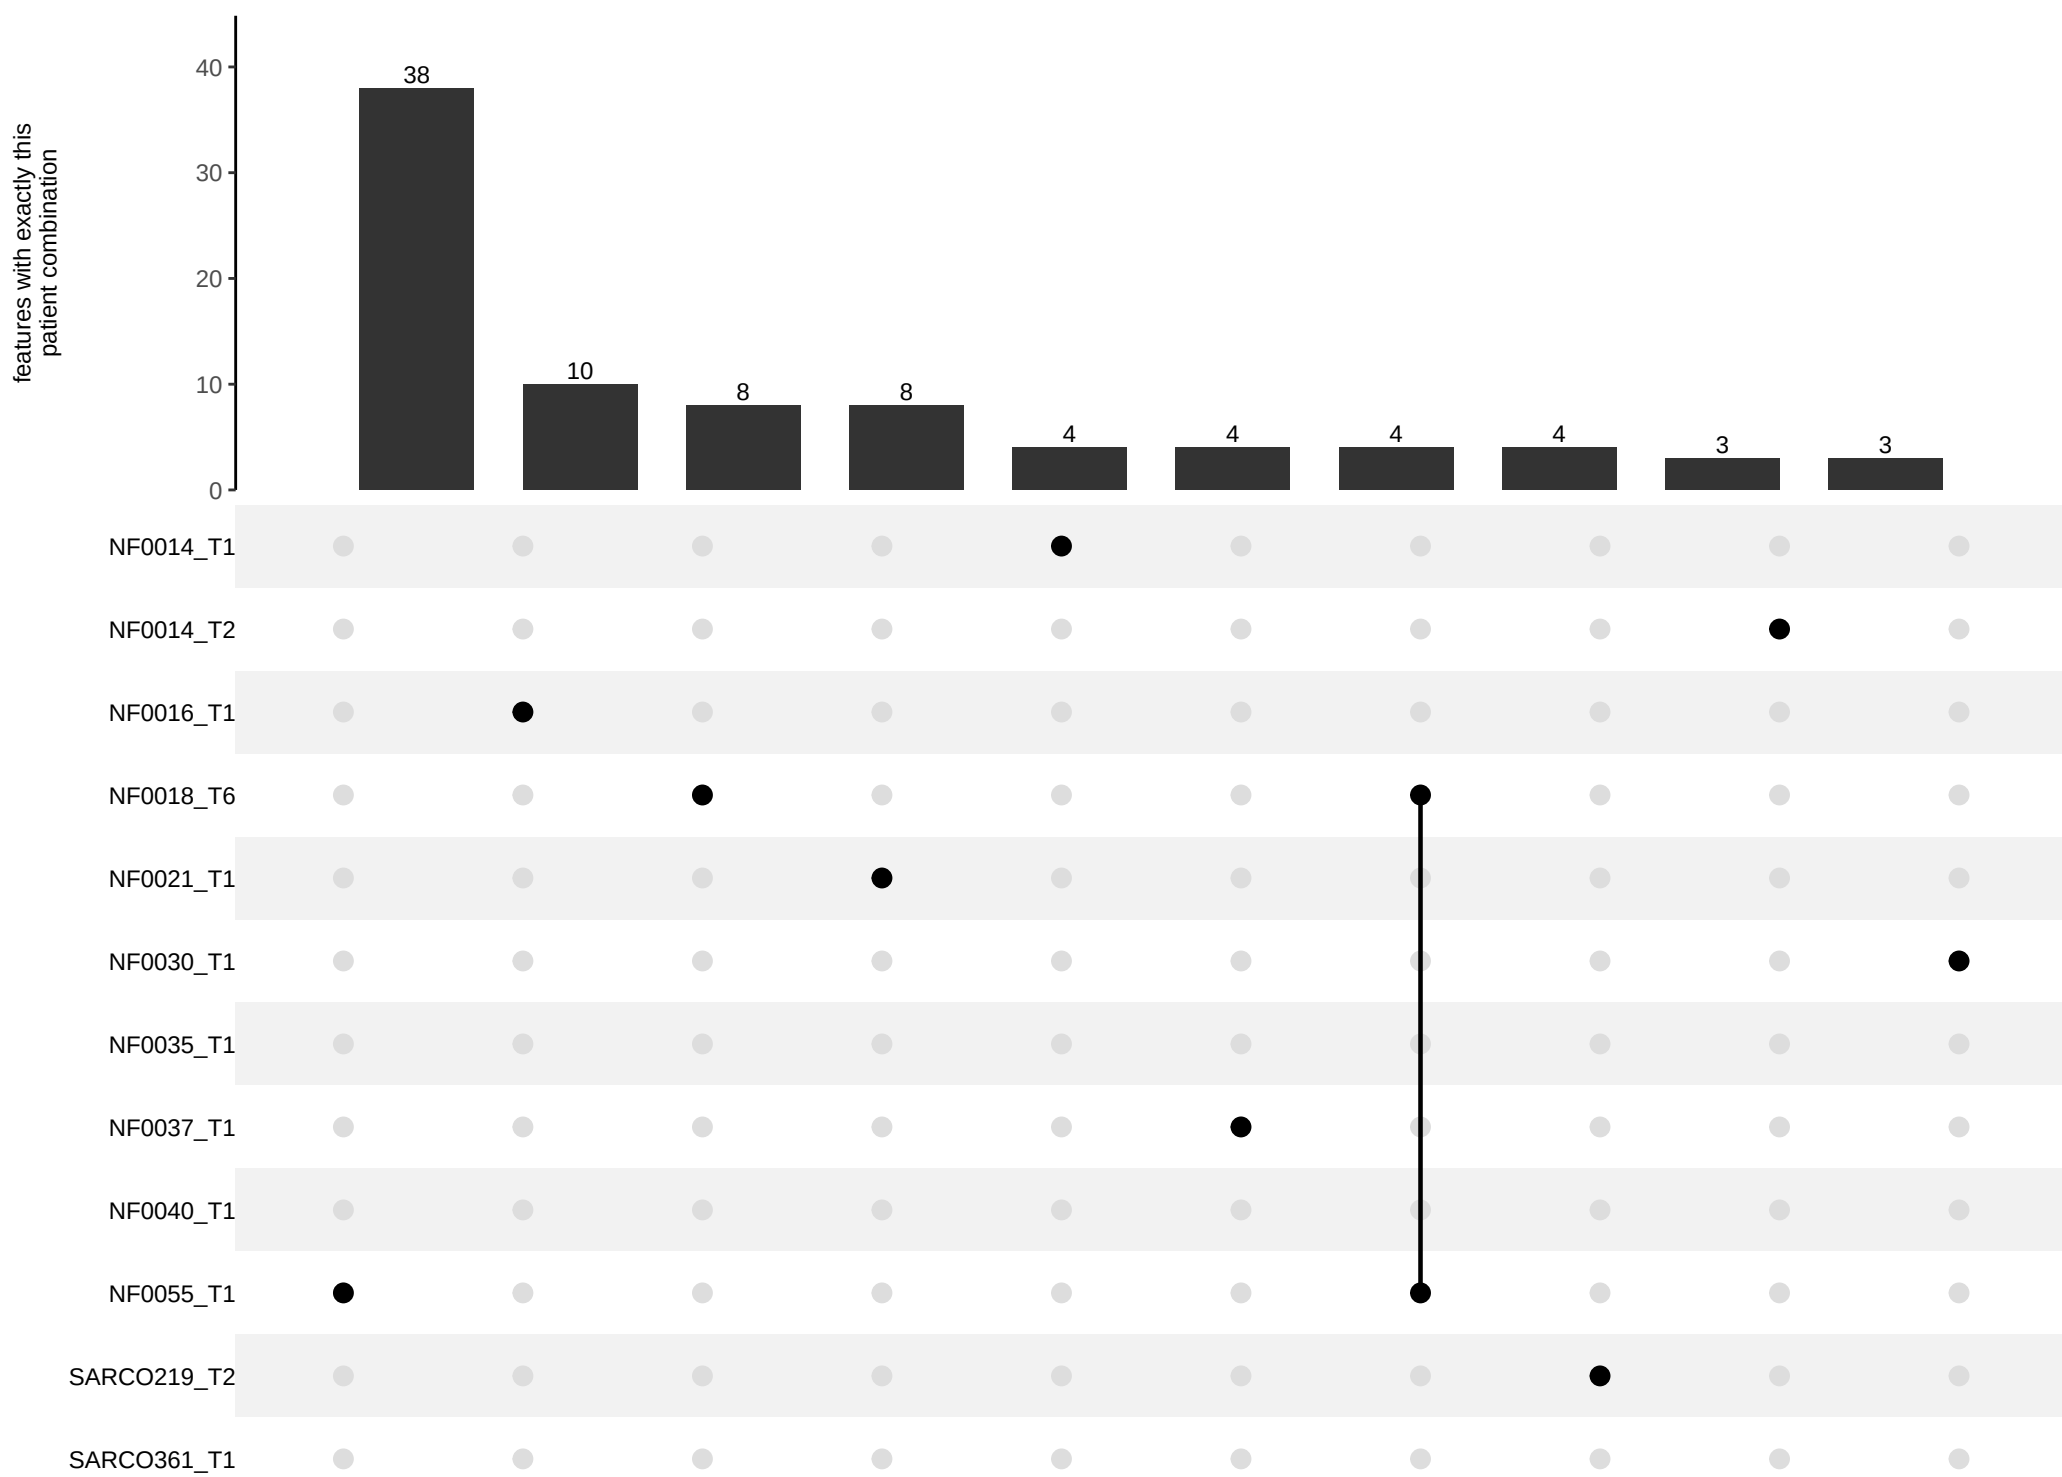

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

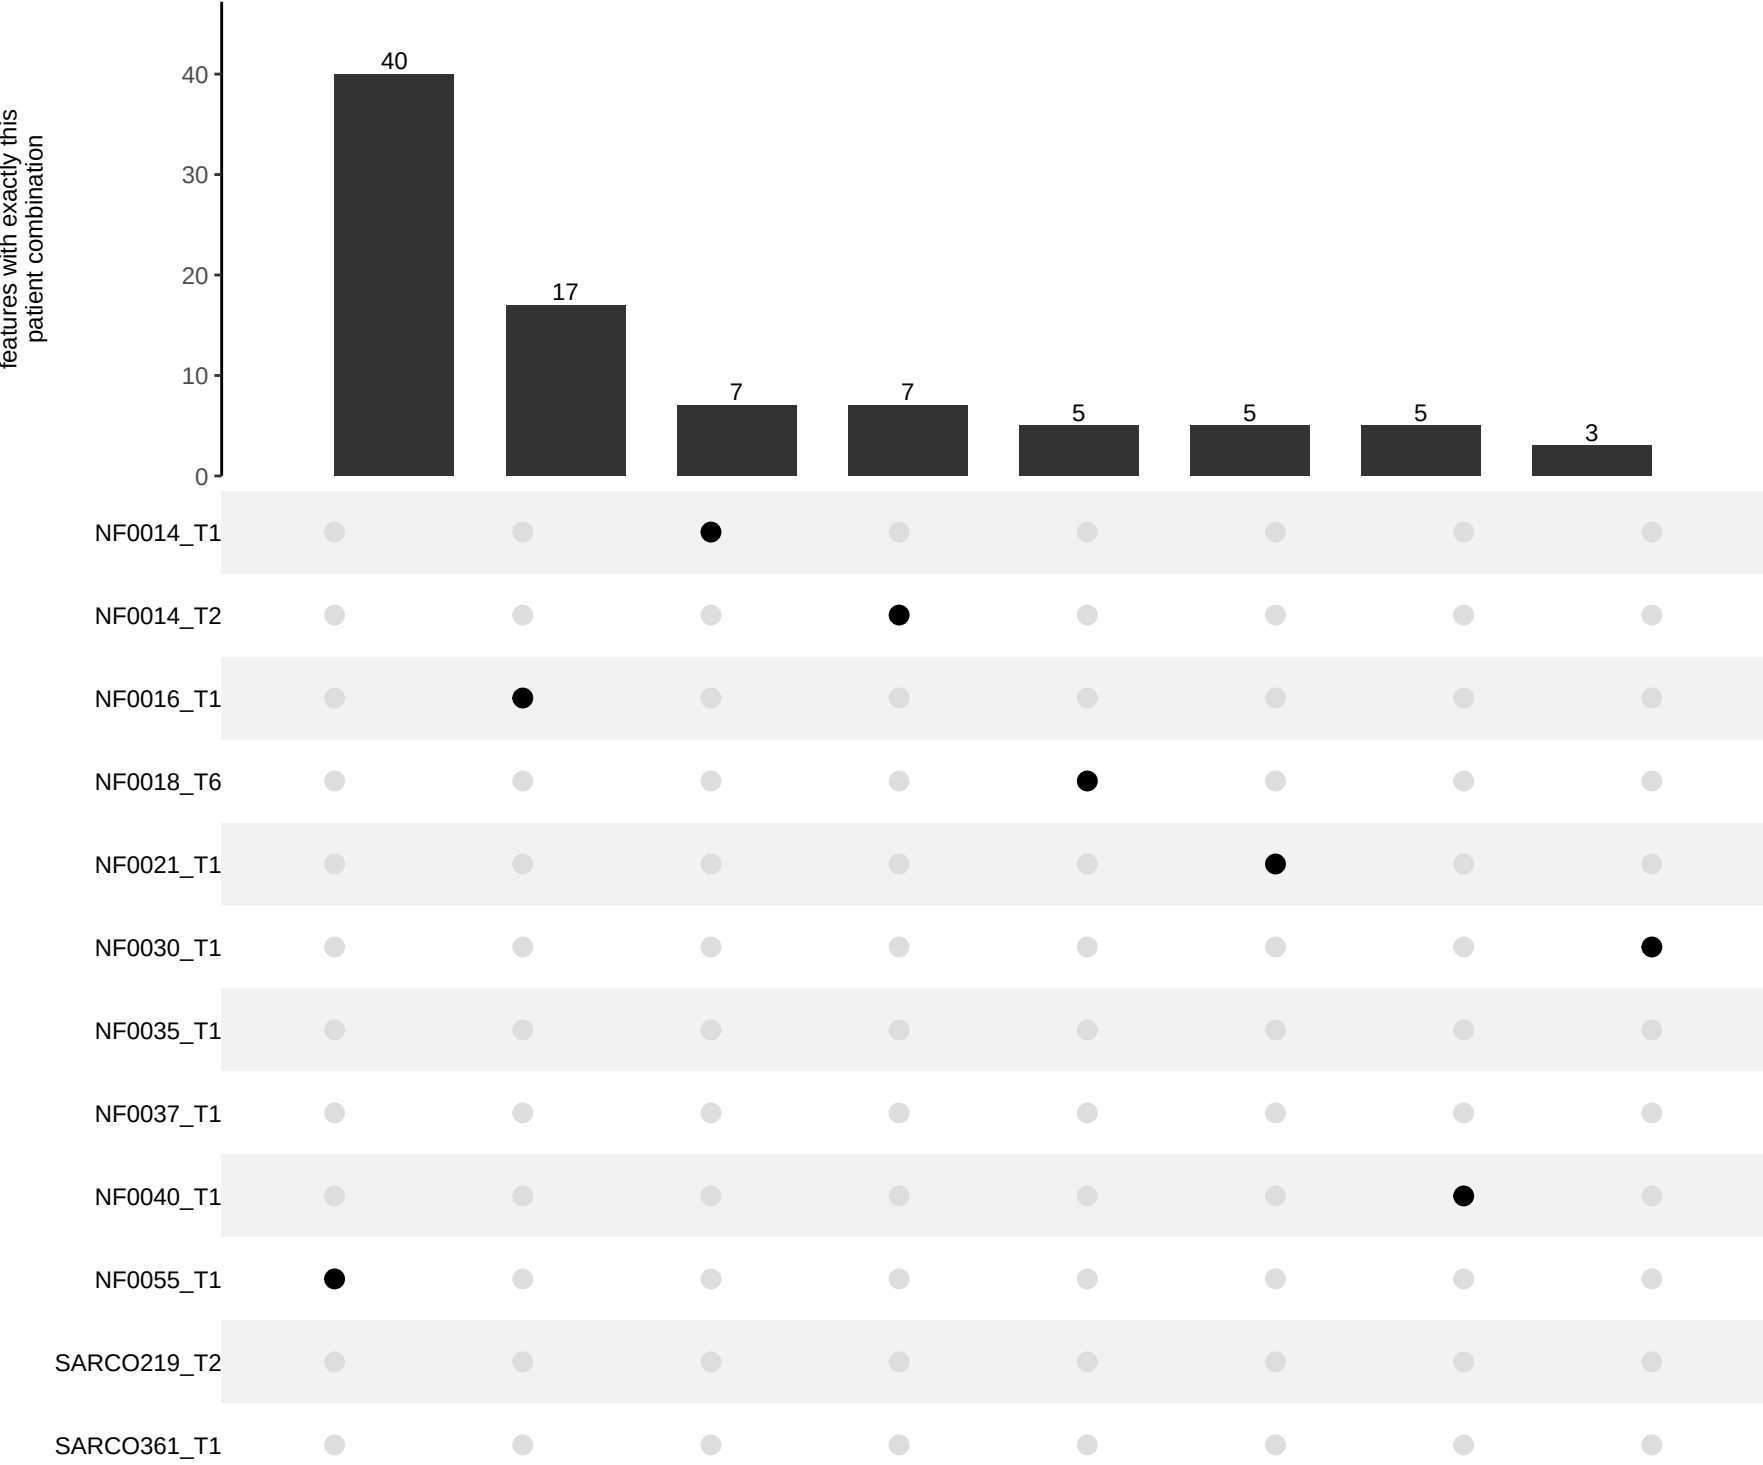

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

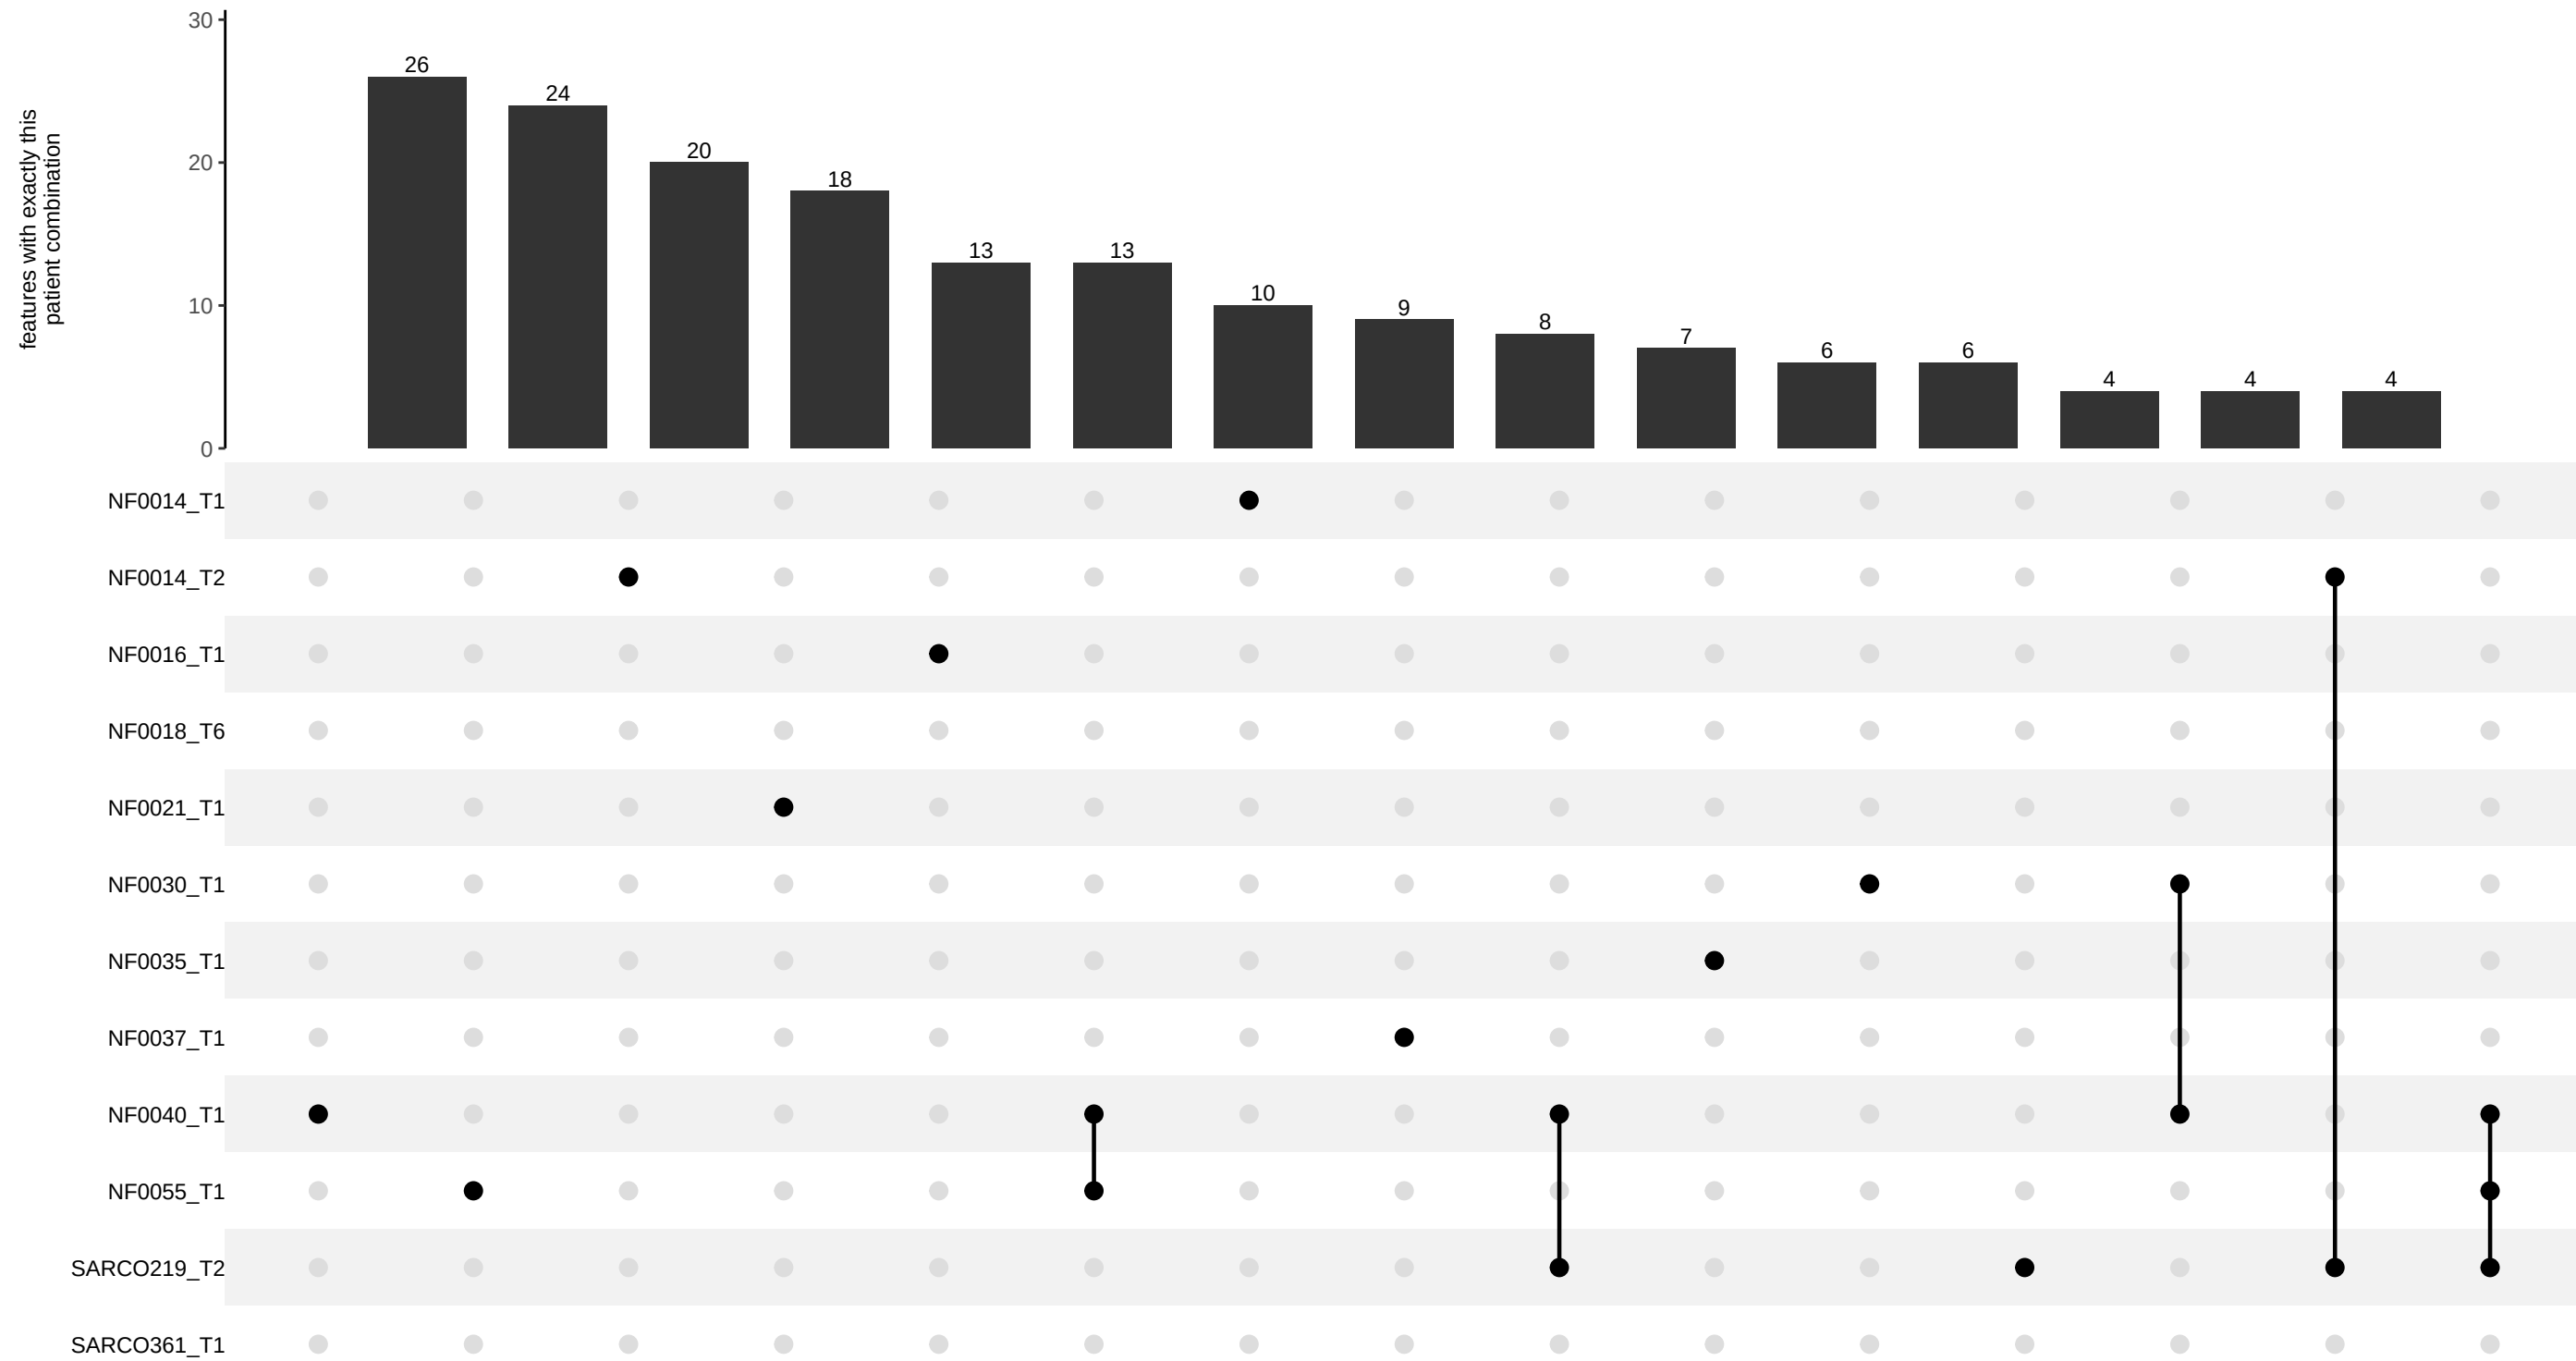

manhattan_distance_from_center | Nilotinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

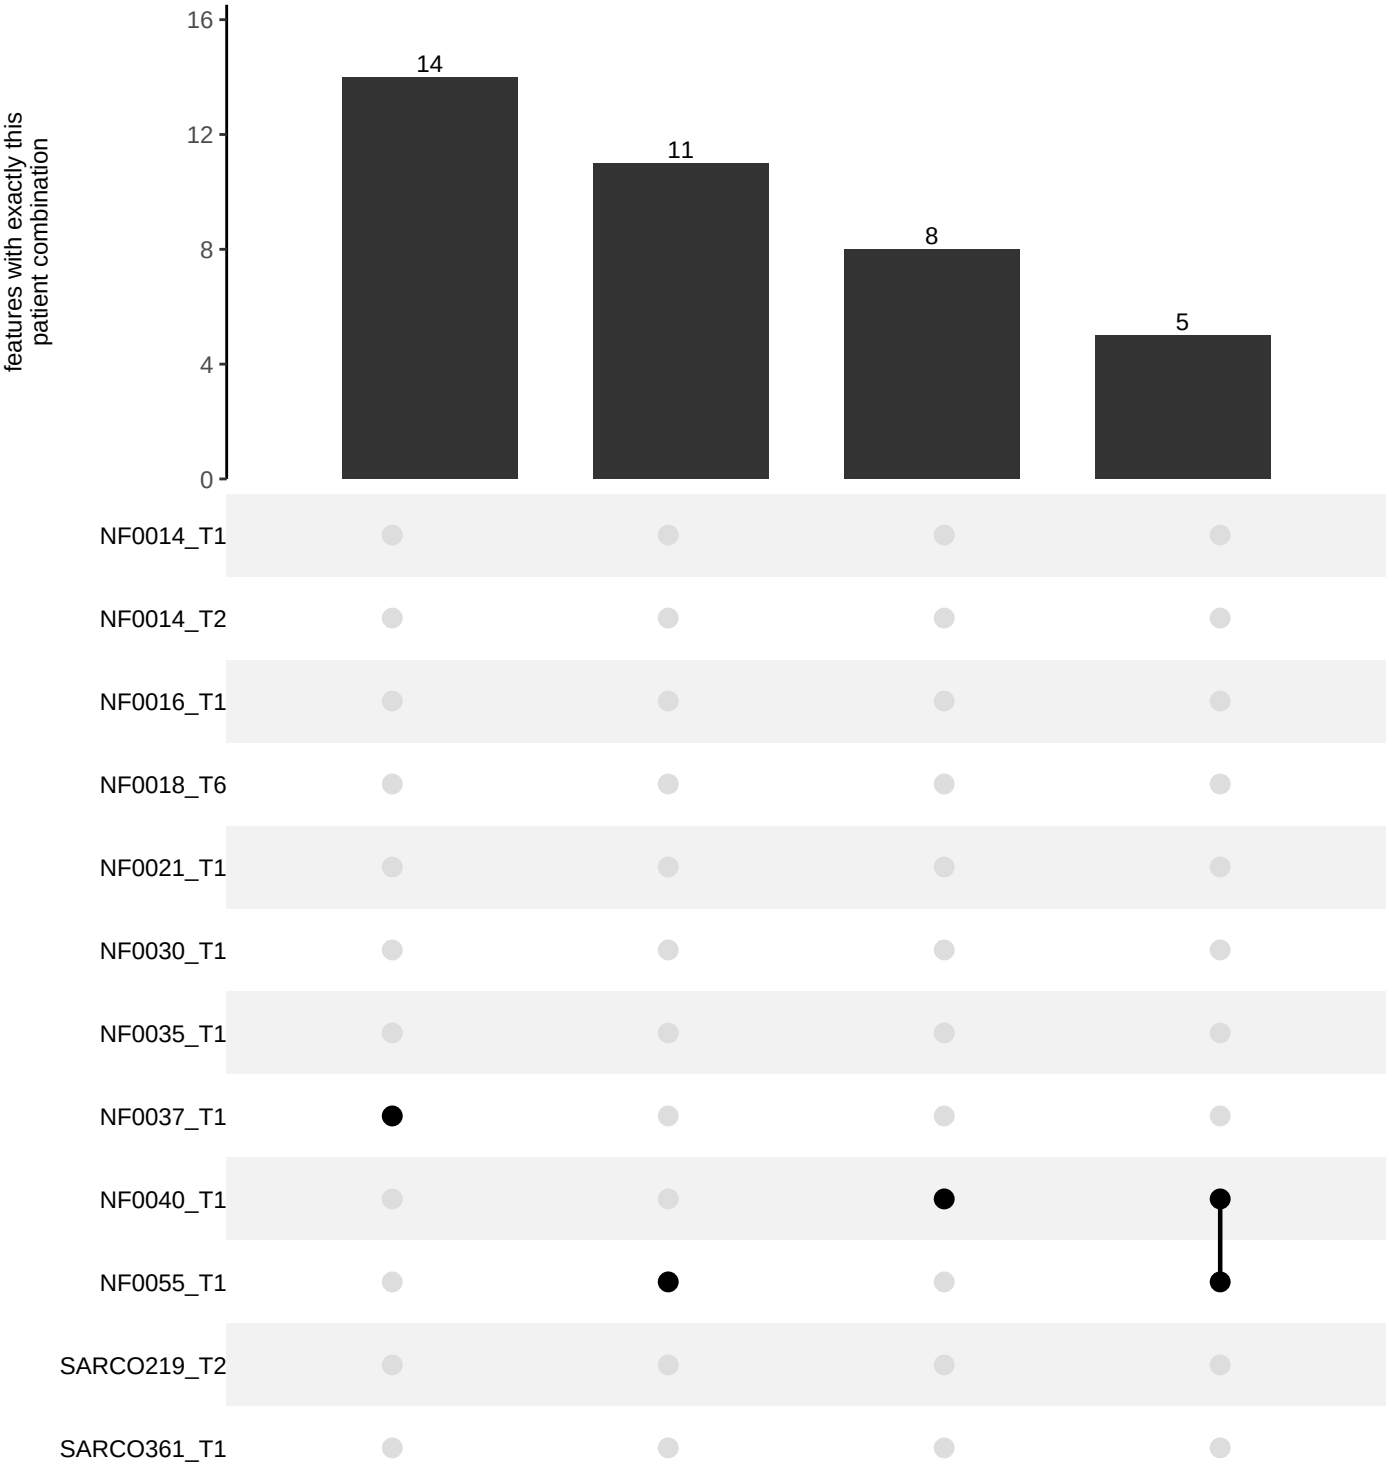

manhattan_distance_from_center | Onalespib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

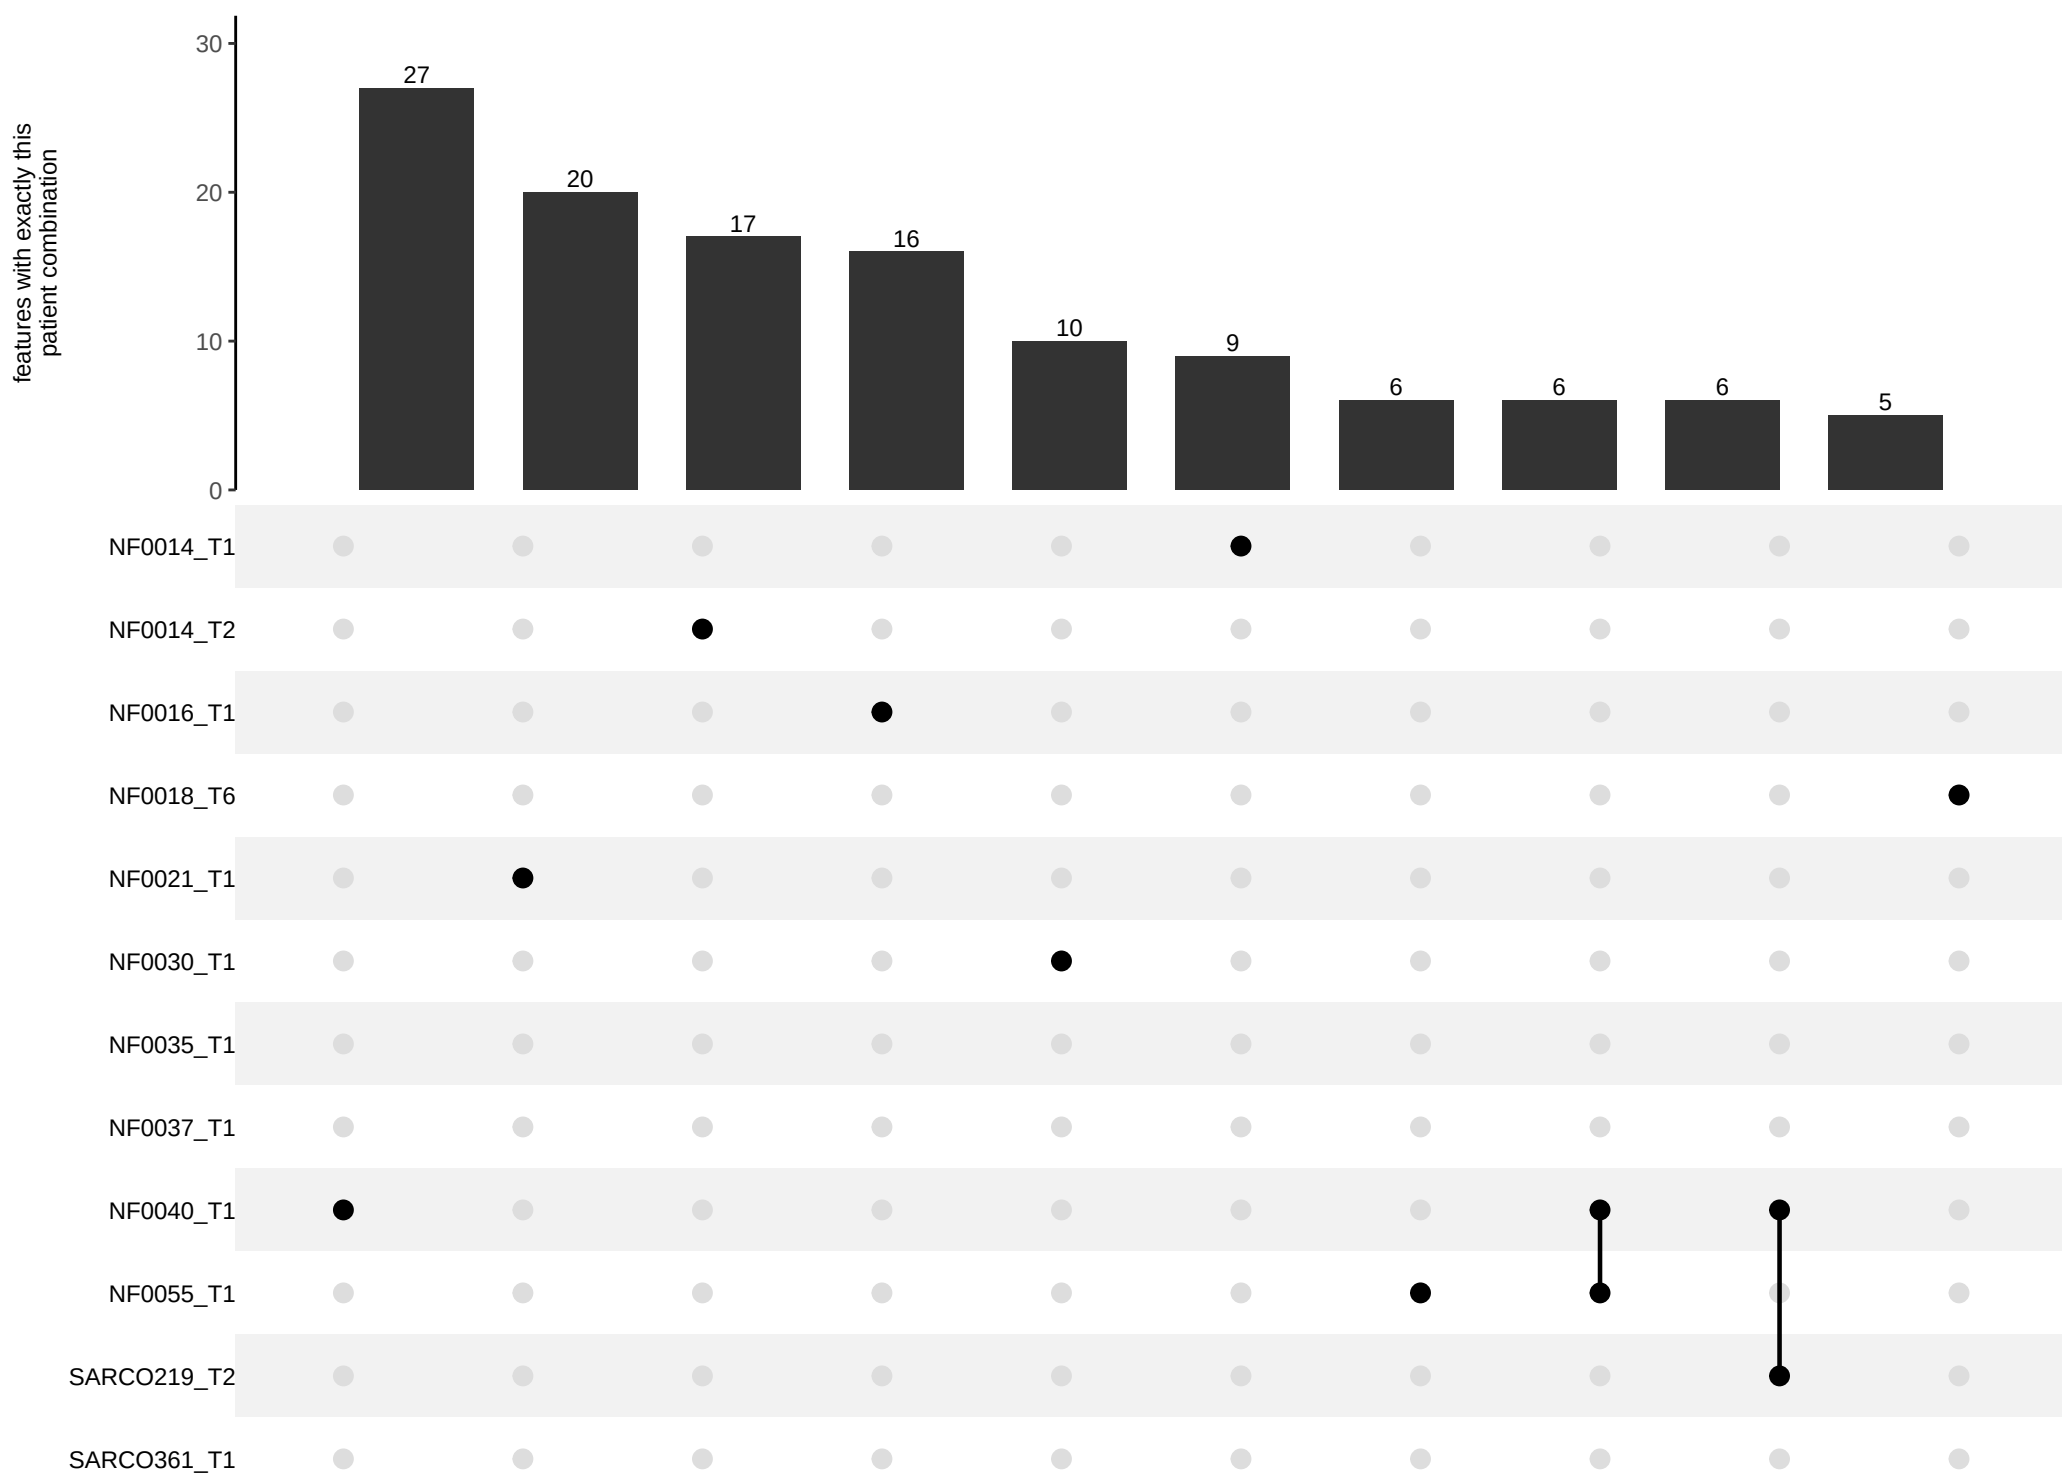

manhattan_distance_from_center | Panobinostat_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

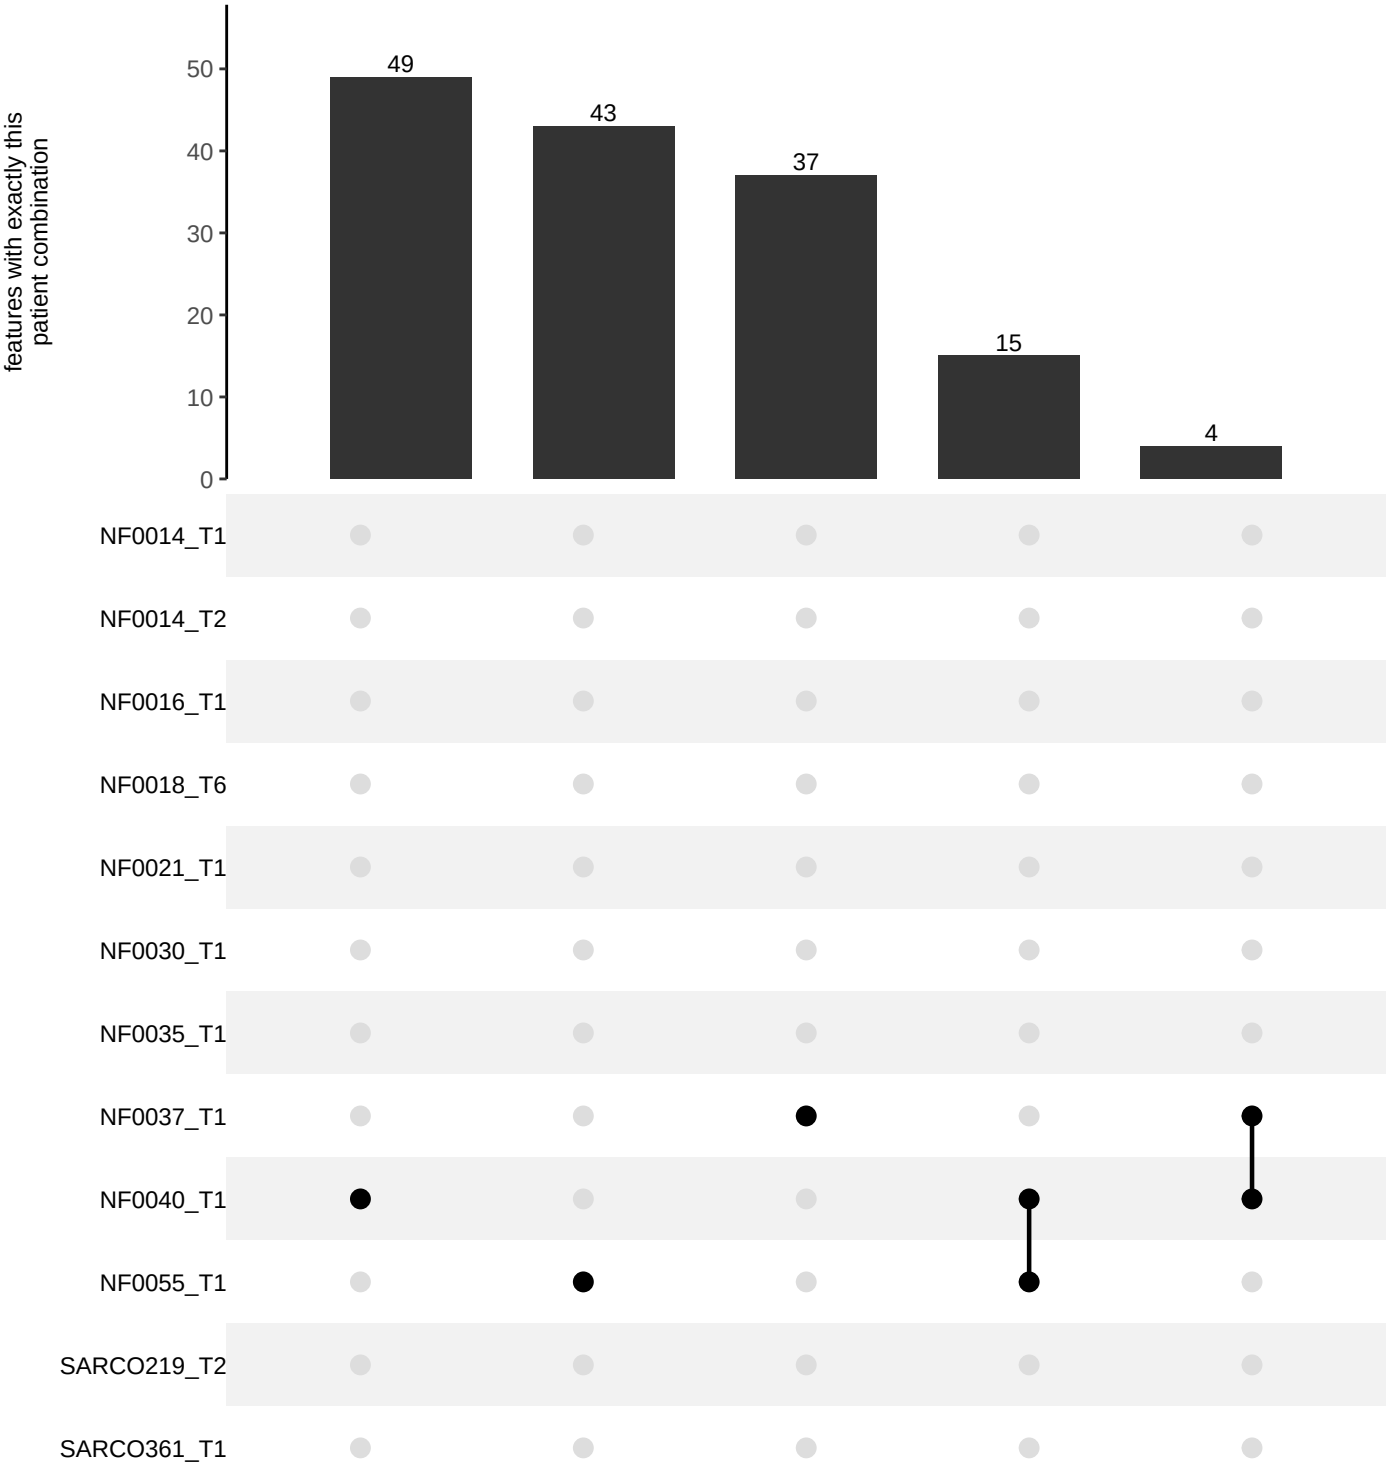

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

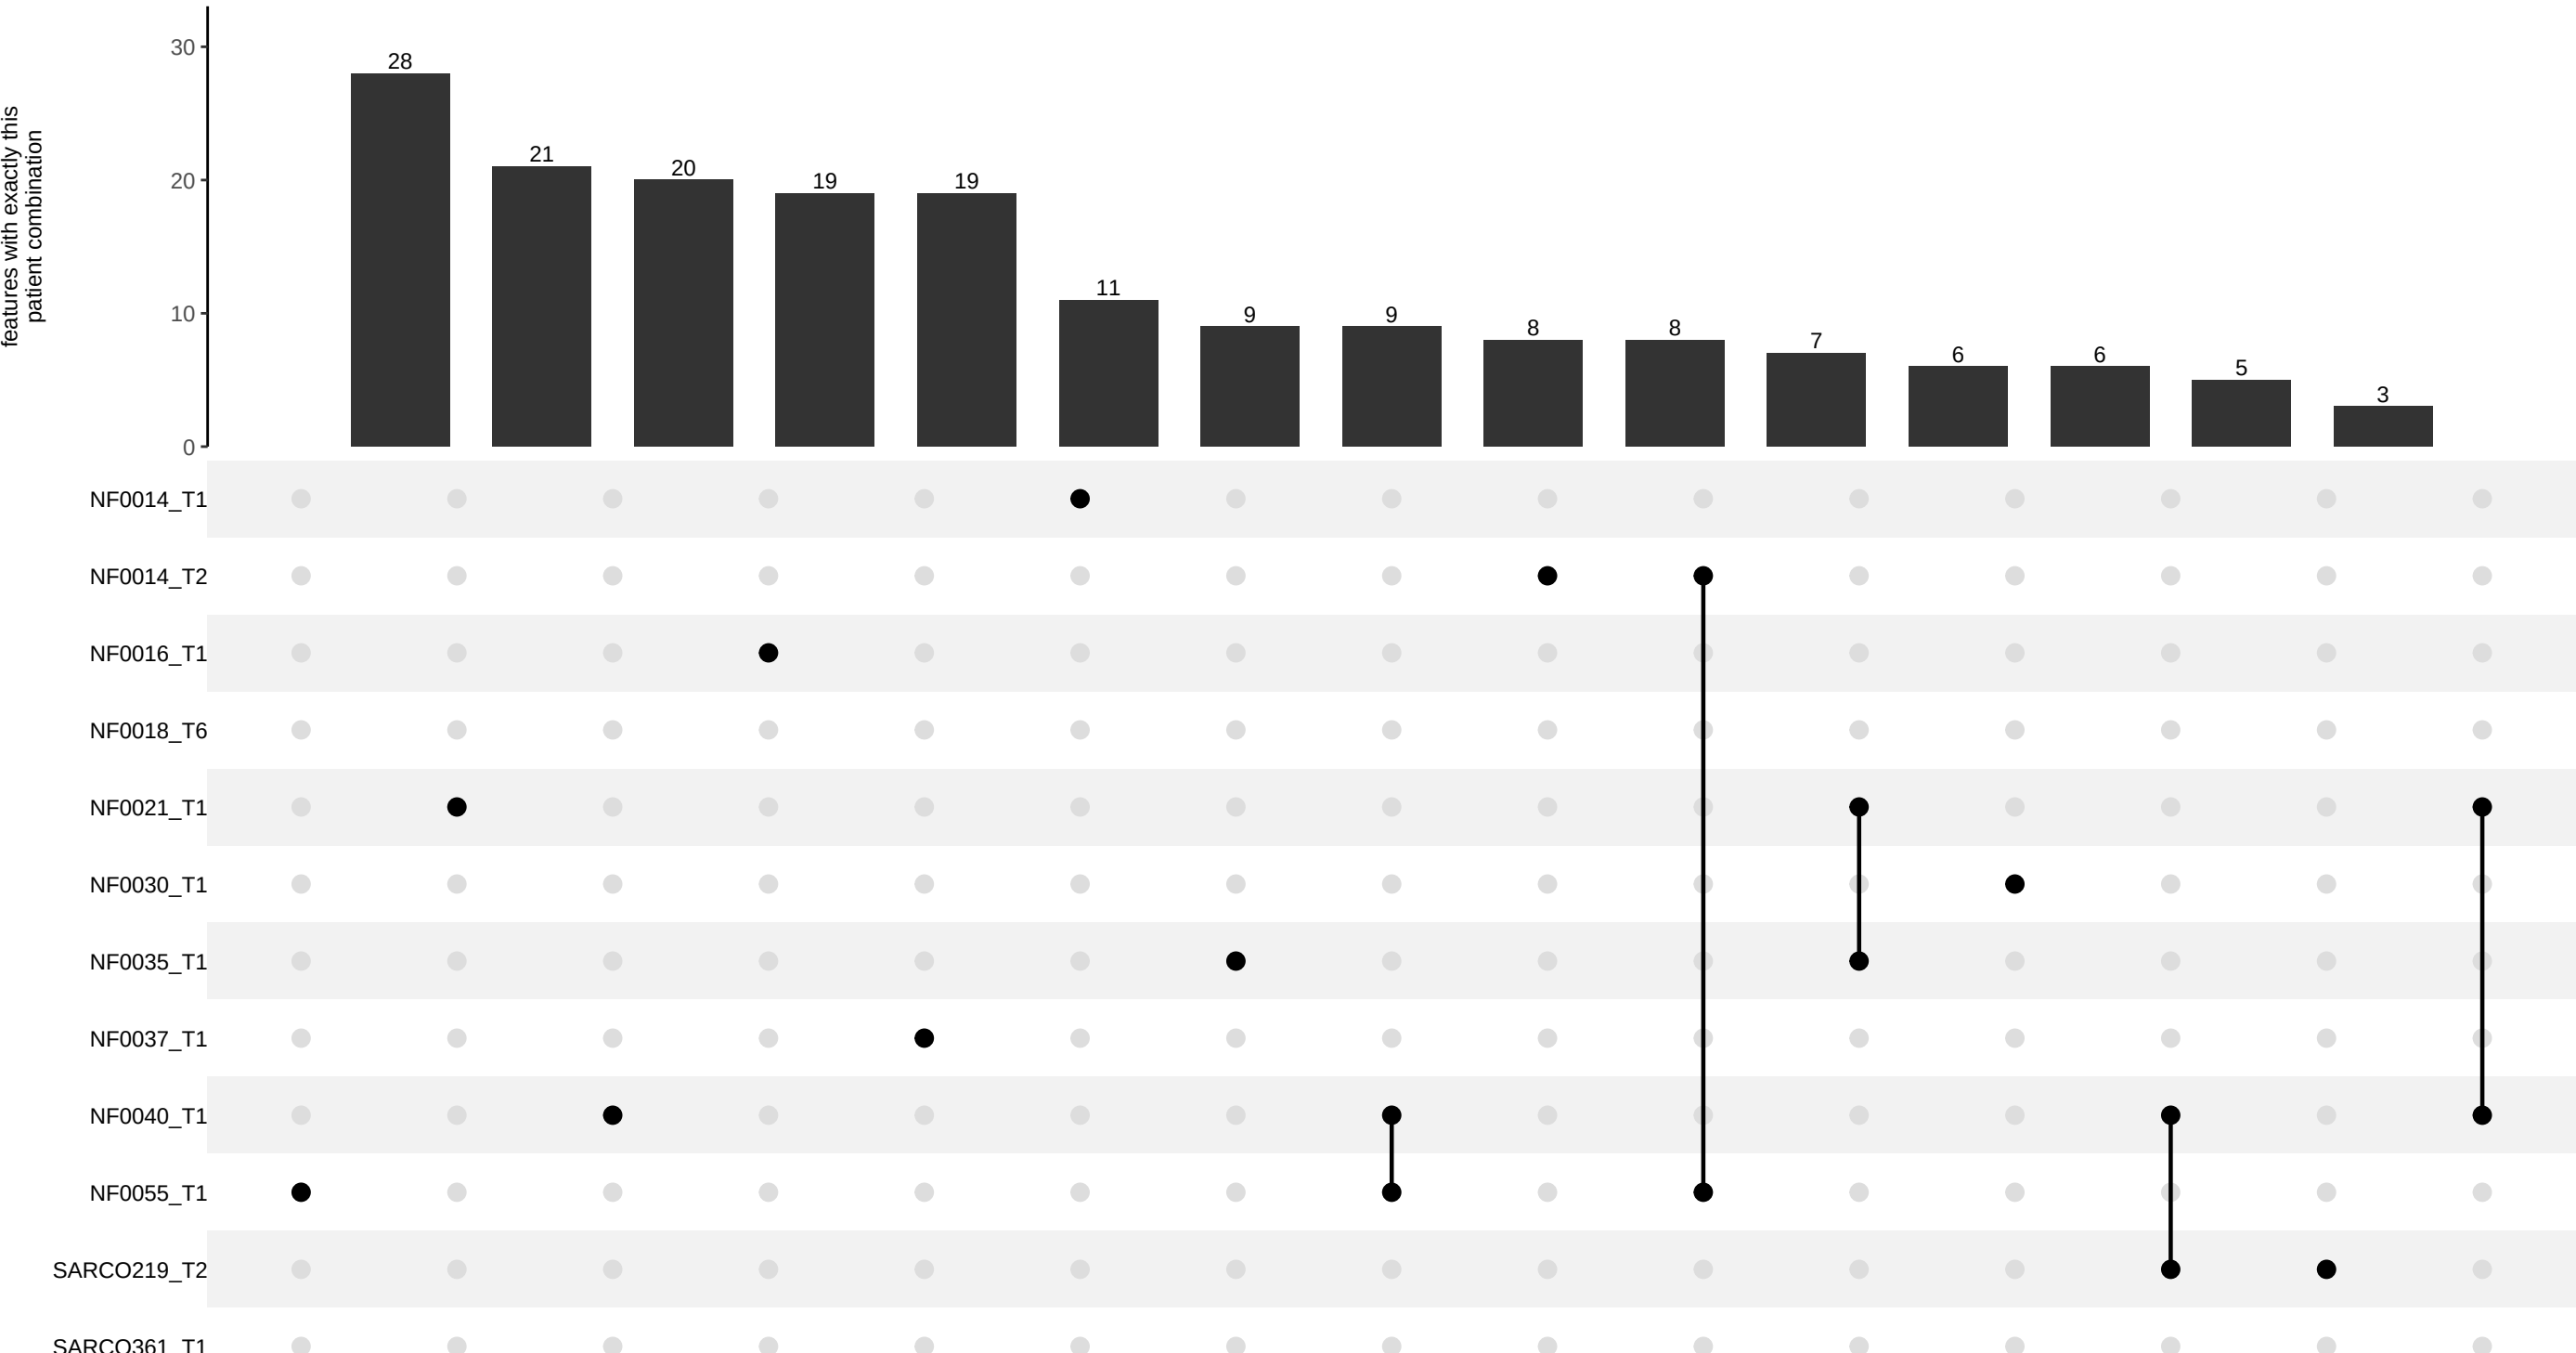

manhattan_distance_from_center | Sapanisertib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

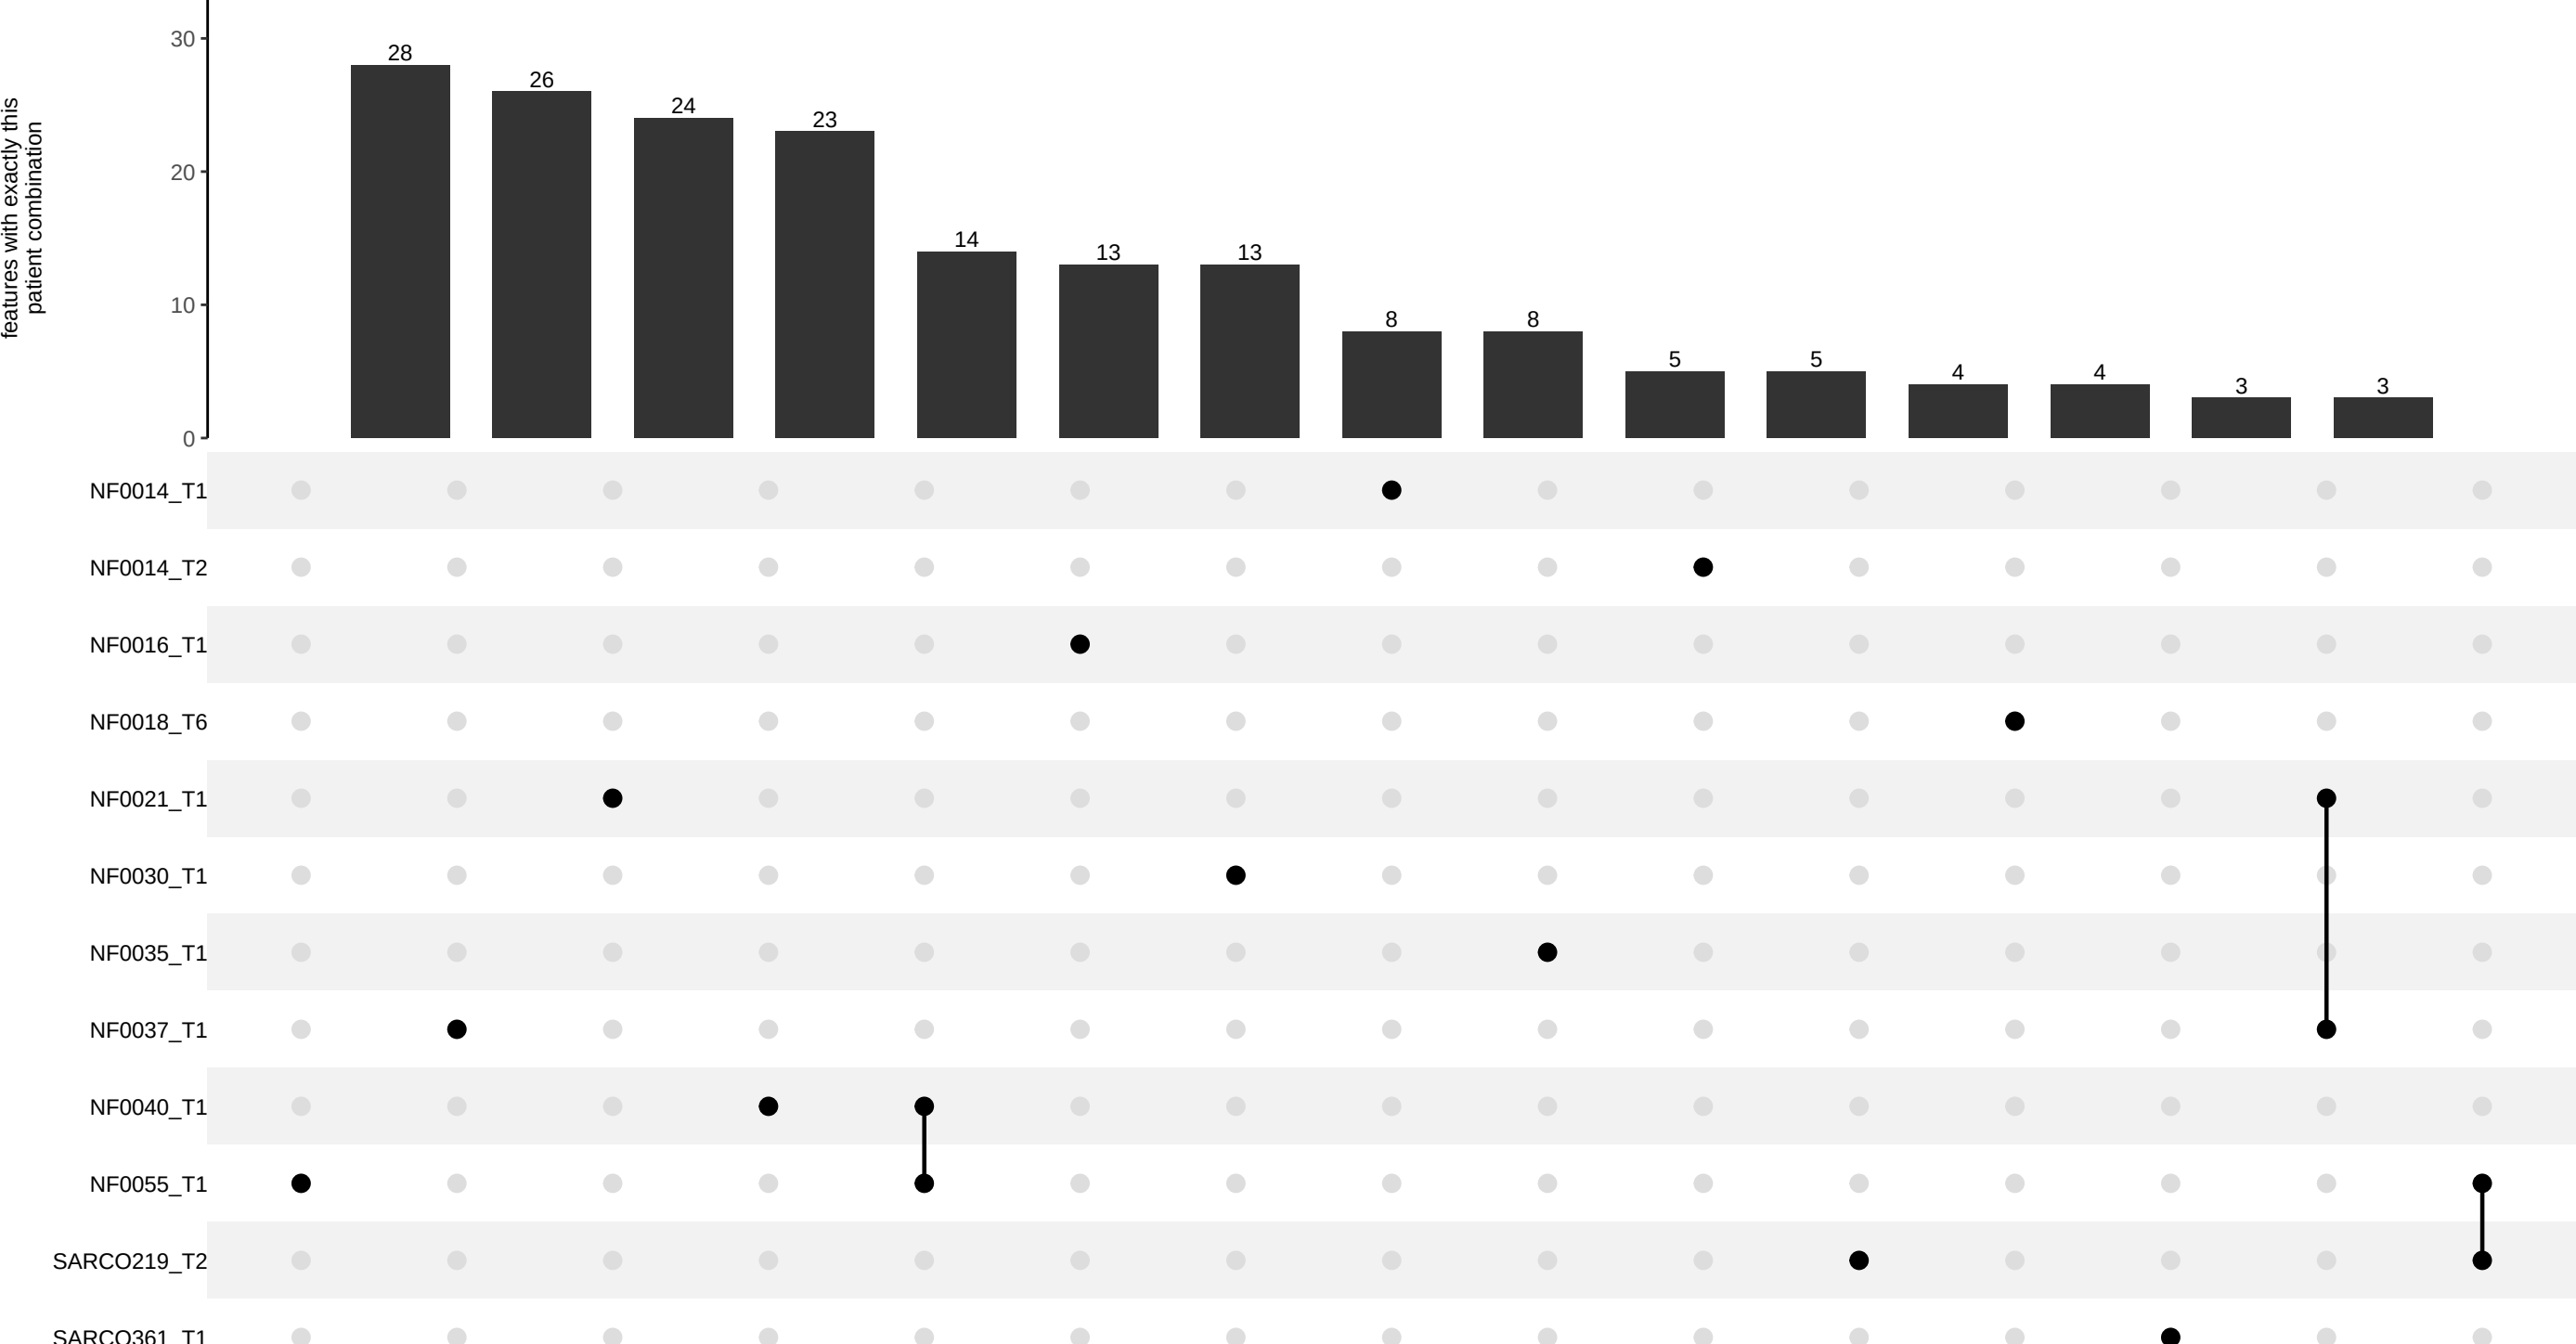

manhattan_distance_from_center | Selumetinib_10uM

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

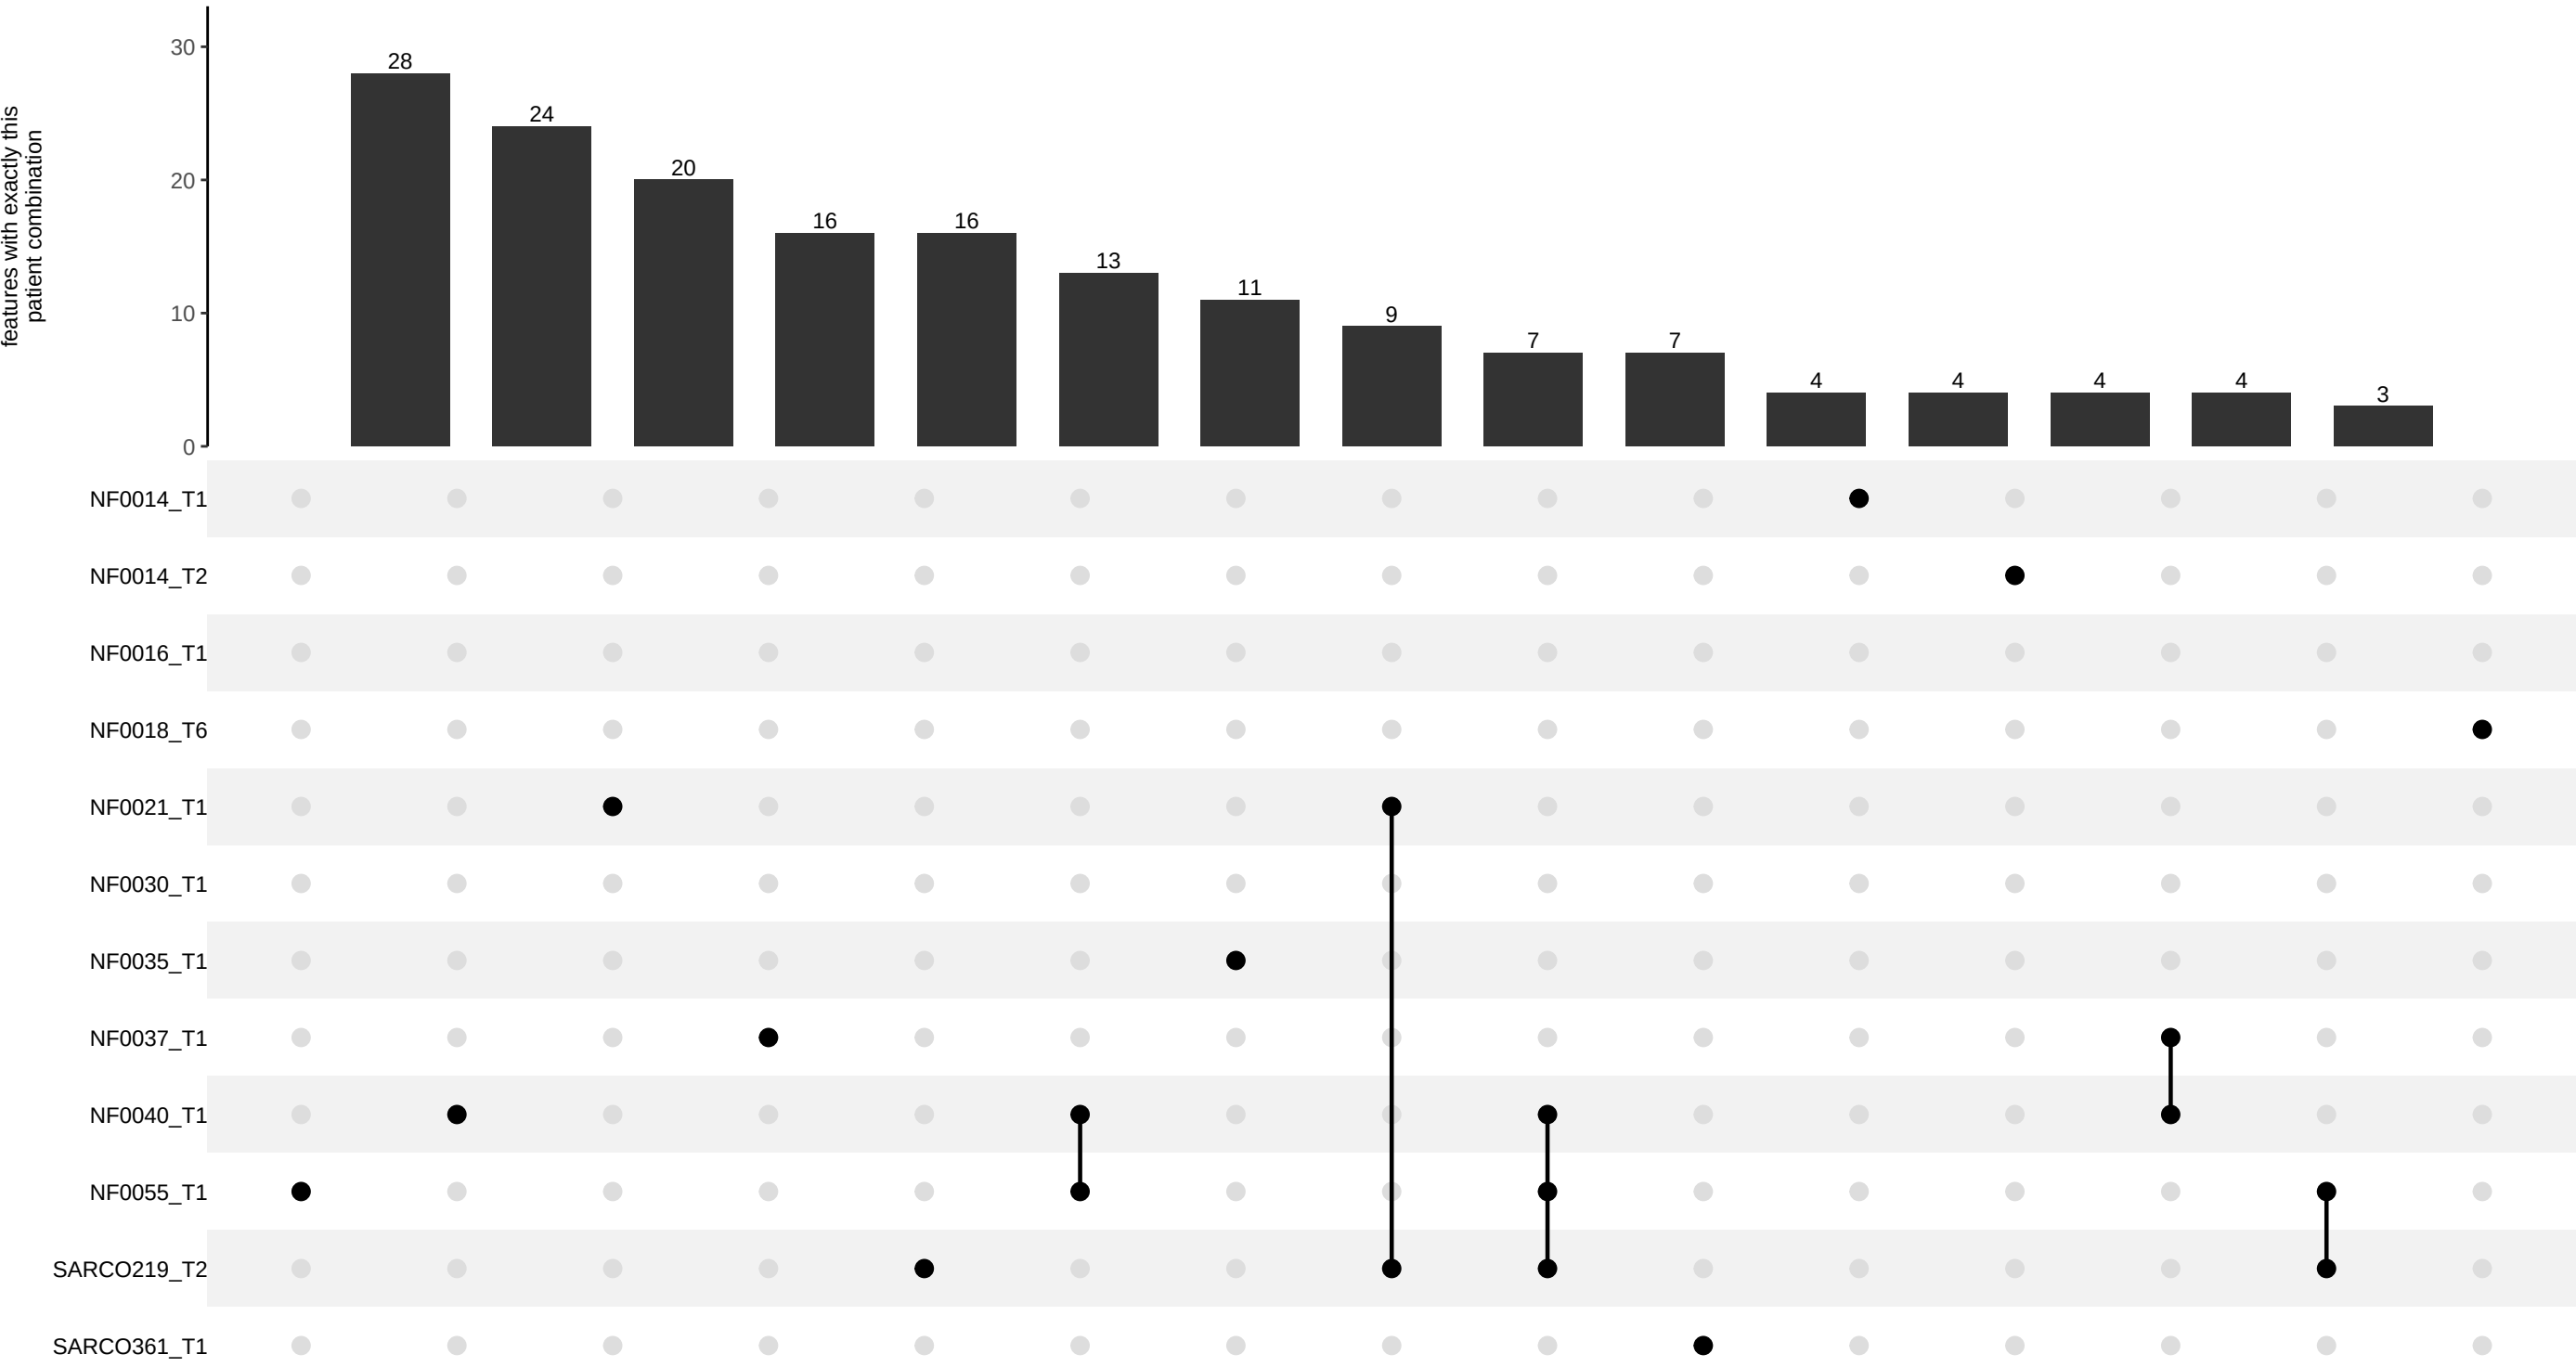

manhattan_distance_from_center | Selumetinib_1uM

Features significant for exactly these variates, by the patients they occur in (bars: number of features shared by exactly that patient combination)

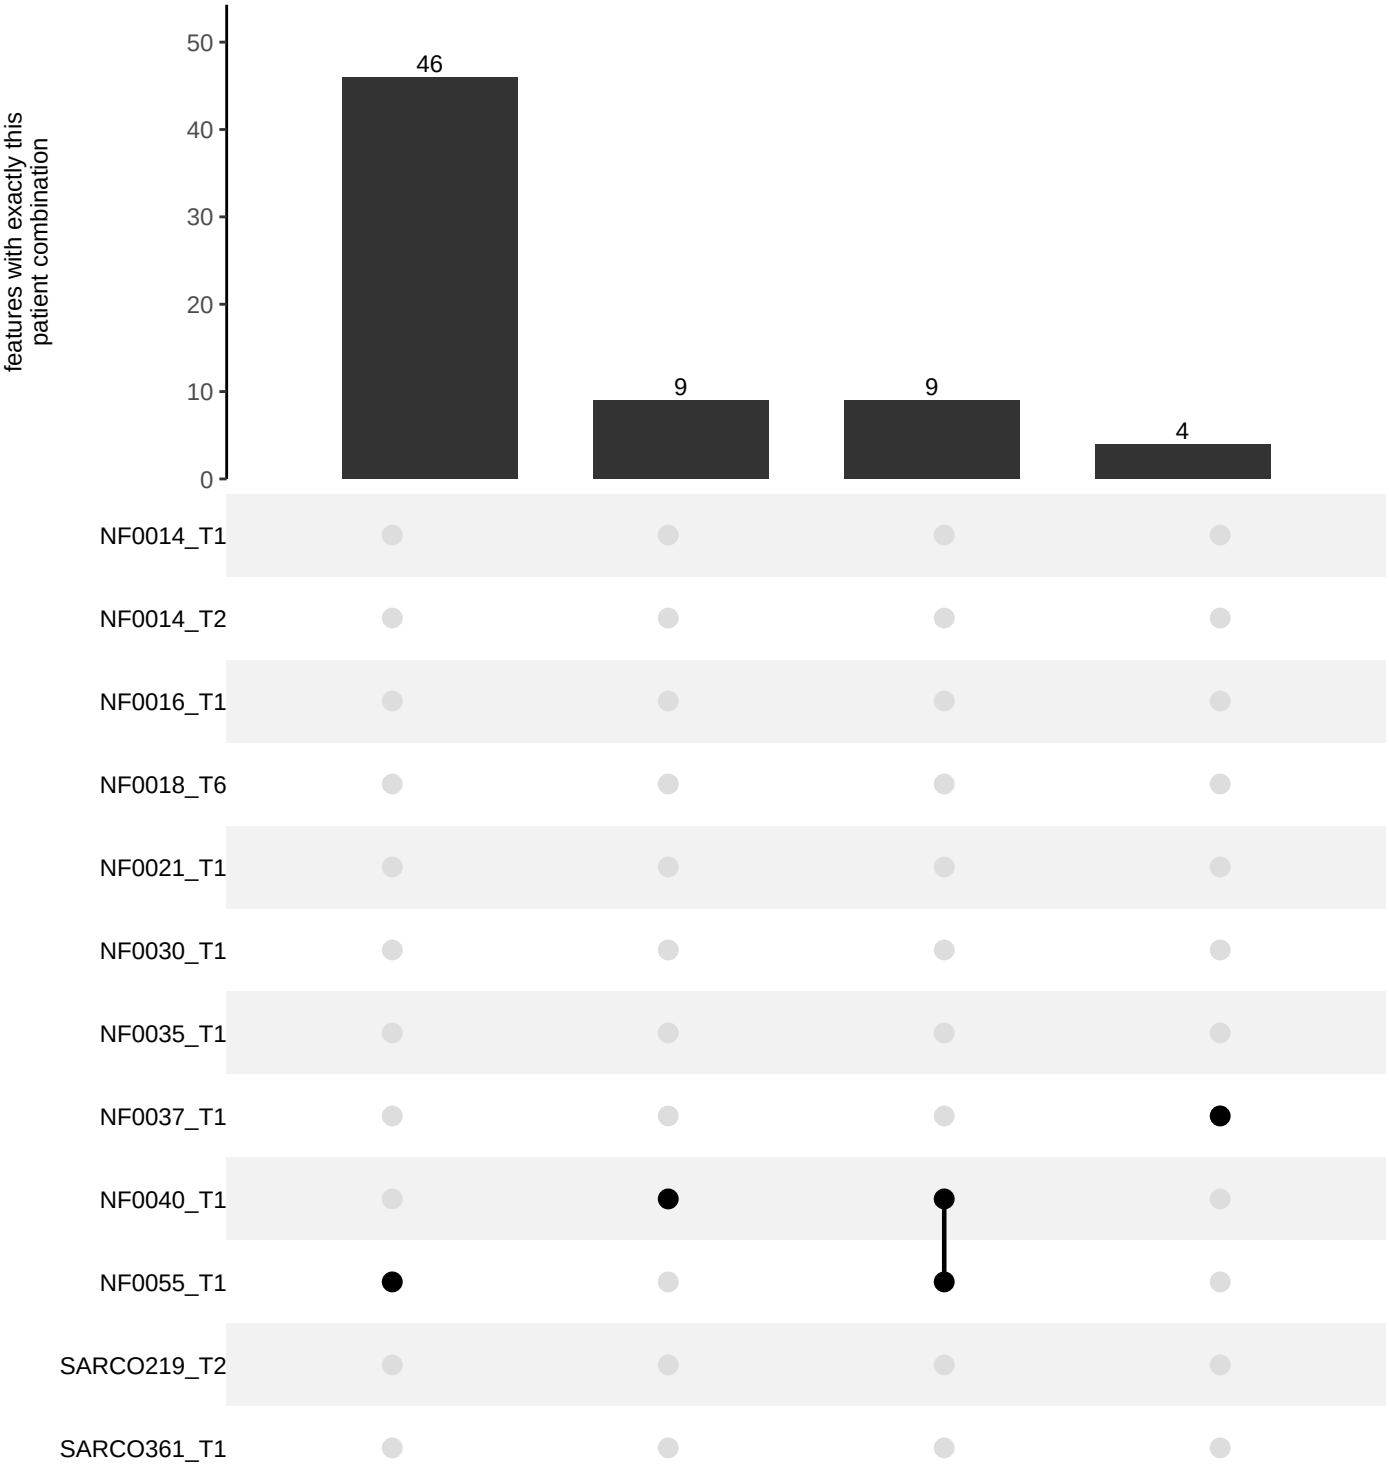

manhattan_distance_from_center | Staurosporine_10nM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

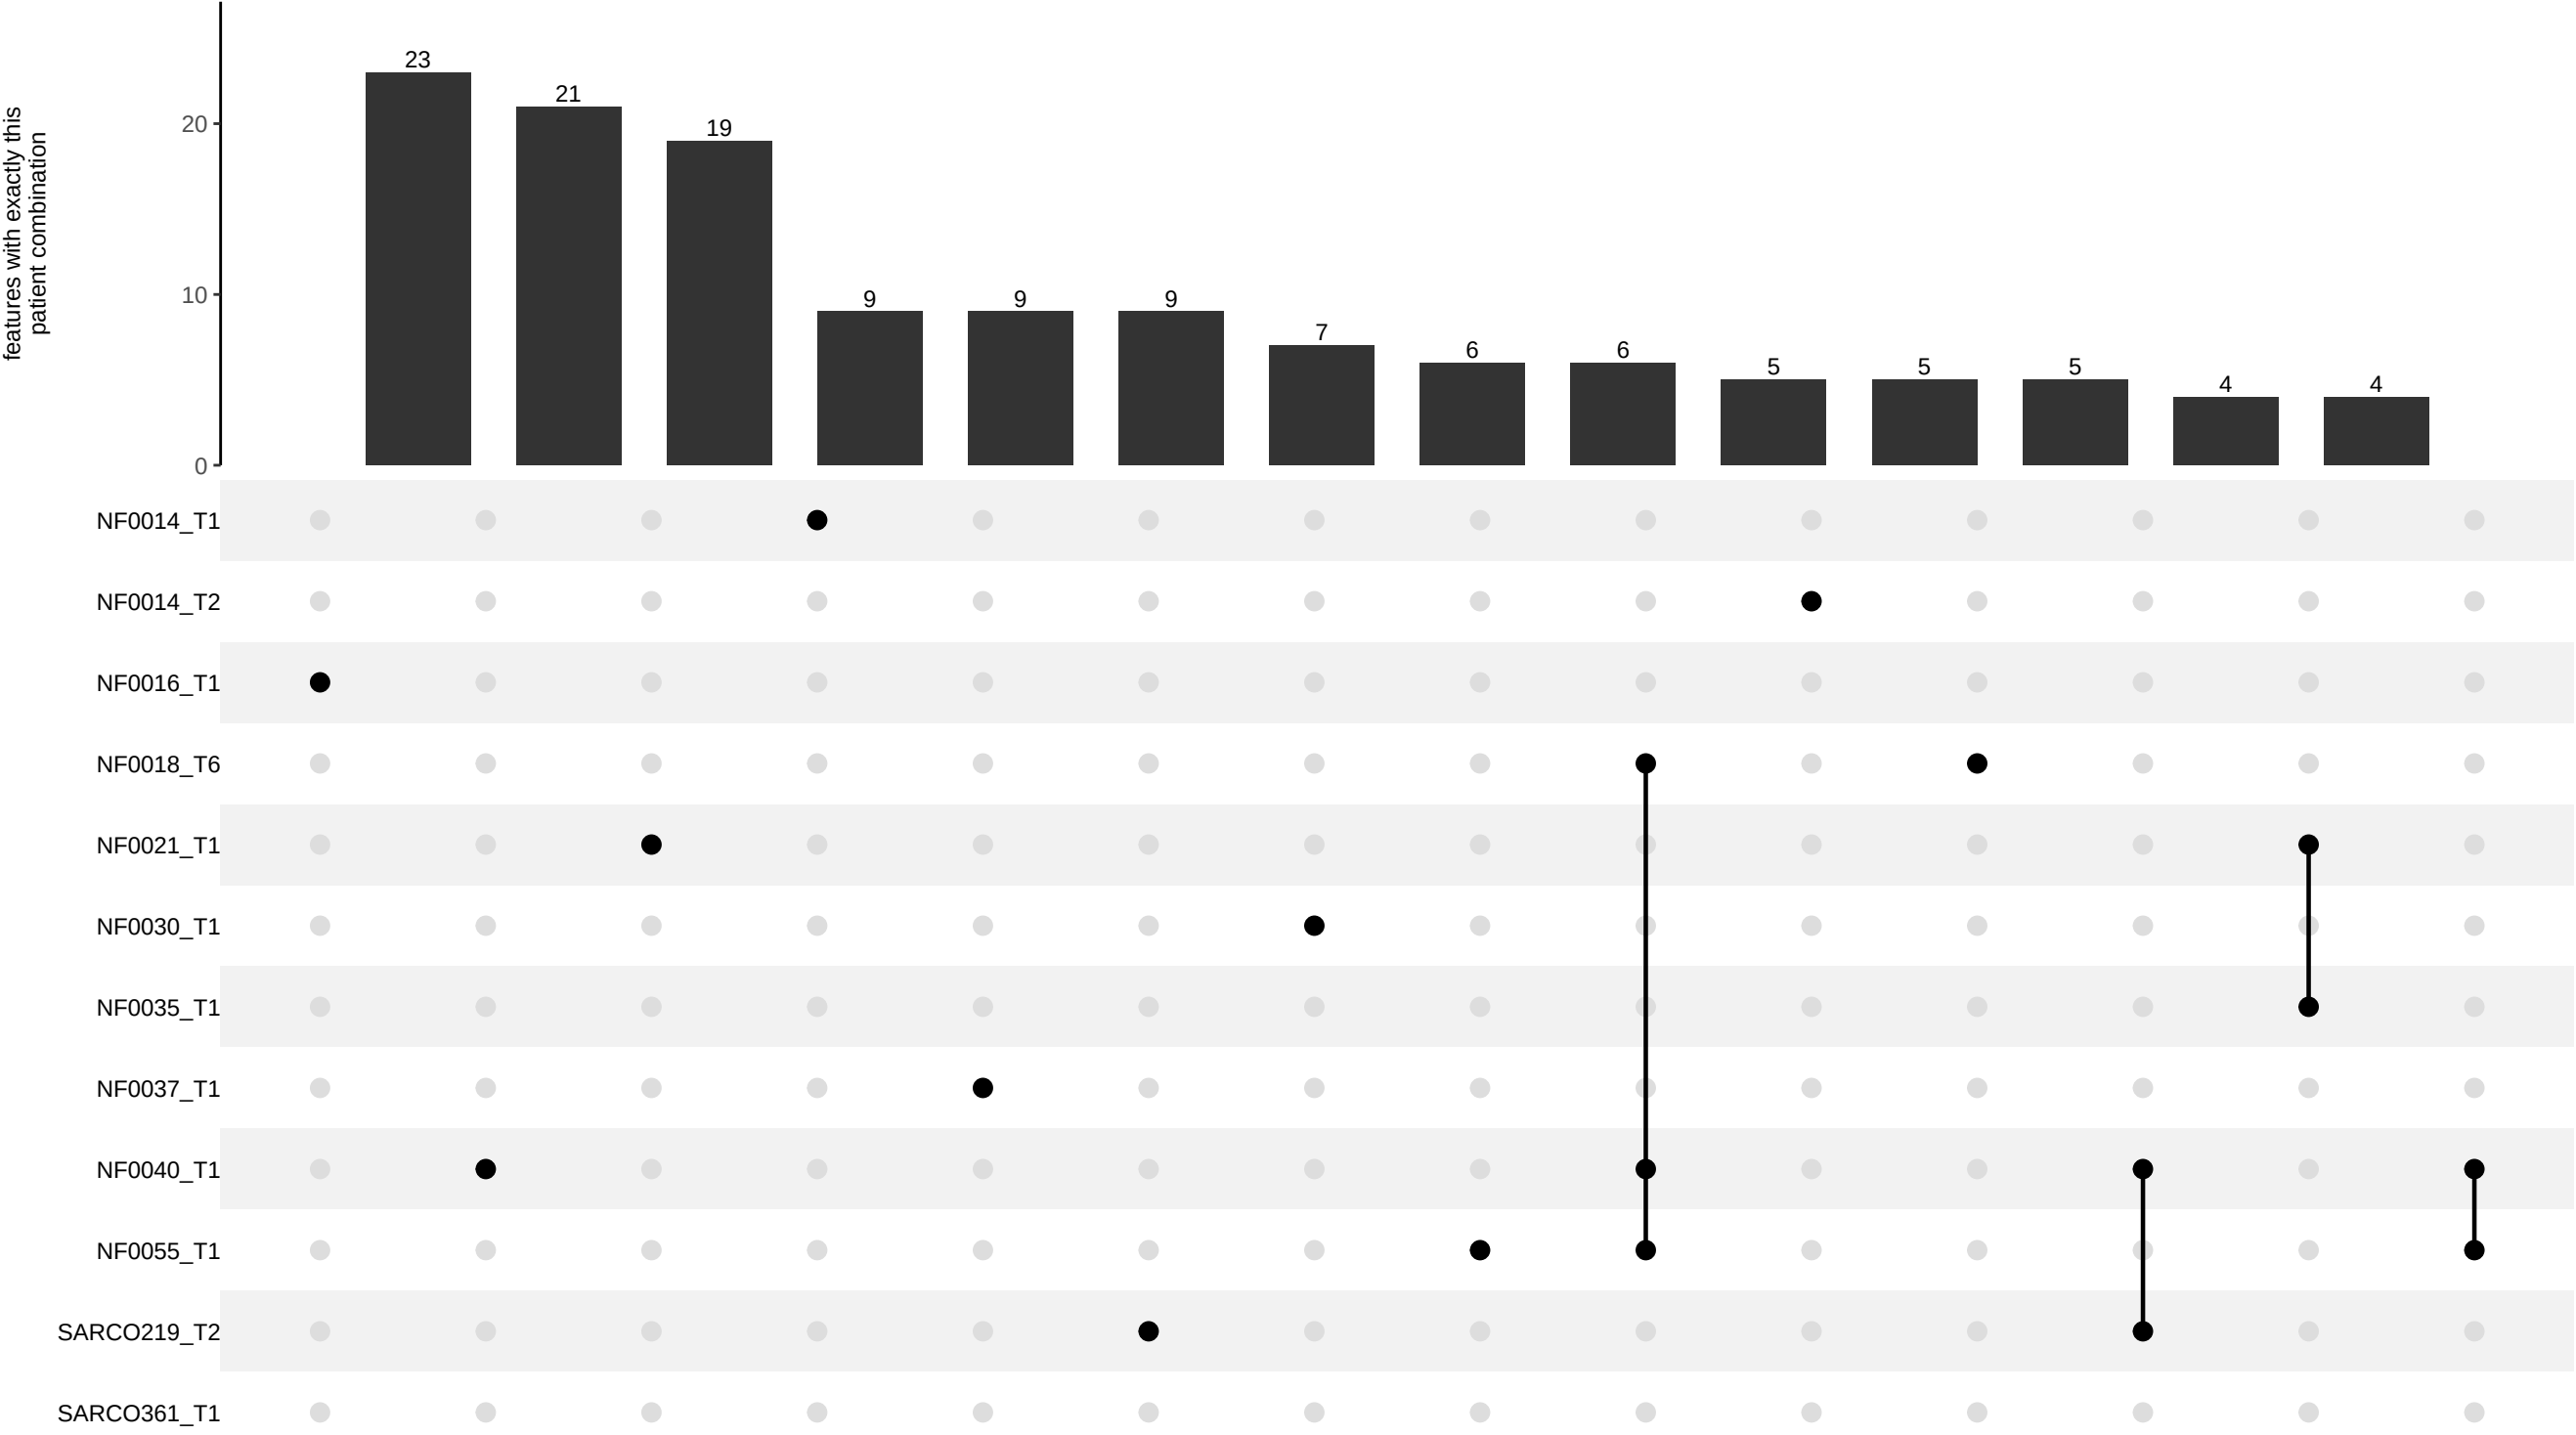

manhattan_distance_from_center | Trabectedin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

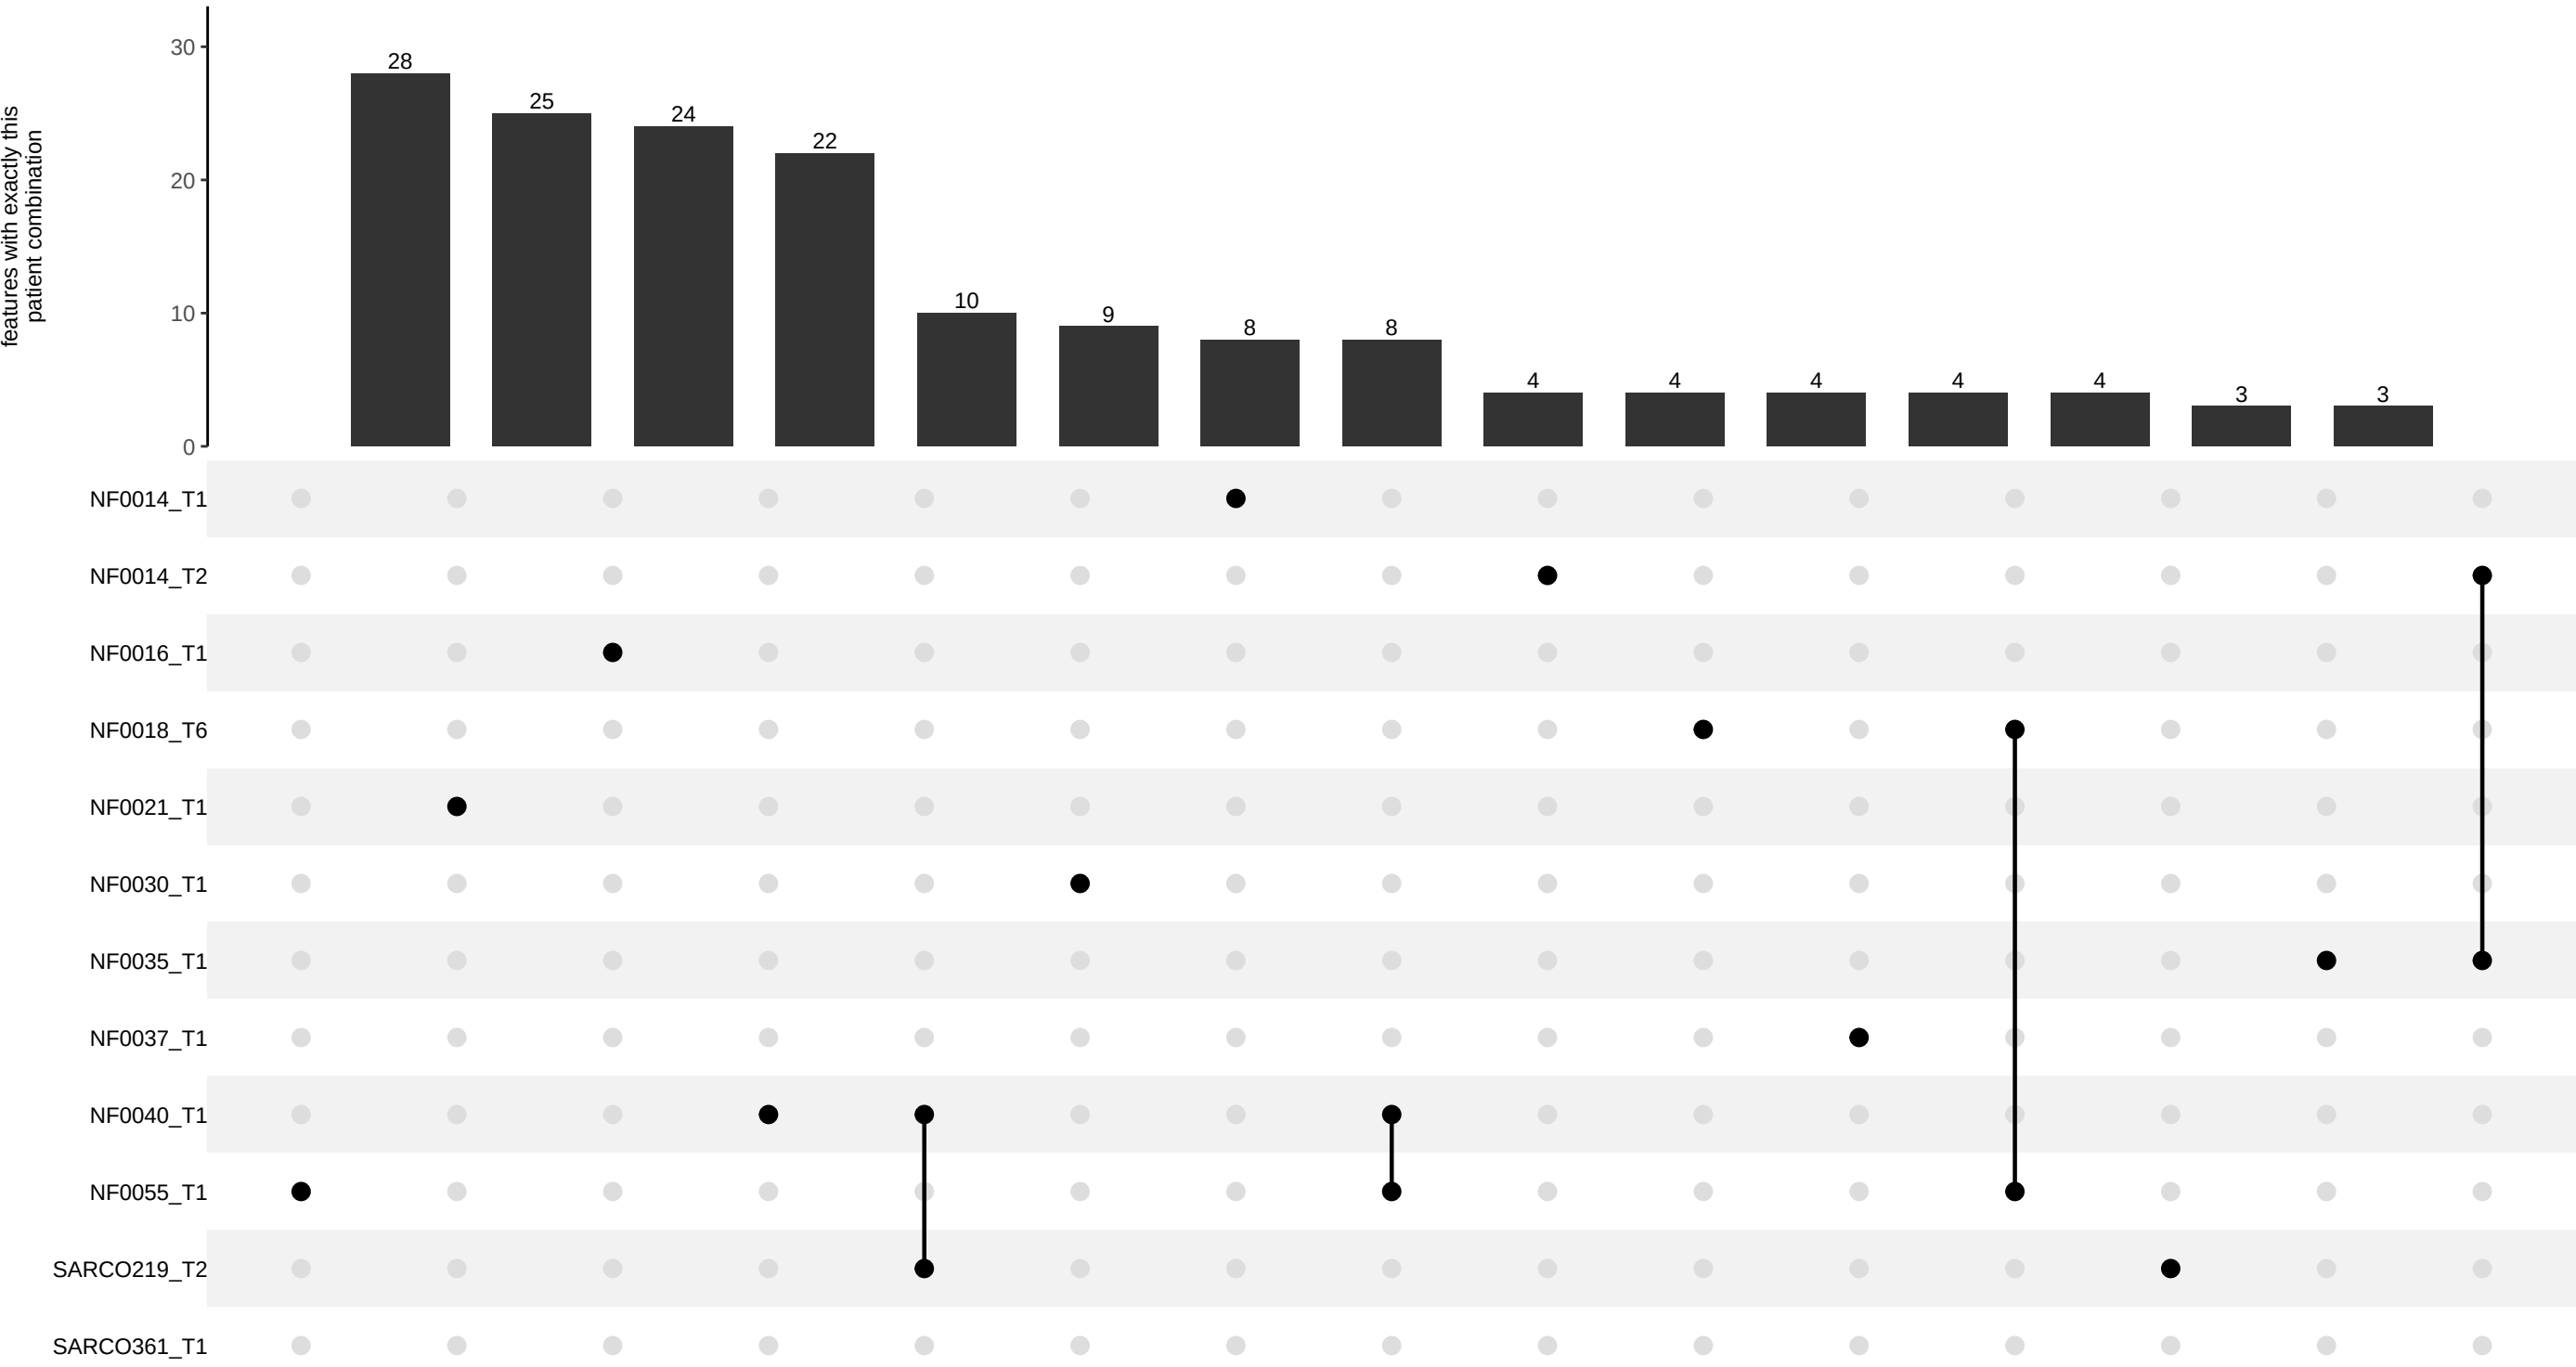

manhattan_distance_from_center | Trametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

manhattan_distance_from_center | Trametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

manhattan_distance_from_center | Vistusertib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)
