

treatment + cell_per_organoid_count + cell_count | Binimetinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

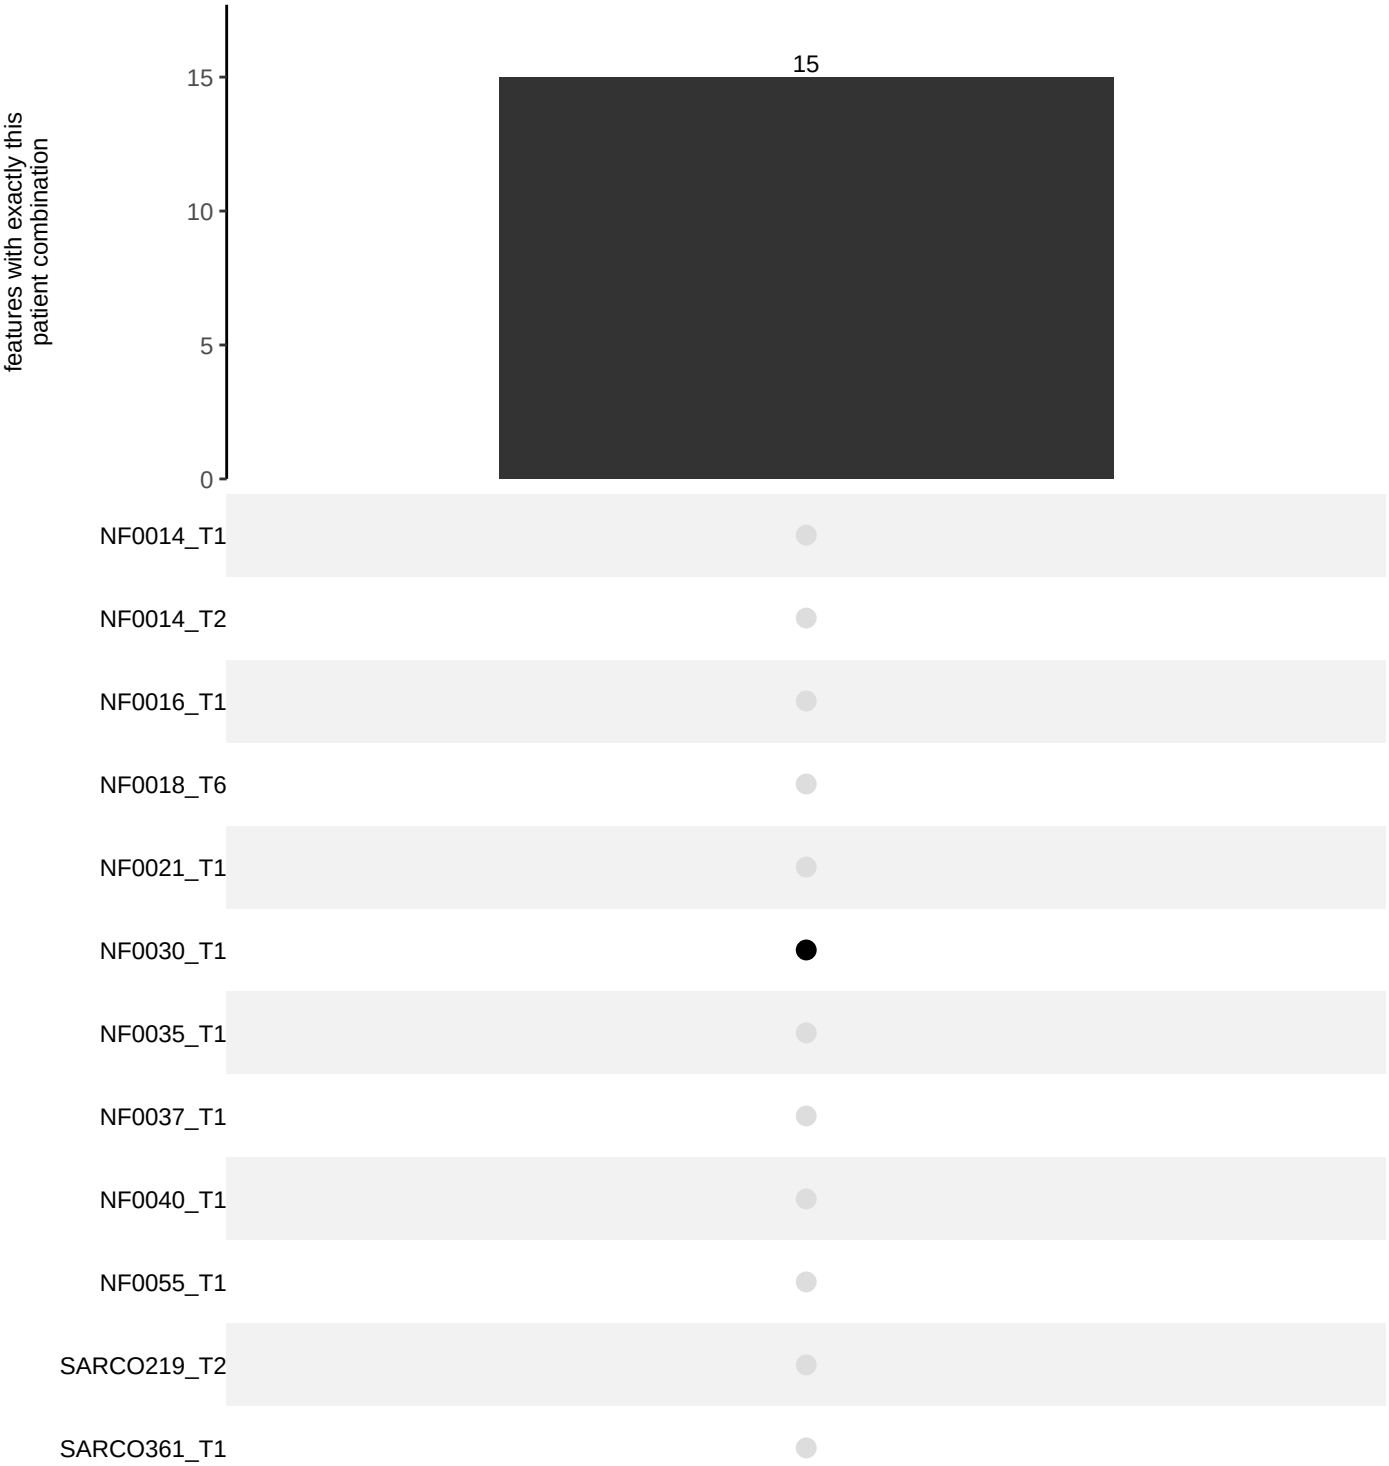

treatment + cell_per_organoid_count + cell_count | Copanlisib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

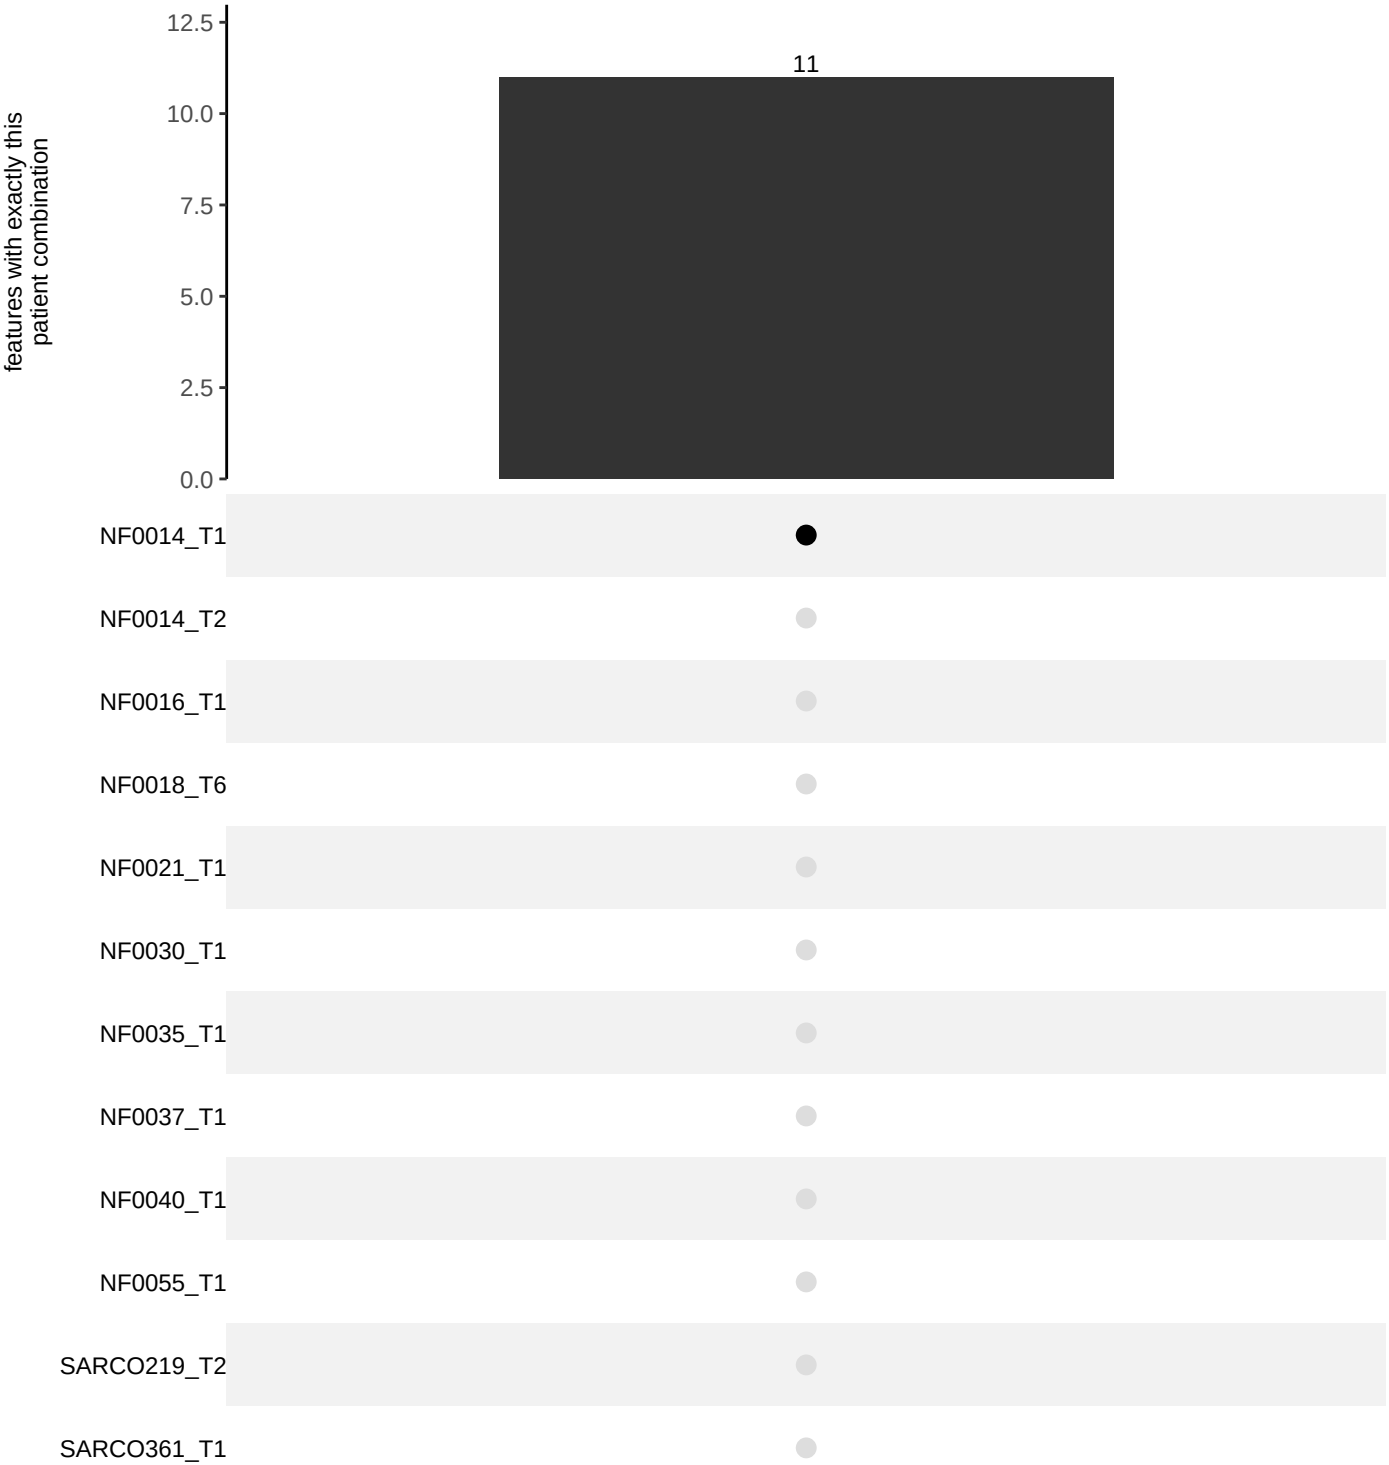

treatment + cell_per_organoid_count + cell_count | Digoxin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

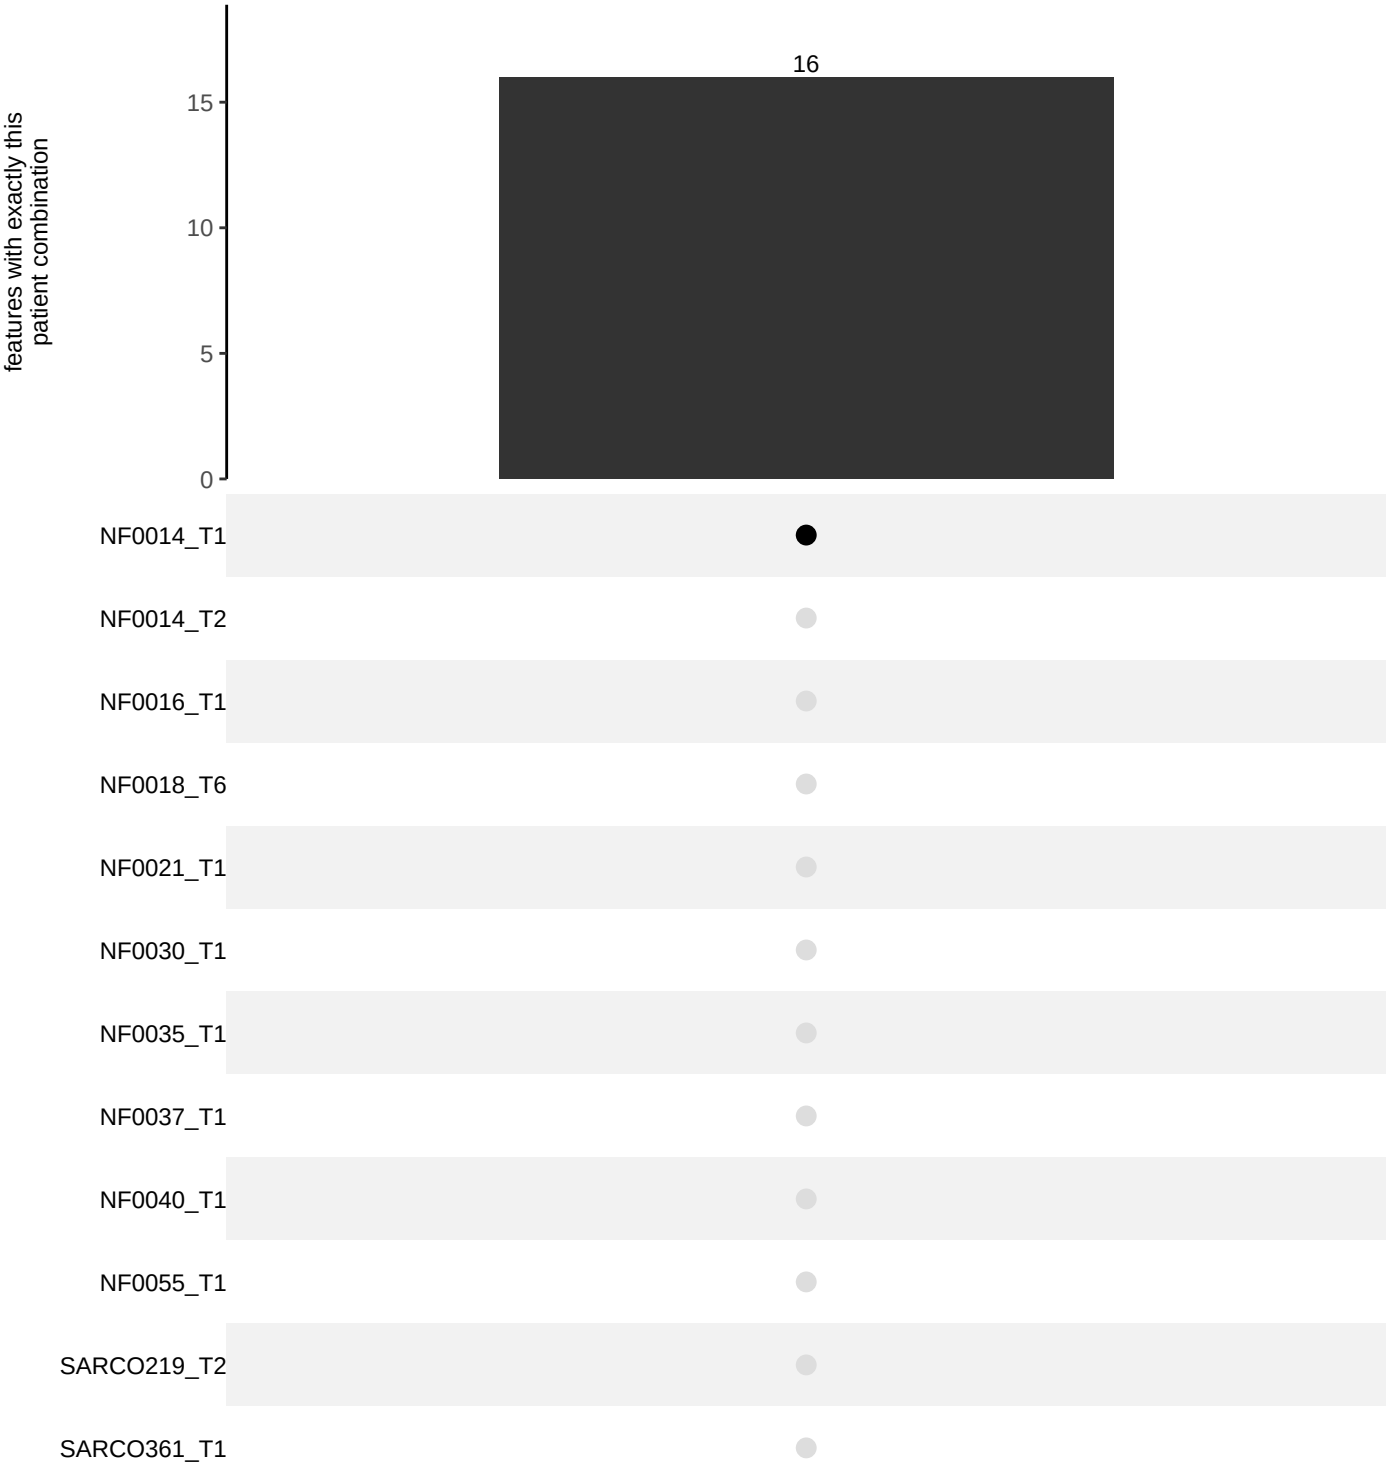

treatment + cell_per_organoid_count + cell_count | Everolimus_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

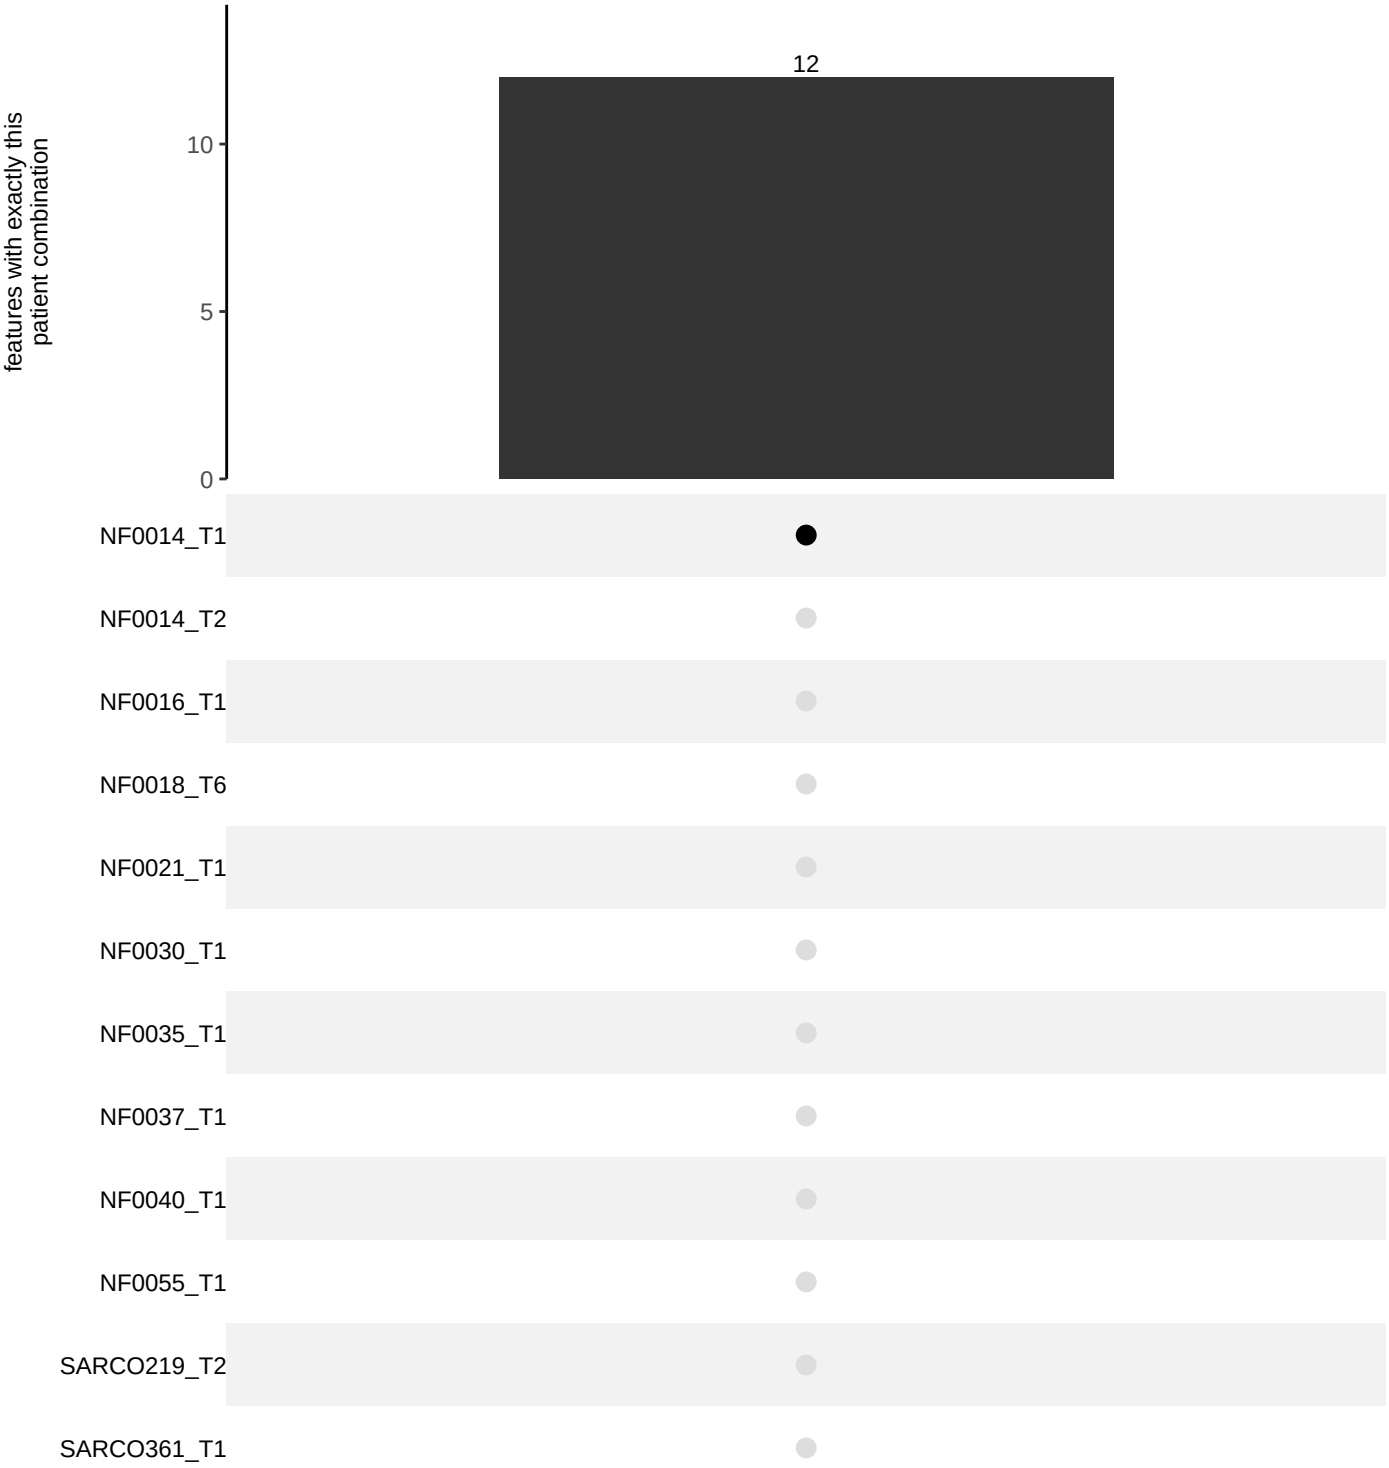

treatment + cell_per_organoid_count + cell_count | Linsitinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

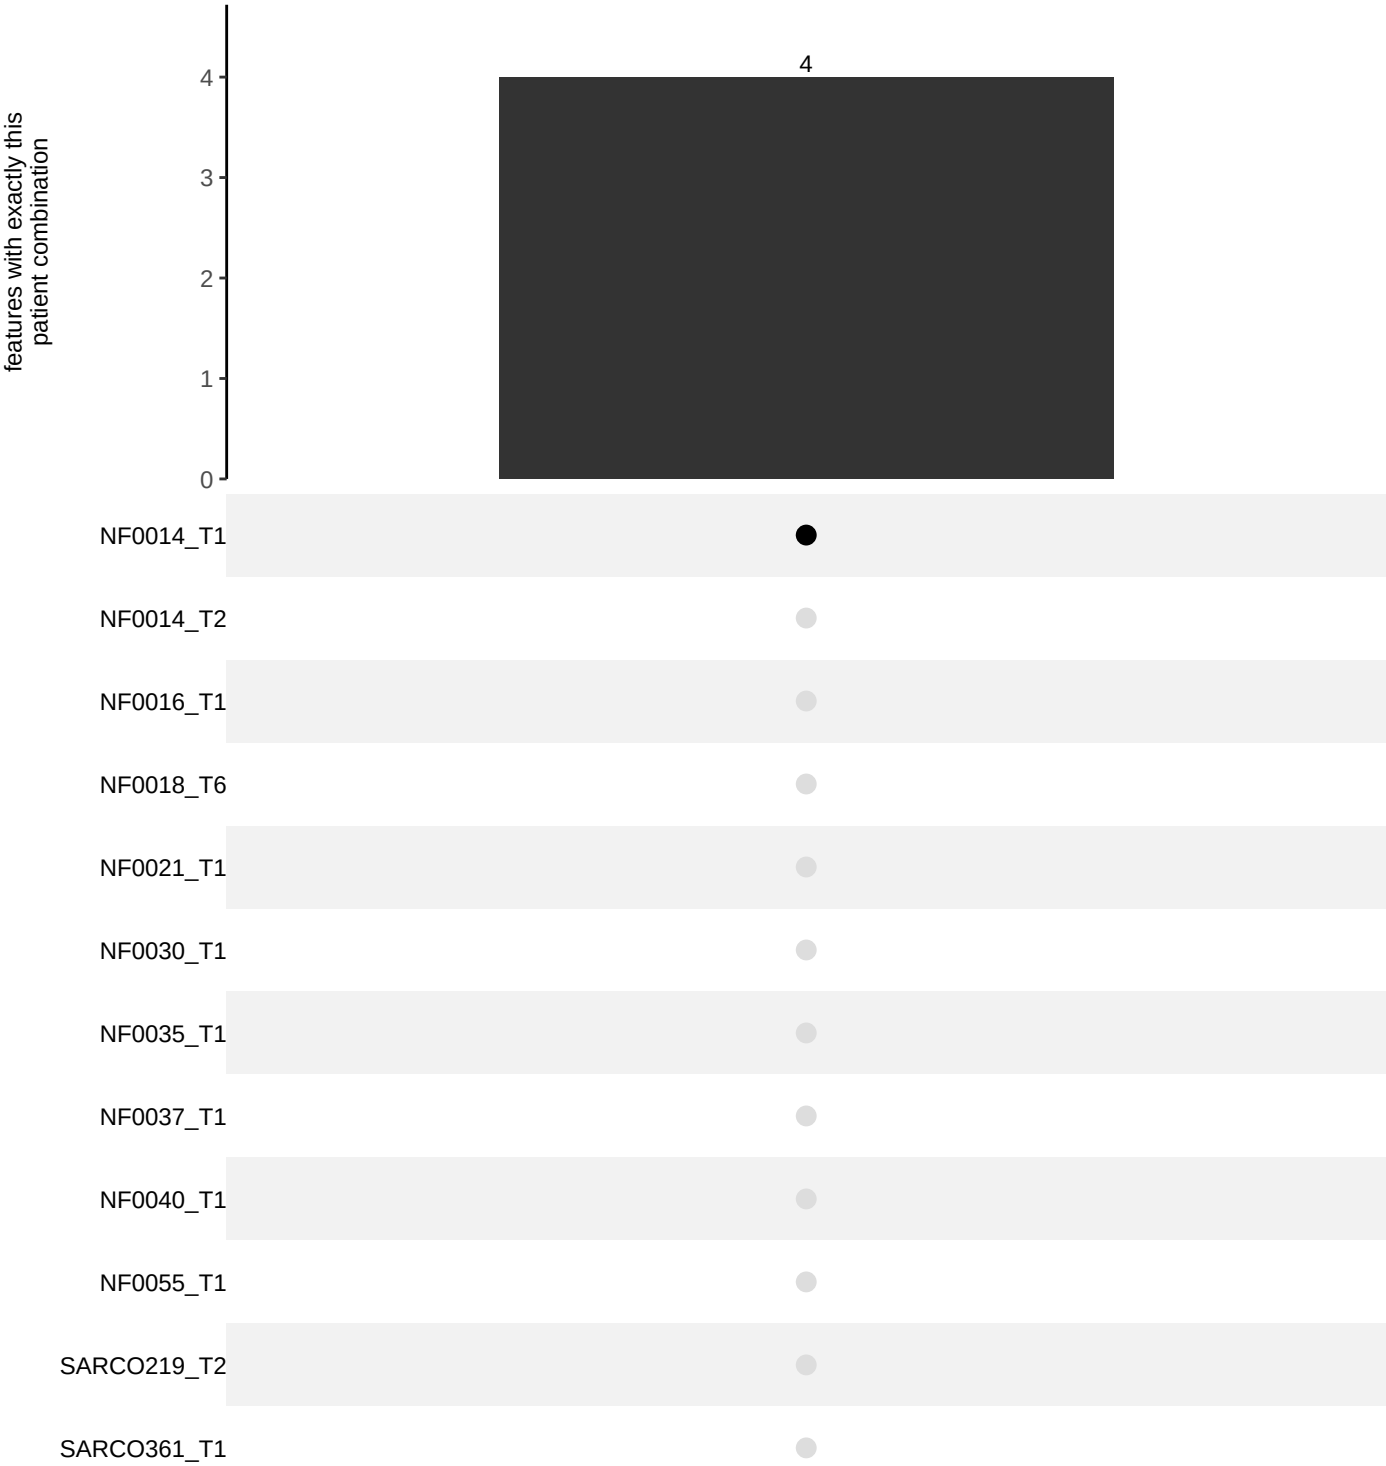

treatment + cell_per_organoid_count + cell_count | Mirdametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

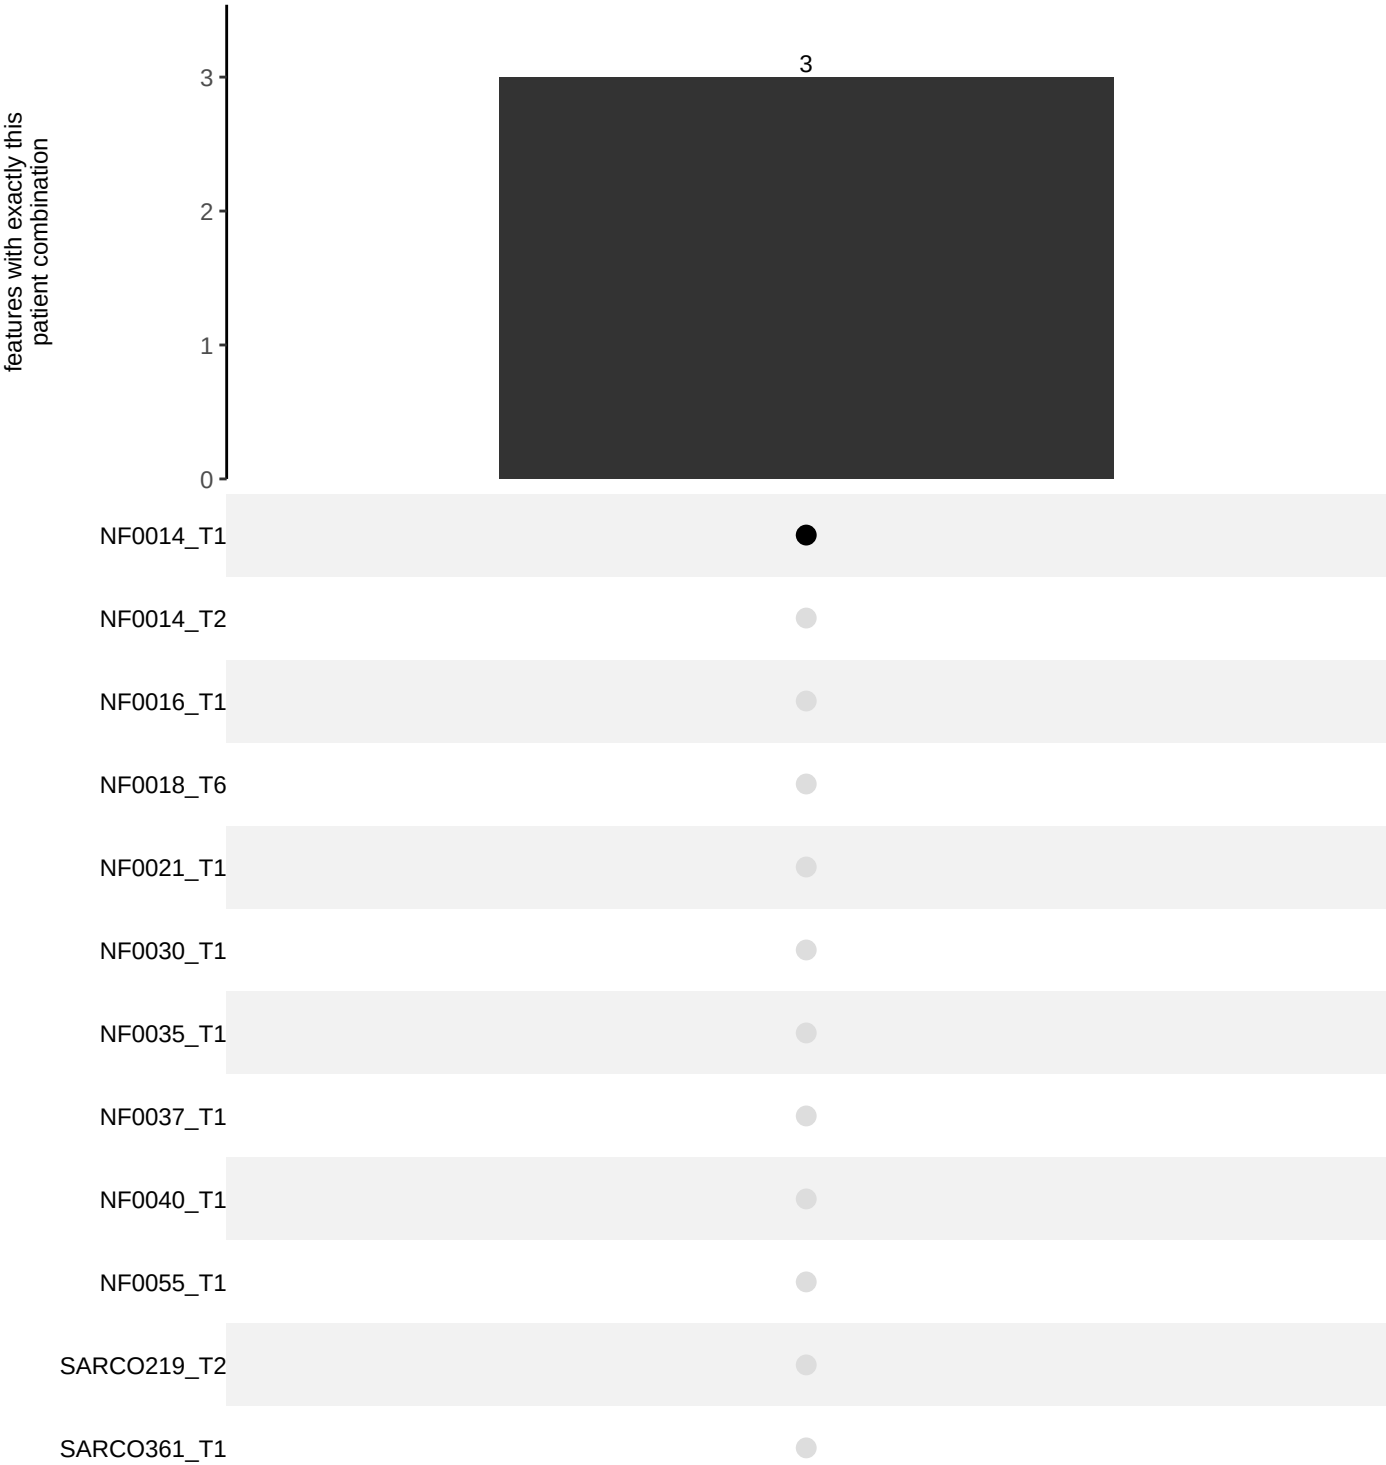

treatment + cell_per_organoid_count + cell_count | Mirdametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

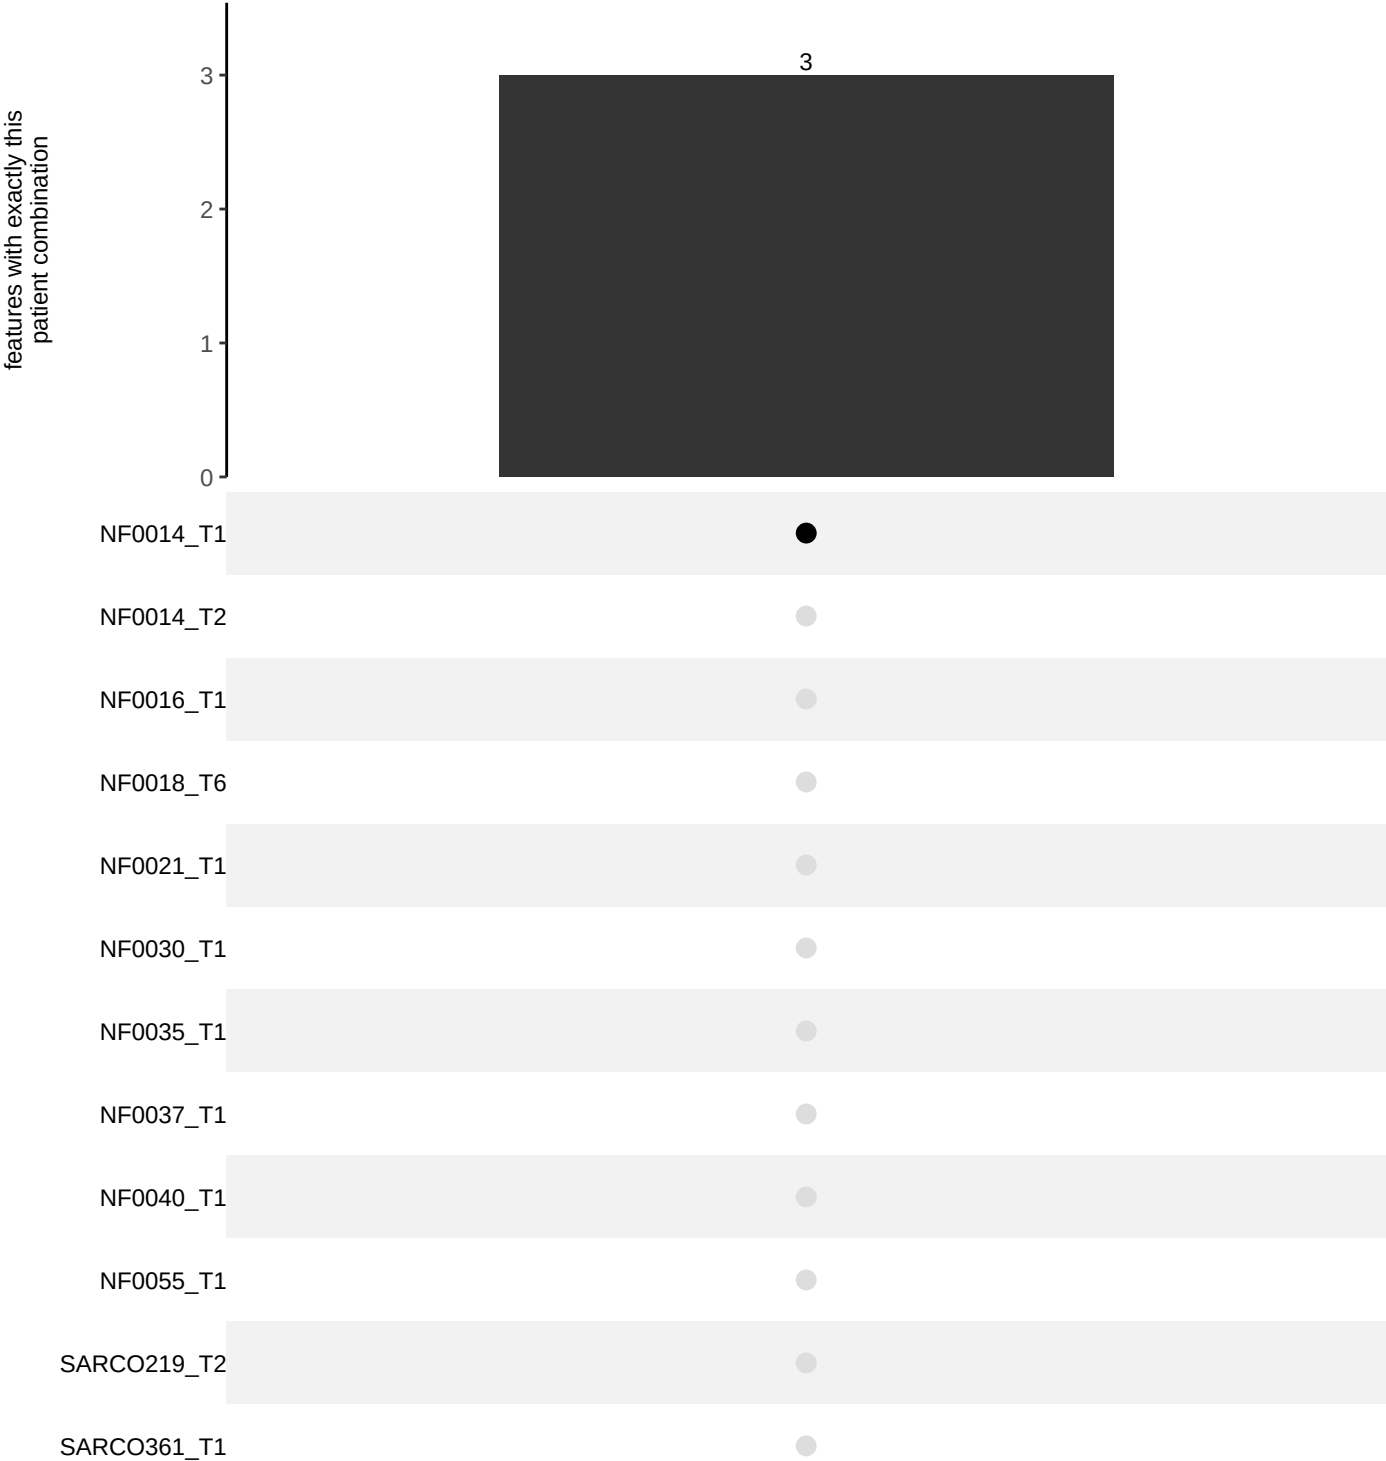

treatment + cell_per_organoid_count + cell_count | Rapamycin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

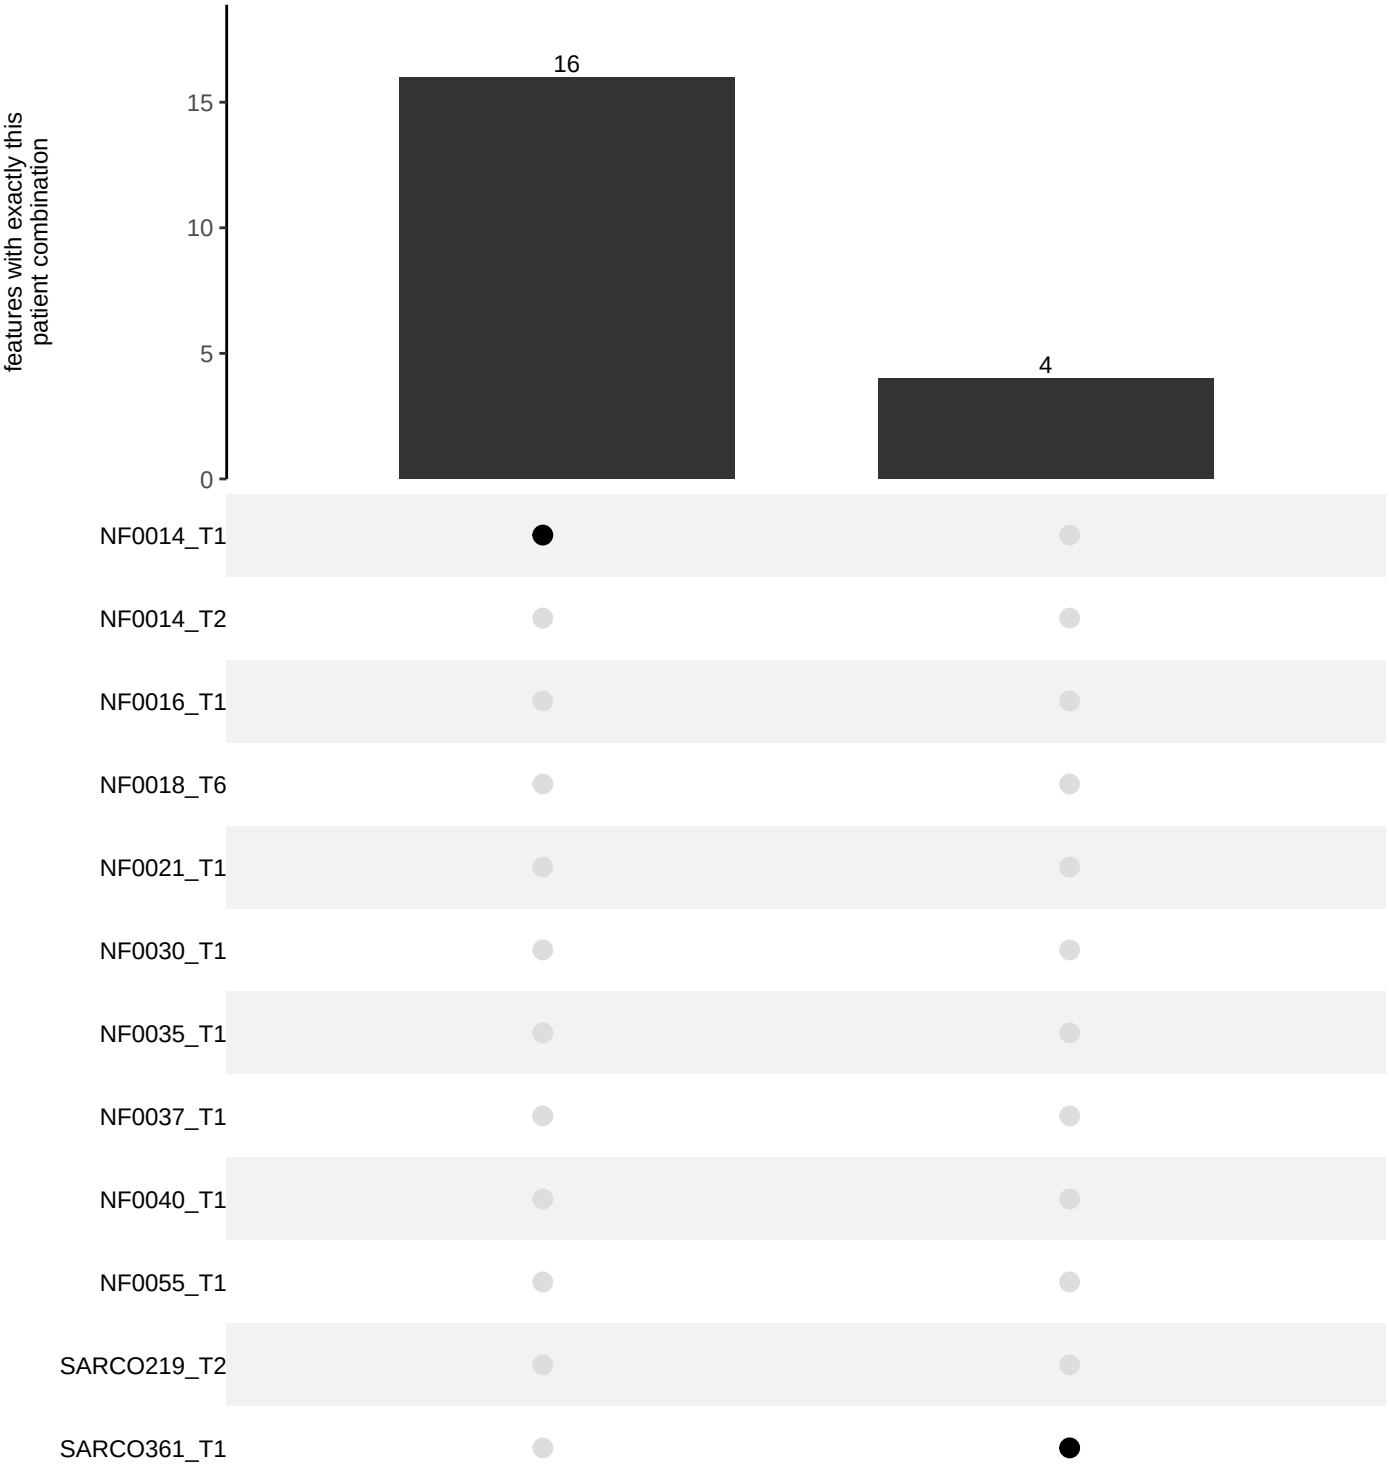

treatment + cell_per_organoid_count + cell_count | Selumetinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

treatment + cell_per_organoid_count + cell_count | Staurosporine_10nM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

treatment + cell_per_organoid_count + cell_count | Trametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)
