

treatment + cell_x_position + cell_z_depth | Binimetinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

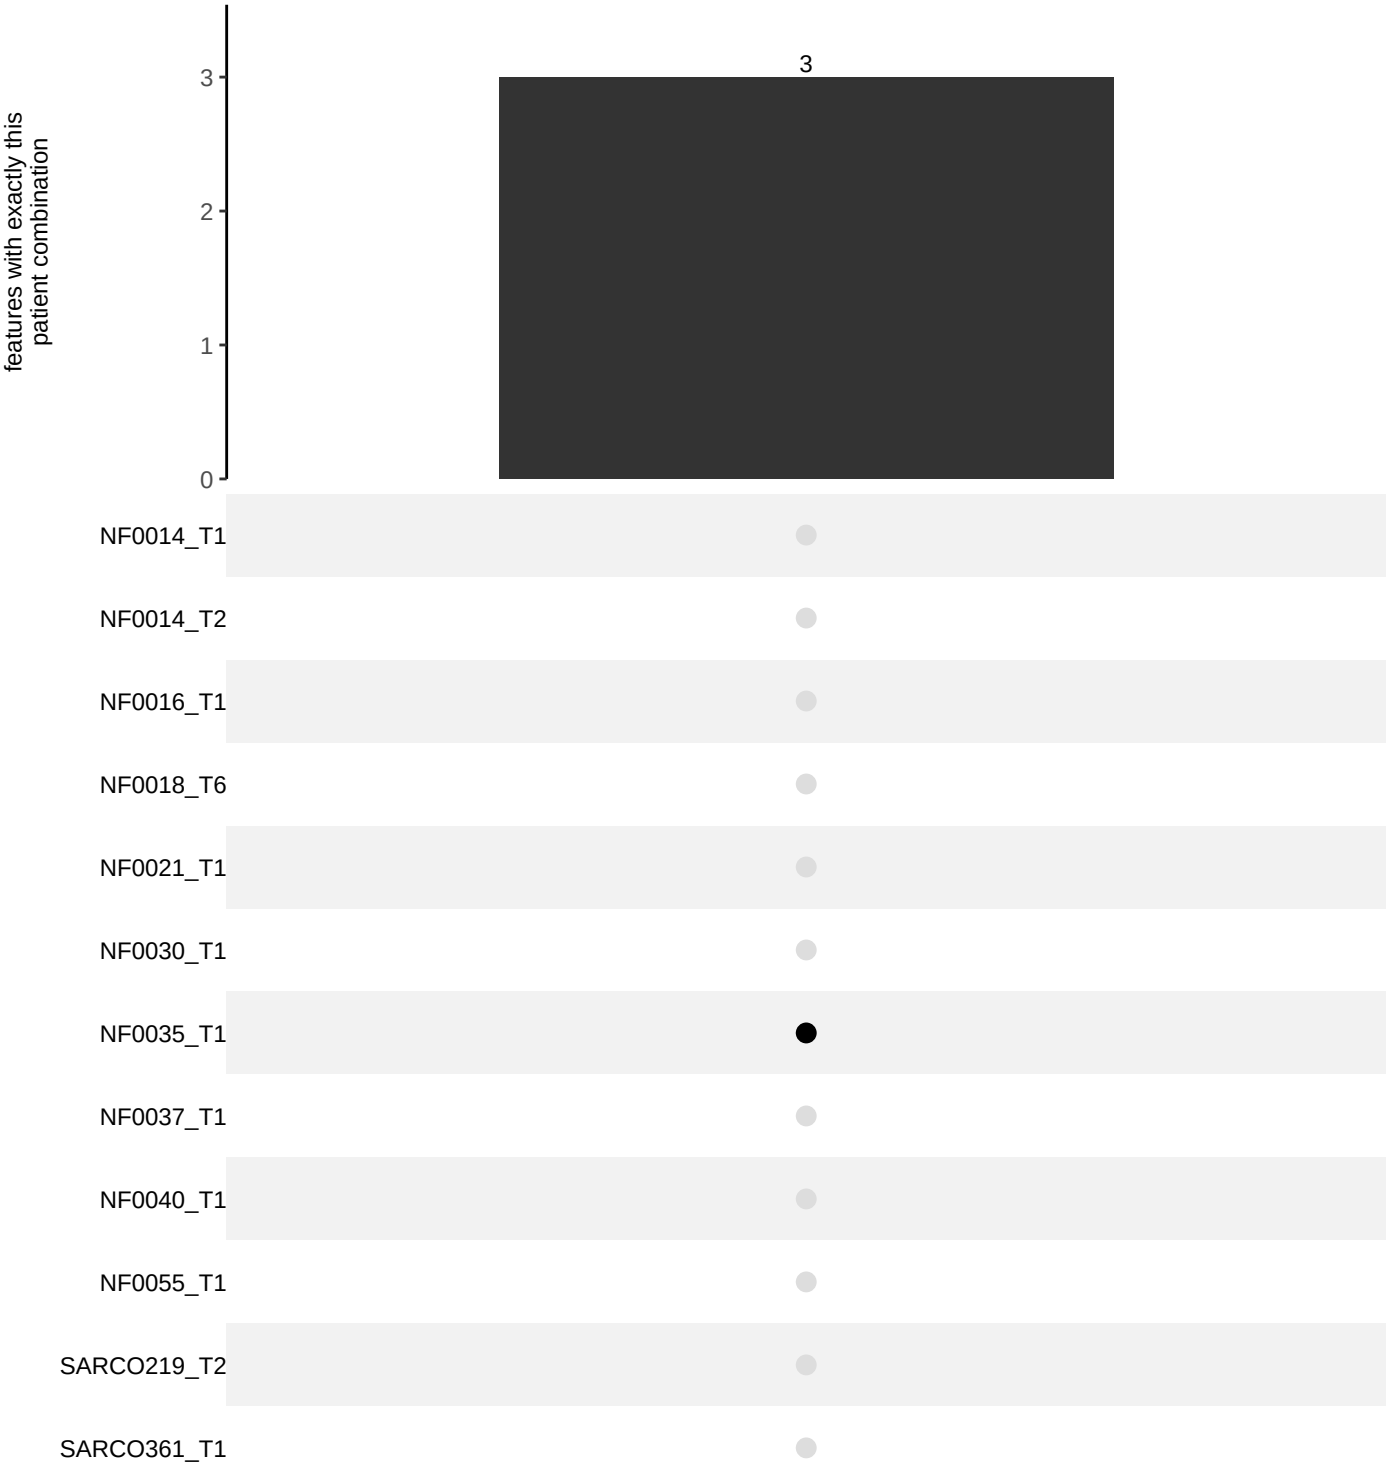

treatment + cell_x_position + cell_z_depth | Cabozantinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

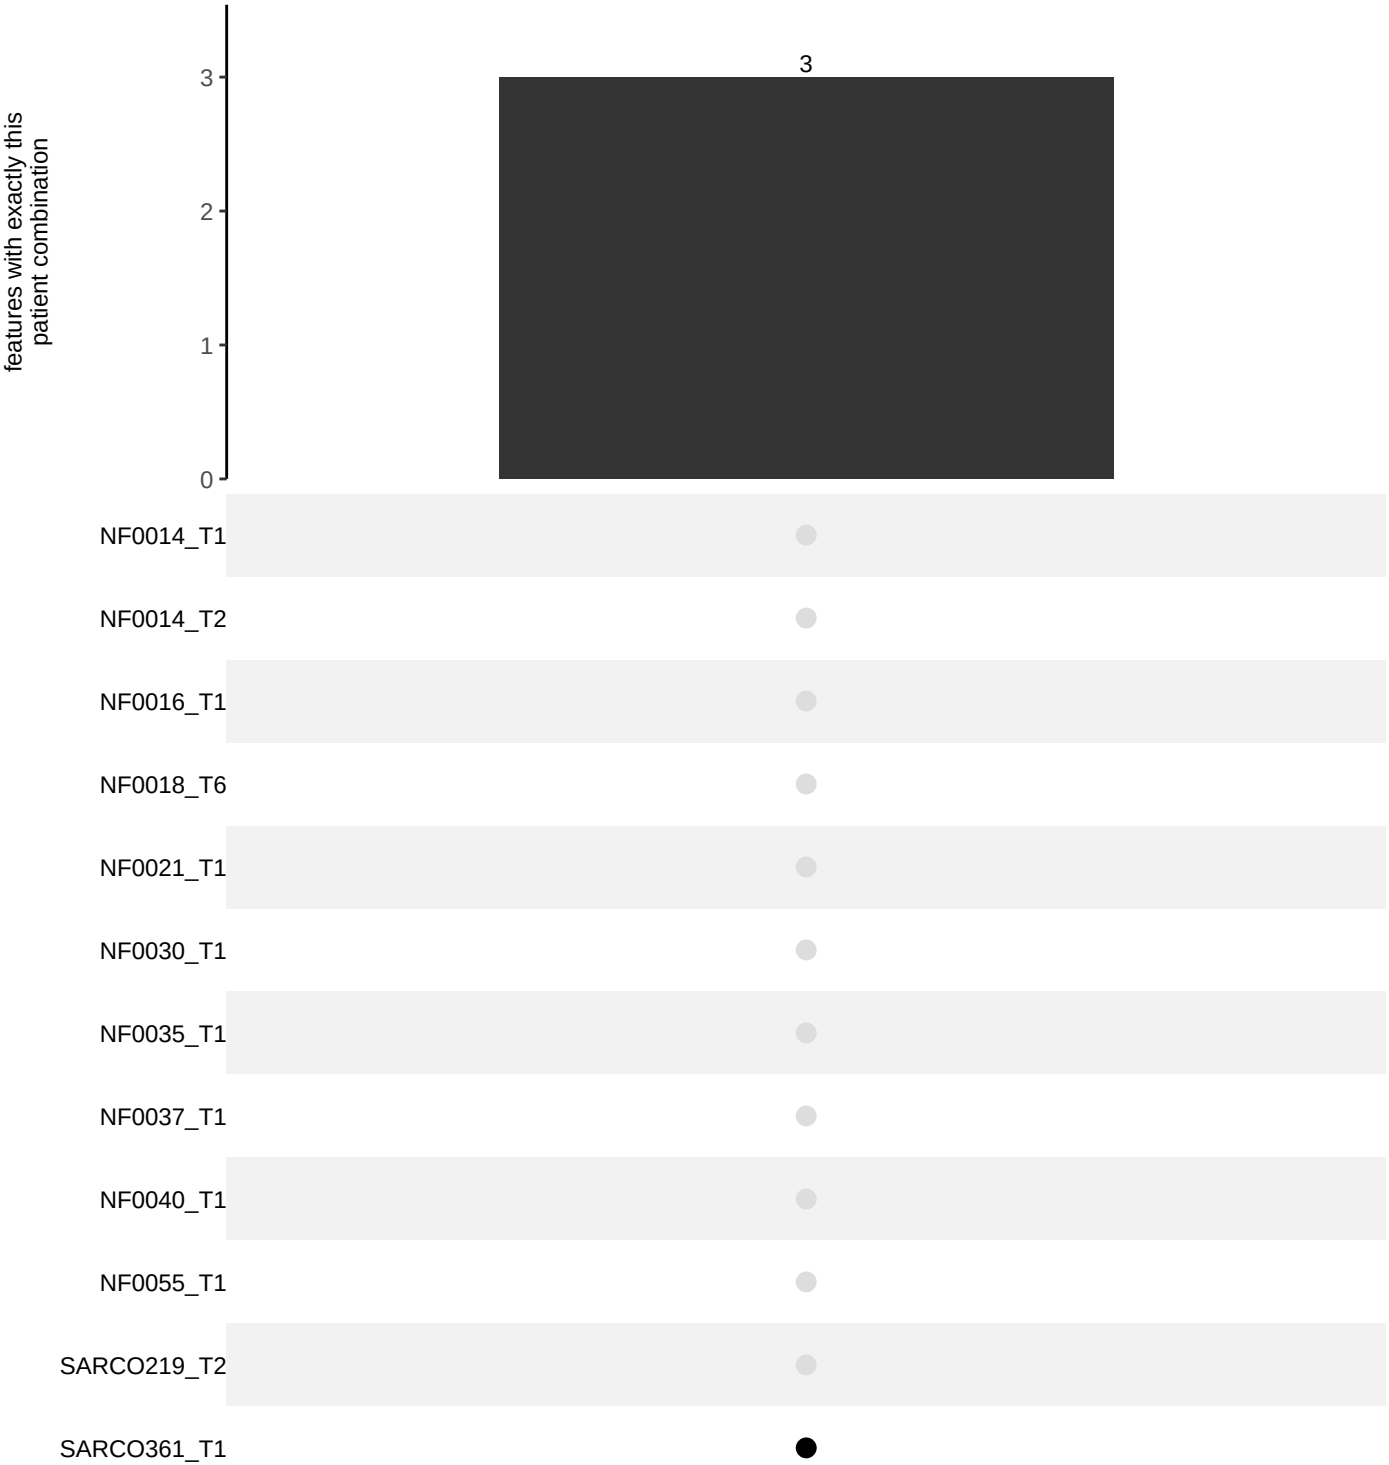

treatment + cell_x_position + cell_z_depth | Digoxin_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

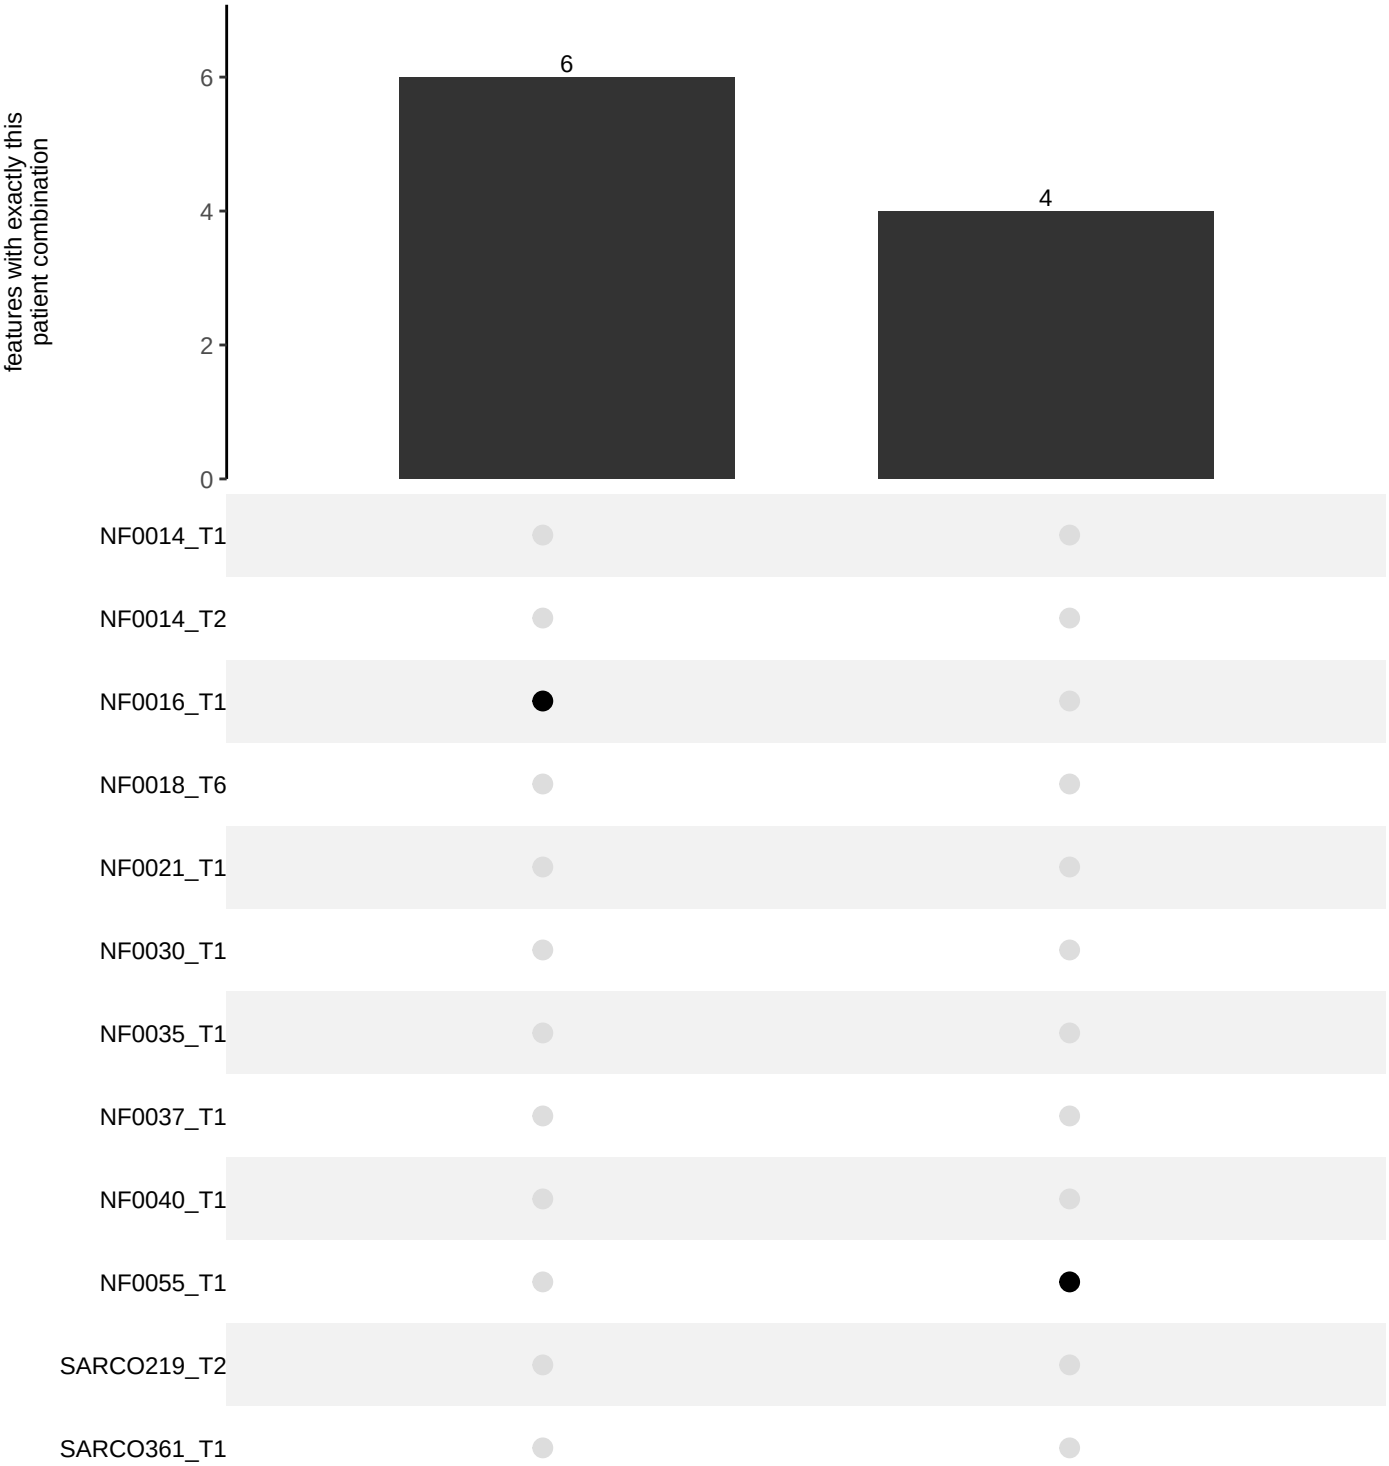

treatment + cell_x_position + cell_z_depth | Imatinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

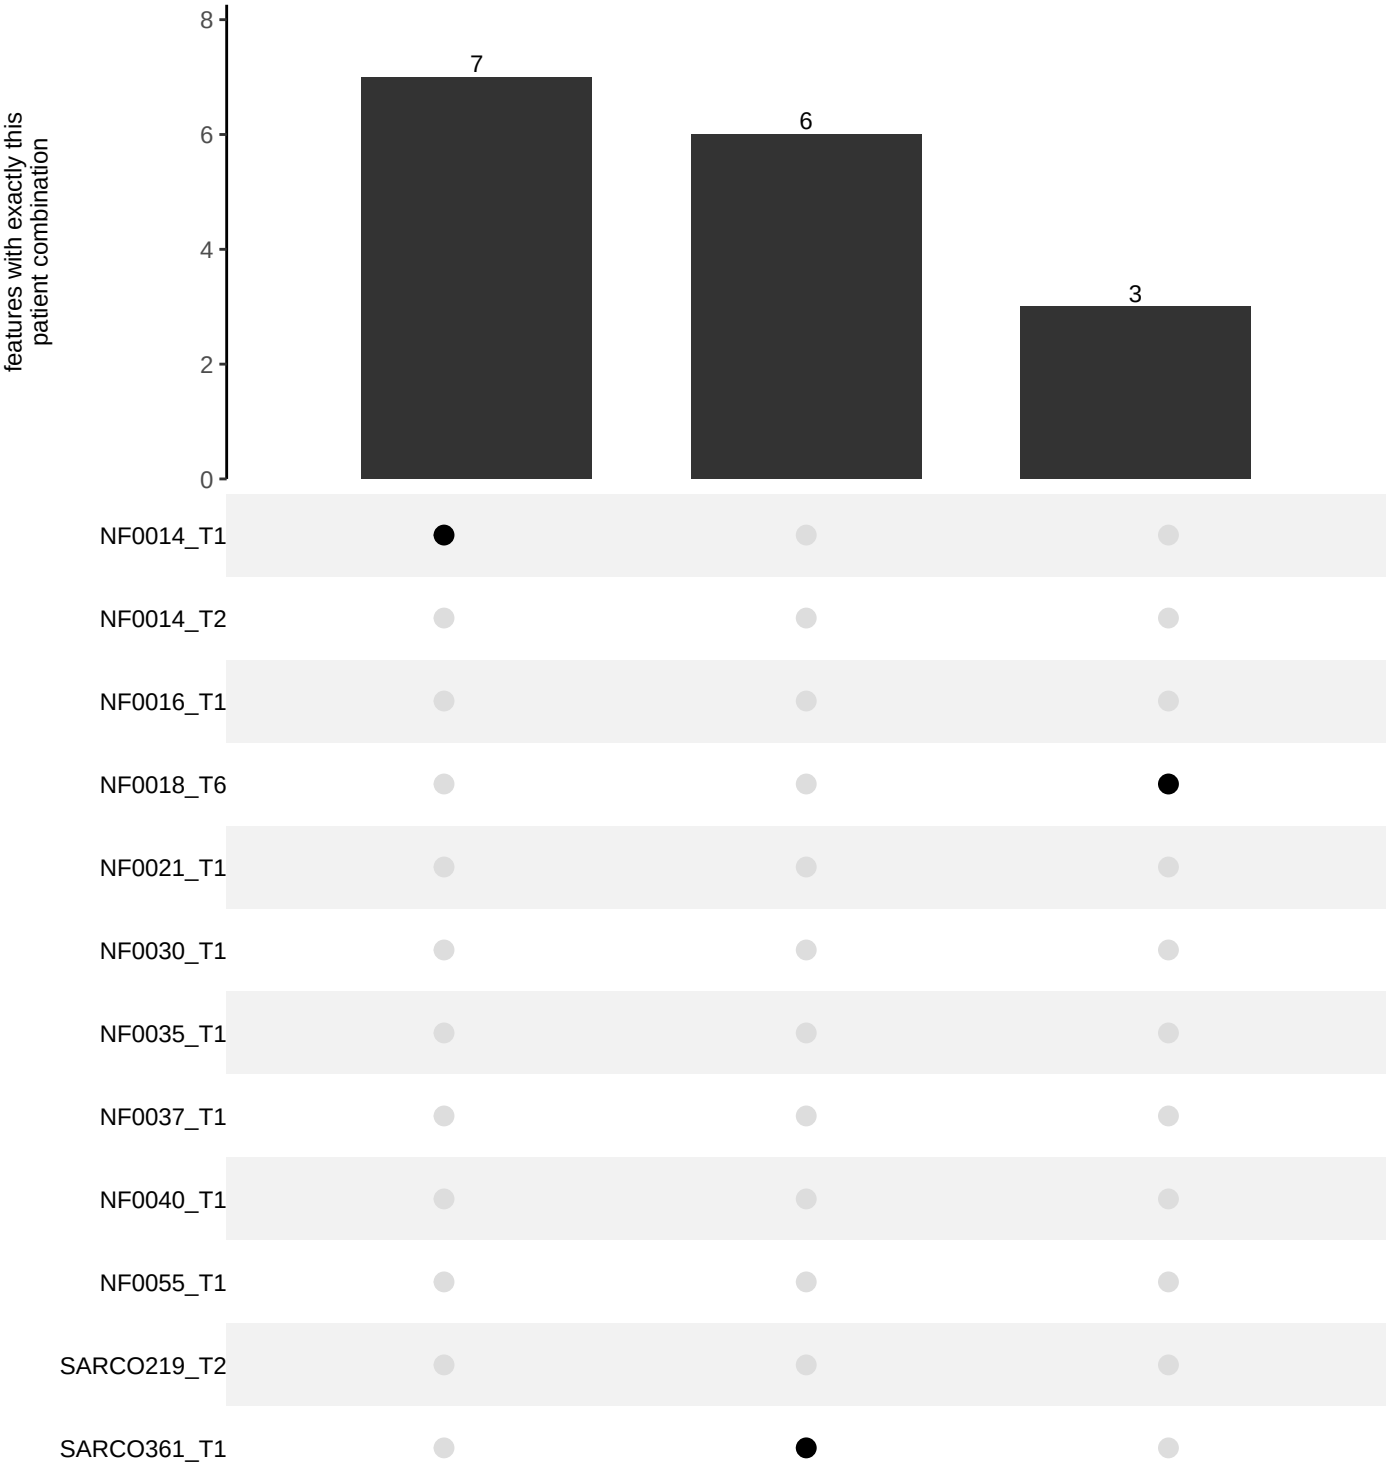

treatment + cell_x_position + cell_z_depth | Ketotifen_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

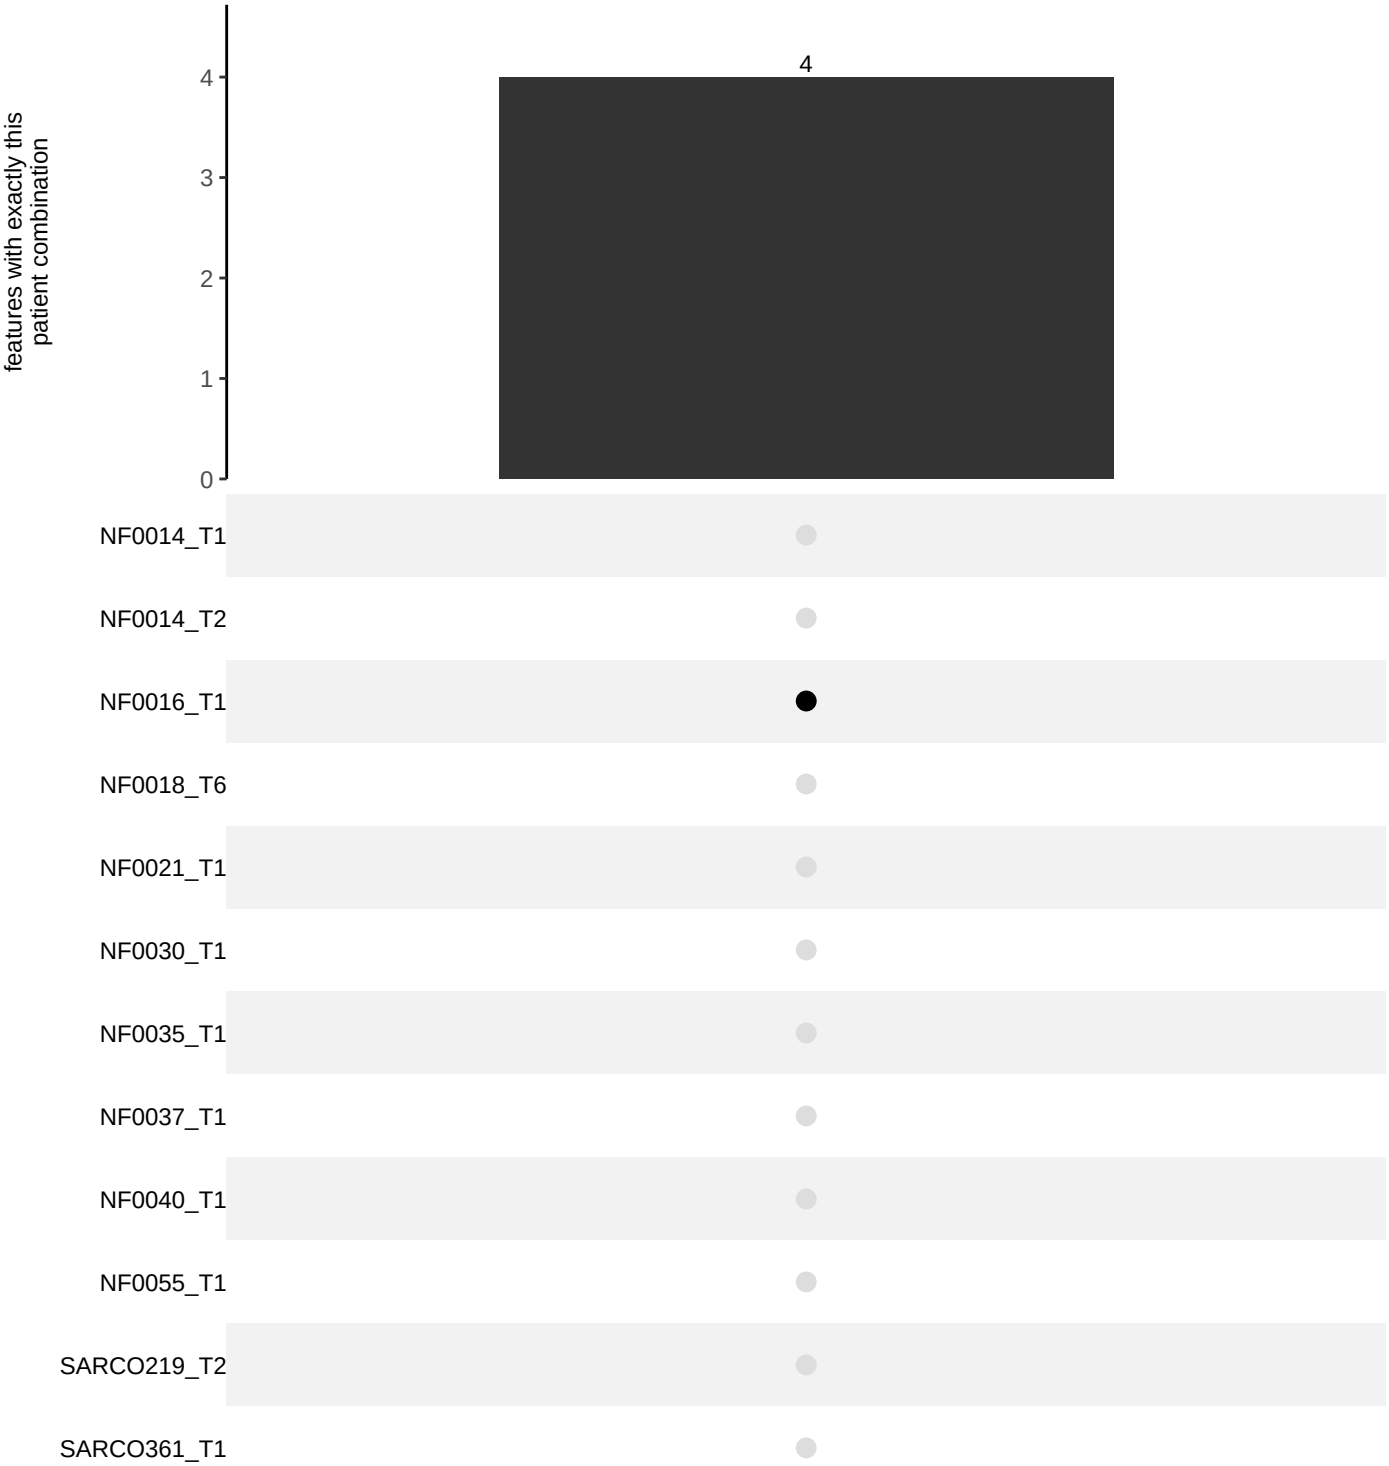

treatment + cell_x_position + cell_z_depth | Mirdametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

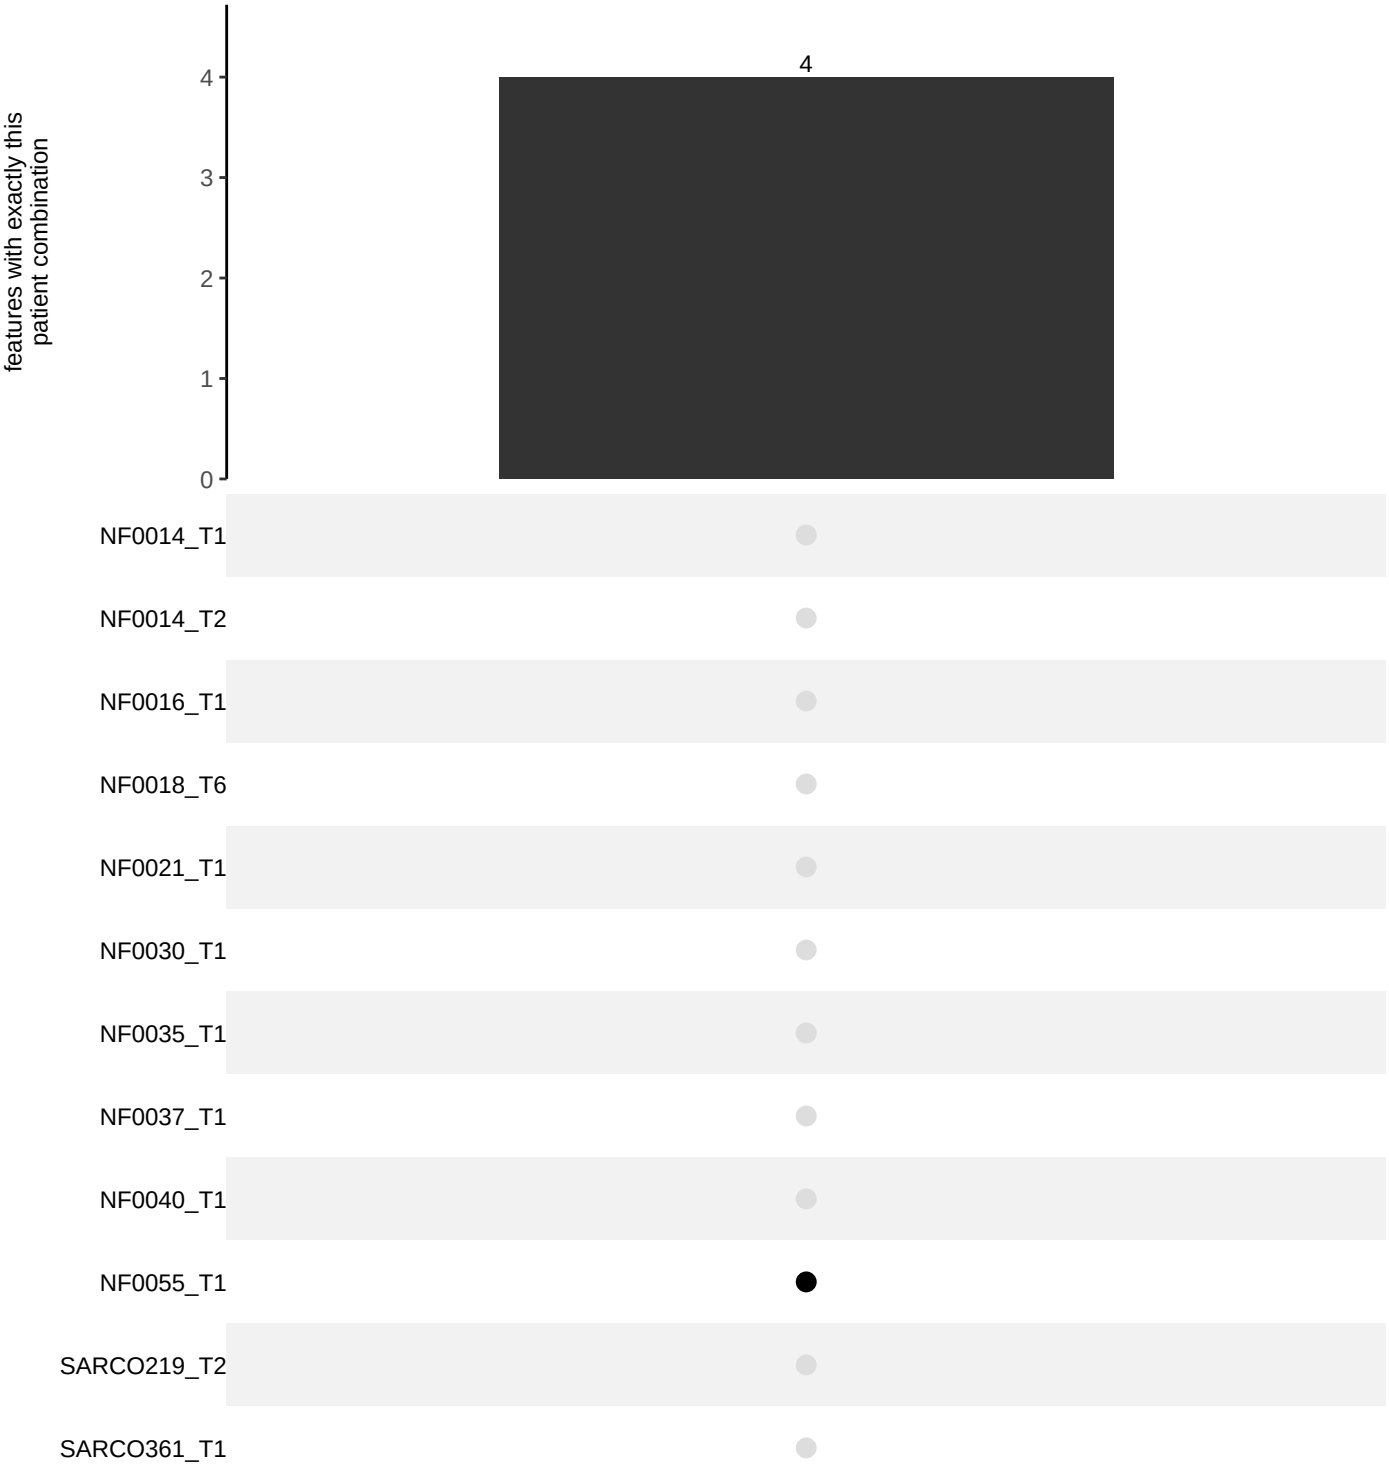

treatment + cell_x_position + cell_z_depth | Mirdametinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

treatment + cell_x_position + cell_z_depth | Nilotinib_1uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)

treatment + cell_x_position + cell_z_depth | Trametinib_10uM

Features significant for exactly these variates, by the patients they occur in
(bars: number of features shared by exactly that patient combination)
