

3D (whole_organoid): IntegratedIntensity, MEK inhibitors vs. DMSO, by patient x channel

3D (cell): IntegratedIntensity, MEK inhibitors vs. DMSO, by patient x channel

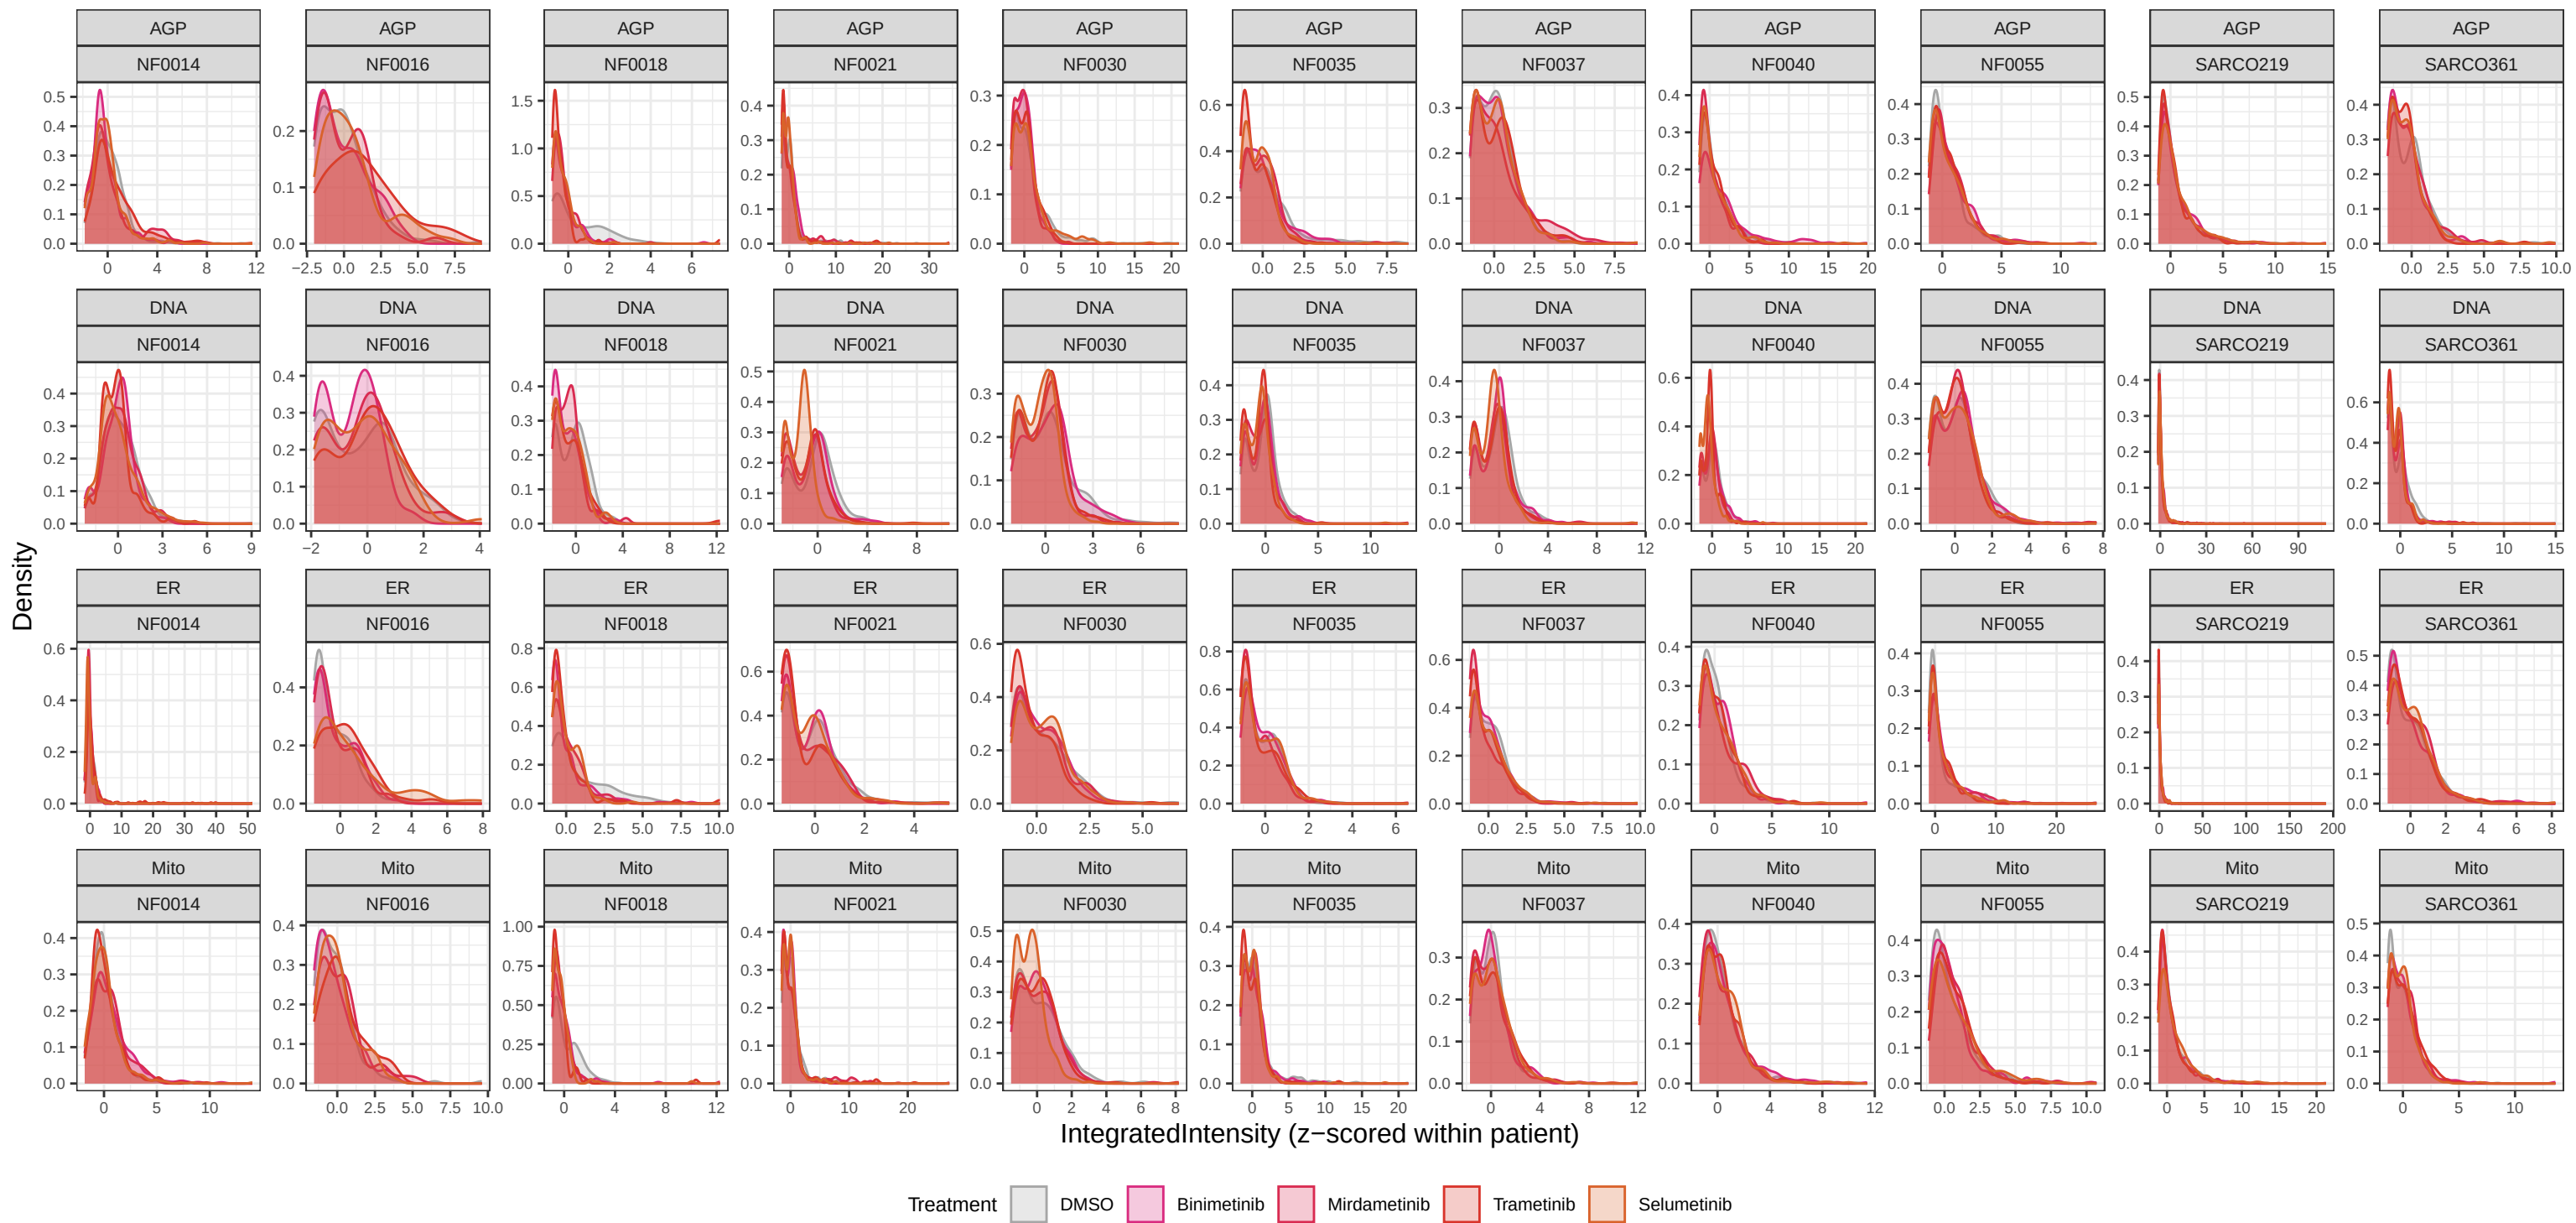

3D (cytoplasm): IntegratedIntensity, MEK inhibitors vs. DMSO, by patient x channel

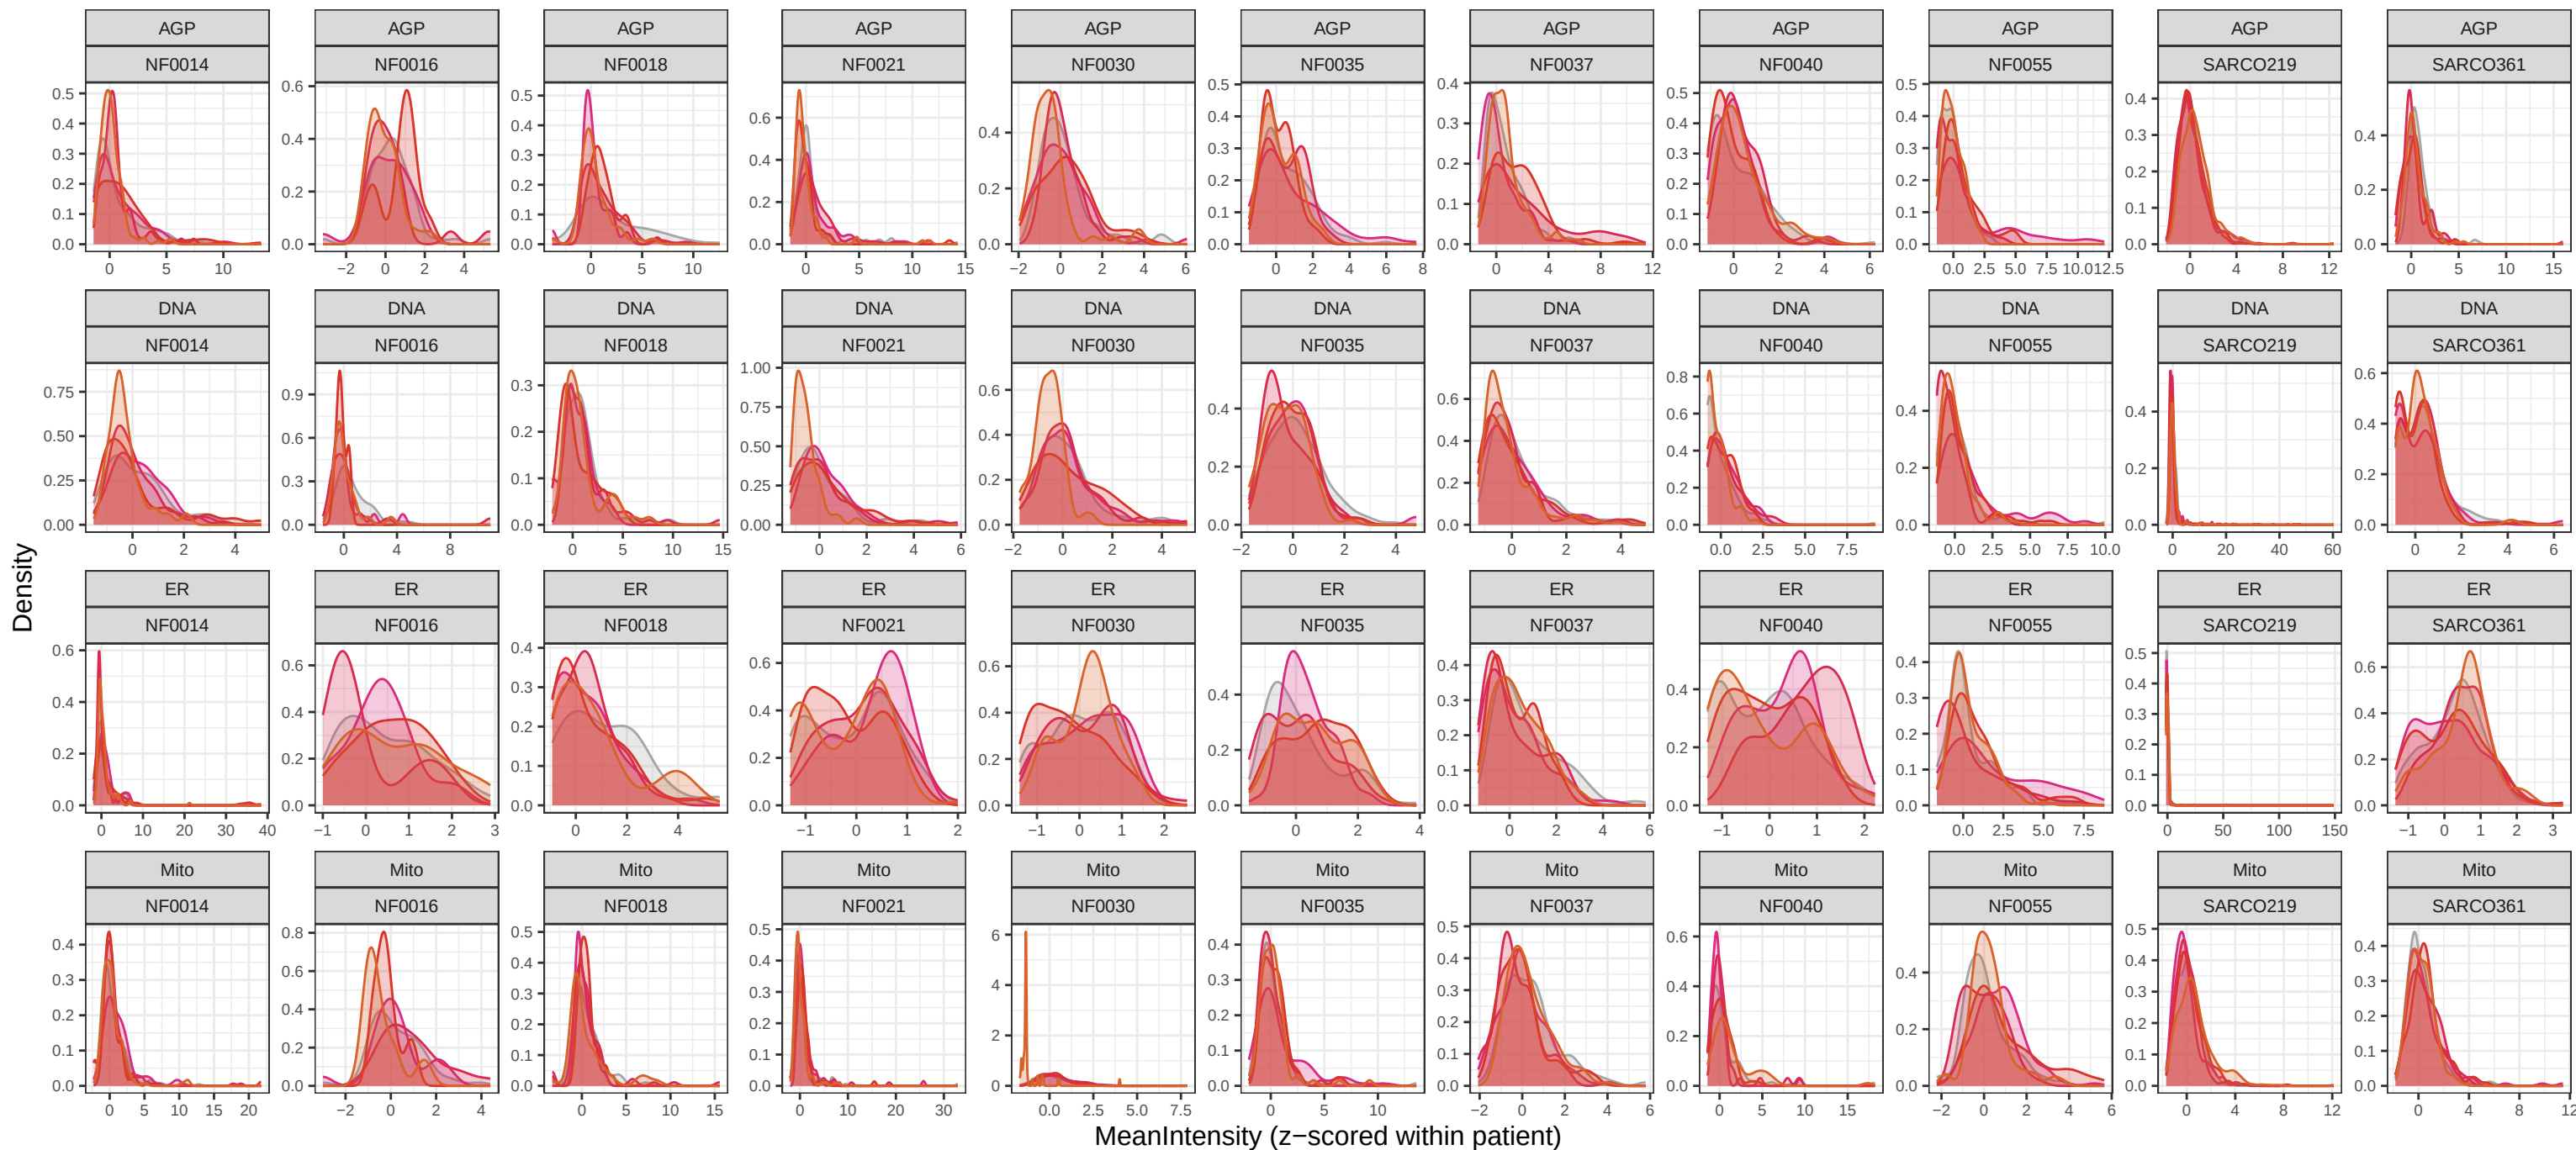

Treatment DMSO Binimetinib Mirdametinib Trametinib Selumetinib

3D (nucleus): IntegratedIntensity, MEK inhibitors vs. DMSO, by patient x channel

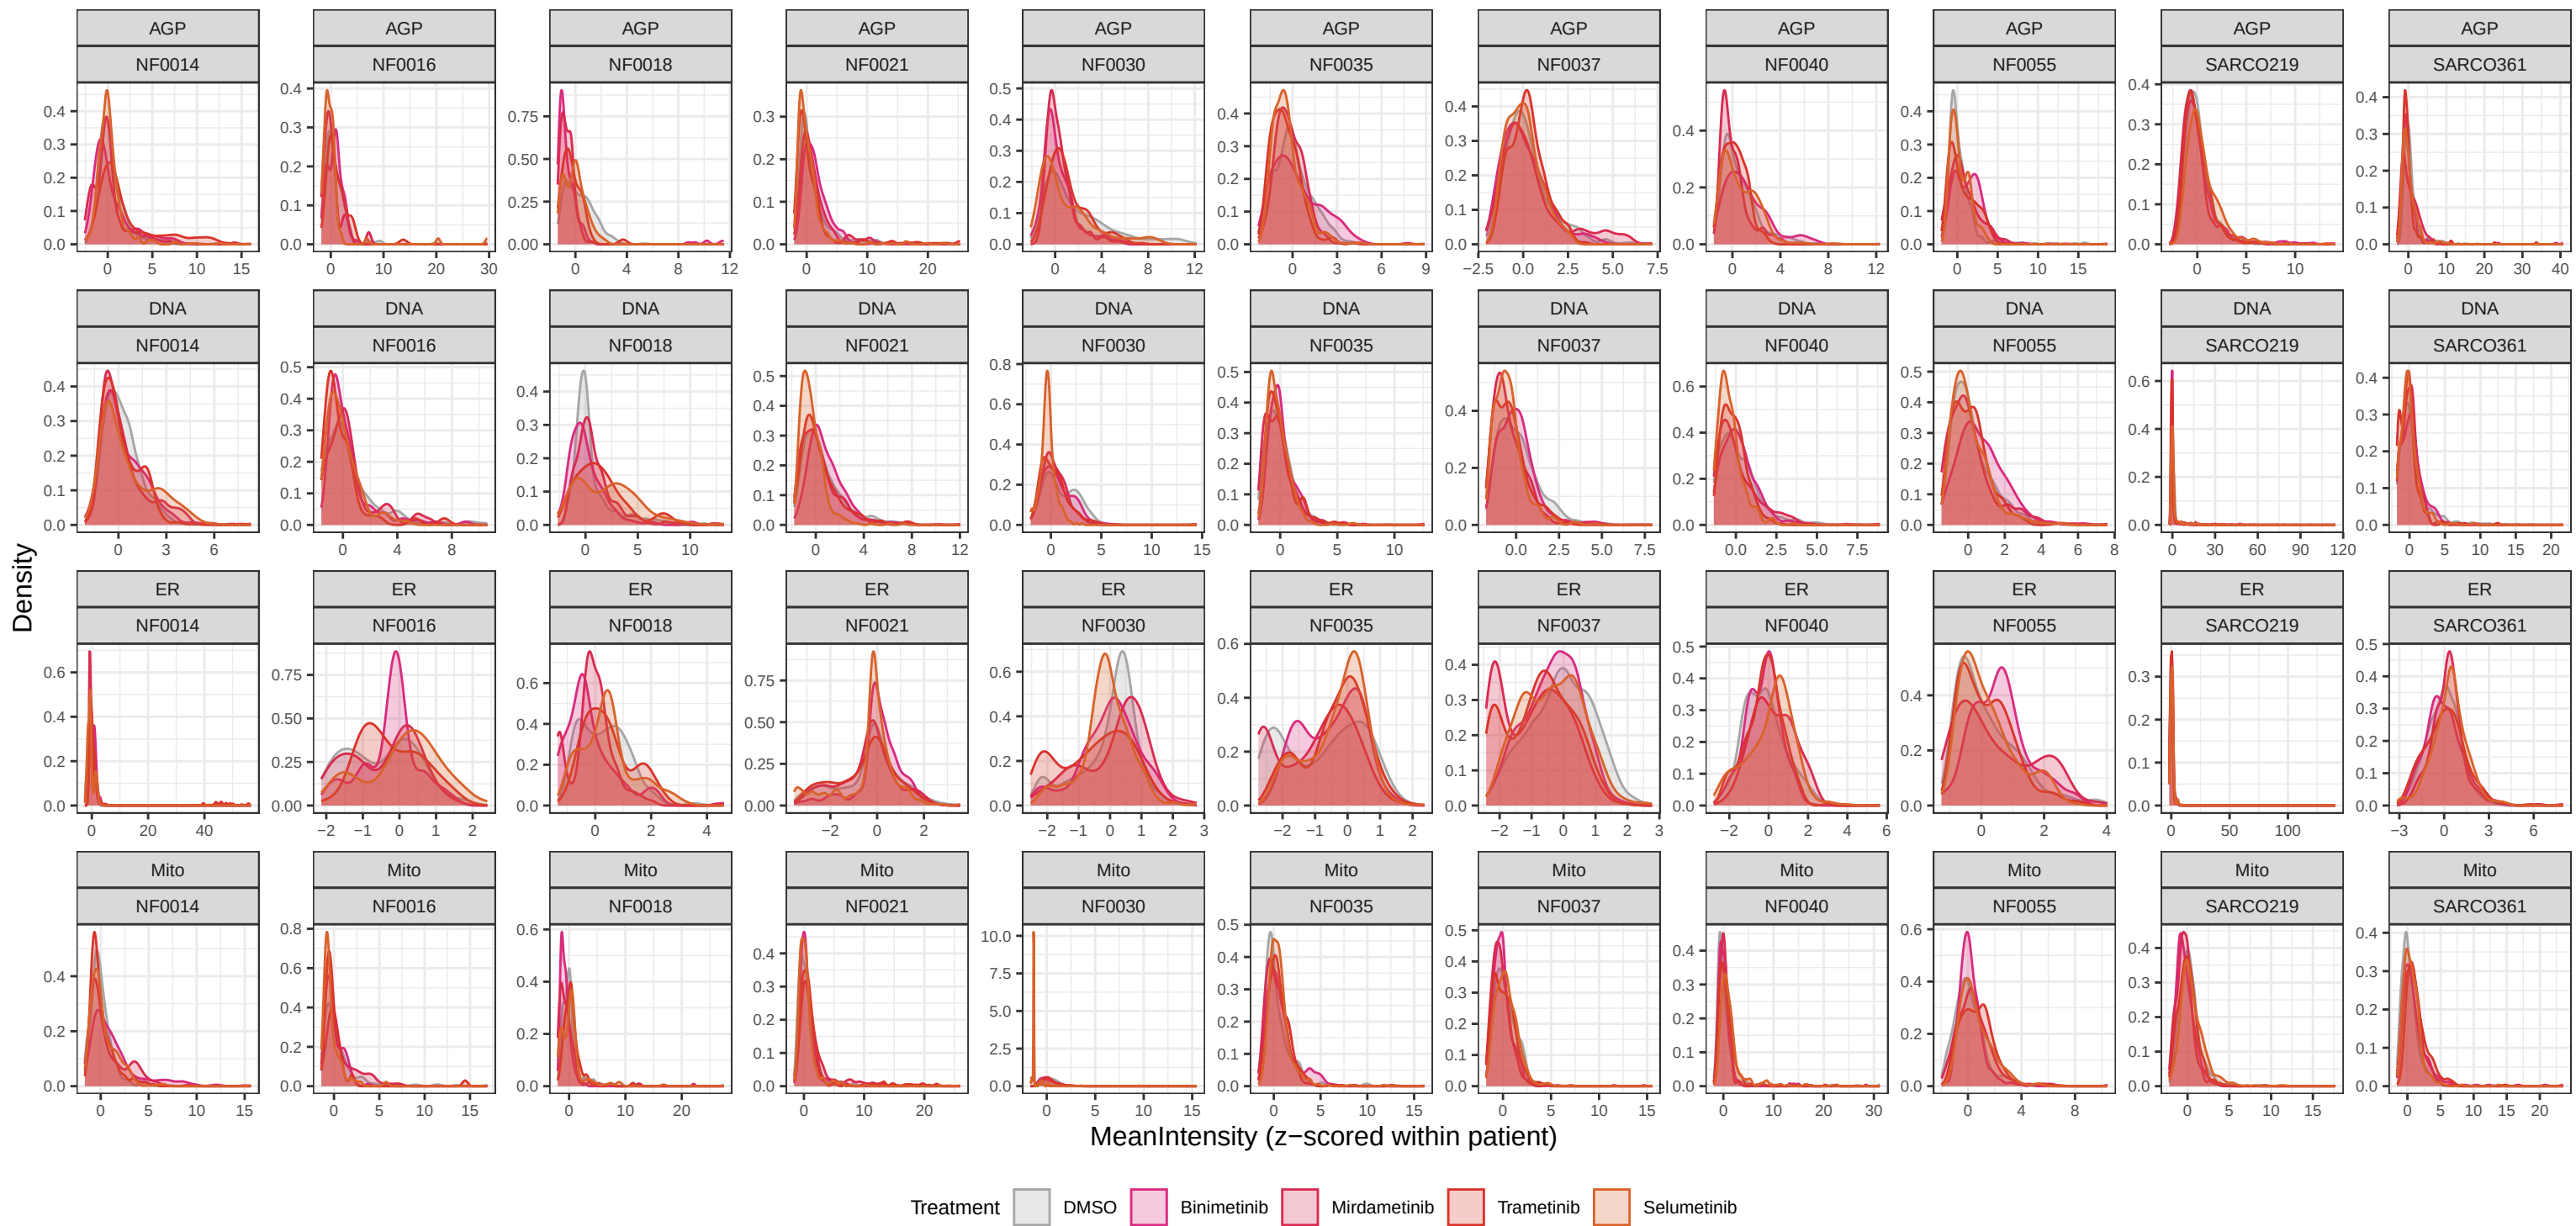

3D (whole_organoid): MeanIntensity, MEK inhibitors vs. DMSO, by patient x channel

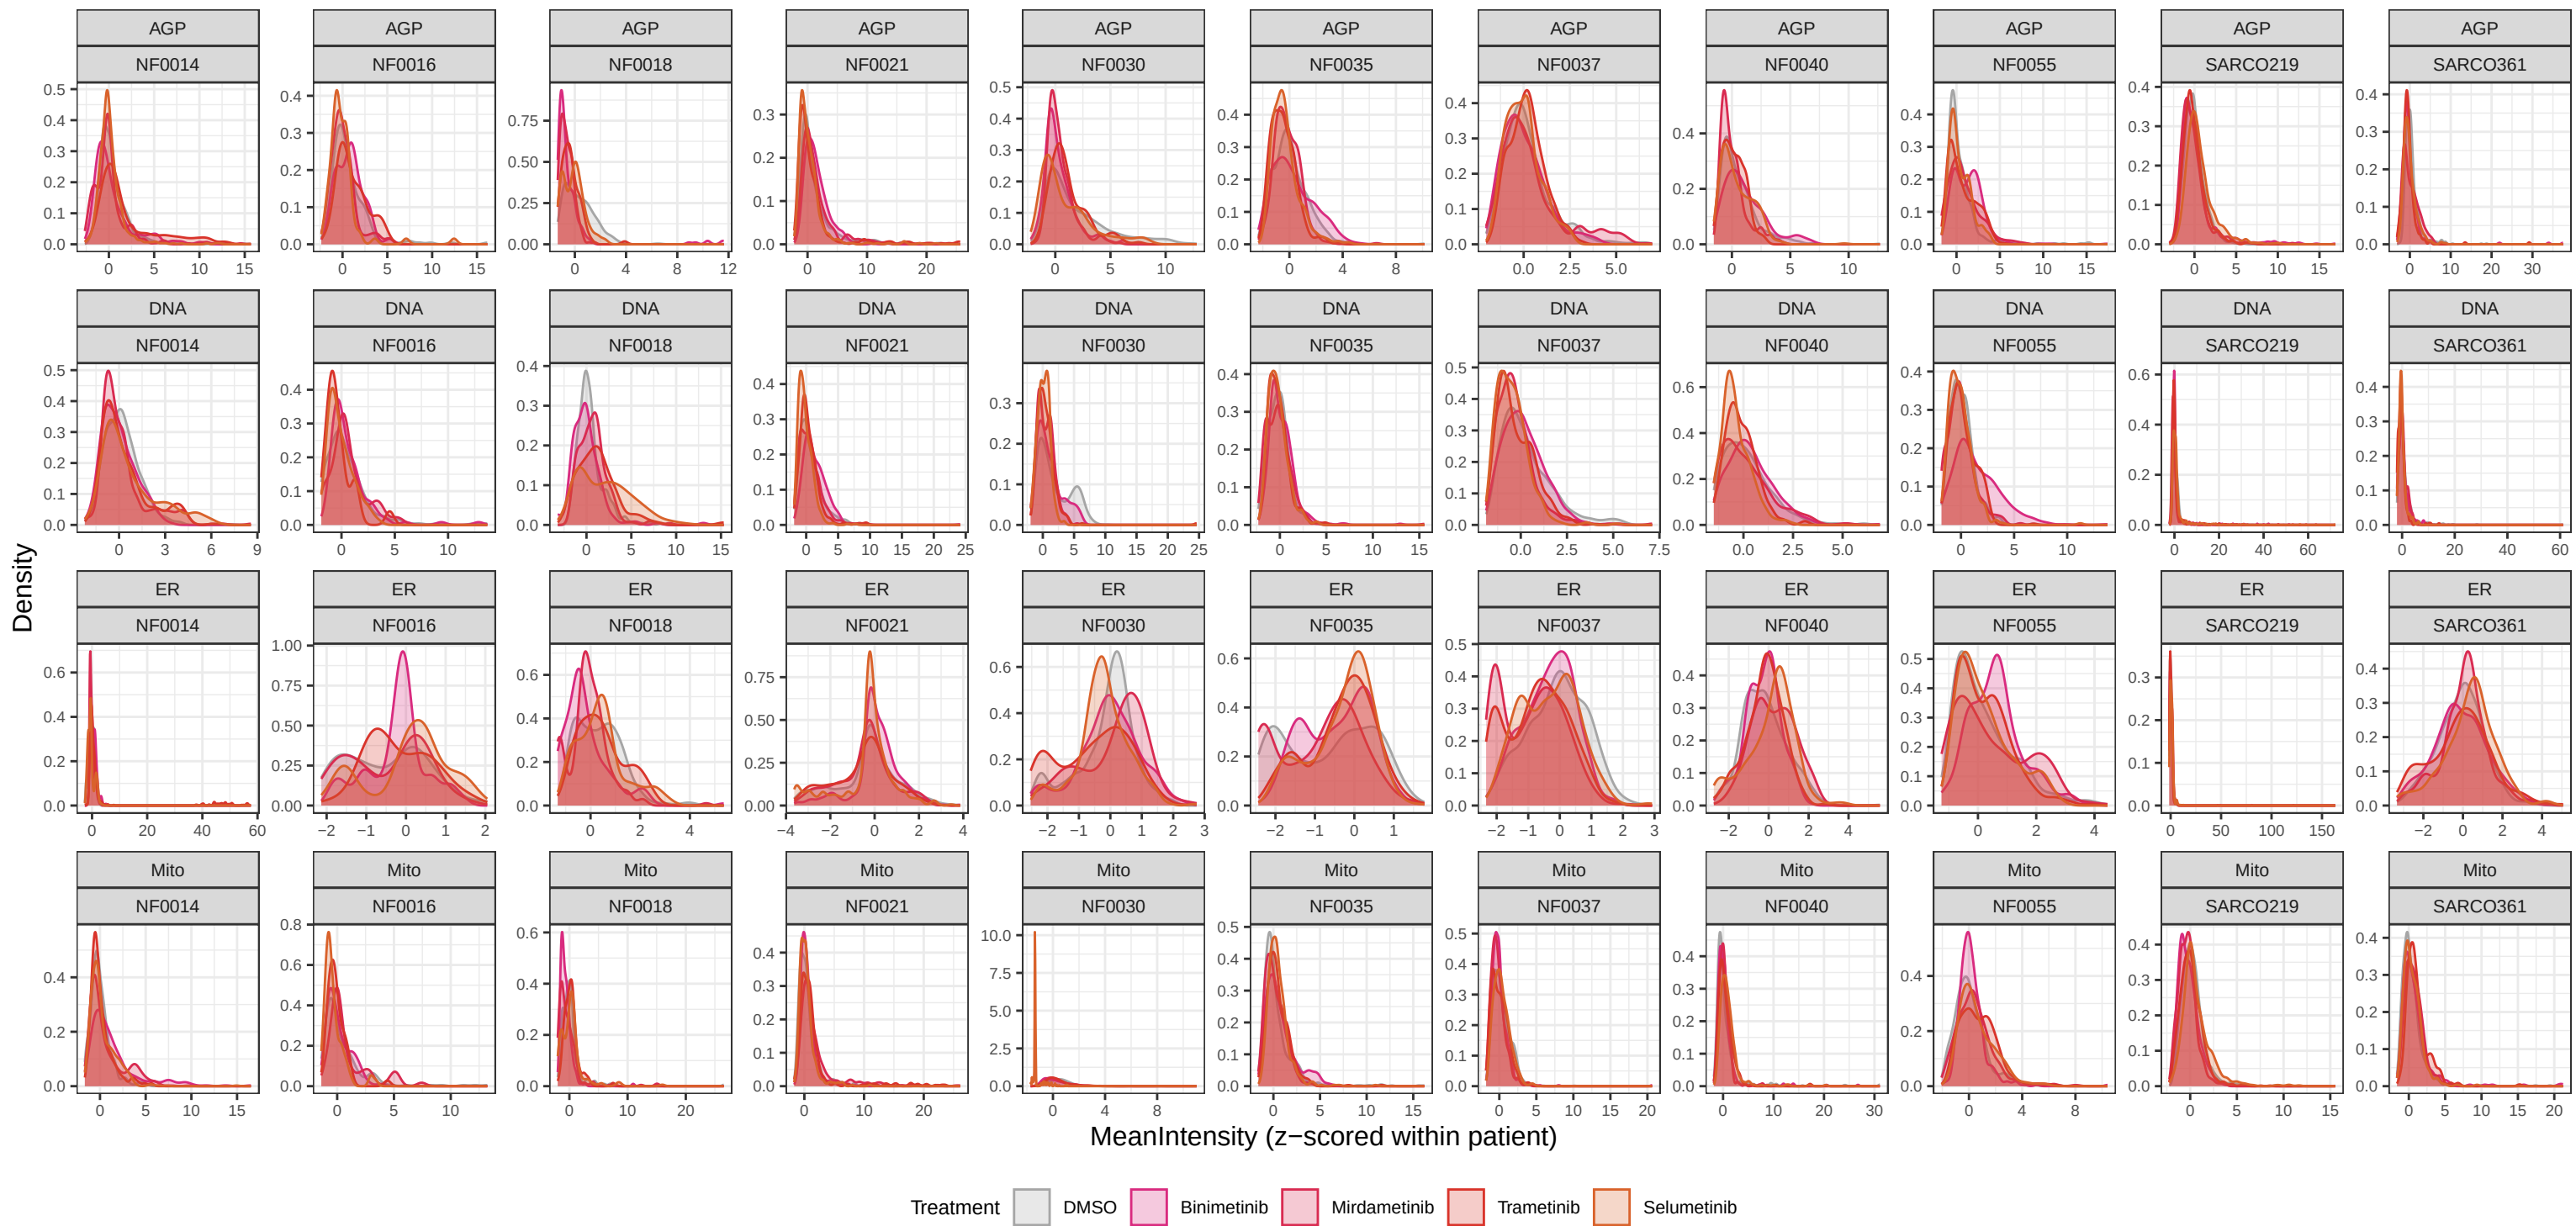

Treatment DMSO Binimetinib Mirdametinib Trametinib Selumetinib

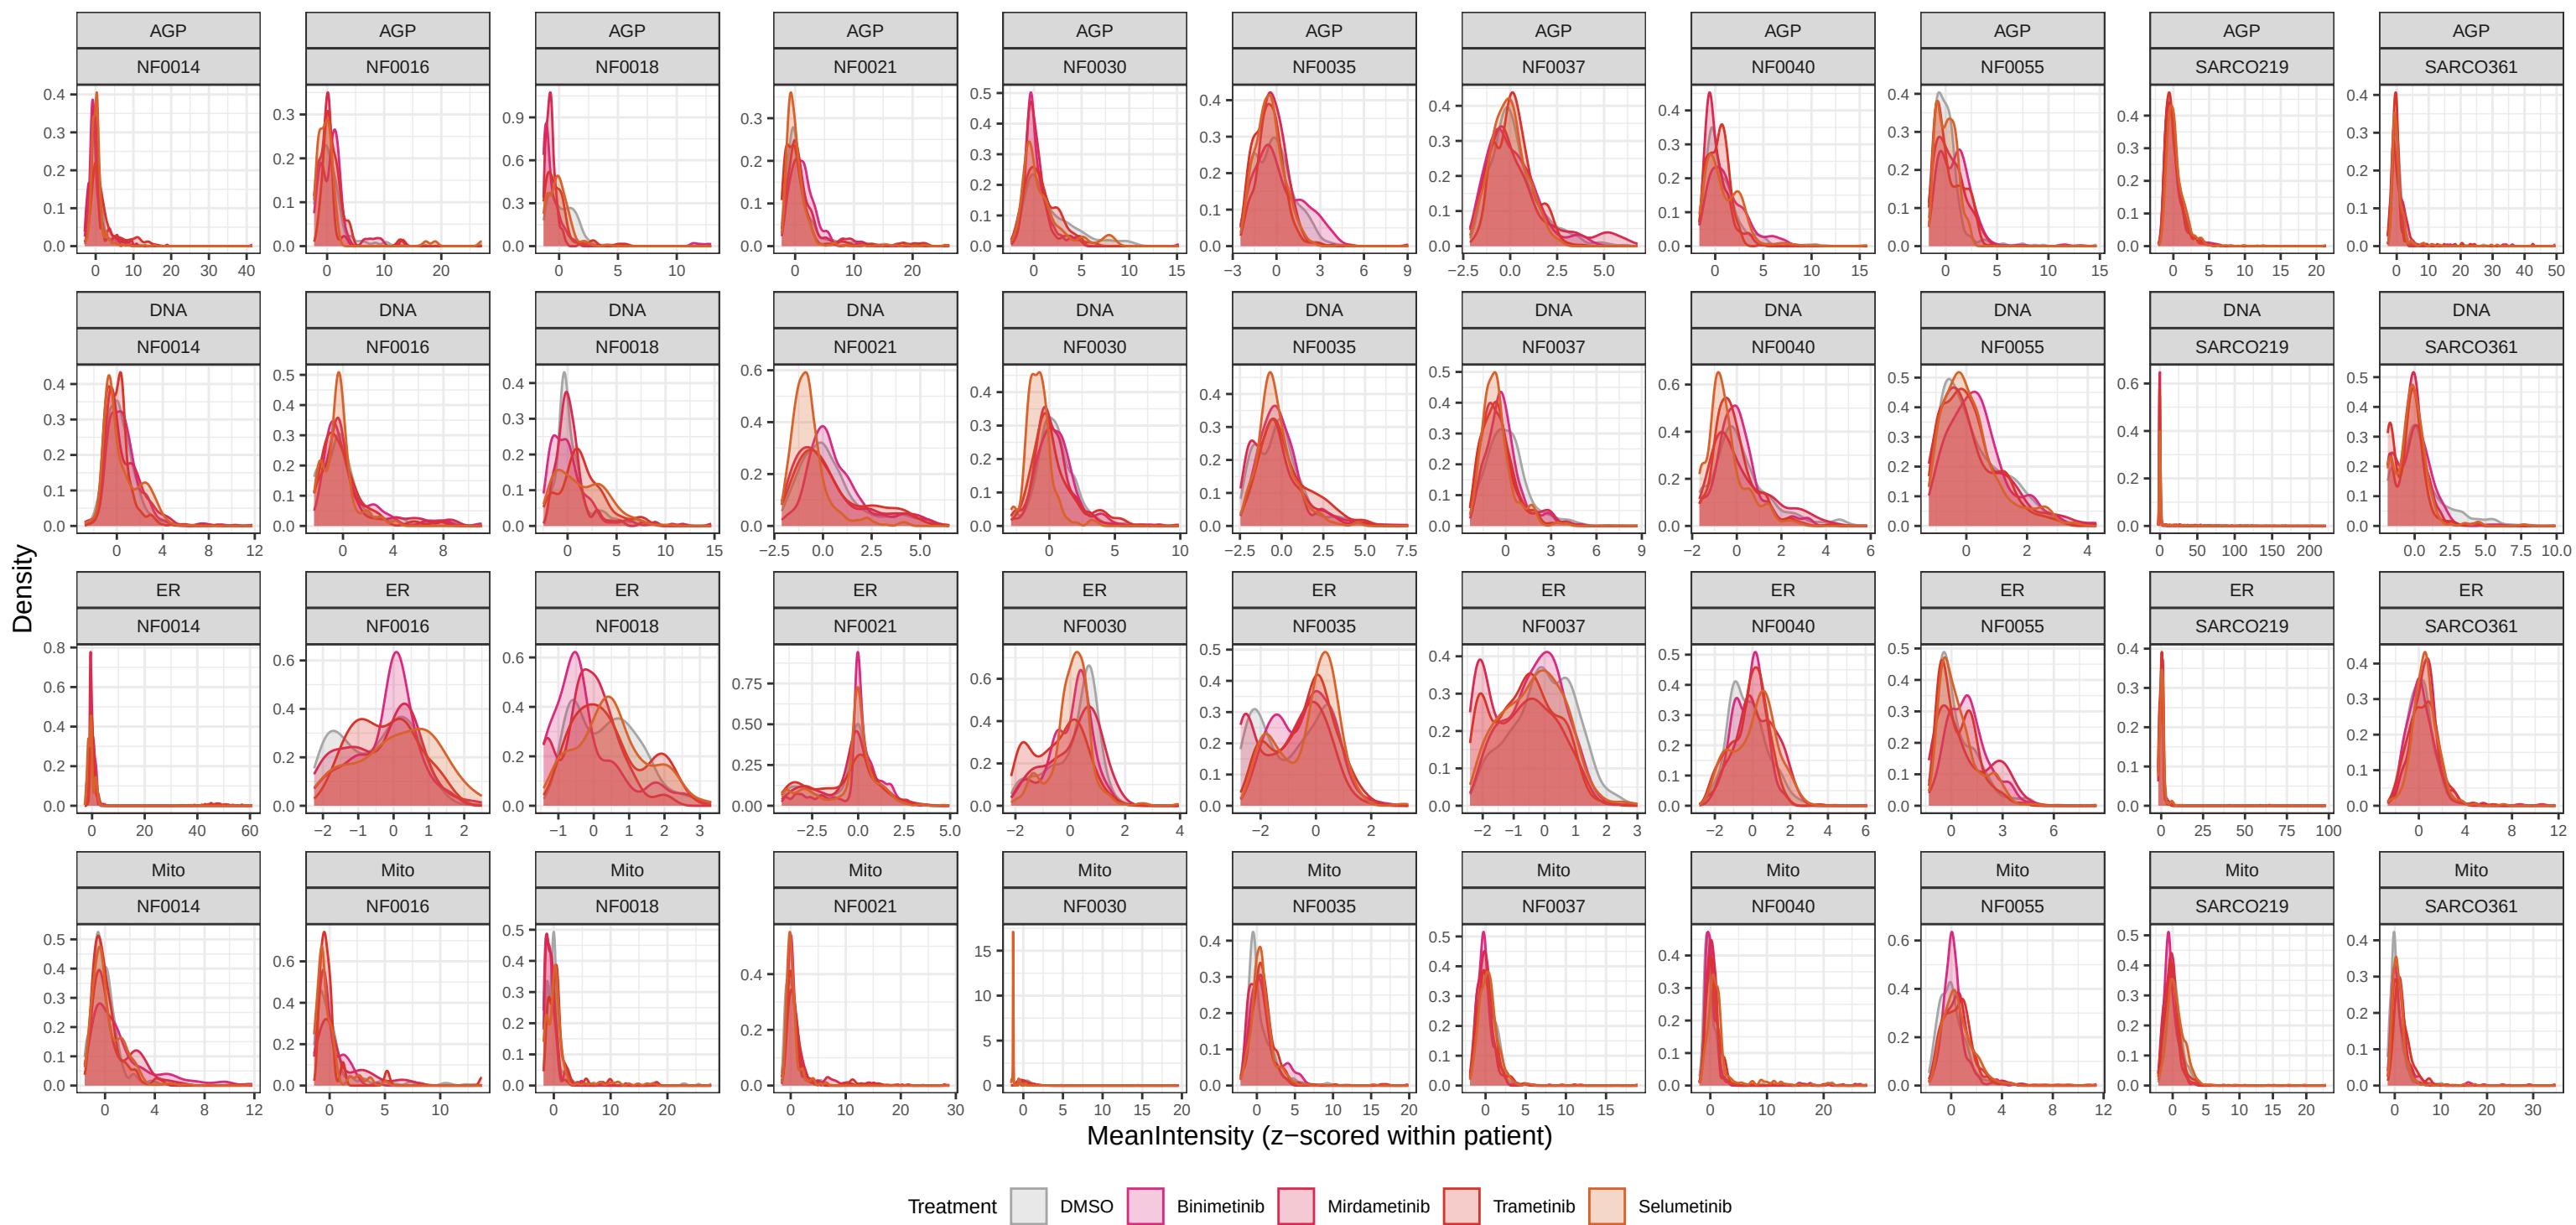

3D (cell): MeanIntensity, MEK inhibitors vs. DMSO, by patient x channel

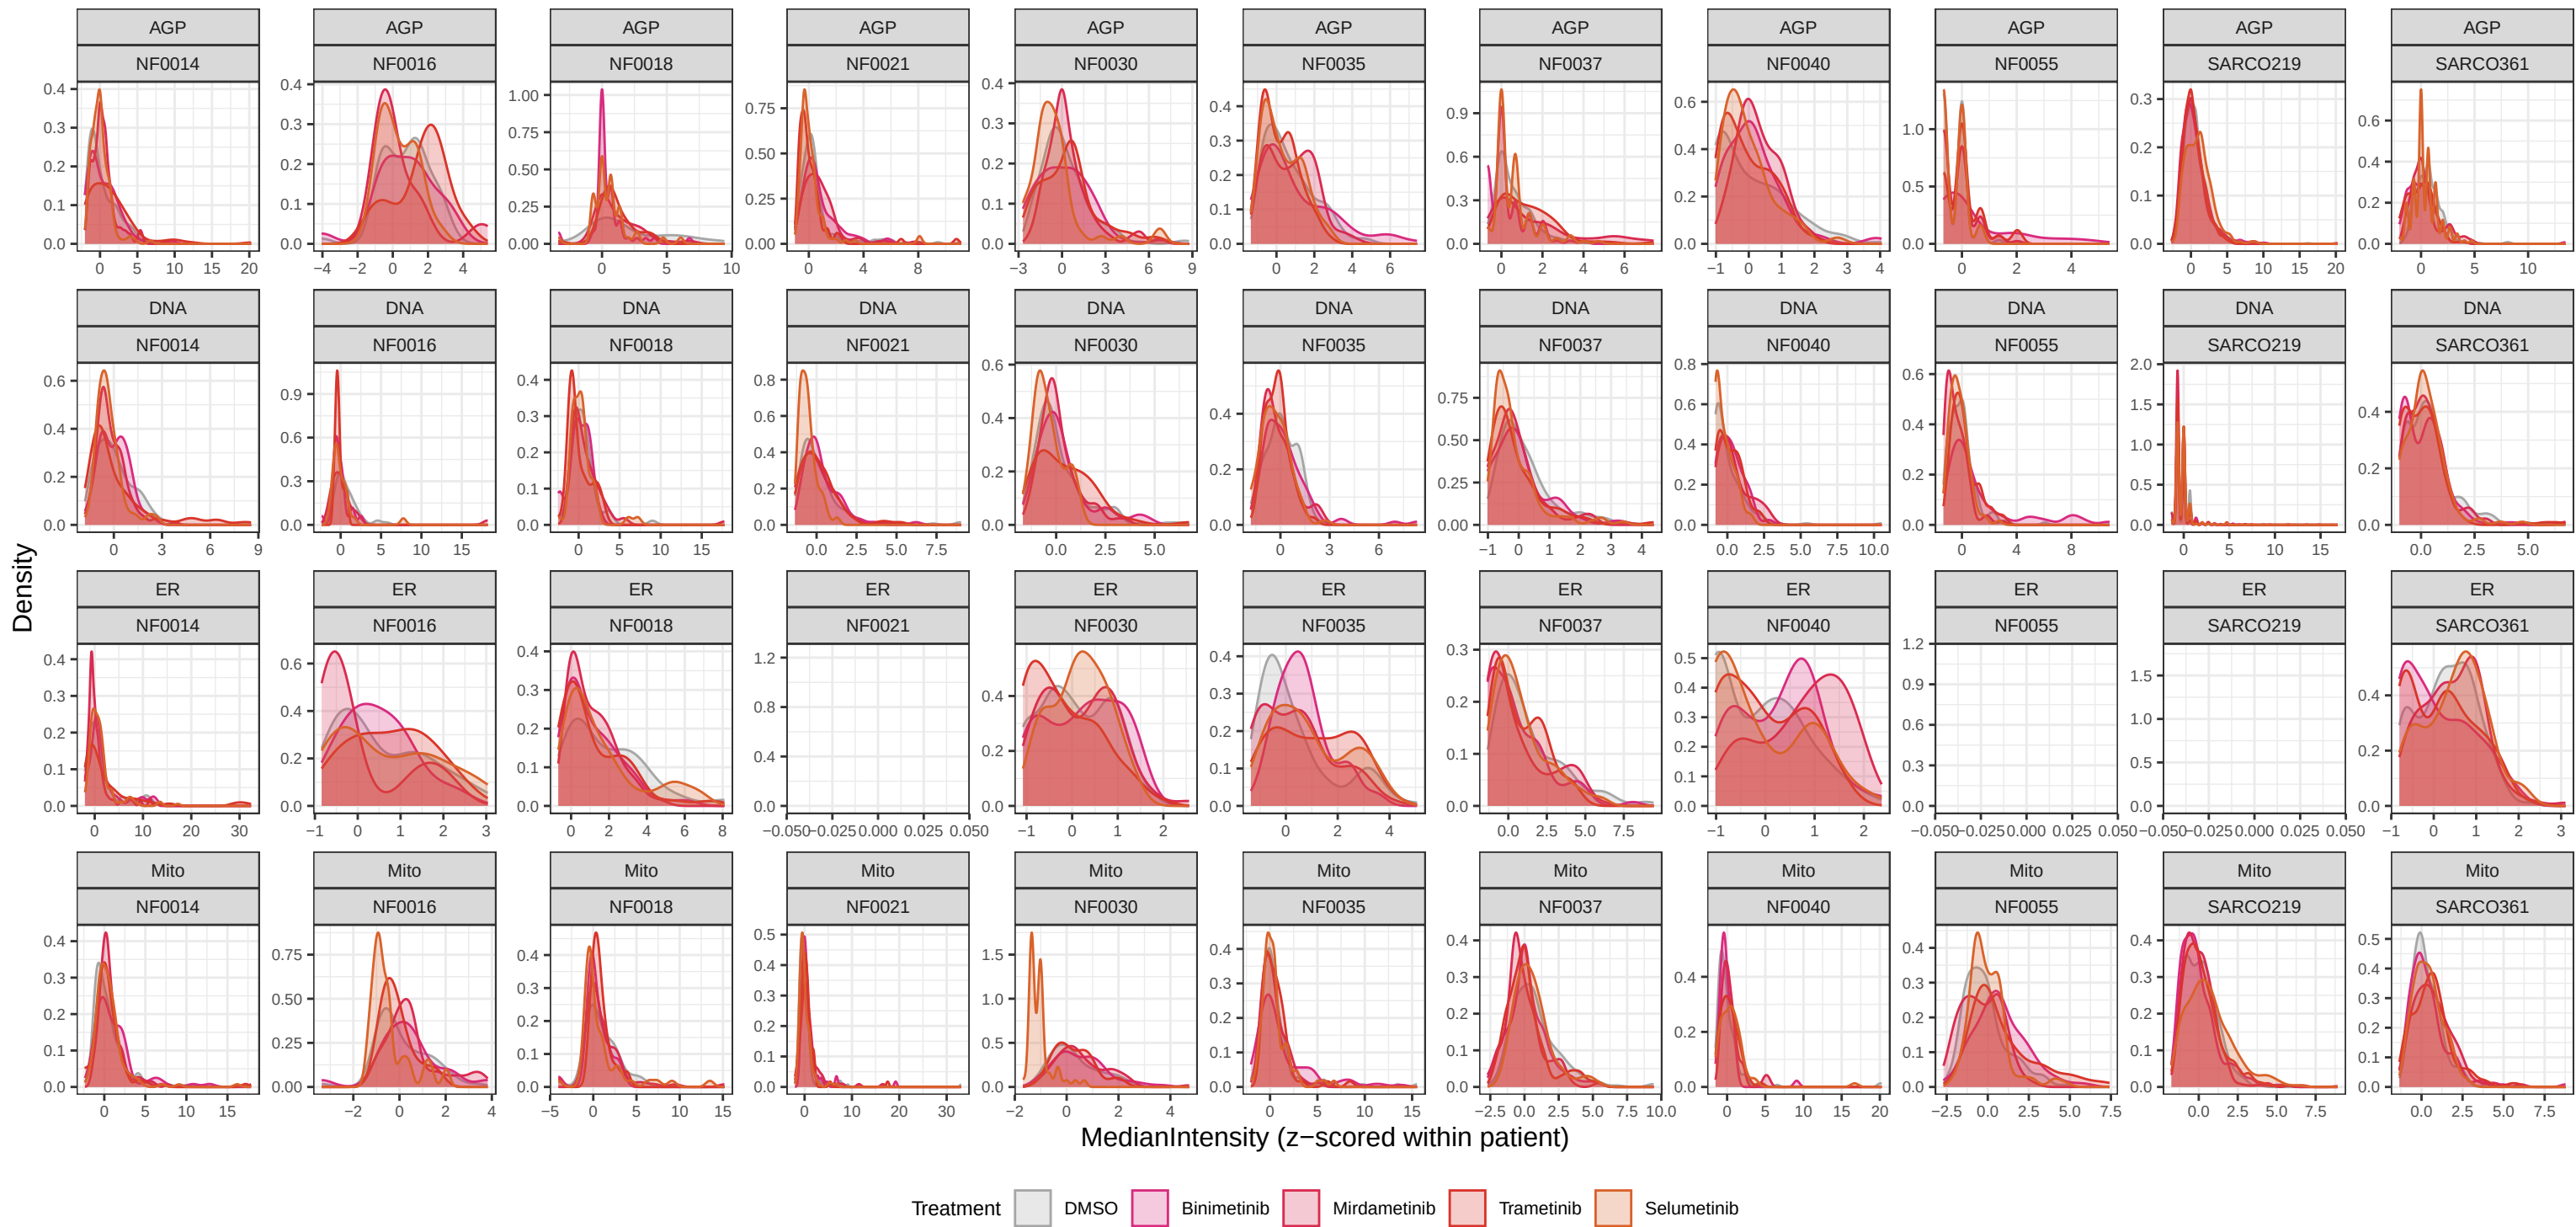

3D (cytoplasm): MeanIntensity, MEK inhibitors vs. DMSO, by patient x channel

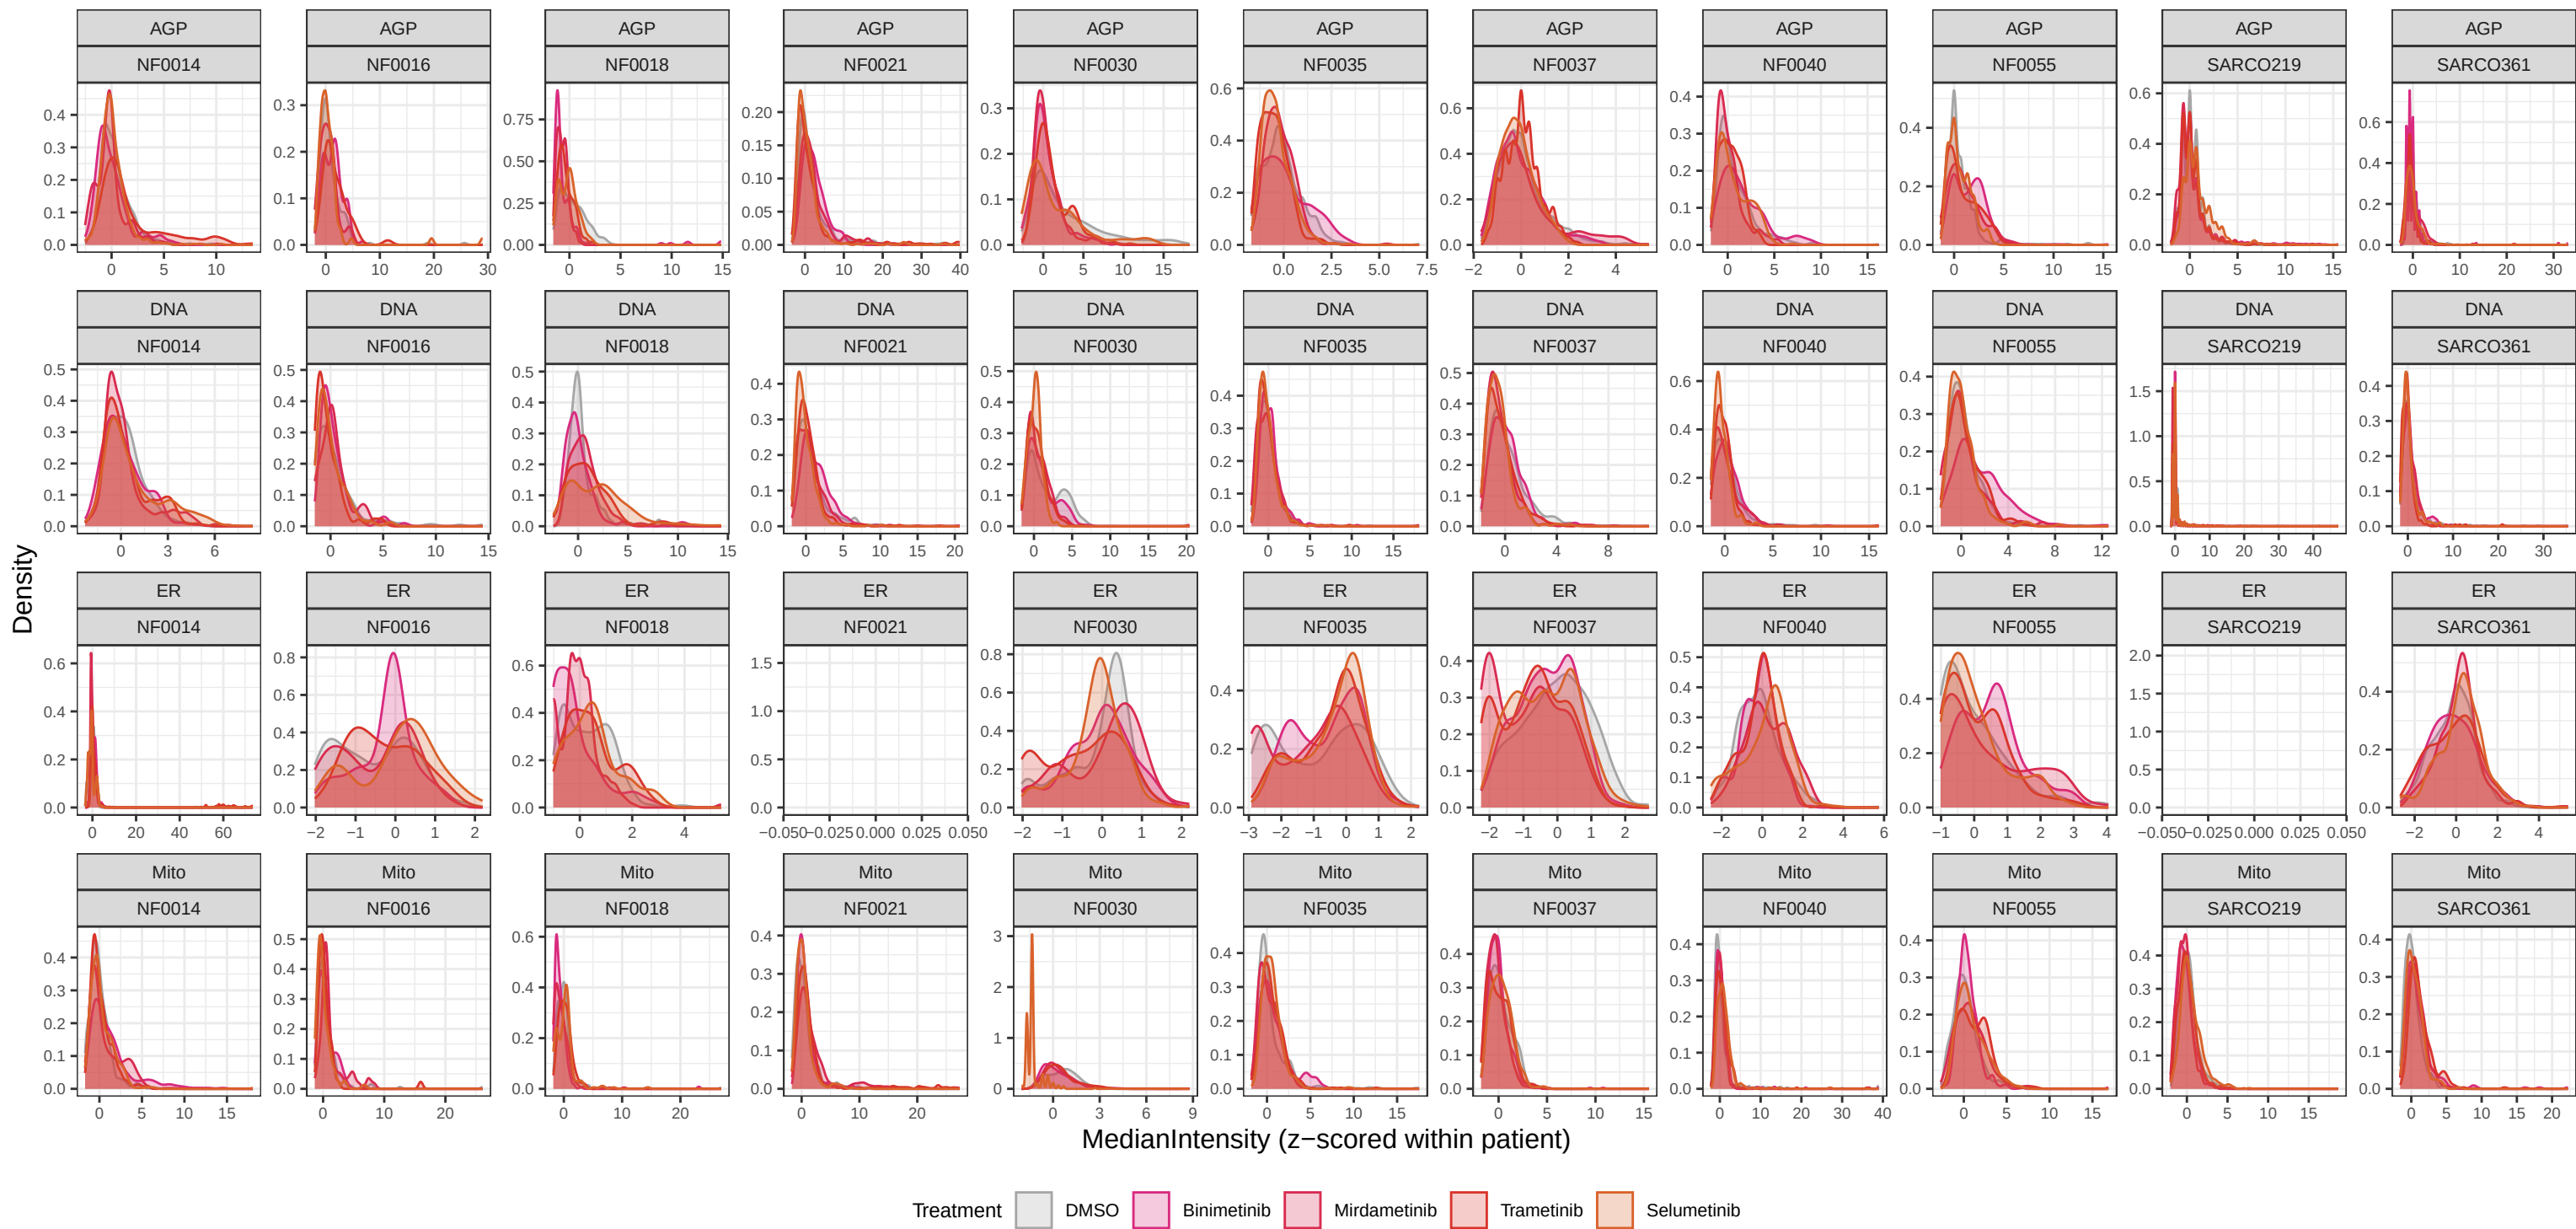

3D (nucleus): MeanIntensity, MEK inhibitors vs. DMSO, by patient x channel

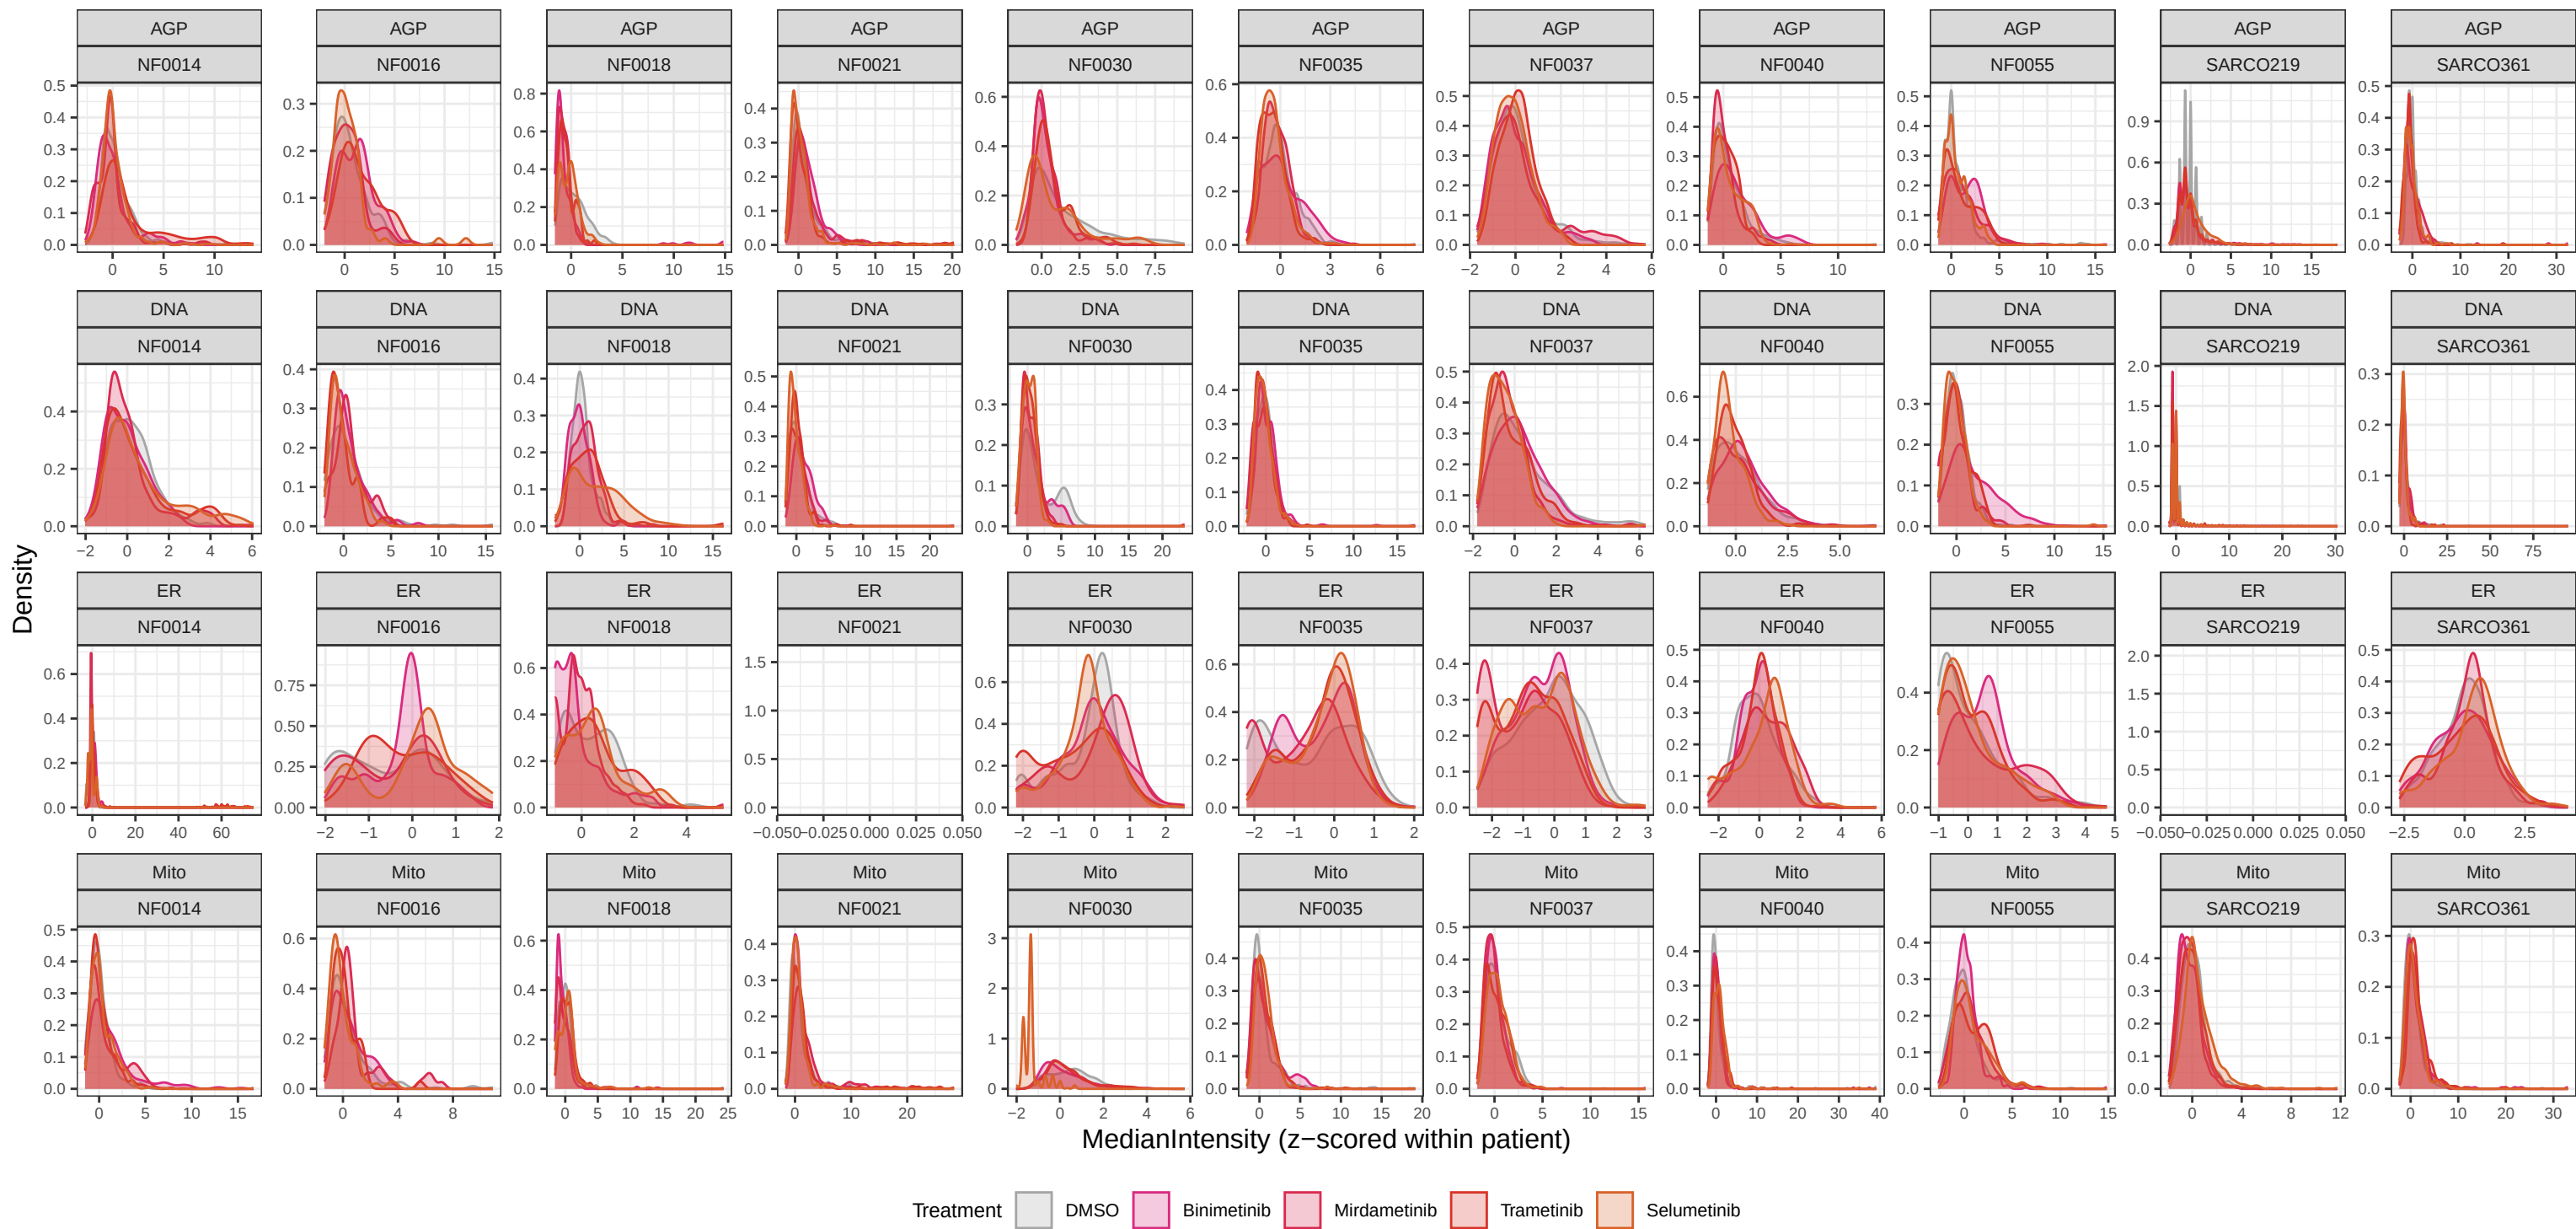

3D (whole_organoid): MedianIntensity, MEK inhibitors vs. DMSO, by patient x channel

3D (cell): MedianIntensity, MEK inhibitors vs. DMSO, by patient x channel

3D (cytoplasm): MedianIntensity, MEK inhibitors vs. DMSO, by patient x channel

3D (nucleus): MedianIntensity, MEK inhibitors vs. DMSO, by patient x channel
